Little Fragrance 2020-2021

St. Louis De Montfort (31-01-1673 to 28-04-1716)

Founder of Montfort brothers of St. Gabriel, The Company of Mary (Montfort Priests) and Daughters of Wisdom (Montfort Sisters).

Montfort - The Founder

Born on 31st January 1673, Louis Mary Grignon, popularly known as Montfort, grew to be a prophet of his times. He saw God in the poor and gave his life for their cause. In him welled up a constant spring of love, courage, self-surrendering service and commitment for the cause of the poor and the down trodden. The source of this unending spring was God always. He died on 28th April 1716, but his spirit lives on today in the Congregation of Montfort Brothers of St. Gabriel, Priests of the Company of Mary, Daughters of Wisdom and the numerous Montfortian Associates.

Montfort Brothers of St. Gabriel

Though the Montfortian society was founded in the 18 century, it is only in 1903 that the Brothers came to India. Today they work in over 200 educational, social and cultural establishments throughout the country.

The activities of the Brothers of St. Gabriel in India are as multifarious as the needs of the country. They can be found in schools, technical institutes and colleges of higher learning, in the special education and rehabilitation of the blind and the deaf, in care for the aged, disabled and orphaned, in youth organizations, in the urban slums and remote tribal villages and in movements for civil rights and communal amity.

You being a member of this institution are a part of this Montfortian family, a part of the growth process in which we all travel together inspired by St. Montfort - Our Founder.

Principal's Message

The continued lockdowns due to COVID-19 have interrupted conventional learning in higher education in fact education at all levels. Face-to-face lectures had to be replaced with online learning. We at LFDC made concerted efforts to maintain learning continuing during this period. I thank you all for your cooperation.

Our theme of this academic year '**Pristine Paradise or Polluted Planet?!**' speaks of the present situation we are facing and science brings us more proof of how our actions harm/benefit the world we live in. The healthier our ecosystems are, the healthier the planet – and its people. We need to strive to restore the pristine beauty of our planet to combat climate change. A pollution-free planet is by far and away the best assurance for the survival and well-being of our current and future generations.

Even before the pandemic there was a significant growth and adoption in education technology. And there has been a high surge in using various tools, software and apps for online learning. Although the pandemic has utterly disrupted education system, but the move to online learning will be the catalyst to create a new and more effective method of educating students.

To remain relevant, we have changed our learning environments and the online learning has expanded student-teacher and other relationships. I congratulate all the staff for shifting from physical classrooms to virtual classes and appreciate parents from their cooperation. Making e-learning part of our 'new normal' has been helping our students to explore new horizons of learning, access resources, connect and build networks beyond classrooms.

*Strength does not come from physical capacity. It comes from an indomitable will.
Mahatma Gandhi*

Rev. Bro. Vincent Reddy
Principal

Vice-Principal's Message

Little Flower Degree College, Uppal is very grateful to the Almighty for His protection and acknowledge all your support for journeying with us in these uncertain times during the Covid-19 pandemic.

The Covid-19 pandemic has caused many changes interrupting all our calendars and greatly affected the education sector worldwide. As we, all know that every educational institution had to adapt to non-face-face mode of instruction using technology. As the learning platform shifted online, our staff consistently followed current trends, designed, and implemented lesson plans most appropriate for online teaching using platforms as social networks and video conferencing applications to continue with their teaching and learning.

To continue foster overall development of students LFDC organized webinars, online workshops to engage students in various literary, cultural and sports activities. One on one interaction using social networks helped students to cope with sickness and loss. E-learning facilitated self learning and explored the horizons of teaching and learning for our faculty and students.

We at LFDC continue to strive to update to excel in nurturing academic excellence. The dream of LFDC is to ensure that all students attain educational excellence and become able leaders of tomorrow.

"Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence." Helen Keller

All the Best.

Mrs. Jayanthi Reddy. P

Vice Principal

Aditi Singh from BTMC 1st year

Some days, it feels like shrinking to nothing and just not doing anything or feel anything. It feels like escaping everything. The flame inside seems to die, maybe it's tired of being alive, or maybe it's tired of keeping me alive.

There are days when the strength seems to fade, the bravery seems to vanish and the confidence disappears. The soul complains of not being able to bear it anymore.

But the passion always sits with me these days, trying to remind me of its existence in the oblivion. It says we will rise, we will pass this phase too. We will soar one day, high in the sky. We will conquer it together. We just have to wait until things fall in place.

Maybe it doesn't want me to die.

Aditi Singh from BTMC 1st year.

To an ordinary girl,

This is for you. Maybe you feel you are an ordinary girl and nobody values you enough. You might also feel you make no impact on others. This is to let you know that your ordinary little things make a little change in other's life.

Your one compliment to someone can make them happy for an entire day. They feel good about themselves today. Their days to some extent go great because of your compliment.

There's also someone that read the book you suggested, got lost in that world, and has forgotten about his troubles for some time, which will calm him down and when the book is read fully, he will still feel good about the day. That stress will not bother him as much as it did.

Then there's also someone who's sharing your joke with someone else and is laughing because of it. You made him laugh and he is making someone else laugh too. You fixed his mood with that joke and this continues.

Someone might be glad you suggested to them that outfit that makes them feel a little special and cheerful today. They would wear it and be happy about the compliments received.

There's someone with a lot of people around who wishes to live an ordinary life of yours with fewer people and more peace near them.

So if you ever feel you don't make any difference to the world, just remember those little times when you made someone happy. Your kindness will be someone's medicine for being happy. Your ordinary kindness fixes their day.

I Year Student Orientation

Extend your Arms and Welcome the future. the best is yet to come

Due to continued lockdown, the I year students of the academic year 2020-21 had to begin their classes online. An online orientation program was organized for them on 23 November 2020 to officially welcome them. The program commenced with prayer and a virtual tour of the college. A video was presented about the founder, Vision, Mission and Logo of the college.

Principal Rev. Bro. Vincent Reddy welcomed the students by giving them an overview of the founders of the institution. And motivated them to Be buoyant, work hard and make use of every opportunity and available resources to bring the best out of them quoting Abraham Lincoln: 'The Best way to predict your Future is to create it.'

Guest speaker, Rev. Fa. Vijay addressing the parents he encouraged them to keep close relationships, bonding and help their children to learn from their mistakes and to be role models.

He motivated them to Accept their children as they are, discipline them in love and talk about expectations, rights and opportunities because they will be searching elsewhere and to give them right, clear answers. He said that emotions affect our intelligence therefore quality time should be given to children and parents should listen to them and speak. Children should be given responsibility and freedom although parents need not agree to all but should listen to them. Children want to know someone is listening to them so parents should show interest in what has shaped their ideas and belief system and convince them they need conviction. He mentioned that family bonding is very important atleast having meal together, going for vacation involving in family traditions etc. Addressing students, he told them not to be carried away by the trends but to choose what they are comfortable with whether dressing or following a style. Be convinced within them and open to leadership because Life depends on them.

Vice Principal Ms. Jayanthi Reddy explained the campus culture introducing the handbook. A PPT was presented introducing all the clubs, committees and in the end the class incharges introduced themselves. The program ended with the National Anthem.

CARE & LEARNING

- Our goal is to help in the care and development of teenagers so that parents can recognize, understand, and appreciate this transitional period.
- Parenting a teenager isn't easy, but it can be a lot of fun if you learn to follow a few basic guidelines, such as keeping a close relationship, supporting your kids as they learn from their mistakes, and serving as a good role model.

Investiture Ceremony

The Investiture Ceremony for the academic year 2020- 21 was held on 17 April 2021. The Chief Guest of the day was Mr. P. Srinivas, Assistant Commissioner of Police, L.B Nagar. The Principal of the College, Rev. Bro. Vincent Reddy in his welcome address said that our college has always been inspired by the vision of St. Montfort to create allegiant citizens with the blessing of God. Addressing the elected council, the principal said that, "A Journey

of thousand miles must begin with one single step and Students of today are visionaries and torch bearers of tomorrow. When we develop personal skills, we develop responsible human beings with leadership qualities." He encouraged the elected council to always trust in God and believing in unity and collaboration in college and community to carry out the responsibility entrusted to them. Chief Guest of the day Mr. P. Srinivas motivated the elected cabinet saying 'Leaders are not born, but made' and it is an opportunity for students to develop their leadership qualities. He encouraged them to not only just to achieve academic excellence but also to be a responsible and wonderful citizen of tomorrow.

The Office bearers consisted of the President of the College, Vice-Presidents, General Secretary, Literary Secretary, Cultural Secretary, Sports Secretaries, LENVIN (Little Flower Environment Initiative) Secretary, LIFE (Little Flower Extension) Secretary, NSS secretary, NCC secretary, two discipline coordinators and academic clubs secretaries.

The Chief Guest administered the oath and handed over flags to the newly elected office bearers; the principal conferred badges on them and the vice-principal adorned them with sashes. The faculty club coordinators bestowed the responsibility on their respective office bearers by pinning up their badges. As they donned the mantle of leadership and responsibility, they pledged to serve their institution whole-heartedly, with a strong sense of commitment and dedication.

Teachers Day

The greatest sign of success for a teacher... is to be able to say, "The children are now working as if I did not exist." Maria Montessori

The students of Little Flower Degree College organized a program for faculty on 4 September 2021 on Teacher's Day. It commenced with the presentation of the significance of the day followed by the prayer. Prior to this celebration, students had conducted various sports competitions such as throw ball, musical chair and pyramid cup for the faculty. The winners were announced and the prizes were presented to them.

Few students shared their memories and memorable experiences with the teacher and entertained the faculty with energetic cultural performances. In addition, there was a video presentation, which was compiled by the students and the cutting cake.

Principal Rev. Bro. Vincent Reddy shared the importance of teachers in every one's life. He advised the students to express their gratitude to their respective teachers not only on the said occasion but also in their everyday life, which is the biggest gift in a teachers' life.

Addressing the faculty he quoted, Maria Montessori, The greatest sign of success for a teacher... is to be able to say, "The children are now working as if I did not exist." And gave the example of Eklayva and Dronacharya saying in olden days students searched for teachers but in present times students are not searching for teachers but institutions. He said that what makes an institution great is not the facility or infrastructure but the teacher. Little flower is sought after just because of the presence of our teachers and he applauded teachers. Quoting Aristotle, 'those who educate children well are more to be honoured than they who produce them; for these only gave them life, those the art of living well.' He explained that the role of a teacher is not just imparting knowledge but creating an environment of joy of learning and living. He encouraged the faculty to inspire students to live life well and advised students to be thankful to teachers always, not just here but throughout their journey of learning. Giving an example of his own teacher who inspired him to pursue the same subject that was taught by him, he said that a teacher completely changes the orientation. Each one will have someone as an inspiration so be thankful to them. Call them and wish them as well.

In the end, Vice Principal Ms. Jayanthi Reddy expressed her gratitude to the students on behalf of the faculty. She also reminded students to take the correction positively and learn from it. Since they are yet to experience life, they should listen, obey and maintain discipline so they will flourish in everything. She encouraged students Explore all the opportunities and participate in all events, take initiative and come forward to develop their leadership qualities. The program concluded with the National Anthem.

Holistic Education-Review of the Application of the 7 Aspects of growth of personality, in institutions.

Rev. Bro. Jaico Gervasis,

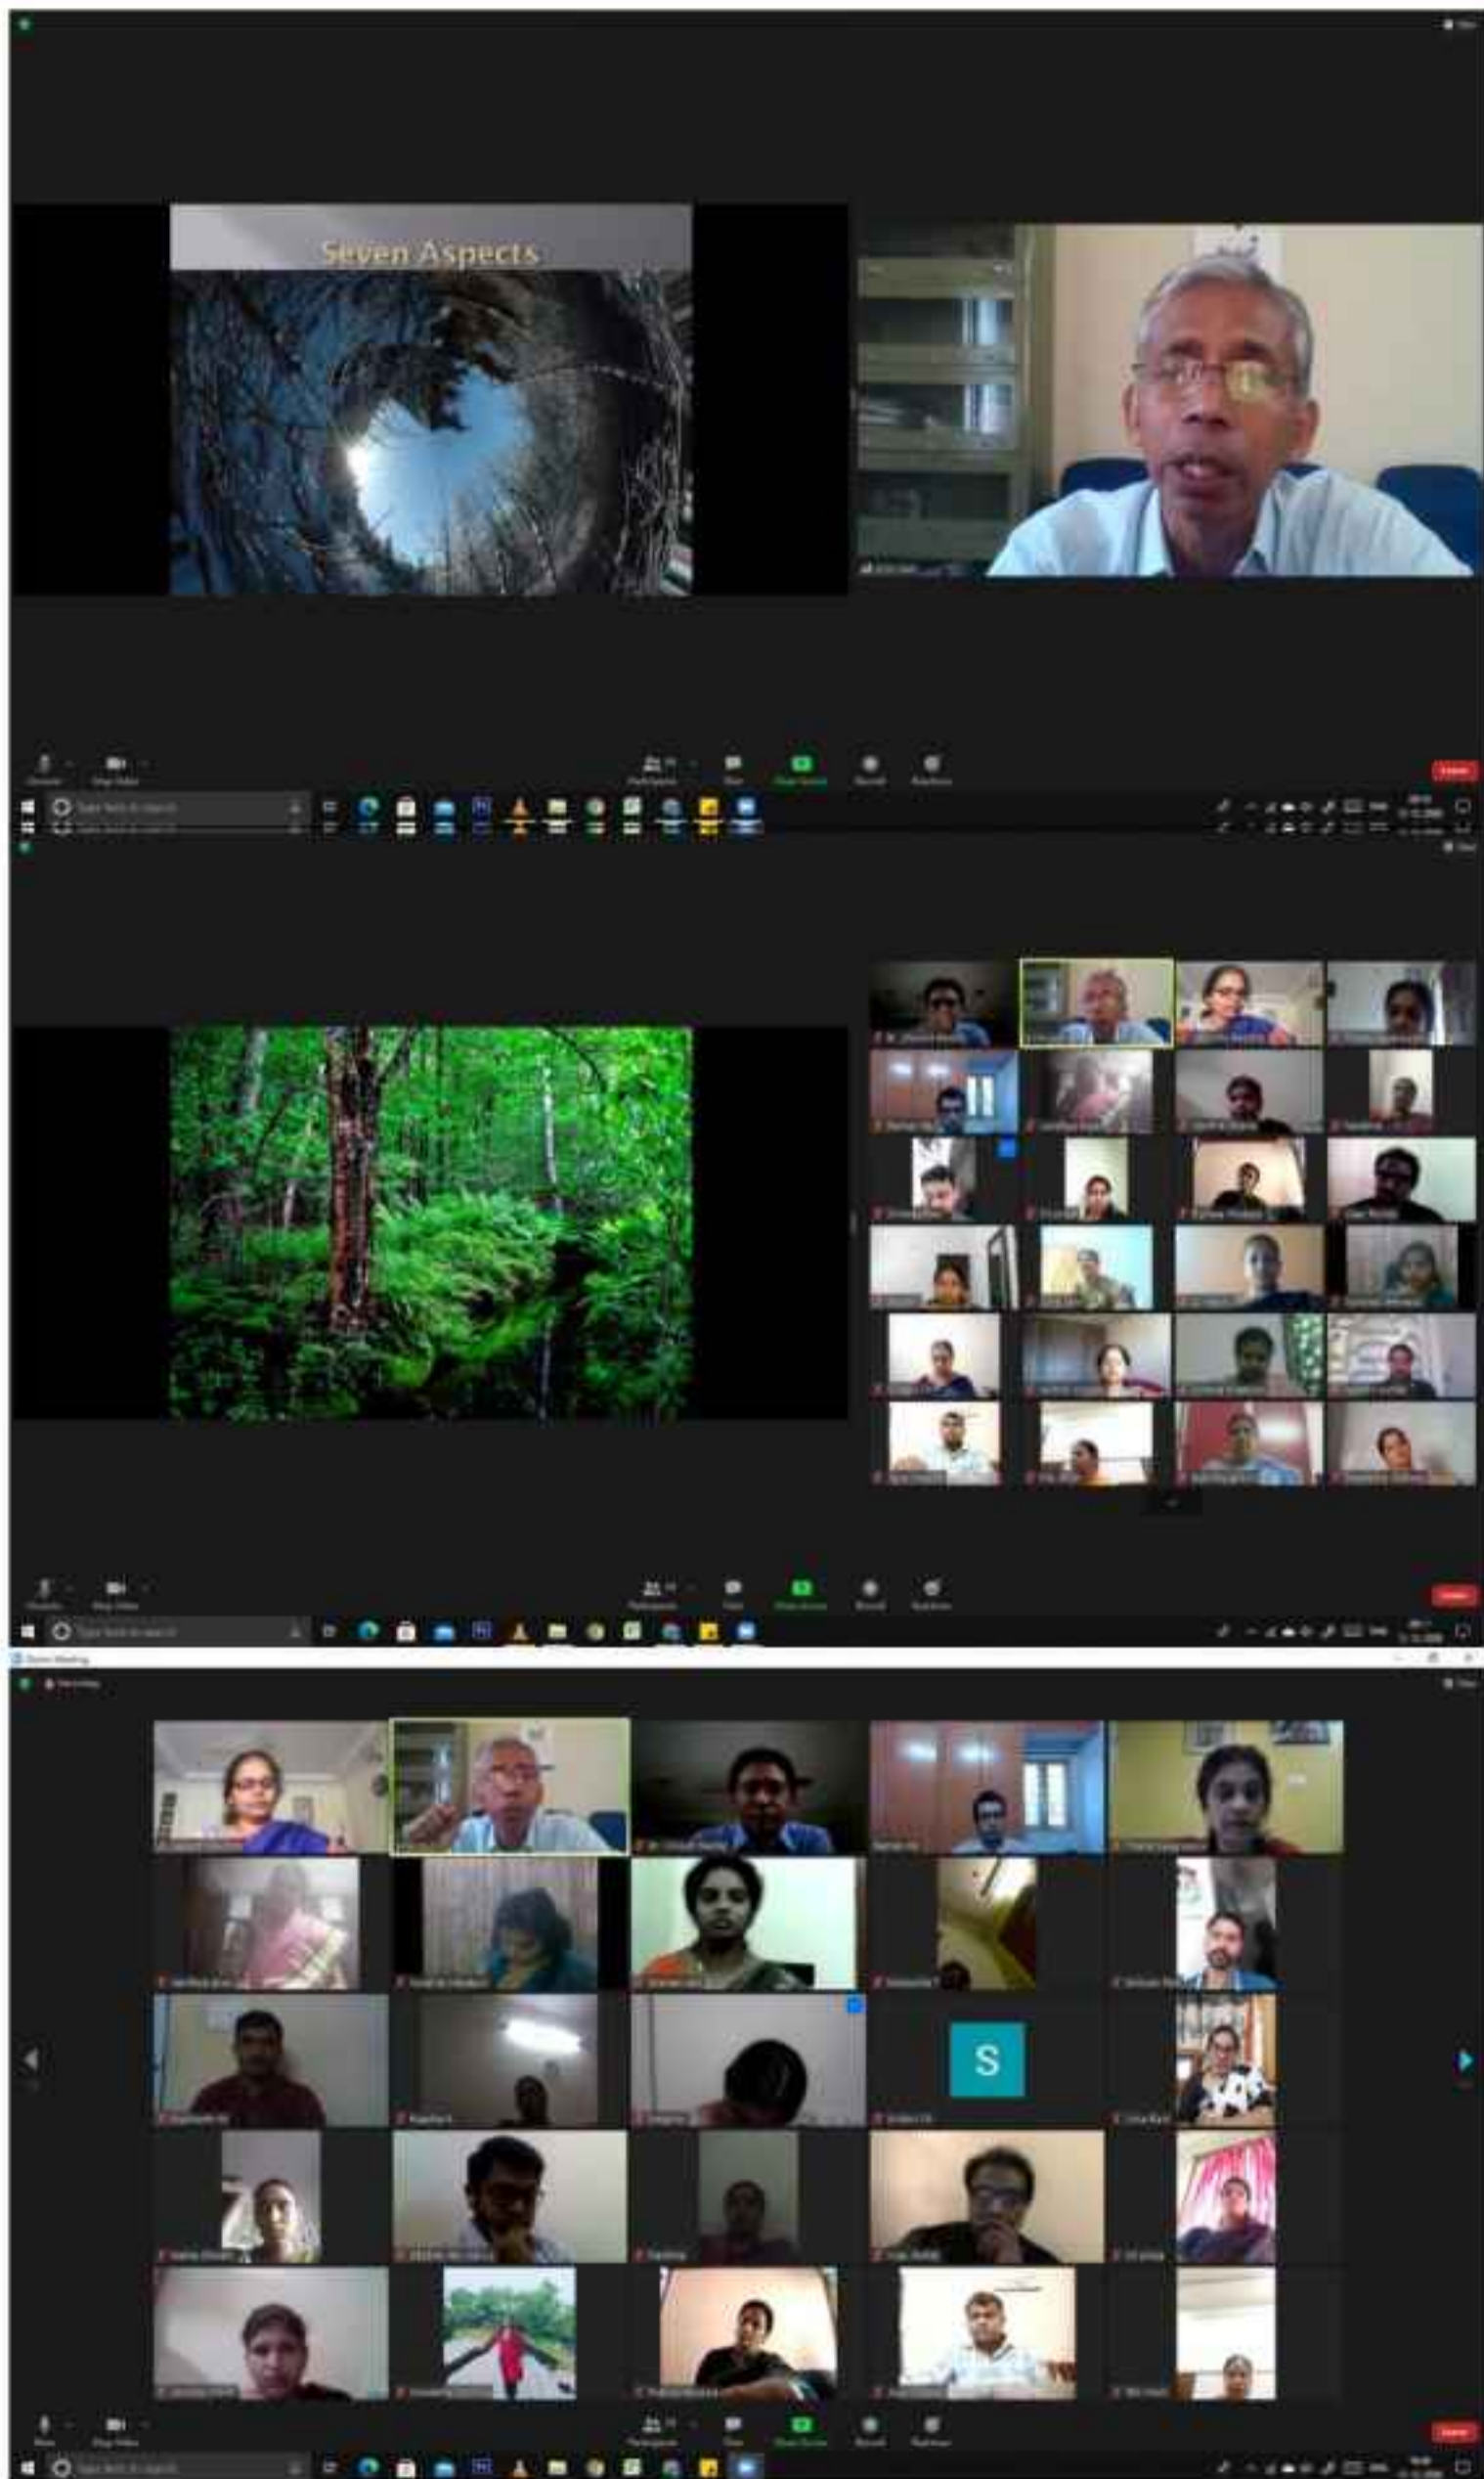

Provincial Superior, Province of Pune

A session was organized via Zoom on 12 December 2020, to review the application of the seven aspects. Rev Jaico Gervasis, provincial superior, in his welcome address mentioned that as each part of a plant is important for the growth, everyone (Principal, teacher, student, their families and society) is equally important to run an institution and the development. They should grow in all seven aspects like– physical, intellectual, emotional, aesthetic, environment, social and spiritual.

Ms. Jayanthi Reddy, vice principal presented a PPT and explained what we have done and how we have grown in these seven aspects for holistic development.

Rev. Bro. Jaico explained all seven aspects briefly, giving suggestions and answering questions raised by the faculty. Talking about the physical aspect, he encouraged the faculty to take sessions and encourage students to eat healthy food. And raise awareness of the ill effects of alcohol and smoking by displaying charts, talking to them personally and monitor them regularly on these bad habits. Speaking about intellectual growth, he suggested creating a need in them and connecting with them personally and earning respect from the student.

Regarding emotional balance of students and asked the teachers to step into their shoes and understand their emotions and ask them to set their goals and make them believe in themselves. Speaking of aesthetic sense that creates beauty around them by creating opportunities to exhibit their own talent and innovative ideas. With respect to the Environment he said that the children should have an environment friendly atmosphere and should be responsible for the environment. Then he spoke about social responsibility encouraging the faculty to be sociable, learn social etiquette, and teach students how to speak with different officers with different temperament, they should be concerned about what is happening around them as the students they are the keepers of the peace, teach them to say truth, find God and stand for the truth. About the spirituality brother spoke about the purpose of prayer and God is a name called beyond religion. We need to be aware that God who created us is righteous now is with me. We must have perseverance and perform to achieve success in all seven aspects. In the end he said that "Necessity is the Mother Of all Invention", understand the need and innovate it.

Farewell 2021 – Let the Adventure begin

The Juniors of Little Flower Degree College organized a farewell for the final year students on 30 August 2021.

The program commenced with the lighting of the lamp, prayer and followed by the valedictory/prize distribution for Festa Lettararia (Literary) and Kalakshetra (Cultural) Literary and Cultural intercollegiate competitions that were conducted online. The event was live streamed online for participants and winners from other parts of the country to join and the Winners from various colleges within Hyderabad joined in person.

Due to COVID19 pandemic, Farewell 2019-20 was conducted online last year. Mr. and Miss Contest winners were invited and honored with Sashes, mementos and certificates. The winners of Mr. and Miss 2019-20 titles were Jake Ryan Collins from III BTMC and Pariti Vishnavi from III BBAMr. and Ms. LFDC; Shравan Kumar Kapu from III BBA and Adyasha Mishra from III

BBA Mr. and Ms. Confidence; K Abhinav Reddy from III BBA and R. Deepika from III BTMC Mr. and Ms. Costume respectively.

Addressing the students, the Principal Rev Brother Vincent Reddy, referred to them as the most talented batch and reminded them to carry the values and principles they have learned in LFDC and inculcate them in their lives. Mentioning the ultimate goal in life is to be happy; whether it is higher education or a job, they need to prepare themselves to be successful. He gave the example of Giraffe, saying it gives birth standing and the calf falls down, gets hurt and shakes itself and the giraffe gives a kick to the calf. If the calf doesn't get up it falls prey to the other animals and is dead and gone if it stands up it lives. He advised students to face the real situations of life and stand on their feet. He also encouraged them to be real heroes and real people to stand as a good example for their next generation and told them to become worthy to get invited as chief guests for LFDC one day. The principal administered the oath to the outgoing students.

Many students had registered online to participate in Mr. and Miss contest. Kishore Rathod from III BBA and Bushra Razvi from III BA won Mr. and Miss LFDC, G. Santosh from III BCom and Sai Sowjanya from III BCom(CA) won Mr. and Miss Confidence and Anirudh Madhav from III BBA and Bushra Fatema from IIIIBA won Mr. and Miss Costume respectively. The winners were honored with sashes, certificates and mementos.

Students entertained everyone with dazzling dance and singing performances. The outgoing students shared their memories, performed on stage and expressed their gratitude. Snacks were served to everyone. The program ended with the National Anthem.

Holistic Education-Review of the Application of the 7 Aspects of growth of personality, in institutions.

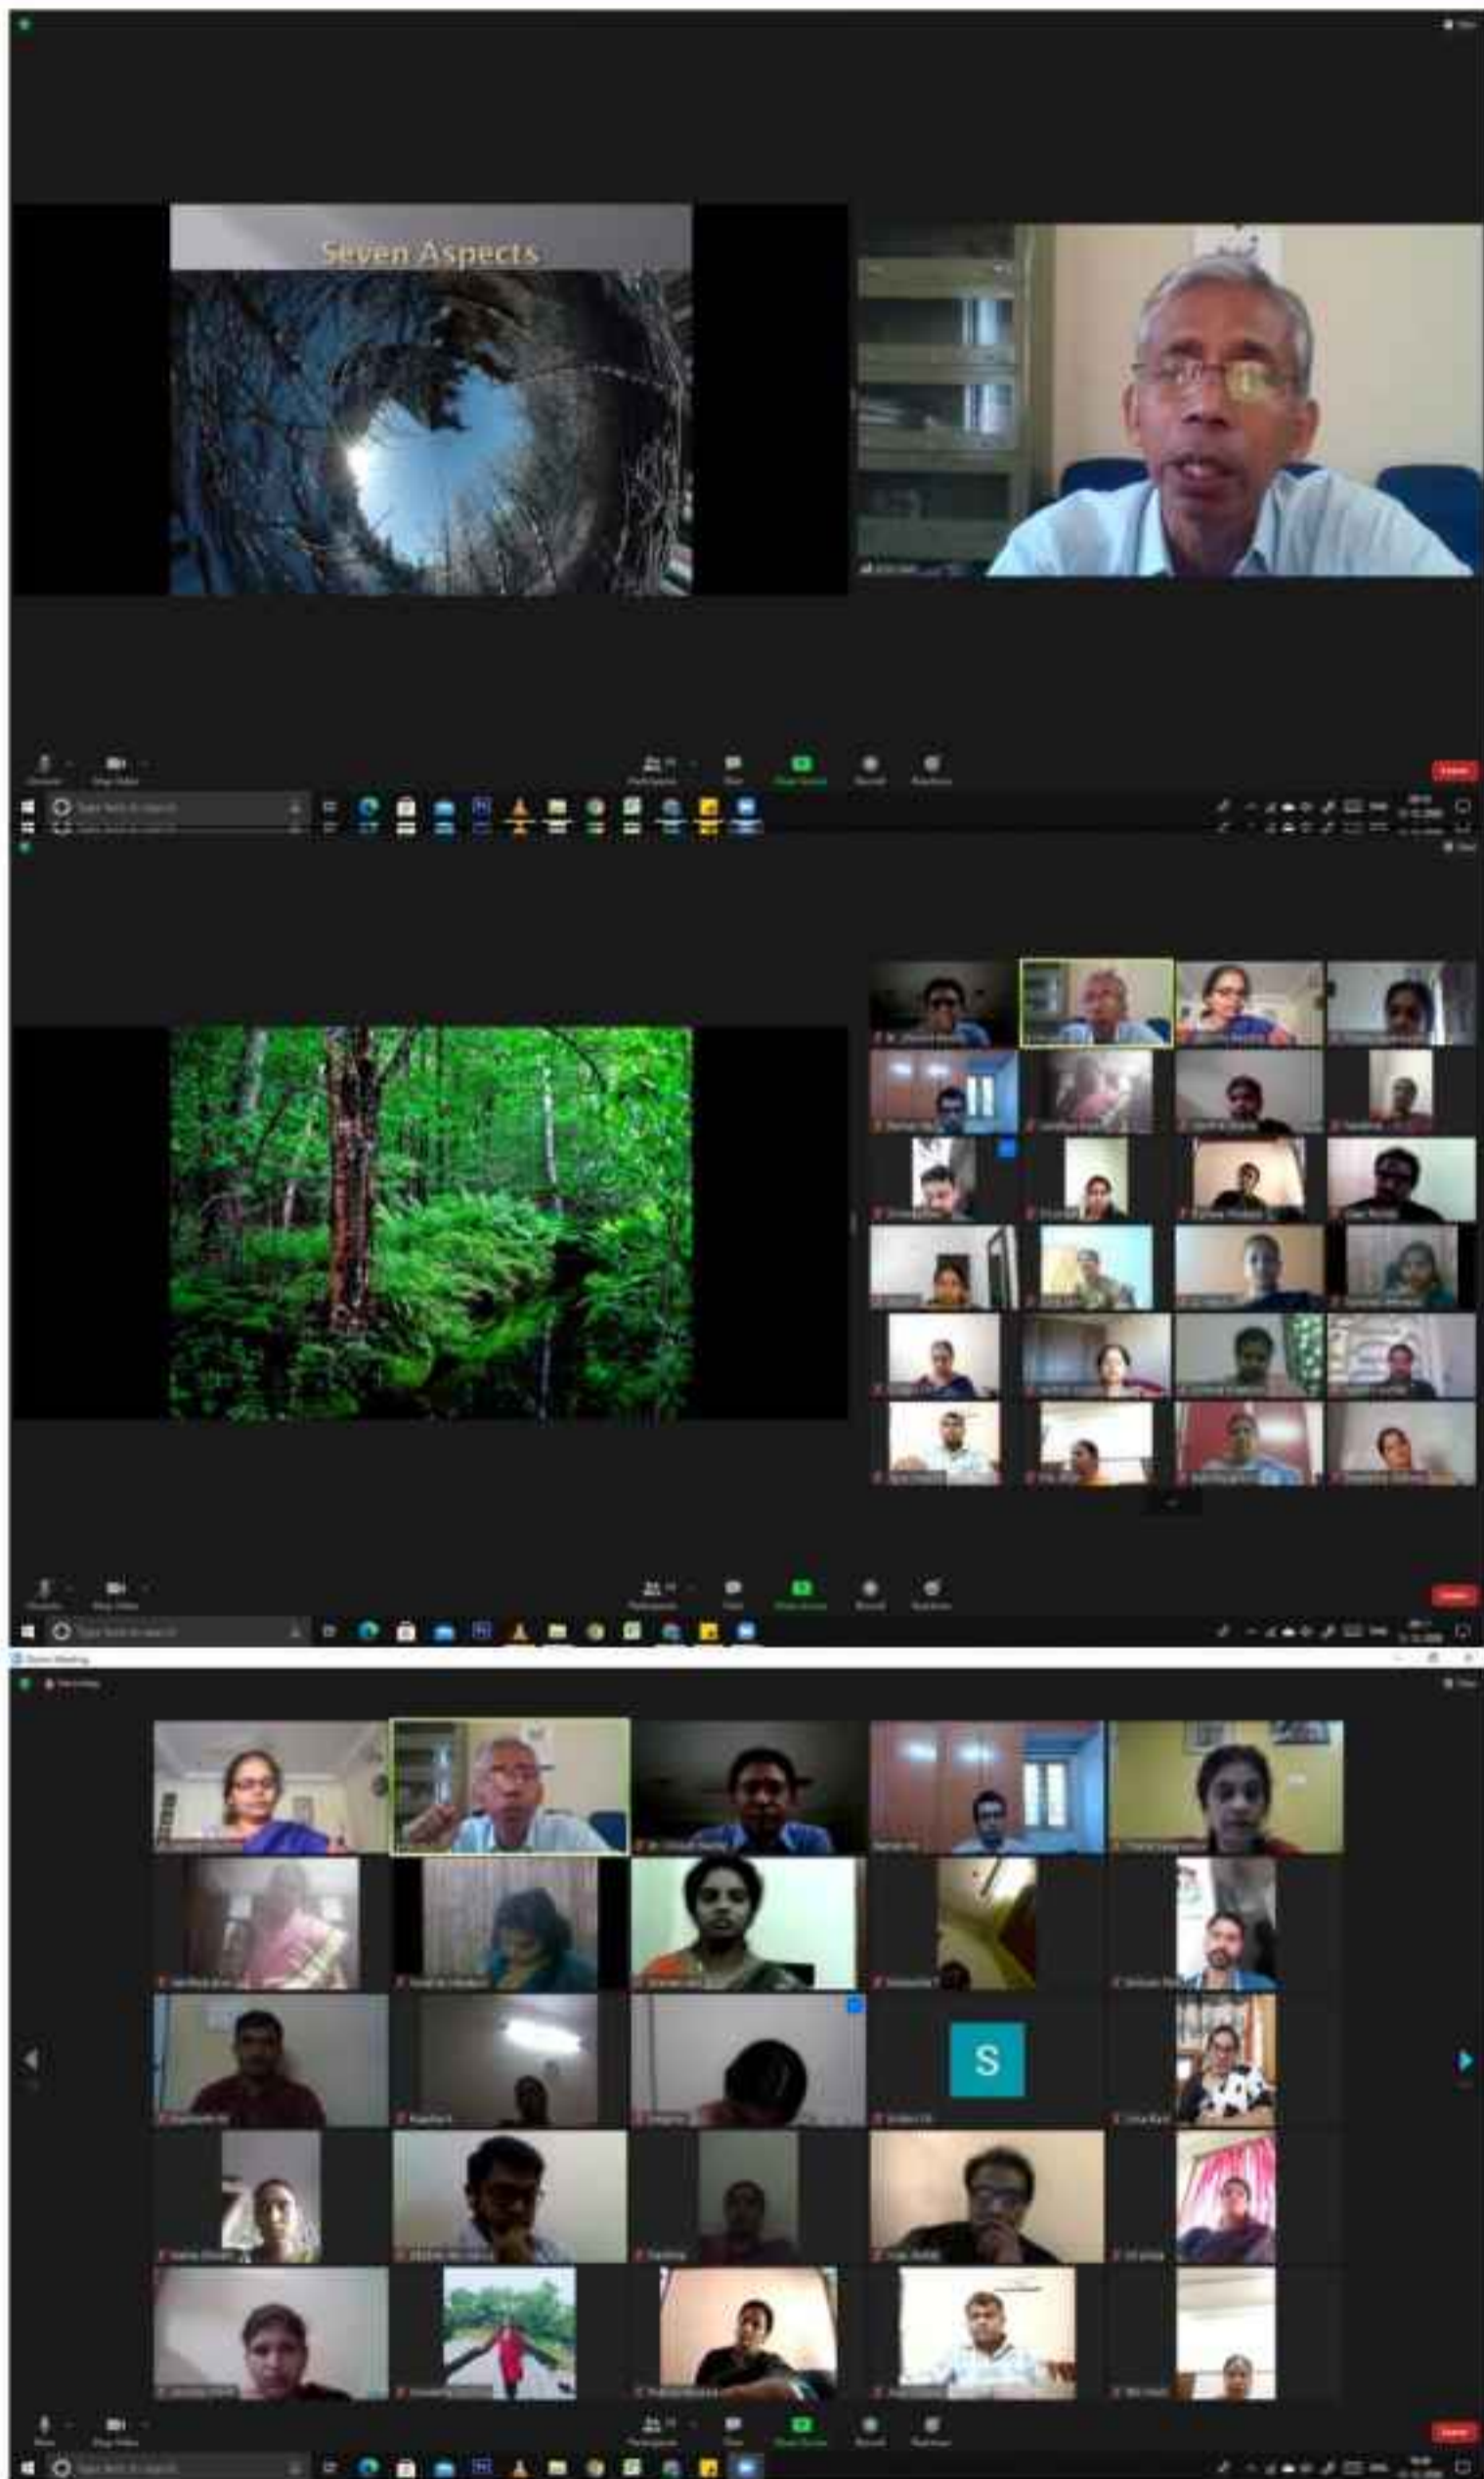

Rev. Bro. Jaico Gervasis, Provincial Superior, Province of Pune

A session was organized via Zoom on 12 December 2020, to review the application of the seven aspects. Rev Jaico Gervasis, provincial superior, in his welcome address mentioned that as each part of a plant is important for the growth, everyone (Principal, teacher, student, their families and society) is equally important to run an institution and the development. They should grow in all seven aspects like— physical, intellectual, emotional, aesthetic, environment, social and spiritual.

Ms. Jayanthi Reddy, vice principal presented a PPT and explained what we have done and how we have grown in these seven aspects for holistic development.

Rev. Bro. Jaico explained all seven aspects briefly, giving suggestions and answering questions raised by the faculty. Talking about the physical aspect, he encouraged the faculty to take sessions and encourage students to eat healthy food. And raise awareness of the ill effects of alcohol and smoking by displaying charts, talking to them personally and monitor them regularly on these bad habits. Speaking about intellectual growth, he suggested creating a need in them and connecting with them personally and earning respect from the student.

Regarding emotional balance of students and asked the teachers to step into their shoes and understand their emotions and ask them to set their goals and make them believe in themselves. Speaking of aesthetic sense that creates beauty around them by creating opportunities to exhibit their own talent and innovative ideas. With respect to the Environment he said that the children should have an environment friendly atmosphere and should be responsible for the environment. Then he spoke about social responsibility encouraging the faculty to be sociable, learn social etiquette, and teach students how to speak with different officers with different temperament, they should be concerned about what is happening around them as the students they are the keepers of the peace, teach them to say truth, find God and stand for the truth. About the spirituality brother spoke about the purpose of prayer and God is a name called beyond religion. We need to be aware that God who created us is righteous now is with me. We must have perseverance and perform to achieve success in all seven aspects. In the end he said that "Necessity is the Mother Of all Invention", understand the need and innovate it.

Inter Collegiate Christmas Fest THE CHRISTMAS EVE

Music binds one's soul, heart and emotions. It cheers the spirit and has a good influence on our minds. To bring out the singing talents of the students, an online Intercollegiate Christmas Fest was organised by St. Francis College for Women, Begumpet, Hyderabad. As a part of the Fest, students of IB.A Little Flower Degree College, Uppal, Hyderabad have taken part in the Group Carol Singing Competition. The theme for this competition was "Christmas Carols". We all gathered for the first round of practice which was filled with joy and enthusiasm. Towards the end of the practice session, it was decided to record the song the very next day. The final recording was done in the college premises itself. In order to give a special touch to our appearances, we used costumes. The recording was successful and then came the most crucial part i.e. editing. A good amount of time was spent in editing in order to give the submission a fitting structure. The competitors believed in themselves and put their heart out during this entire journey. This competition was a whole lot of exchange of ideas, mutual learnings, great memories and definitely building long-lasting relationships as it has brought us together in this very pandemic.

PRE-CHRISTMAS CELEBRATION –FACULTY

As is the tradition of Little Flower Degree College, Pre-Christmas celebration was grandly celebrated on December 22 for the faculty, office staff and Janitors. The event was meticulously planned one week in advance with invitations being sent to the principal and correspondent of Little Flower, Rev. Bro. Vincent Reddy, the Principal of Little flower School Rev. Bro Hruday Kumar Reddy, Rev. Bro Yuju Francis. The karunya court was decorated for welcoming the brothers and the family of little flowers. The event began with carol singing by the members of the Interfaith Committee, followed by cake cutting by the Brothers followed by a Christmas message by our principal. It was followed by lunch which was a sumptuous, separate counter for vegetarians and non-vegetarian.

After Lunch ,Gifts were exchanged by the staff in the spirit of Christmas and the celebration concluded with games being arranged for the staff. Overall the bonhomie was kept intact as always in the true spirit of Christmas.

PRE CHRISTMAS CELEBRATIONS

Christmas is the spirit of giving without a thought of receiving. On 21st December 2020, Little Flower Degree College, Uppal celebrated the birth of Jesus Christ in true spirit of Christmas. The programme began at 2:00 pm by invoking God's blessings, a prayer song by Priya of BAFinal year.

To love and trust God more, the scriptures from the Bible are read out by Chrysantha. Next, December 25th every year is considered as Christmas and to know the significance of Christ, Jeremy from BBA was invited. Next, Carols are a part of the surprising history of Christmas. To make everyone happy, Carols are sung.

This pandemic has changed our lives drastically and to inspire, guide us, an inspirational video was played to bring a ray of hope into lives. Christmas is incomplete without witnessing nativity videos. It is common to see a display of Nativity scenes. Our childhood has beautifully acted.

To bring more fun into this special occasion, a quiz was organized which turned out to be successful in spreading extra joy. The participants responded with alacrity

There is a plethora of mixed emotions one is experienced in this pandemic. To drive away all negative emotions, Rev. Bro. Vincent Reddy has received a message which encouraged all of us.

Christmas Celebrations would be incomplete without Santa Claus whose presence we all wait for and brings gifts and happiness. The celebration ended with a demonstration of Gratitude.

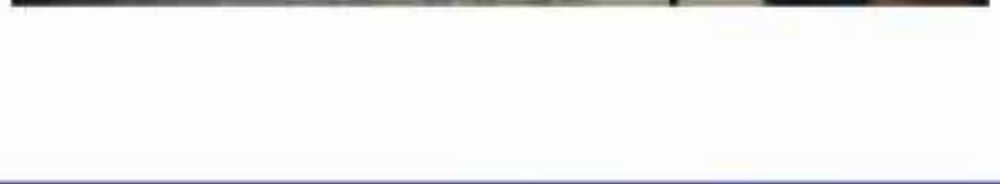

WOMEN PROTECTION CELL

Women Protection Cell of LFDC, celebrated women's day, with a weeklong celebration from March 1 to March 8. We kick started our celebration with Care and Share the hallmark of womanhood. The members of the Cell along with students visited old age homes, distributed fruits and basic amenities. The students were overwhelmed by what they saw and understood the need for caring for our elders/Parents. On the Second day, the cell celebrated the inner beauty of women through Young and Confident by inviting two beauticians to showcase their beauty secrets. On the third and fourth day the cell gave opportunities to women with petty business to sell their products in the college titled aptly Boss-Lady and thereby encouraging women entrepreneurship. On the fifth day, Women Hygiene Drive was undertaken, where the members of the faculty along with students visited an orphanage where young children were afflicted with HIV Positive. It was a heartbreaking visit for the students and the faculty. The students distributed sanitary pads, clothes and fruits to the children.

On the Sixth day the faculty were given a platform to exhibit their hidden talent through Let's Tap Together. Faculty from LFDC, and other colleges of the twin cities participated in dance and singing competitions with enthusiasm. Prizes were distributed on the same day by the principal Rev. Bro Vincent Reddy. On the Seventh day, an online poster presentation titled Ordinary Women, Extraordinary Feat took place. On March 8, a sports event was conducted called It's Game Time. Many games like Badminton, tennikoit, throw ball etc. were conducted. Faculty from LFDC, LFJC and from other colleges actively participated. On the same day, police women personnel from cyber crime were invited to speak about & raise awareness among students on social media titled Digital Footprint. In the evening 'Valedictory ceremony' took place wherein awards and certificates were presented to the winners and the participants.

Women Protection Cell of LFDC, celebrated women's day, with a weeklong celebration from March 1 to March 8. LFDC has come up with different innovative ideas to celebrate women's day like, going to orphanage(HIV positive Children),old age home, donating books, clothes, sanitary pads for young girls, inviting women street vendors to sell their goods in college premises, inviting entrepreneurs from different fields and conducting workshops,even inviting women from different colleges to take part in singing, dancing, games and sports.And on the last day it invited cyber police and presented a seminar with women police and got awareness regarding cybercrime and how to protect ourselves with cybercrime. On 8th march, Women's Day Valedictory program was conducted and the winners and the participants were awarded.

XXIX Congress of APTSMS & National Conference on Mathematics and its Applications

Mr.M.Prashanth, Faculty Department of Mathematics participated in XXIX Congress of APTSMS & National Conference on Mathematics and its Applications organized by Department of Mathematics Mahatma Gandhi University, Nalgonda, on 3-5 December, 2020.

Mathematics plays an essential role in measuring, modeling, analyzing, predicting and controlling complex phenomena, and in understanding the performance of systems. In particular, mathematics is an integral part of research in almost all disciplines of science and technology. In view of growing applications of mathematics in defense, industry, life and medical sciences, earth sciences, decision sciences, intelligent systems, computational sciences, finance, management etc., there is a need to discuss the recent trends and challenges in the area of mathematics and their applications. Therefore, his present conference cover all the areas of mathematics, and related disciplines.

Sama Circular Model and ARIMA on Forecasting consumer price Index in India'

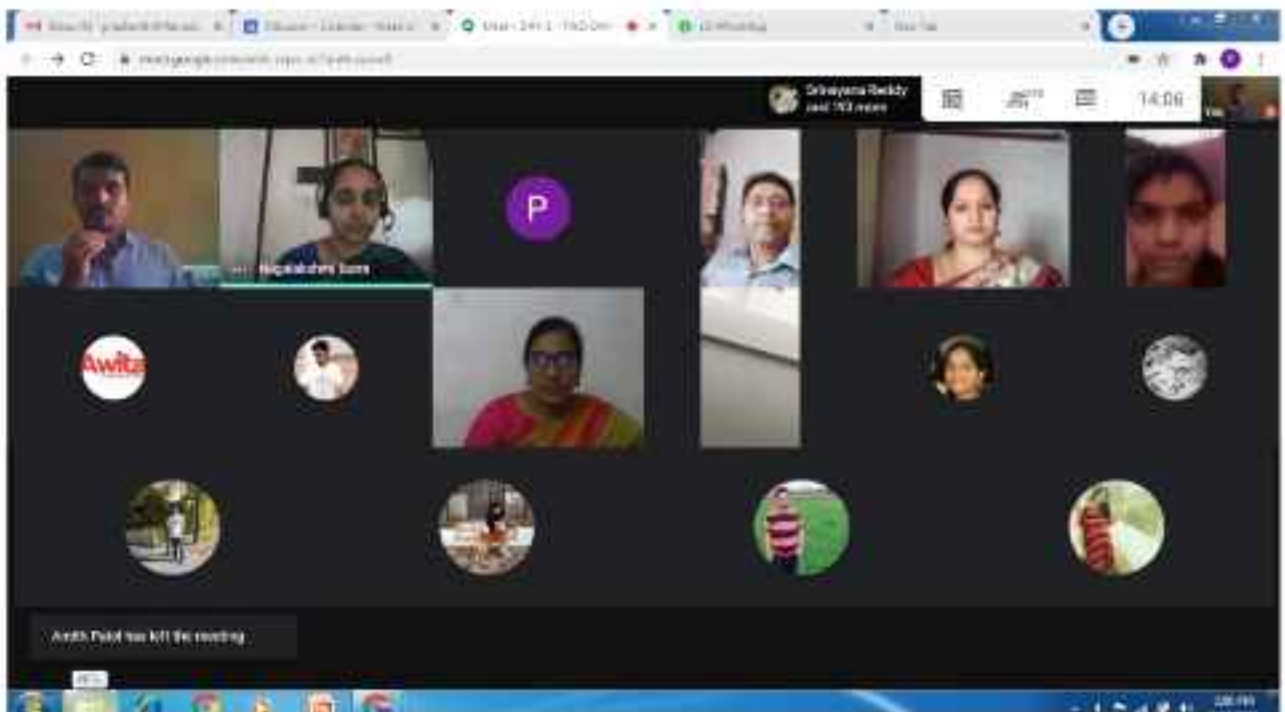

Mr.M.Prashanth, faculty department of Mathematics attended a webinar on "Sama Circular Model and ARIMA on Forecasting consumer price Index in India" * organized by Department of Mathematics of Aurora Degree & PG College on 31-08-2020 in online conference Zoom Meeting. An ARIMA model is a class of statistical models for analysing and forecasting time series data. It explicitly caters to a suite of standard structures in time series data, and as such provides a simple yet powerful method for making skilful time series forecasts. In an ARIMA model we transform a time series into stationary one (series without trend or seasonality) using differencing. The first differencing value is the difference between the current time period and the previous time period. If these values fail to revolve around a constant mean and variance, then we find the second differencing using the values of the first differencing. We repeat this until we get a stationary series. The best way to determine whether or not the series is sufficiently differenced is to plot the differenced series and check to see if there is a constant mean and variance.

Autocorrelation refers to how correlated a time series is with its past values whereas the ACF is the plot used to see the correlation between the points, up to and including the lag unit. In ACF, the correlation coefficient is in the x-axis whereas the number of lags is shown in the y-axis. Normally in an ARIMA model, we make use of either the AR term or the MA term. We use both of these terms only on rare occasions. We use the ACF plot to decide which one of these terms we would use for our time series.

Mr.M.Prashanth, faculty department of Mathematics attended a webinar on "Sama Circular Model and ARIMA on Forecasting consumer price Index in India" " organized by Department of Mathematics of Aurora Degree & PG College on 31-08-2020 in online conference Zoom Meeting. An ARIMA model is a class of statistical models for analysing and forecasting time series data. It explicitly caters to a suite of standard structures in time series data, and as such provides a simple yet powerful method for making skilful time series forecasts. In an

Two Day National CRT workshop

A two day national CRT workshop on soft skills and logical thinking was conducted on 18th and 19th September 2020. The speakers explained about how to improve Logical & Soft skills to crack the interviews and gave some tips to solve aptitude problems.

International Professional Development Programme

International Professional Development Programme on "Major Role of Mathematics in the Development of Science and Technology" was jointly organized by the Department of Mathematics, Little Flower Degree College, Uppal, Hyderabad, Telangana & PG and Research Department of Mathematics, Auxilium College (Autonomous), Vellore, Tamil Nadu, during 22.02.2021 - 26.02.2021 from 1.30 p.m. to 3 p.m.

This International PDP was planned in such a way, to bring together different branches of Science and Technology to form a multifaceted view of Mathematics and its Applications in a clear and efficient manner, and to provide a platform to the participants to sharpen the Mathematical and Research skills through interaction with eminent resource persons for all the 5 days by sharing their ideas and refining the learning interest.

Day 1: 22.02.2021

Resource Person: Dr. Lakshmana Gomathi Nayagam, NIT, Trichy, Tamilnadu.

Topic: Fuzzy Mathematical Modelling in Engineering

His talk focused on the concepts of Real Analysis, especially Rol's Mean Value Theorem, Lagrange's Mean Value Theorem, Cauchy's Mean Value Theorem and the Geometric interpretation of these theorems in framing the Mathematical Model, which are applied to real time problems. He also explained how fuzzy logic is applied in Mathematical Modelling.

Day 2: 23.02.2021

Resource Person: Dr. Madhumangal Pal, Vidyasagar University, Midnapore, West Bengal.

Topic: Application of Graph Theory in Science and Technology

His talk focused on the graphs which are used to model real world problems like Molecular structure of chemical compounds. He also focused on different types of Graph colouring and explained in detail the Scheduling problems, Edge colouring problems and Network flow problems with a suitable example.

Day 3: 24.02.2021

Resource Person: Dr. Yamuna M, VIT, Vellore, Tamilnadu

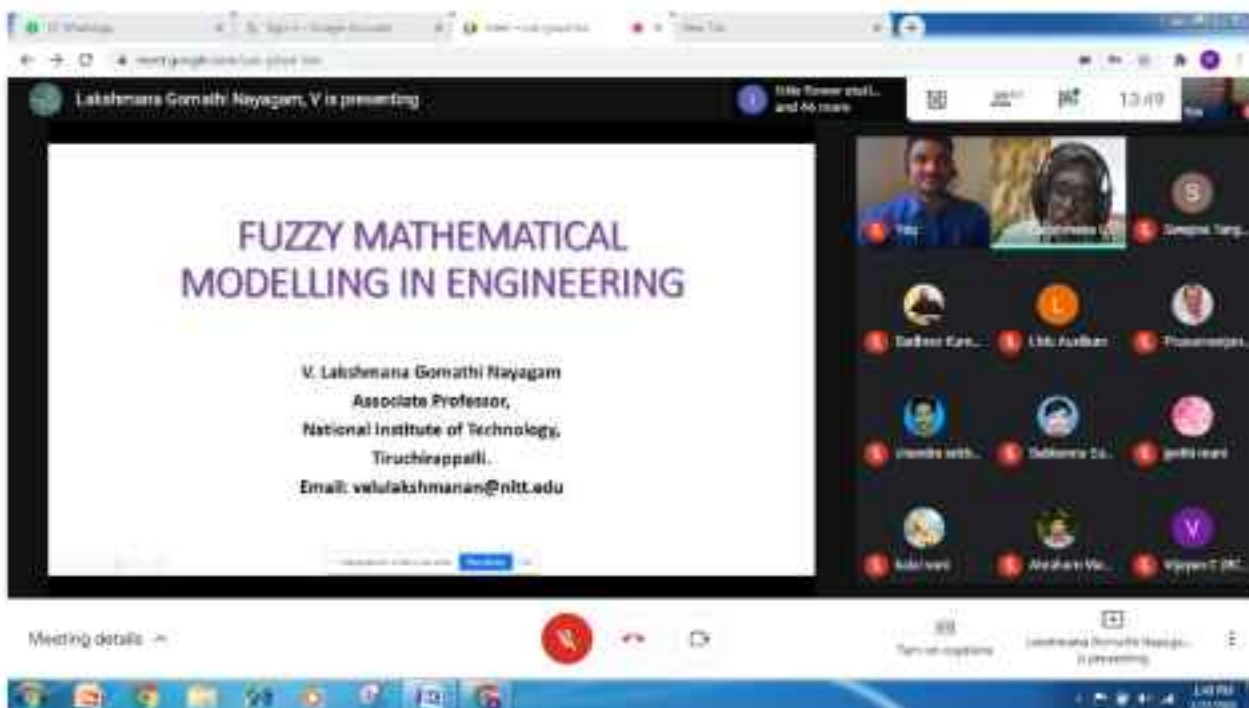

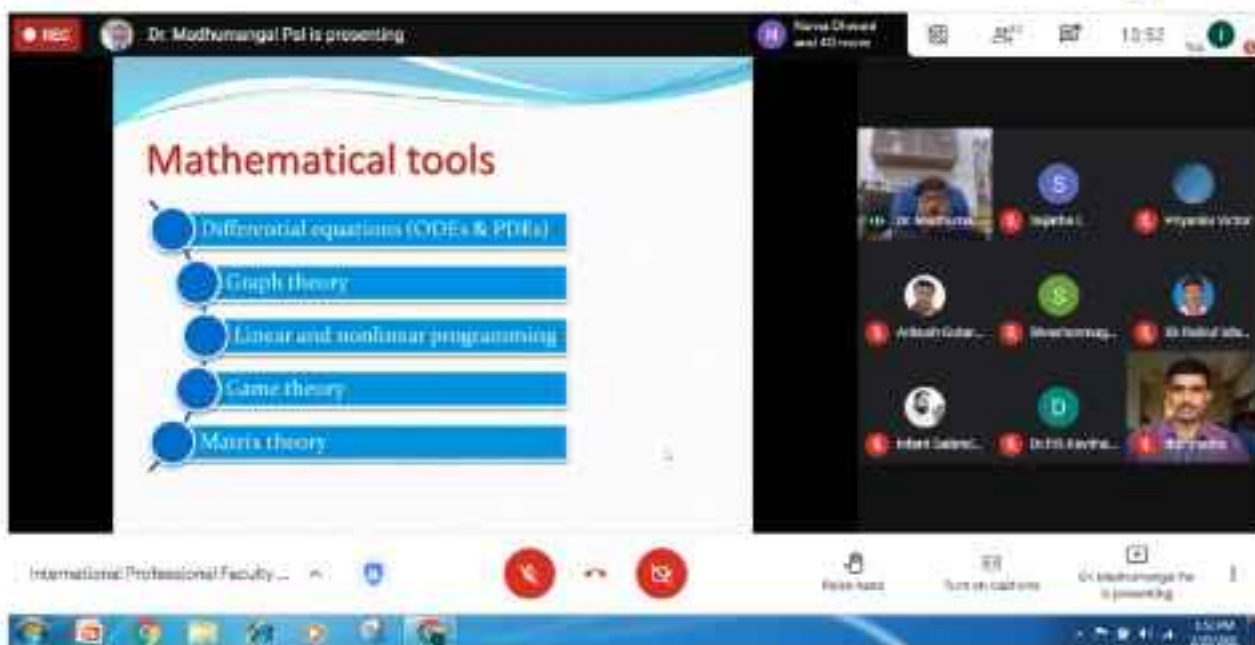

Topic: The Genetic Code Boolean Lattice

She started with the basic definitions of relations and functions, moved on to partially ordered relation, followed by a diagram of partially ordered relation. She explained about Amino Acid and Genetic Code and added how a partially ordered relation was specially defined for Genetic code and how a Lattice was developed for this special purpose. Finally, she concluded how the average value between the Genetic Codes i.e between the Amino Acids are actually helpful to identify the genetic mutation.

Day 4: 25.02.2021

International Professional Development Programme

LATEX WORKSHOP

The Department of Mathematics organized a one week workshop on Latex in Collaboration with IIT Bombay Spoken Tutorial from 22 to 28 of April. Material & videos of Latex Course was sent to all participants. Suggestion was given to the participants to post their queries in an open forum on Latex. Finally the Latex exam was conducted. Those who have cleared they got certificates and also we sent participation certificates to all participants.

A National Level 7-Day online workshop on revised NAAC norm & procedure under the aegis of the UGC scheme

A National Level 7-Day online workshop on revised NAAC norm & procedure under the aegis of the UGC scheme –Para marsh was conducted on zoom platform from 7th January to 15 th January 2021 and it was attended by Mr.Prashanth, dept of Mathematics.

On Day-1 session was started with inauguration by chief guest Dr.Ashwathnarayan C.N, Hon'ble DCM, Ministry of Higher Education, Guest of Honor, Prof.S.C.Sharma, Director-National Assessment and Accreditation (NAAC) for a crisp keynote address on the aspects of accreditation framework of NAAC. Rector Fr.Swebert d'Silva SJ spoke about "Role of Teachers in the Accreditation Process".

Day-2 Session -1 titled as "Curricular Aspects" was led by Dr.Fr.Davis George, Aloysius institute of technology who spoke about curriculum design, delivery and assessments to meet the demands of the current trends.

Day-3 Session -2 about "Teaching Learning and Evaluation" was presented by

Dr.K.Karunakaram, Chief executive officer, Hindustan Educational Institutions, Coimbatore. He shed light on the student centric approach in teaching Learning process, catering to diverse needs and Innovation related to ICT Digital Tools.

Day-4 Session-3 about "Research, Innovations and Extensions" was presented by Dr.Fr.S.IGNACIMUTHU,S.J., Director Xavier Research Foundation,St.Xaviers College Palayamkottai.He spoke about promotion of research and emphasis to be given to research activities and publications and also reaching out to the society through various extension activities.

Day-4 Session -4 about "Infrastructure and Learning Resources" was presented by Dr.Shobhana Vasudevan, Principal R.A Podar College, Mumbai. She presented a detailed overview on infrastructure maintenance, making students accountable for infrastructure by giving responsibilities of Infrastructure.

This was followed by Session -5 on "Student Support and Progression "by Dr.B.Vanitha, Secretary, KGISL Educational Institution, Coimbatore.She presented a detailed analysis of student placements, weightage of marks.

Day-5 session 6 & 7 "Governance, Leadership and Management" and "Institutional Values and Best Practices" by Dr.A.Joseph Dorairaj, Dean, School of English and Foreign Languages, Gandhigram Rural Institute (Deemed to be University), Dindigul, TamilNaidu.He presented the importance of and ways of implementing e-governance: He also familiarized the audience with functions of IQAC. Best Practices, Distinctiveness, Sustainability, Placements, Mou's etc...

Day-7 Panel Discussion and Validation: Self study report (SSR) Success Mantra –The know How. Questions were with regard to the aspect of the peer visit made by NAAC and on ethical guidelines

One week Online FDP

Topic Real Analysis: 5th Sept 2020 to 10th Sept 2020

ZOOM Meet : Mr M Prashanth & Ms T Swapna

First day of FDP was started by giving the introduction of the program, inaugural address.

Day 1 : Introduction to Real Analysis by Dr R Bharavi Sharma. He explained about types of numbers, basic definitions and properties of real numbers

Day 2: Limit Infimum and Limit Supremum by Dr K Somaiah. He explained Definitions Theorems and Problems.

Day 3: Continuity of Functions by Dr L P Raj Kumar He explained Definitions Theorems and Problems.

Day 4: Differentiability and Mean Value Theorems by Dr P Malla Reddy He explained Definitions Theorems and Problems.

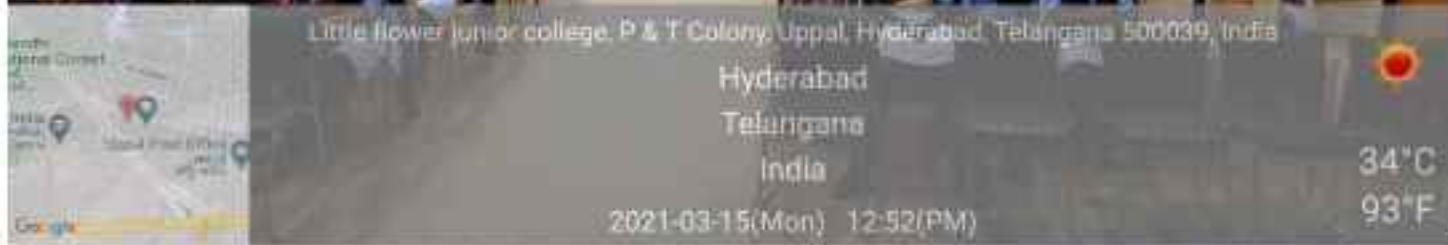

Day 5: L Hospital's rules and Taylor's Theorem by Dr B S L Sowjanya She explained Definitions Theorems and Problems.

Day 6: Riemann Integration by Dr S Raj Reddy. He explained Definitions Theorems and Problems.

<p style="text-align: center;">One Week (Online) Faculty Development Program on Real Analysis 5th - 10th September, 2020 Organized by Department of Mathematics, Kakatiya University, Warangal - 506 009</p>

PI DAY CELEBRATIONS

The Department of Mathematics organized a Pi Day on 15 March, 2021 as 14th March is observed as Pi Day all across the world every year. On this occasion a movie "SUPER-30" was shown to the students, which was a replicate of life history of Srinivasa Ramanujan. Students felt very happy and they were inspired by watching the movie and expressed that they would like to become like great mathematician Srinivasa Ramanujan

Share Market

On 8th of May the Department of Mathematics organized a webinar for the students on the topic "Share Markets". The resource person for this program was Mr.Venkata Sri Harsha founder of Shine Projects, Hyderabad. In this webinar he explained about various stock exchanges, equity markets and financial markets available in the present economy.

Webinar-Significance & Applications of Differential Equations

A webinar conducted on G-Meet by the department of Mathematics on Significance and Application of Differential Equations on 15th December by Dr Shankar Rao, Assistant Professor, Department of Mathematics, KLEF KL(Deemed to be University). He gave a brief description about why to study Differential Equations. He explained that whenever a relation is given for the change of any model or system it depends on the time which leads to formation of a differential equation. All the engineering branches, Social Sciences, Life Sciences concepts depend on differential equations, Differential equations are the root cause of the development of Science and engineering.

DR. Shankar has given a brief description about introduction of differential equations, Importance of differential equations, Types of differential equations and examples of differential equations. He also explained about physical interpretation of differential equations – Newton's second law is expressed as second order differential equation, Newton's law of cooling, Spring Mass system, Rocket launching etc.

He explained that a computer can be extremely valuable tool in the study of differential equation, there exists extremely powerful and general software package that can perform a wide variety of mathematical operations, Use of differential equations to understand computer hardware belongs to applied physics or electrical engineering, death of battery model, differential equations in population growth, electricity connection, Wi- Fi. Partial differential equation and ordinary differential equation helps to provide shape, interior and exterior design of a machine. At last he ended the session by saying that a differential exists everywhere.

Professional Development Programme on Scilab

A 10-Day Professional Development Programme on Scilab was organized by Dept. of Electronics & Physics in collaboration with IIT Spoken Tutorials, Bombay from 18-27 November 2021. Mr. Raman RK, Faculty, Dept. of Computer Science has taken part in the PDP and many concepts from matrices, vectors etc. were delivered. On completion of the course, participants were asked to attempt an examination that was conducted from 3 PM - 4 PM on December 29, 2021. Mr. Raman has successfully completed the course on Scilab and secured 86.7% with a course completion certificate.

3-Day International Workshop on Statistical Modelling using Python

A 3-Day International Workshop on Statistical Modelling in Python was organized by A2Z Edu LearningHub from 21-23 October 2021 from 7 pm - 9 pm. Dr. Bindu Krishnan was the resource person for all three days who gave valuable insights on various topics like data processing, descriptive statistics etc. in Python. Mr. Raman RK, Faculty, Dept. of Computer Science attended the workshop to enhance the statistical skills required with respect to python programming.

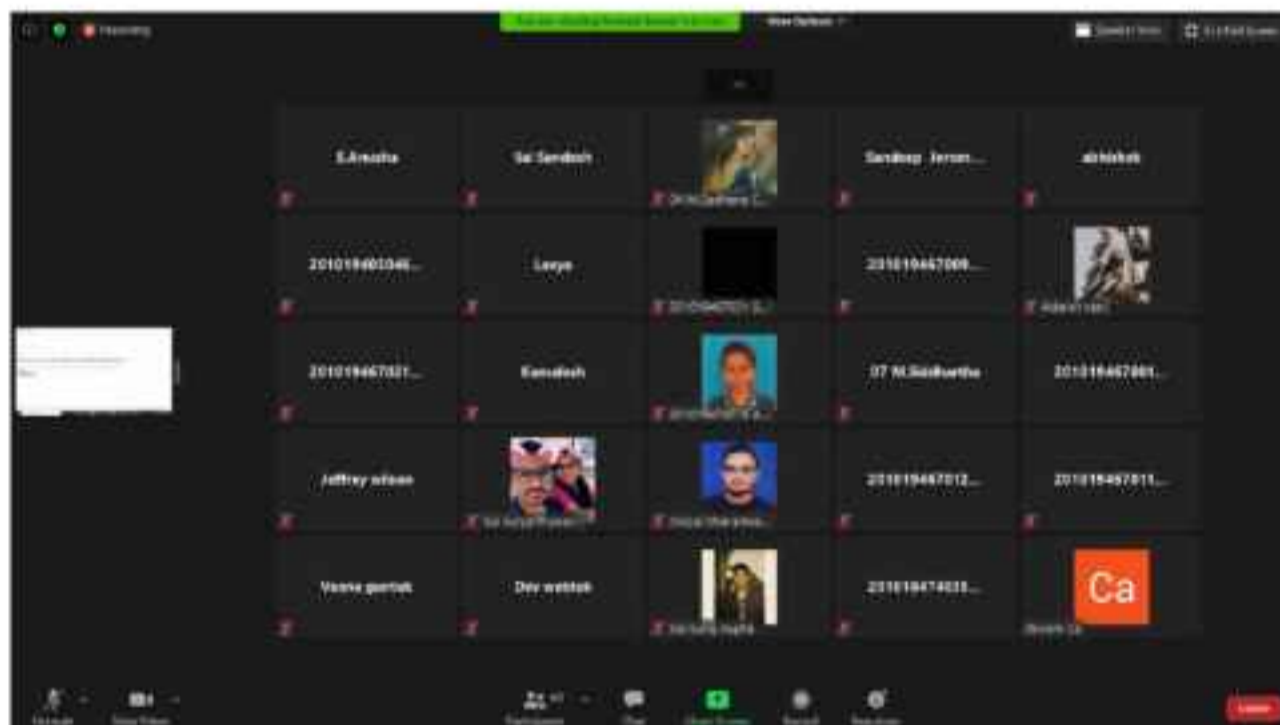

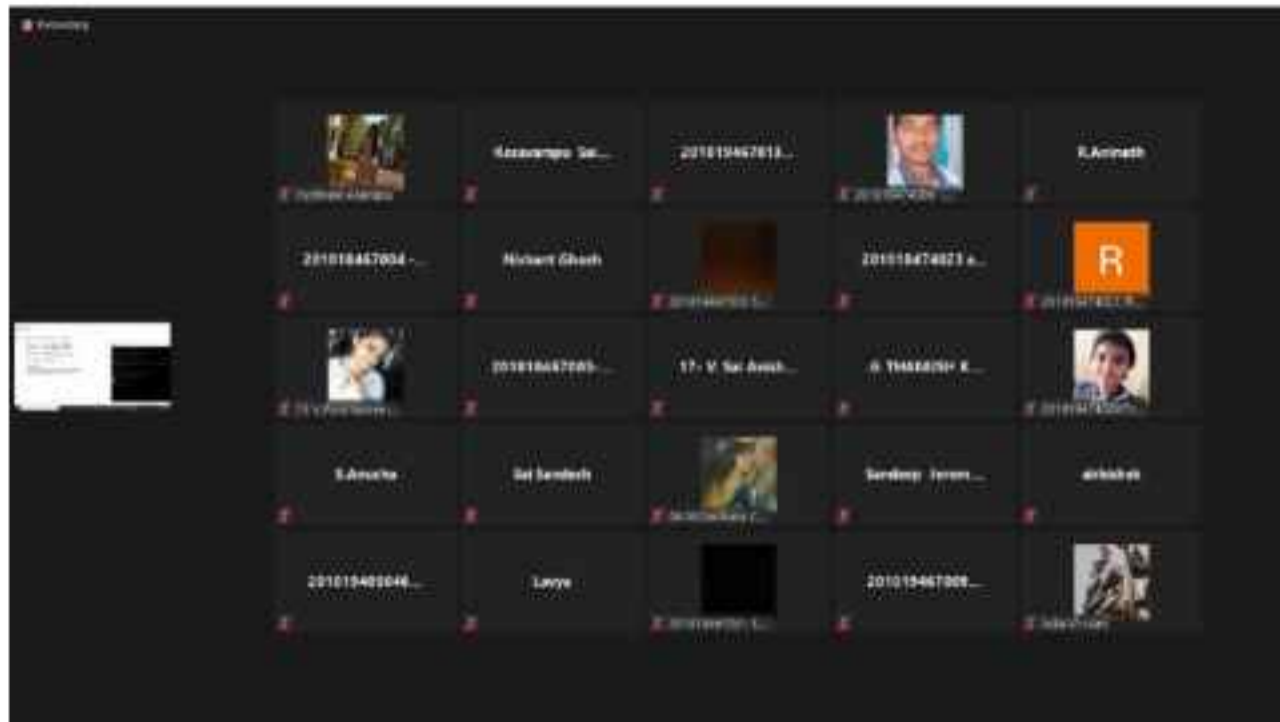

Certification course on Android App Development

A one month certification course on "Android App Development" in collaboration with Webtek Labs Pvt. Ltd was Organized by the Department of Computer Science.

The objective of this course was to make the beginners aware of "Android" as well as the ecosystem that surrounds it. Mr Hemant Kumar Sahu, (Developer & Trainer) Technical Consultant was the resource person who provided Complete information about various tools available to develop android apps.

Students learned the basic architecture of Android platform, downloading the tools used by any Android application developer, and using them to create their first Android app and also learned how to run android application on emulator & on their own devices.

Faculty development program on Creation & Automation of Certificates

A one day faculty development program on Creation & Automation of Certificates held on 29-Jun-2020 was Organized by the Department of Computer Science to make the teaching fraternity of various departments of LFDC & Sonapur College, Assam aware and acquire necessary skill sets to design and generate the certificates with automation facilities.

Mr Raman RK, Faculty Dept. Of CS and co-coordinator of IQAC ,LFDC was the resource person who provided a deep insight on the concept of Creation & Automation of Certificates during COVID-19 pandemic for smooth handling of online programs.

Mrs. Suvarnalatha - 99665 850
Mrs. Bhavani - 8639582687
Mr. Srinivas - 9676539764

Important Features of Workshop

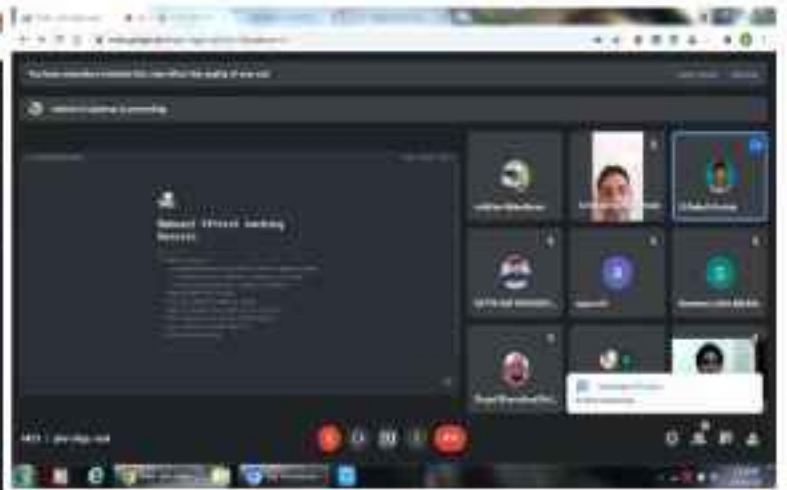

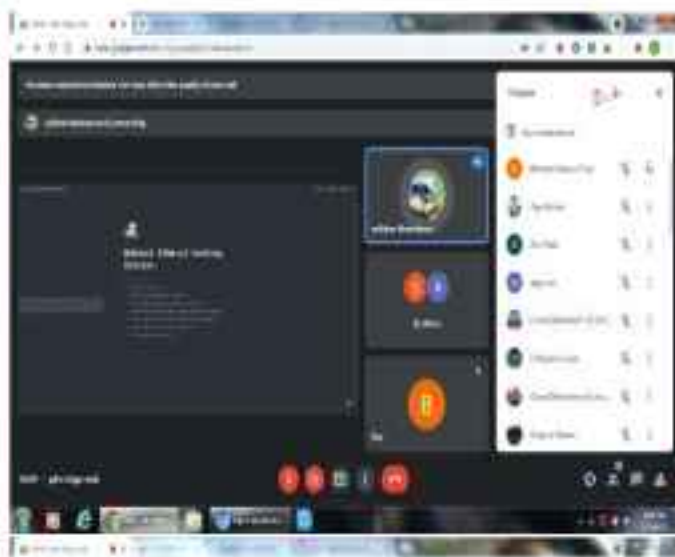

- Introduction to Ethical Hacking
- Footprinting & Reconnaissance
- Scanning Networks
- Enumeration
- Vulnerability Analysis
- System Hacking
- Malware Threats
- Sniffing
- Session Hijacking
- Hacking Web Application
- SQL Injection
- Hacking Mobile Platform
- Cryptography
- Capture the Flag
- Hacking Test

Fees- Rs. 500/- per student

Platform : Online

Dates : 24th to 28th June 2021 , Timing : 2 to 4 pm

Faculty development program on Creation of Website

A two-day faculty development program on Creation of websites held on 30-June-2020 and 1-July-2020 was Organised by the Department of Computer science. This FDP was organised to make the teaching fraternity of various departments aware and acquire necessary skill sets to design websites for their departments to maintain departmental activities data.

On day, 1 Mr Raman RK, Faculty, Dept. Of CS and co-coordinator of IQAC, LFDC was the resource person who provided a deep insight on the concept of introduction & creation of websites using WIX.

On day2, Mr S. V.Vijay Reddy, Hod, Dept.Of CS was the resource person who explained the creation of websites by using Google site.

Guest Lecture on Artificial Intelligence

A Guest Lecture on Artificial Intelligence was held on 08 April 2021 was Organized by the Department of Computer Science. The main urge behind organising this Guest lecture program was to make the Students from B.sc (MECS, MPCS, MSCS) -III RD YEAR to acquire necessary knowledge on Concepts of Artificial Intelligence.

Mr.Ravikiran, Lecturer , vivekananda Degree college was the resource person who provided a deep insight on Artificial Intelligence.

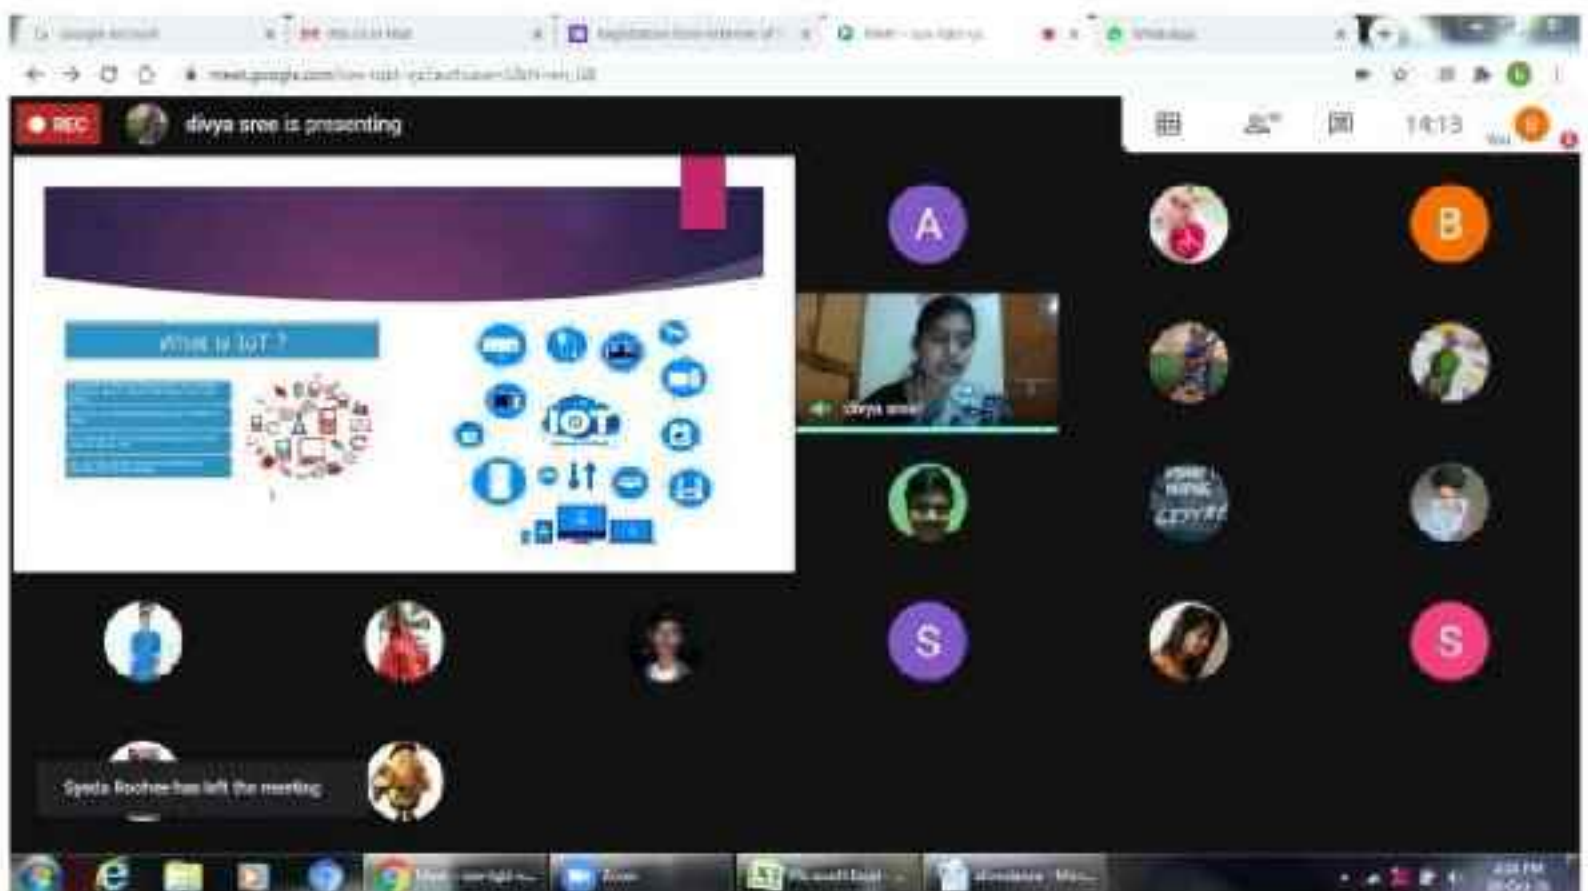

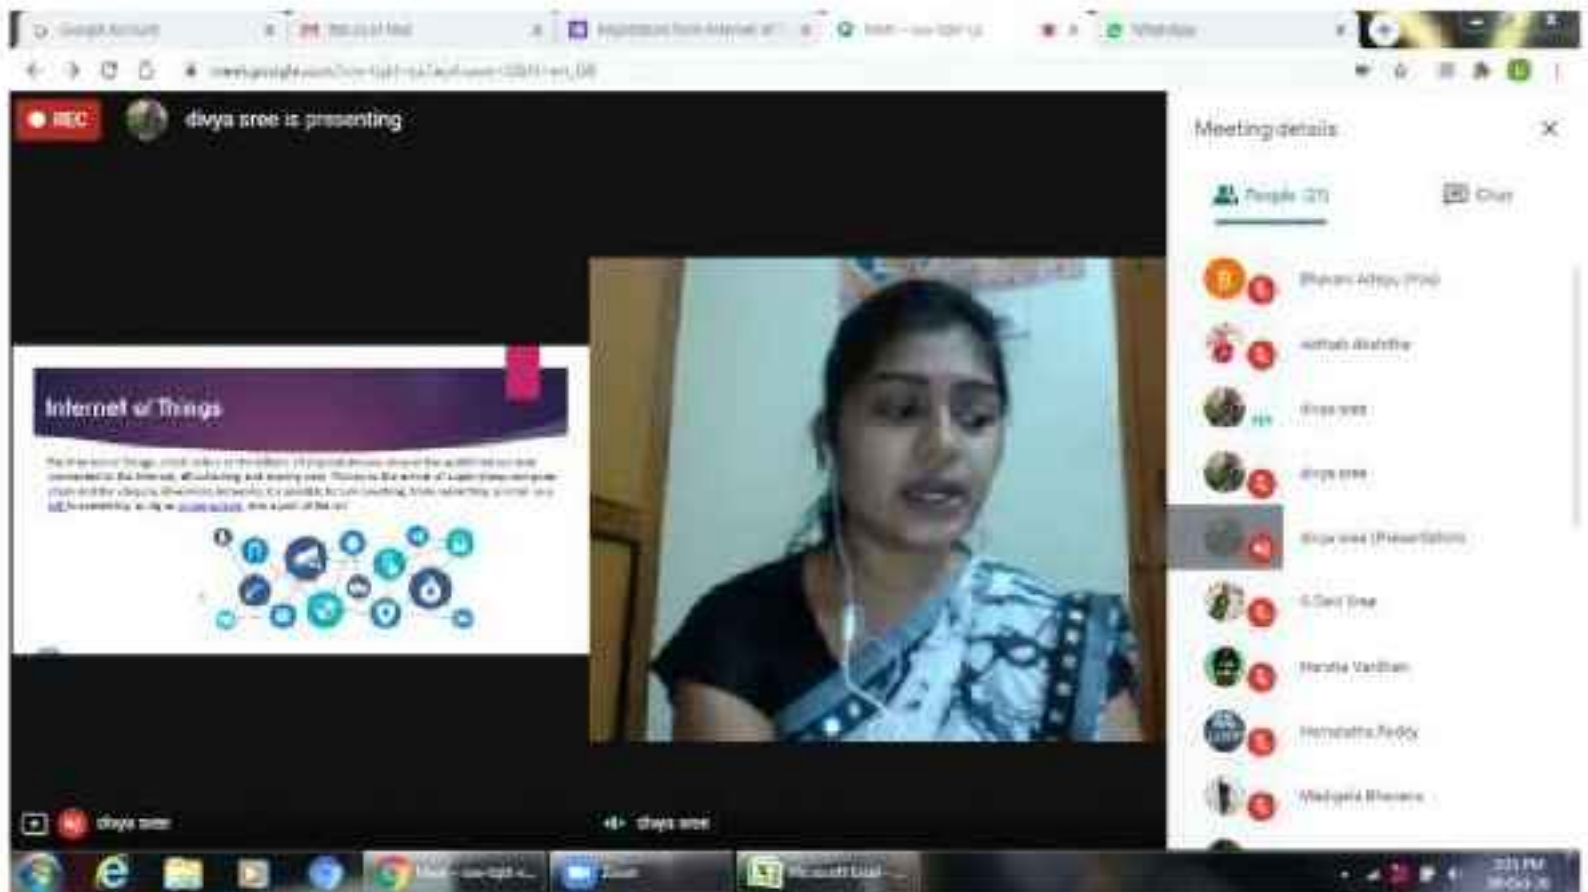

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "WHAT IS AI?". The slide content reads: "The theory and development of computer systems able to perform tasks normally requiring human intelligence, such as speech recognition, decision-making and translation between languages." Below the slide, there is a row of participant avatars. On the right side, a "Meeting details" panel is visible, showing a list of participants with their names and status (e.g., Mounika Shivan, Suman Permal, Divyashree Sangeetha, etc.). The bottom of the screen shows the Windows taskbar with the search bar and system tray.

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "AGENDA". The slide content lists the following topics: "WHAT IS AI?", "APPLICATIONS OF AI", "TYPE OF ARTIFICIAL INTELLIGENCE", "CAREER OPPORTUNITIES IN ARTIFICIAL INTELLIGENCE", and "COMPANIES THAT MAKE USE OF AI". Below the slide, there is a row of participant avatars. On the right side, a "Meeting details" panel is visible, showing a list of participants with their names and status (e.g., John Mani, Naveen Reddy, Anandhadevi, etc.). The bottom of the screen shows the Windows taskbar with the search bar and system tray.

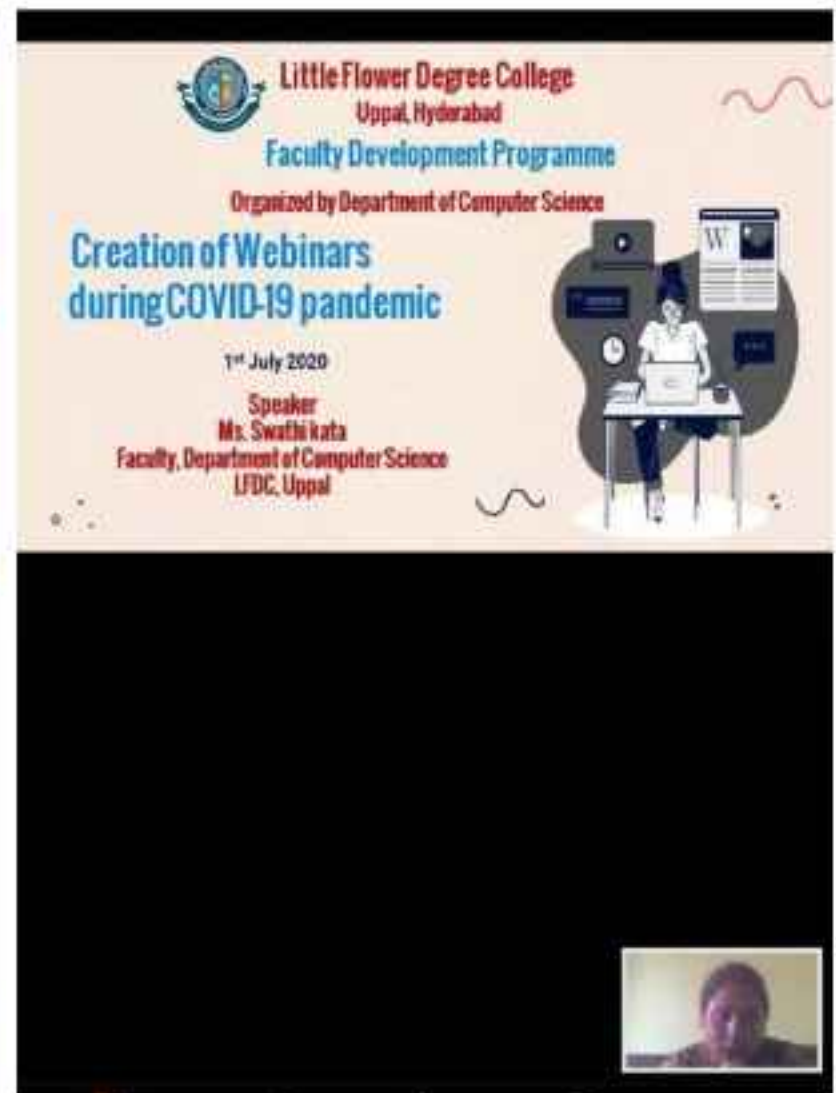

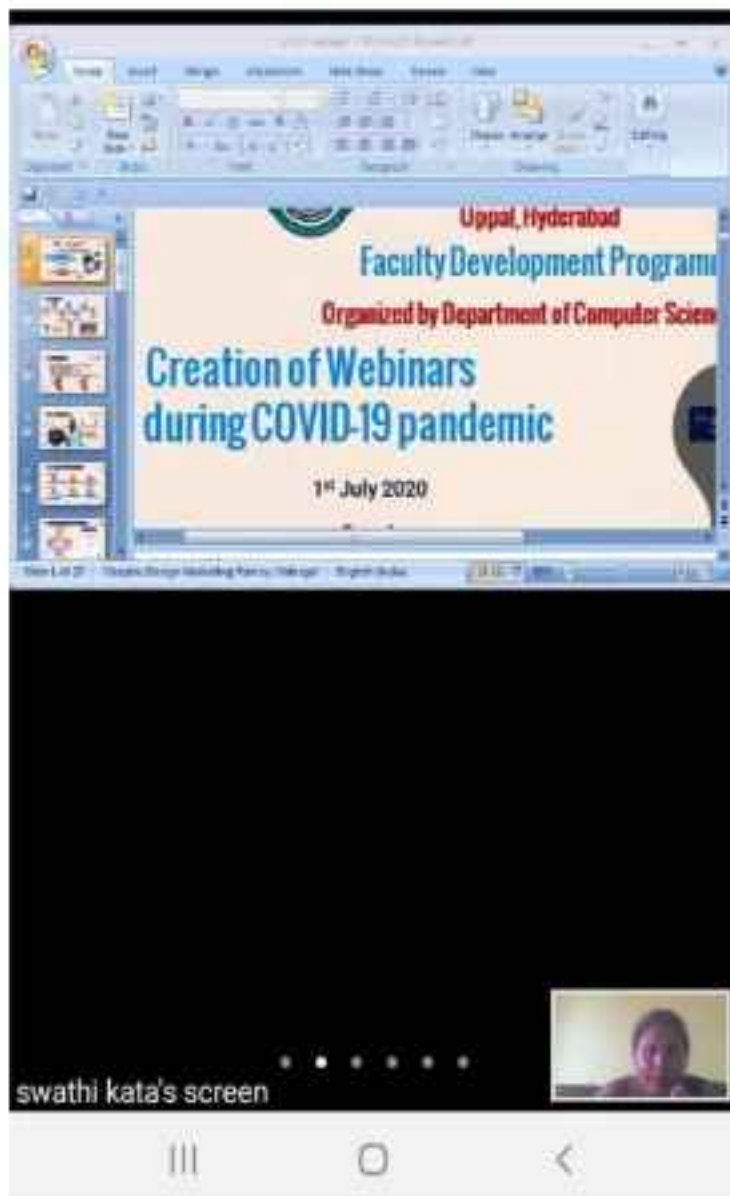

Guest lecture on Internet OF Things

The Department of Computer Science conducted a guest lecture on IOT to enhance the skills of students. Mrs M. Divya Sree (Assistant Professor), faculty of Computer Science, A.V. College of Arts, Science and Commerce was the resource person for the session, who delivered a detailed lecture on what IOT is, why we need IOT, its benefits and features. She also demonstrated "IOT-Weather-Station" as an example for IOT.

Faculty Development Program For Newly Joined Faculty

The Department of Computer Science conducted a guest lecture on IOT to enhance the skills of students. Mrs M. Divya Sree (Assistant Professor), faculty of Computer Science, A.V. College of Arts, Science and Commerce was the resource person for the session, who delivered a detailed lecture on what IOT is, why we need IOT, its benefits and features. She also demonstrated "IOT-Weather-Station" as an example for IOT.

Techno QUIZ on COMPUTER SCIENCE

The Department of Computer Science conducted a Techno QUIZ on 28th July 2020.

There were three rounds:

1. Identification of Famous Personalities.
2. Abbreviations
3. Identification of Logos and MCQs.

5 DAY-PROFESSIONAL DEVELOPMENT PROGRAM ON ANALYSIS USING EXCEL

A 5 day professional development program on Data analysis using excel was organised from 2nd to 6th February 2021 by the Department of computer science Little Flower Degree College in collaboration with St. Joseph's college for women, Allapuzha, Kerala to make the teaching fraternity of various departments aware and acquire necessary skill sets to use data analysis using excel. Mr. SV Vijay Reddy, Head, Department Of Computer Science and Mr. Somasekharan Pillai M., Associate Professor & Head, Dept. of Statistics, University College Trivandrum, Kerala

were the resource persons who provided a deep insight on the concept of Excel & to smooth handling functions of excel.

About the FDP

The main objective behind organizing the professional development programme is to train both the teaching as well as the non-teaching staff in the field of data analysis using excel. The data analysis approach will help the institution to improve the teaching and administrative maintenance aspects.

Schedule

- Day 1 : 2nd February 2021
Operations and Excel Specializations
- Day 2 : 3rd February 2021
Data Organization in spreadsheets
- Day 3 : 4th February 2021
Data Analysis Methodologies
- Day 4 : 5th February 2021
Data Visualization
- Day 5 : 6th February 2021
Advanced Excel

Resource Persons

- Mr. SV Vijay Reddy
Head, Dept. of Computer Science,
LFDC, Uppal, Hyderabad
- Mr. Somasekharan Pillai M.,
Associate Professor & Head,

An Online Inter Collegiate Competition (SAFE AND SMART DAYS CELEBRATIONS)

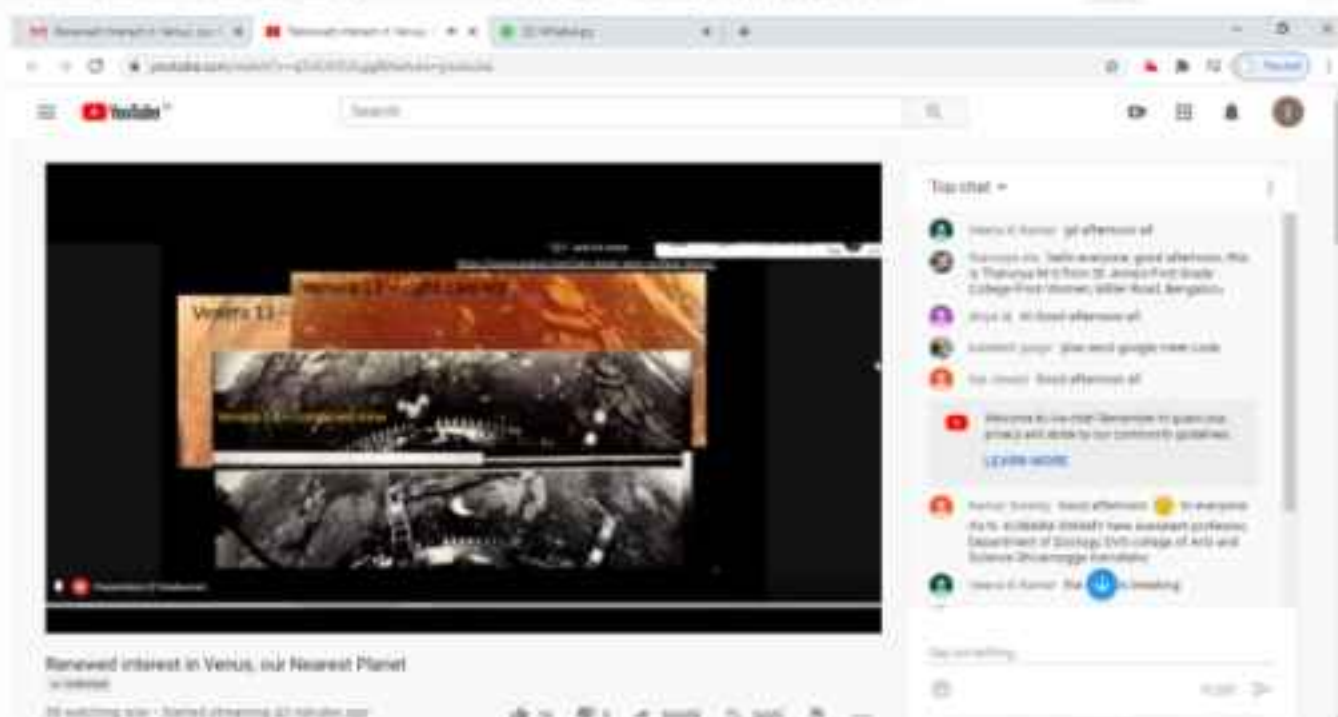

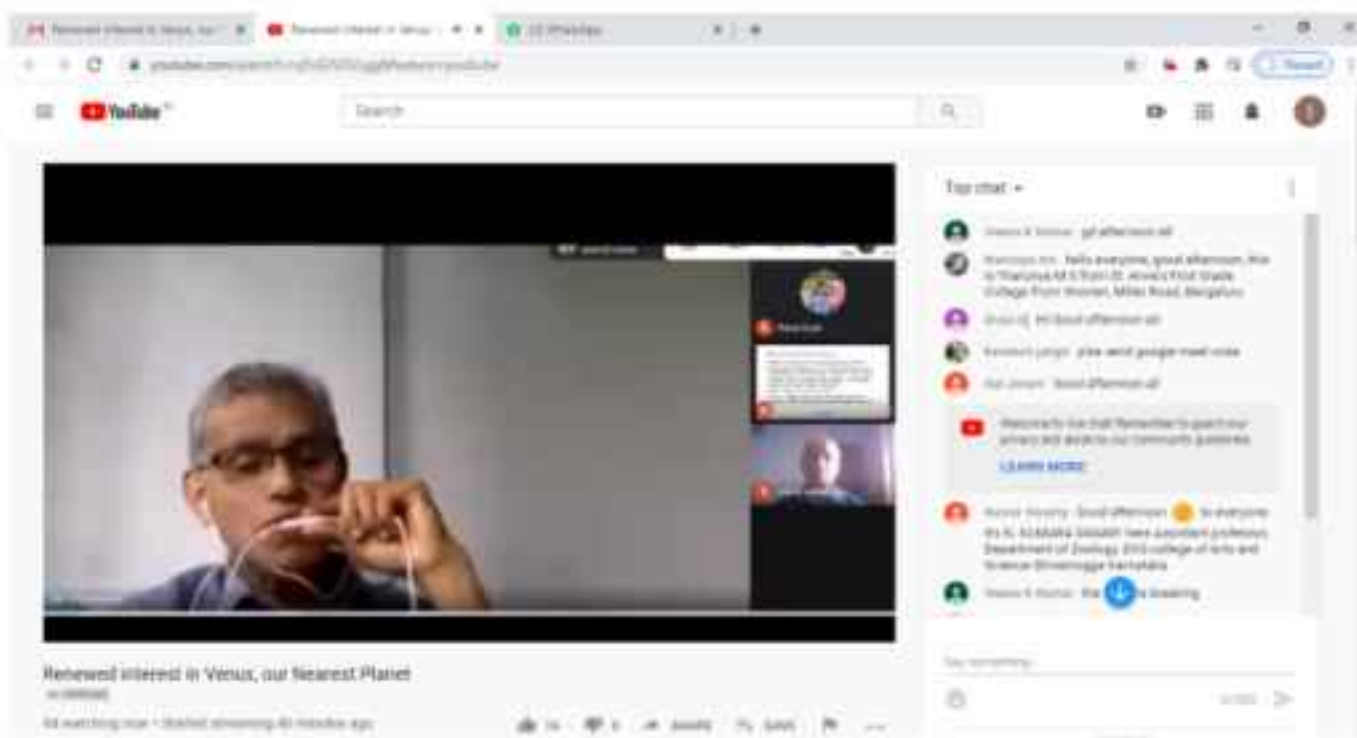

On the occasion of international security day (30th November) and World Computer Literacy day (2nd December), the Department of Computer Science organized online Inter Collegiate Competitions to encourage students to Explore their knowledge in computer fundamentals and to express their views on Cyber security. Students from various colleges took part in the competitions and delivered their views on cyber security and Digital India.

NATIONAL WEBINAR ON 'RENEWED INTEREST IN VENUS – OUR NEAREST PLANET (ATTENDED)

A National Webinar was organized by the Department of Physics, St. Joseph's College, Bangalore on "Renewed Interest in Venus, Our Nearest Planet" on 17th July, 2020 on Zoom platform. Guest speaker of the day was Dr. P. Sreekumar, Professor at ISRO Headquarters.

Dr. Sreekumar explained the exploration of our solar system, recent focus on Moon and Mars, comparison between Venus and Earth, atmosphere on Venus, concept of super rotation, variation in SO₂ over 40 years, atmospheric escape of Venus, GreenHouse effect on Venus and lastly discussed Global and India's further plans on exploration of Venus.

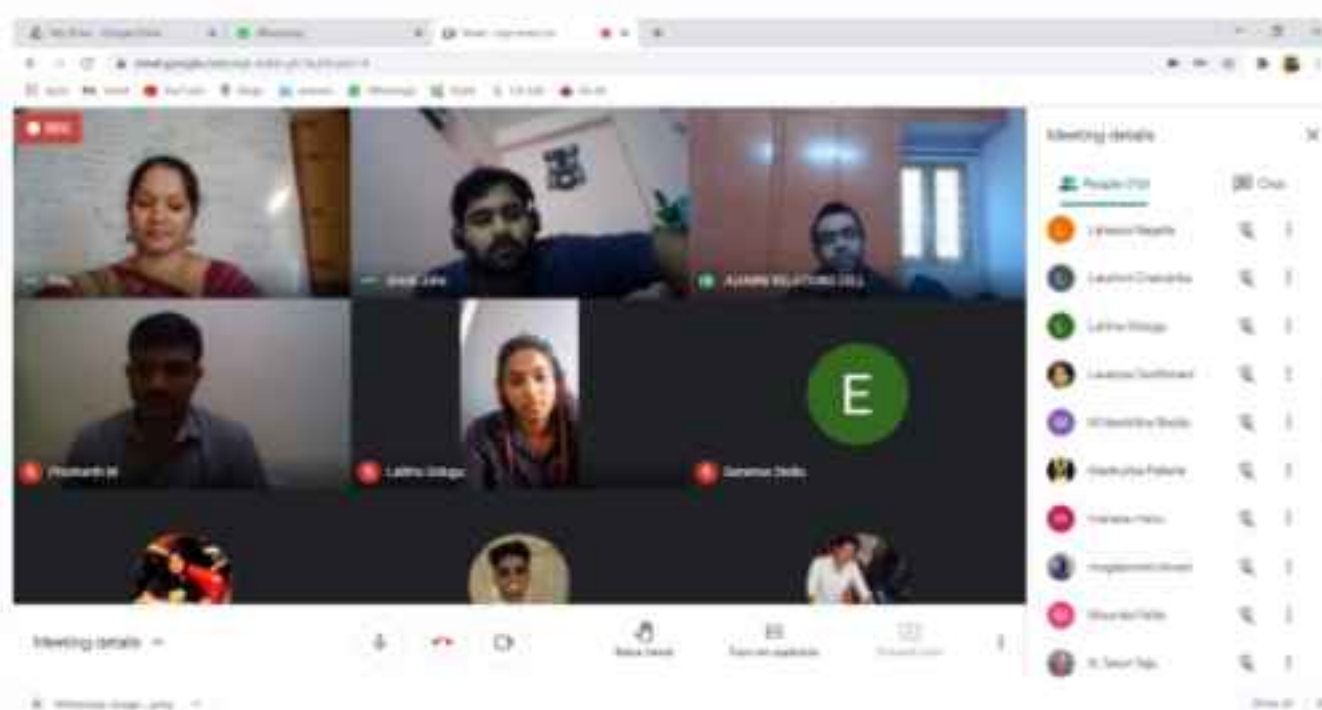

The session was really interesting and the participants learned the similarities between Earth and Venus and the importance of exploring Venus.

Alumni Talks : Alumni - Students Interaction

'Alumni Talks' – an interaction program with the alumni was conducted by the Faculty of physical sciences on 21st November 2020 to provide an exposure for the student community to know various career opportunities and also the diverse platforms to pursue higher education.

Mr. Anish spoke about the general skill set required to get into a job, and gave some tips on how to prepare for the interview. Ms. Feba Francis, 2010 batch student currently pursuing her PHD in Oceanography spoke about her journey and inspired students to pursue higher education. Ms.G.Hima Lalitha, 2013 batch student spoke about the importance of campus placements in the college and advised students to take part in the campus selections. Mr.T.Bharadwaj, 2016 batch student spoke about cracking the entrance exams and achieving good ranks to pursue higher education in the university campus.

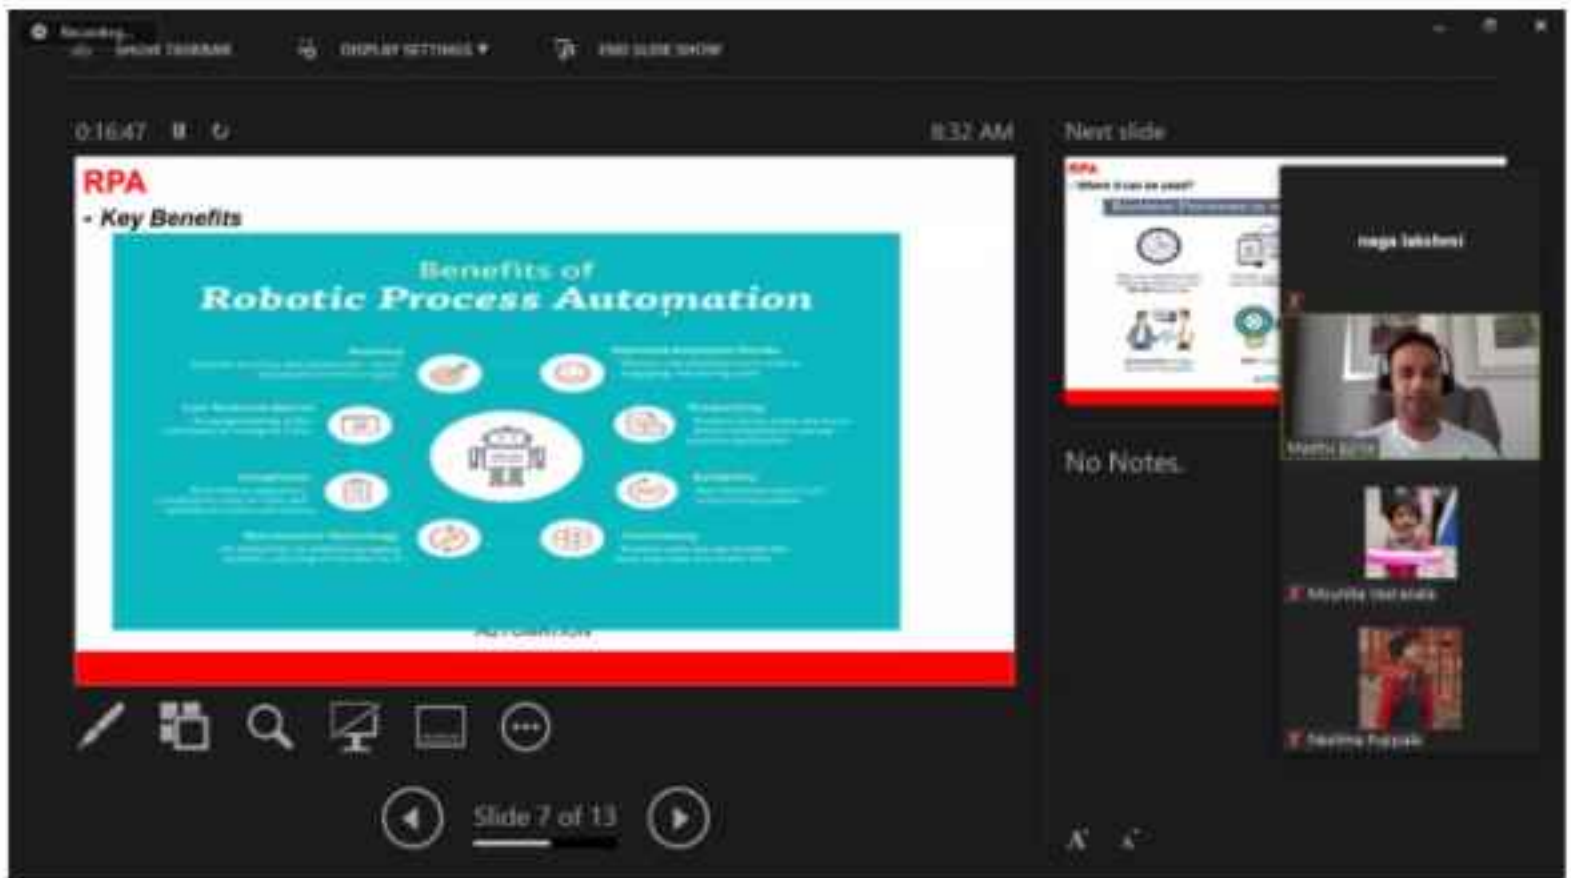

INTERNATIONAL WEBINAR ON ROBOTIC PROCESS AUTOMATION

The Department of Electronics organised an international webinar on 'Robotic Process Automation' on 27th June, 2020. The guest speaker of the webinar was Mr.B.Madhu Gopal, Business Analysis Manager, Equinix Inc., Dallas, USA.

The main objective of the program was to introduce students to Robotic Process Automation technology which is crucial to execute a business process without human intervention.

Students learned key benefits of RPA, its implementation, power and criteria in selecting a particular RPA tool, myths, benefits and return of investment.

The webinar gave a clear insight into the basics of Robotic Process Automation

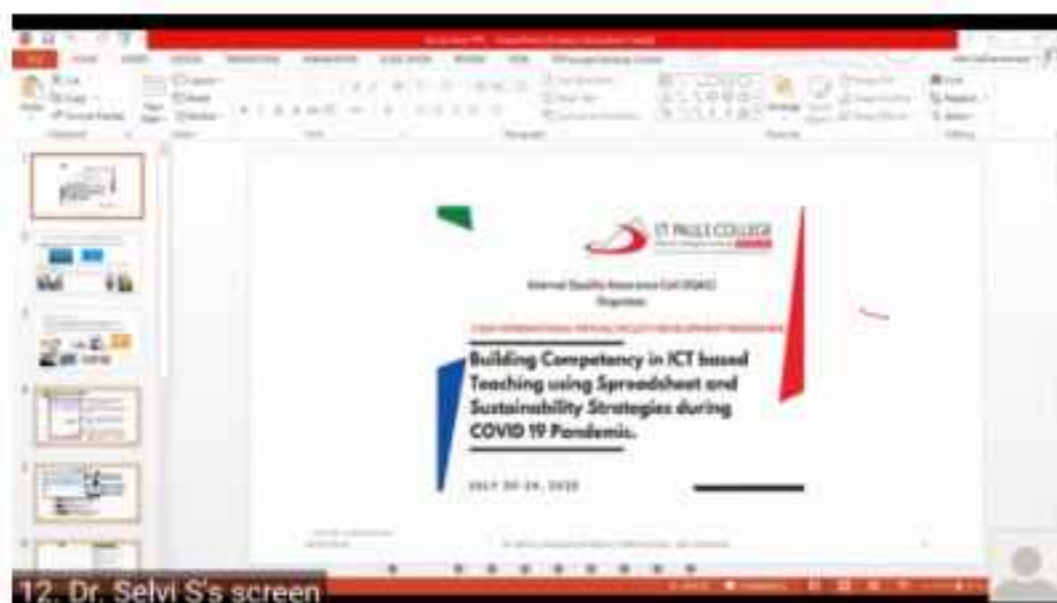

International virtual faculty development programme FDP – ATTENDED

A five day International virtual faculty development programme was organised by IQAC cell, St. Paul's College, Bangalore from 20th July to 24th July, 2021.

The topic of the FDP was 'ICT based teaching using spreadsheet and sustainability strategies during covid-19 pandemic'. On day 1, participants were introduced to MS-EXCEL, mathematical functions, spreadsheets, formatting and creating visualizations of data through charts and graphs. On day-2, the tools used in multi criteria decision making were taught. On day-3, they were upskilled with advanced functions in excel. On Day-4, an interactive session was conducted by Prof.Ravi on Asia's relation with China after COVID-19. On day-5, another interesting session was held on Macro-economic factors during and post COVID-19 times.

It was a great learning experience from the faculty who had a wide horizon on the topic they dealt with.

WEBINAR- JOB OPPORTUNITIES THROUGH SKILL ENHANCEMENT

A webinar was organised by the Department of Electronics on 'Job opportunities through skill enhancement' on 21st July, 2020 for staff and students of various degree colleges. The speakers of the day were Mr.C.Sivaraman, Former principal, Pragati Mahavidyalaya and Mr.Suresh Mehra, Director, Rabsa Utility Solutions, Hyderabad.

Dr. Sivaraman spoke about the need for skill enhancement, teacher's role in skill enhancement, and job opportunities in the current scenario. Mr.suresh Mehra spoke about the job opportunities available in the telecom sector.

E-WORKSHOP ON VIRTUAL LABS (CONDUCTED)

A three day E-workshop on Virtual Labs was organised by the Department of Electronics from 26th August to 28th August, 2020. The Workshop was organised for II B.SC (MECS) students by Mrs.T.Naga Lakshmi, HoD, Electronics Department.

Virtual labs is an initiative of MHRD under the aegis of The National Mission of Education through ICT (NMEICT). The main objective of this virtual lab was to provide remote access to labs in various disciplines of science and engineering.

On the first day of the workshop, students were introduced to the 'Basic Electronics lab' in a virtual lab environment. They were taught about how to select the experiment which is to be performed. After choosing the experiment, students can choose the components and then construct the circuit and test it through step by step instructions provided.

Students were introduced to the 'Analog circuits' lab. They were taught how to perform rectifier experiments initially by the instructions provided and later by constructing the circuit from scratch.

Students learned to construct and test circuits using virtual labs.

INTERNATIONAL WEBINAR – INTRODUCTION TO NANOSCALE MATERIALS

An International Webinar was organized by the department of Physics & Electronics, St. Ann's College for Women, Mehdiapatnam on "Introduction to NanoScale Materials: Future of The World" on 19th September, 2020 on Zoom platform.

The guest speaker of the webinar was Prof.Dr. Ibrahim Hussein, King Khalid University, KSA & Ain Shams University, Egypt. He introduced various nanoscale materials, their synthesis procedure, applications in Electronic and Opto Electronic Devices. By the end of the session Dr.Ibrahim discussed various programs for students and opportunities available for research scholars in the University. All the participants actively participated and gained knowledge on NanoScale Materials and its scope in research.

ONLINE QUIZ ON 'BASIC ELECTRONICS' (CONDUCTED)

An online inter-collegiate quiz competition was conducted by the Department of Electronics on 30th September, 2020. The aim of the program was to test the knowledge of students in basic electronics. Students from various colleges participated in the event. The quiz was conducted through the online quizzing app 'KAHOOT'.

Students participated very enthusiastically in the event.

NATIONAL LEVEL 7-DAY ONLINE WORKSHOP ON REVISED NAAC NORMS & PROCEDURE UNDER THE AEGIS OF THE UGC SCHEME – PARAMARSH

A National 7-day online workshop on 'Revised NAAC Norms & Procedure under the aegis of the UGC scheme – Paramarsh' was conducted by St. Joseph's College (Autonomous), Bangalore from 7th January 2021 to 15th January 2021.

On each day, one NAAC criterion was discussed by eminent professors. The sessions were interesting enough to learn the intricacies in the criteria. Participants could even learn from others' queries which were answered by the guest speakers on each day at the end of the session.

Criterion statements (contd)

```

    graph LR
      A[Promotes faculty participation in compliance work] --> B[Promotes innovations and filing of patents]
      B --> C[Promotes product development]
      C --> D[Responsive to community needs]
  
```

Participants (179)

St. Joseph's College (Autonomous)
 RE ACCREDITED BY NAAC WITH A++ GRADE AND U.P.A. 20/20/2019

SHORT TERM TRAINING ON BLOCKCHAIN TECHNOLOGY

A short term training program on 'BlockChain Technology and its uses':Phase- 1, was conducted by Gudlavalleru Engineering college, Gudlavalleru, Andhra Pradesh from 10th August to 15th August, 2020. It was sponsored by AICTE with an objective to acquire the knowledge on BlockChain Technology and understand the challenges during research.

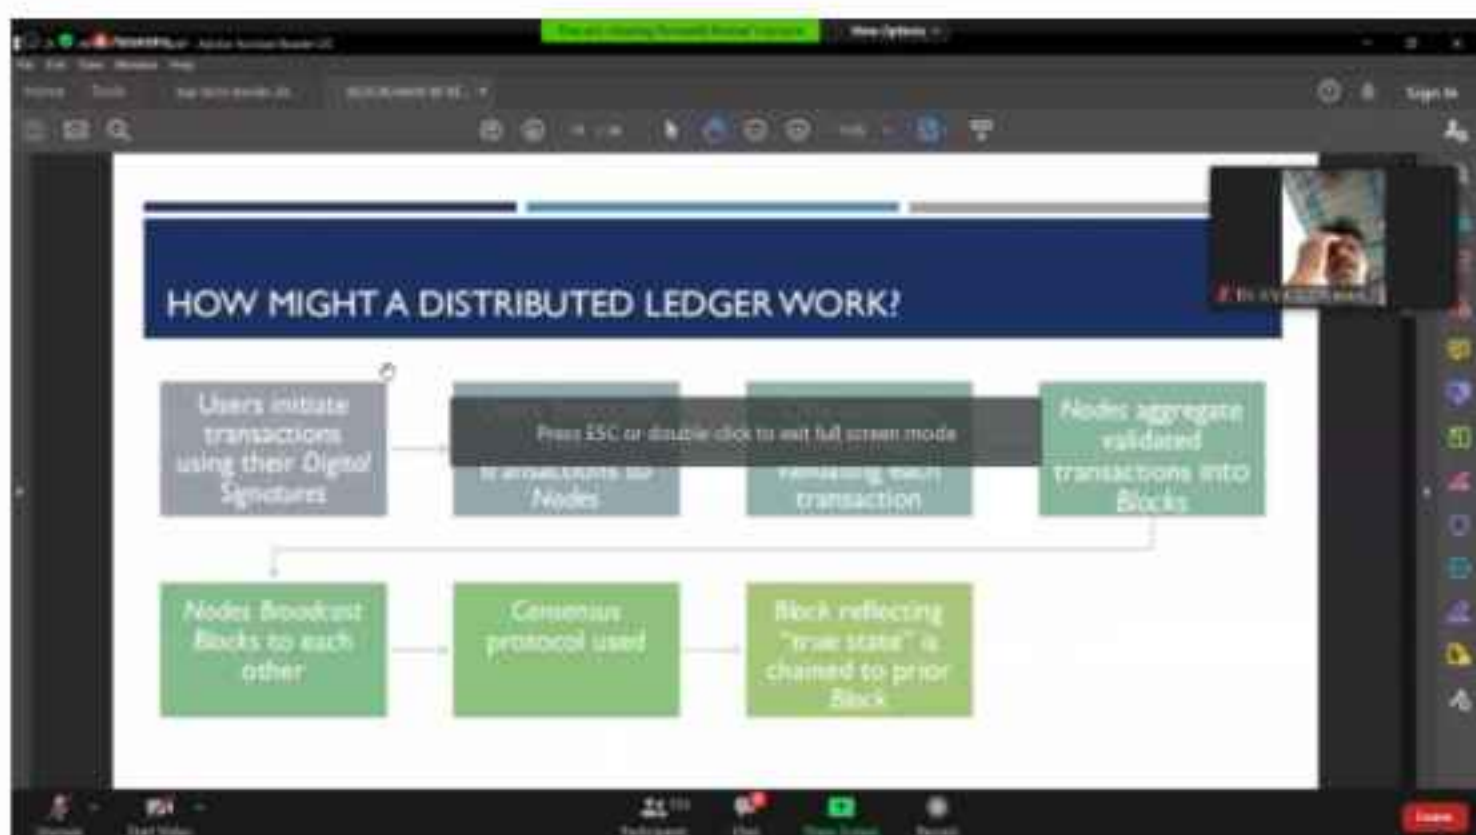

The short term training program gave insights into the BlockChain Technology and its components. The Wide applications of this technology encouraged all the participants to gain in depth knowledge of the subject.

AICTE-STTP

Career Development Program

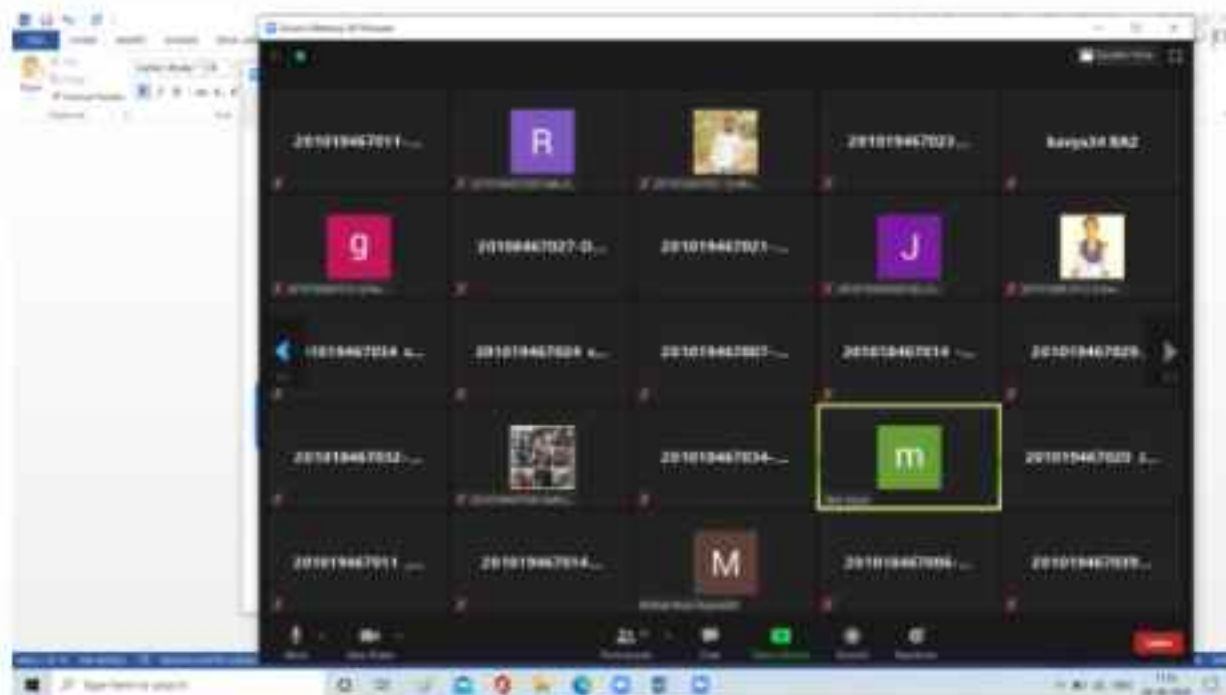

The Department of Statistics conducted a Career Development program for BSC(MSCs)-III students on 16/07/2020 to help students in enhancing their skill in current roles, navigating organizational ladders, gaining personal insights into their strengths and development needs, and sharpening their ability for career advancement when opportunities arise.

Guest Lecture on Logistics Regression

The Department of Statistics conducted a guest lecture on "Logistic Regression" by Srikala, Faculty, St. Ann's college, Mehdipatnam, Hyderabad on 28/08/2020. Students of BSC(MSCS) participated in this event.

She explained the topic as a statistical model, that in its basic form uses a logistic function to model a binary dependent variable, although many more complex extensions exist.

E-WORKSHOP ON VIRTUAL LABS (CONDUCTED)

A three day E-workshop on Virtual Labs was organised by the Department of Electronics from 26th August to 28th August, 2020. The Workshop was organised for II B.SC (MECS) students by Mrs.T.Naga Lakshmi, HoD, Electronics Department.

Virtual labs is an initiative of MHRD under the aegis of The National Mission of Education through ICT (NMEICT). The main objective of this virtual lab was to provide remote access to labs in various disciplines of science and engineering.

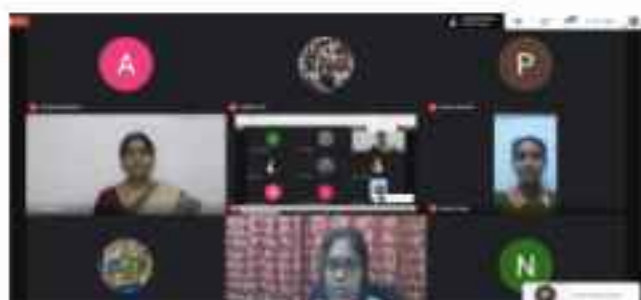

On the first day of the workshop, students were introduced to the 'Basic Electronics lab' in a virtual lab environment. They were taught about how to select the experiment which is to be performed. After choosing the experiment, students can choose the components and then construct the circuit and test it through step by step instructions provided.

Students were introduced to the 'Analog circuits' lab. They were taught how to perform rectifier experiments initially by the instructions provided and later by constructing the circuit from scratch.

Students learned to construct and test circuits using virtual labs.

TWO-DAY NATIONAL WEBINAR ON STATISTICAL TOOLS AND TECHNIQUES

A Two-Day National Webinar on "Statistical Tools and Techniques" was organized by the Department of Statistics on 24/09/2020 and 25/09/2020. On day 1, the session was on "Big Data Analysis using R" by Prof.B. Muni Swamy, Andhra University, Andhra Pradesh. He enlightened the participants on Big data, which is a field that treats ways to analyze, systematically extract information from, or deal with data sets that are too large or complex to be dealt with by traditional data processing application software. On day 2 the session was on "Optimization Techniques and its Applications" by Dr.P.Kalpana, IITDM, Kanchipuram, Tamilnadu. She explained Optimization theory and methods which have been applied in many fields to handle various practical problems.

Design of Questionnaire-Guest Lecture

The Department of Statistics conducted a guest lecture on "Design of Questionnaire" by Dr.Lalitha Devi, Faculty "Kasturba Gandhi women's college", Hyderabad on 30/01/2021. She explained about the design of questionnaire which is of utmost importance to ensure accurate data is collected for the results to be interpretable and generalizable.

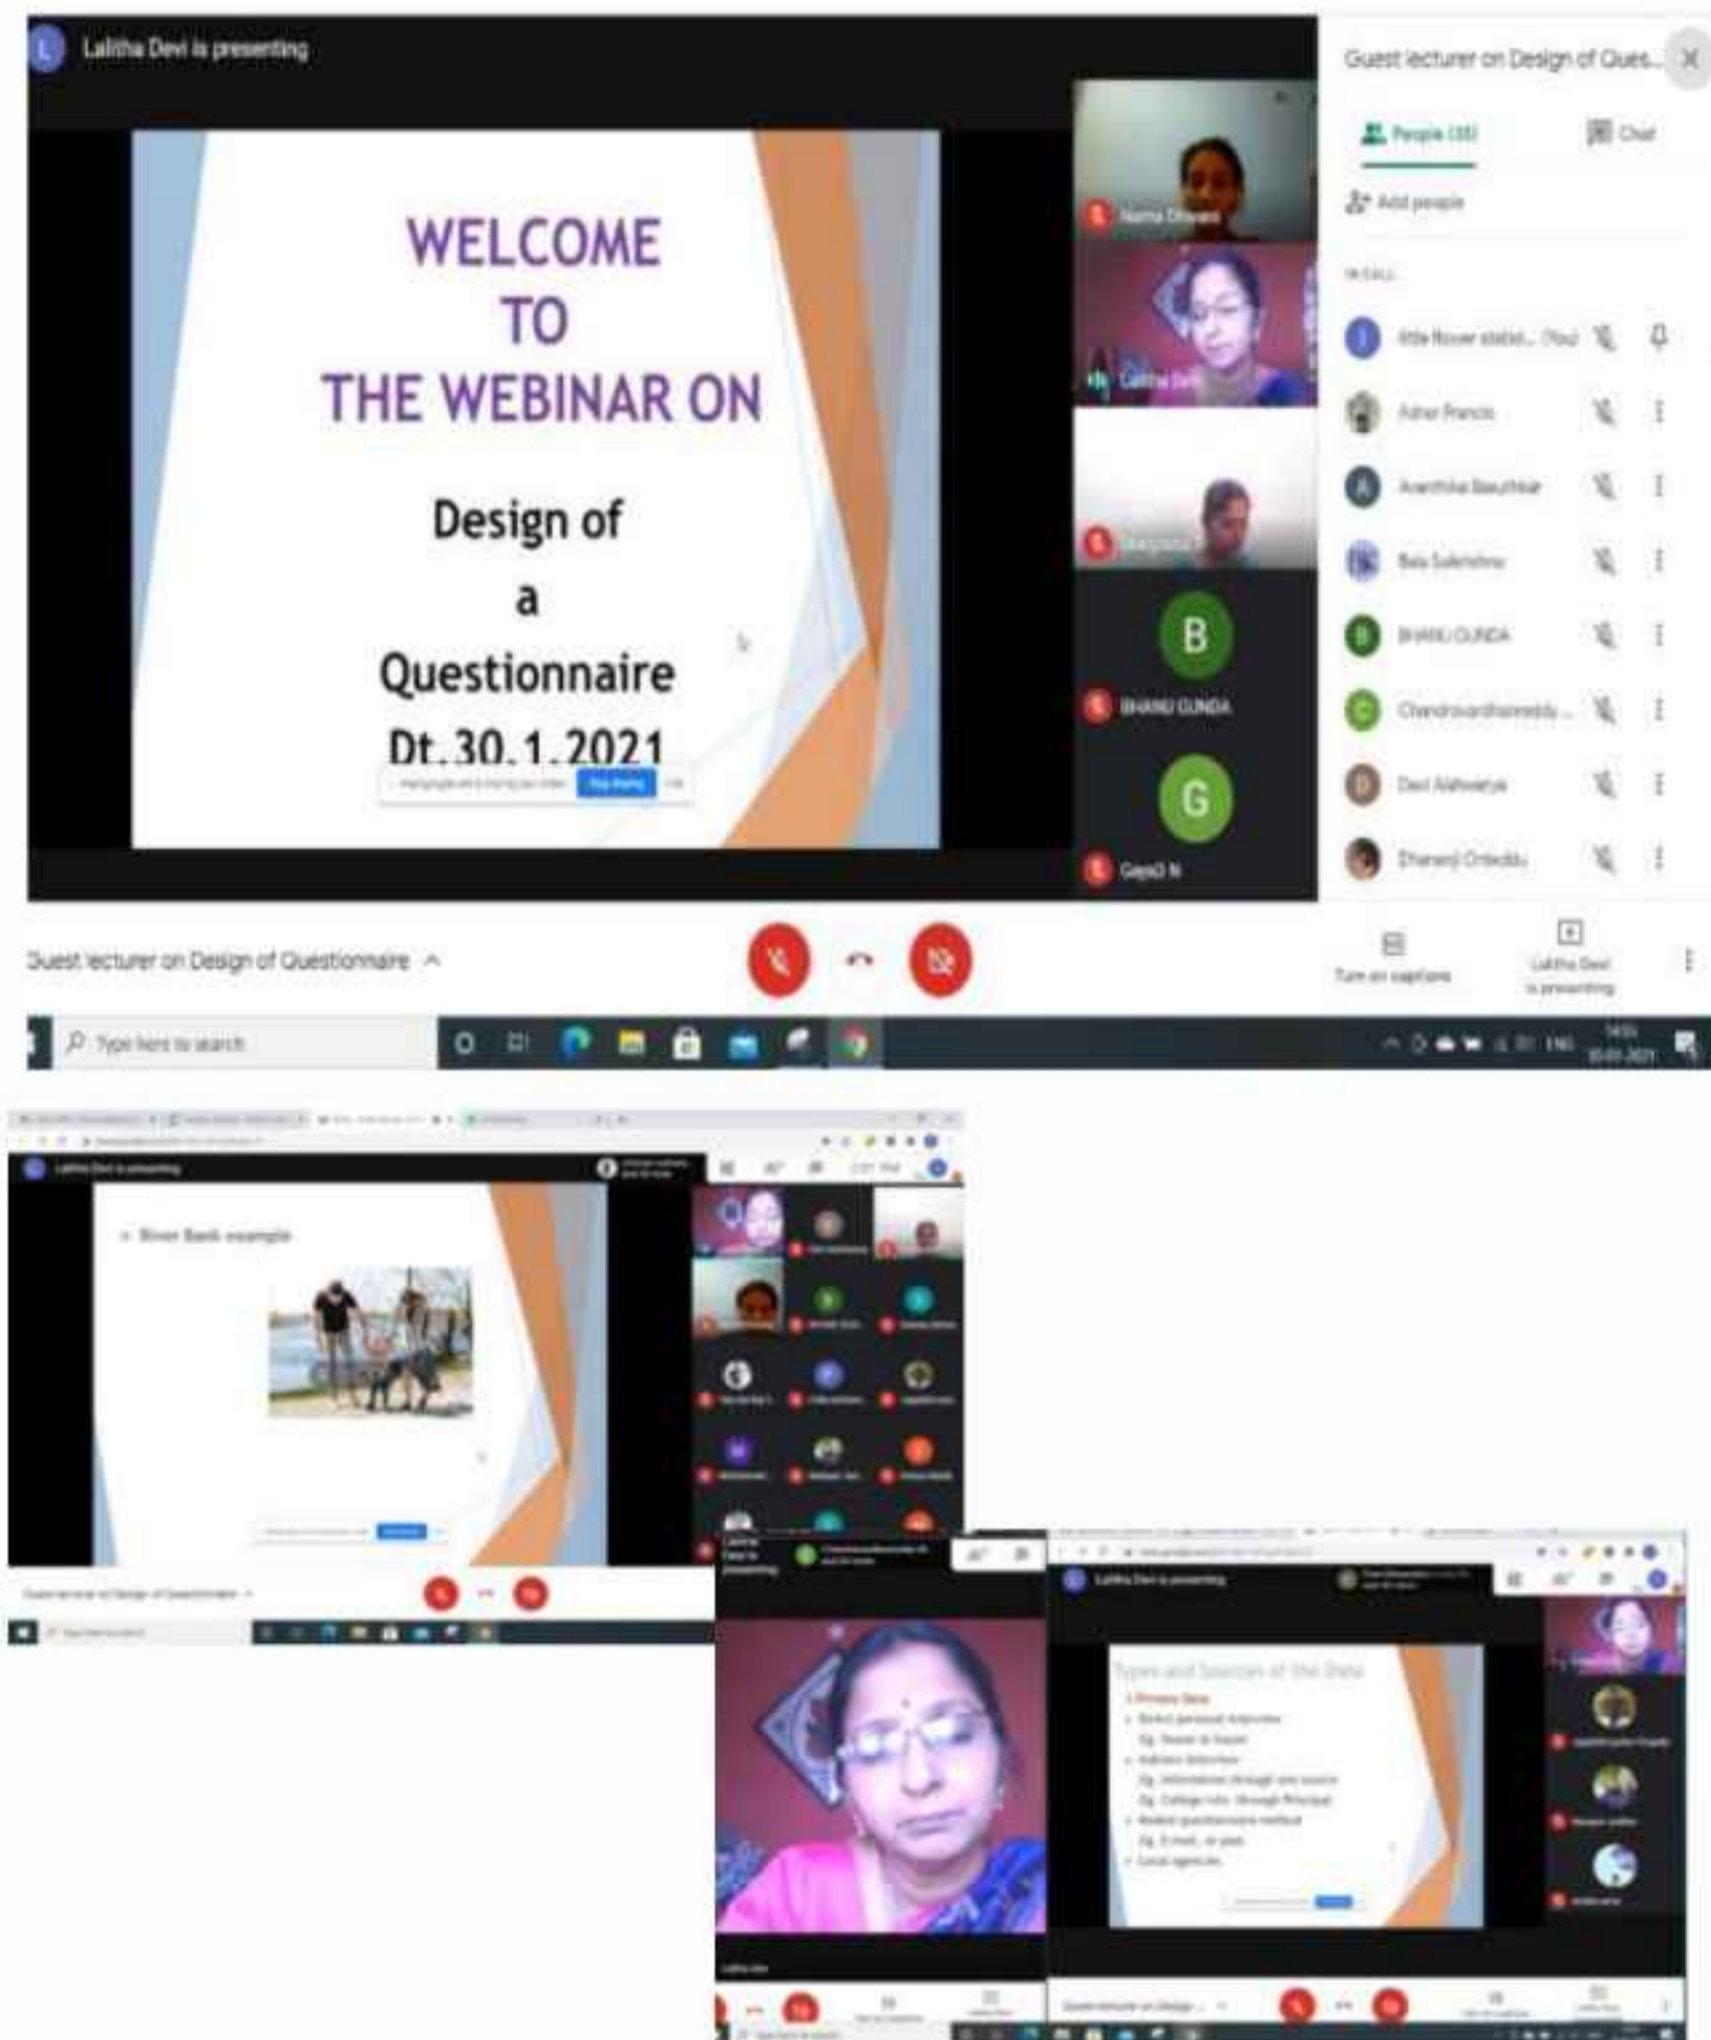

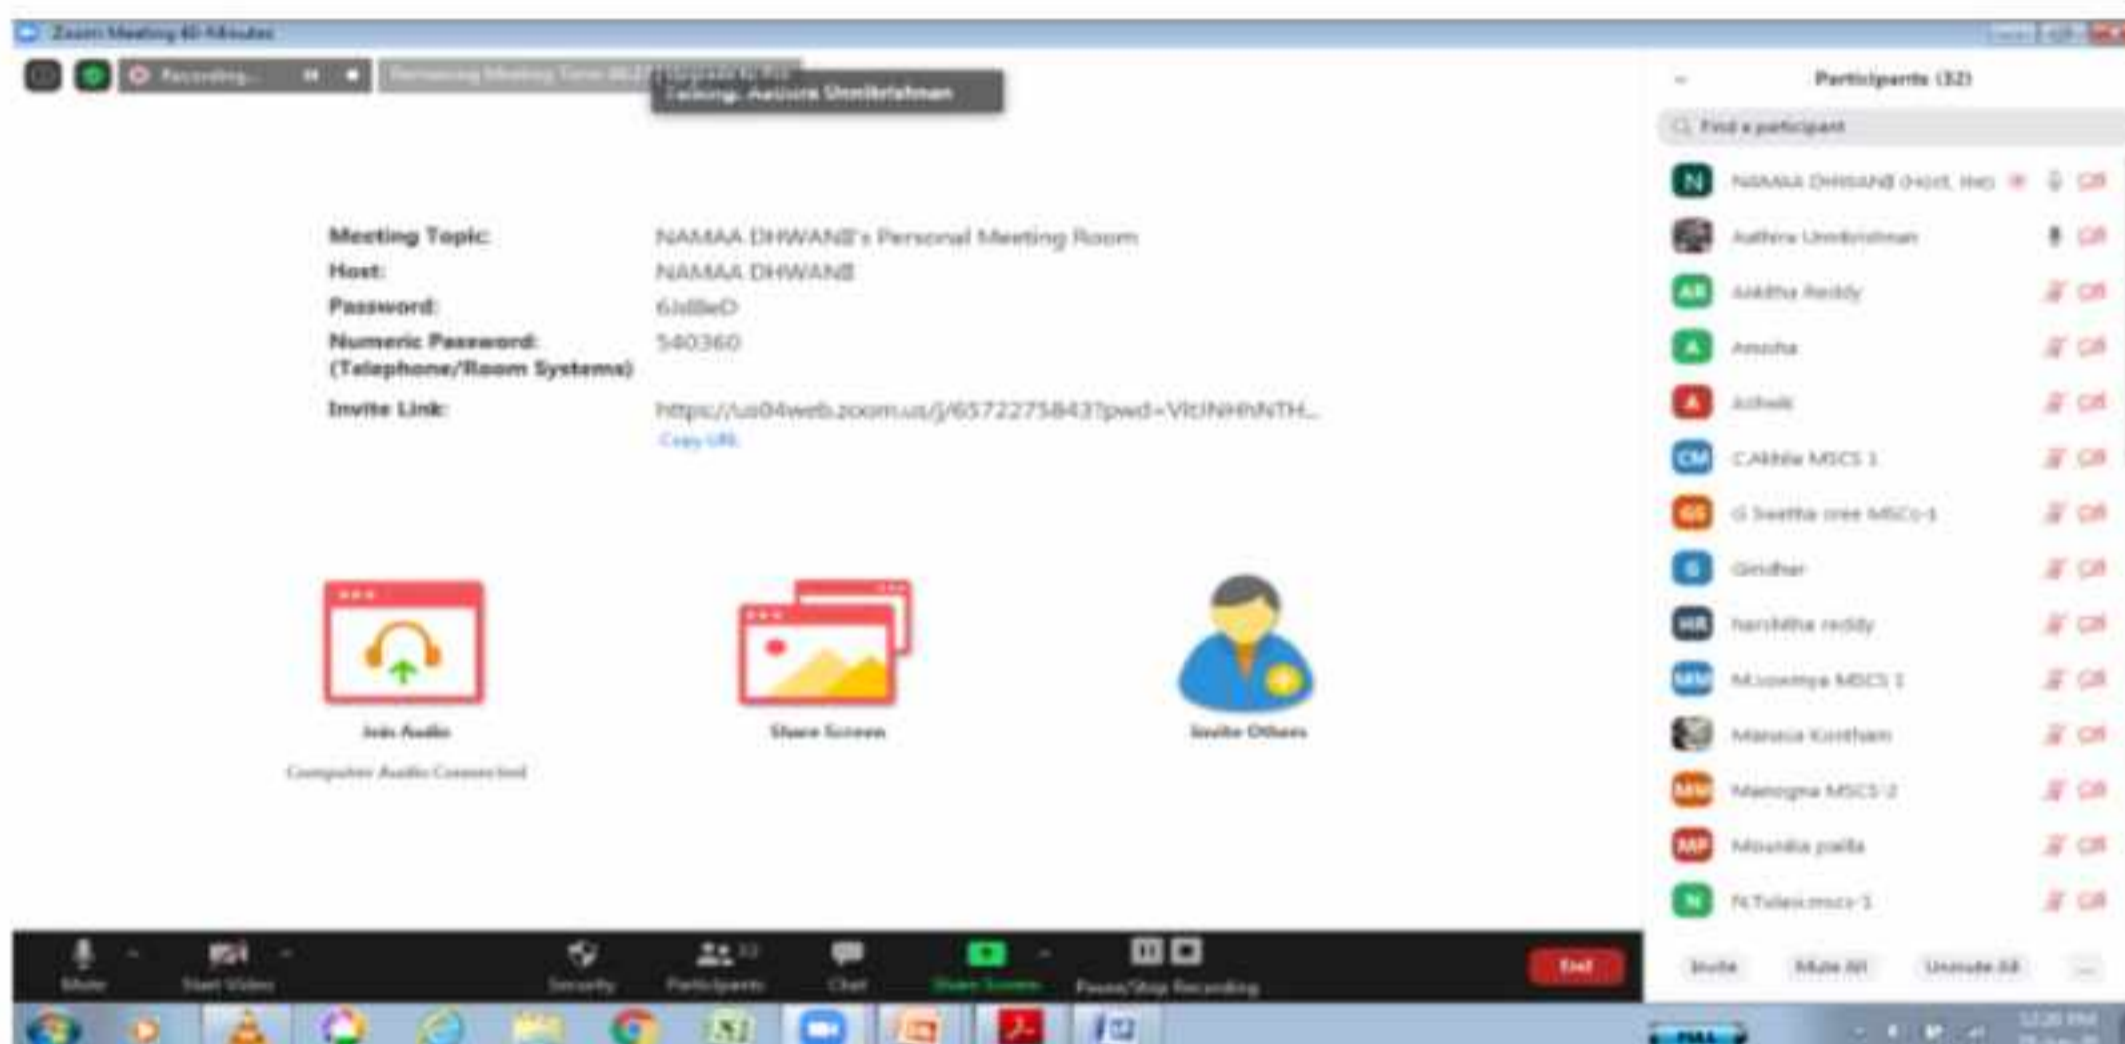

IMAGE RECOGNITION Competition

The Department of Statistics conducted an “Image Recognition” competition on the occasion of “National Statistics Day” on 29th June 2020. Students of BSC(MSCs)-I,II,III participated in this event. Image Recognition is the process to identify People, objects, logos and places which are related to statistics subject.

One week National Level FDP On Role of statistics in Research methodology:

A One-week National level FDP on "Role of Statistics in research methodology" was organized by the Department of Statistics in collaboration with NIT Warangal from 01/03/2021 to 06/03/2021.

The first day of the FDP was on "Statistics & Big data: A research paradigm shift" by Prof. Samir Kumar Neogy, Head, ISI, New Delhi. He enlightened the participants on Big data and the process of research etc.

The second day of the FDP was on "Statistics and Research method" by Prof. C. Jaya Lakshmi, BOS, Department of Statistics, Osmania University. Madam enlightened the participants on the basic knowledge of qualitative, quantitative and empirical research etc.

The third day of the FDP session was on "Data Science" by Prof. P. Radha Krishna, Department of computer science, NIT, Warangal. He said that an expert in data science needs to acquire a lot of basic knowledge and skill sets in technical and non-technical areas.

The fourth day of the FDP was on "Statistical modelling of manufacturing processes" by Dr. Joseph Davidson, Department of Mechanical Engineering, NIT, Warangal. The speaker began the session with basic concepts of processes and continued with statistical methods used in the manufacturing process.

The fifth day of the FDP was on "Python in Data Science" by Mr. Raman R K, Assistant Professor, Department of computer science, LFDC, Uppal. He discussed the introduction and basics of python, its libraries, open sources etc.

The last day of the FDP was on "Analysis of variance" by Dr. P. Muthu, HOD, Department of Mathematics, NIT, Warangal. He explained the concept of ANOVA, its principles and its classification.

LMS(Attended)

Mrs. T. Manjusha and Mrs.N.Dhwani, Faculty, Department of Statistics from Little Flower Degree College, Uppal attended a 3 Day Online Webinar on LMS with data Science conducted by Aurora Degree & PG College on 13th, 14th & 15th June 2020. A learning management system is the heart of every online training program, and links all of the business and educational processes together. Therefore, LMS performance is instrumental for achieving successful online delivery of training and assessments. In this three day webinar, the speakers explained the importance of Applications of Data Science in various sectors, Mathematical and statistical SEIR/SIR model for covid-19 using python, project based learning for academic excellence with some examples.

Aurora's Degree & PG College
(Accredited by NAAC with "B++" Grade)

A Three Day Webinar Series
ON
LMS with Data Science

Day 1 Date: 13 June 2020 Time: 10:00PM - 11:00PM	Topic: APPLICATIONS OF DATA SCIENCE IN VARIOUS SECTORS	Speaker: T.KIRAN DATA ANALYST MAGNETT GROUP COMPANY
Day 2 Date: 14 June 2020 Time: 10:00PM - 11:00PM	Topic: MATHEMATICAL AND STATISTICAL MODELS FOR COVID-19 USING PYTHON	Speaker: D.BALAJI SENIOR PROJECT CONSULTANT INFOSYS
Day 3 Date: 15 June 2020 Time: 10:00PM - 11:00PM	Topic: PROJECT BASED LEARNING FOR ACADEMIC EXCELLENCE	Speaker: DR.KAVITHA SENIOR PROJECT CONSULTANT INFOSYS

Online E-Quiz(Attended)

Mrs. Dhvani and Mrs. Manjusha, faculty, Department of Statistics participated in a National level E-Quiz on Statistics conducted by the Department of Statistics, G. Pulla Reddy Degree & PG College, Mehdiapatnam from June 28th to 30th 2020 and received Appreciation Certificates.

Bhavans Programme(Attended)

Mrs. Manjusha, Faculty, Department of Statistics attended an Online Outreach Program for College teachers on Research Methodology & Statistical analysis using a Spreadsheet, conducted by Bhavan Vivekananda College on 9th September 2020. Research methodology is a specific procedure or technique used to identify, process, and analyze information about a topic. In a research paper, the methodology section answers two main questions: 'How was the data collected or generated?', 'How was it analyzed?'. The speakers of the programme spoke about the importance of research methods and statistical analysis using spreadsheets with collected data.

Ozone Day awareness program -

The Dept. of Zoology organised a program on 21st September 2021 to spread awareness among students about the depletion of the Ozone Layer. As World Ozone Day is observed on September 16 every year and this year's theme for the International Day for the Prevention of the Ozone Layer depletion is 'Montreal Protocol Keeping us, our food, and vaccines cool'. Students of BZC and BtMC presented powerpoint presentations on the Ozone layer, its depletion, and the ill effects due the depletion. They highlighted the do and don'ts which every individual has to follow to minimize the release of components that cause Ozone depletion.

11th August, 2020. The Resource person is Mr. Sourab, BZC final year student who is a "Sarpa Mithra"- Friend of snakes. He explained about the identification of snakes, how to differentiate poisonous from non-poisonous snakes and also different species of snakes in the Indian Subcontinent and Central India. He also showed a recorded demonstration of how the snakes are rescued from the human dwellings and left into the jungles, to their natural habitat. The program was very interesting and created awareness about conservation of wild life.

AWARENESS PROGRAM ON WORLD HEALTH DAY

World Health Day is a global health awareness day celebrated every year on 7 April, under the sponsorship of the World Health Organization. World Health Day 2022, will focus on global attention on urgent actions needed to keep humans and the planet healthy and foster a movement to create societies focused on well-being. Department of zoology organized an awareness program to focus on the importance of healthy lifestyle. The Speaker is Dr. Ashish Chauhan from Senior Consultant Specialist in Diabetes and an Adult Immunization Expert, Apollo Hospitals, Hyderabad. He focused on the issues related to the impact of junk food, healthy food, balanced diet, significance of exercise and healthy lifestyle.

Dr.Gomathi.K from Department of Zoology presented paper in International e-conference in Applied Biosciences for sustainable Development organised by Department of Microbiology and Biochemistry , St. Pious X Degree and PG College on 3-4th September 2021. The topic Effect of infection of *Brugia malayi* on antioxidant enzymes SOD and Catalase of the host *Mastomys natalensis*.-Dr. Gomathi.K1* and Dr. Balaraman.K2 . The main focus was on antioxidant in parasite host interaction and drug action on parasite.

Attended Ozone Day celebration

World Ozone Day is observed on September 16, every year. It is celebrated to spread awareness among people about the depletion of the Ozone Layer and search for possible solutions to preserve it. Zoological Survey of India and Botanical Survey of India, Ministry of Environment, Forest and Climate change, Govt. of India had organised Ozone Day celebration on 16th September 2021 Where students from colleges and schools were invited to present Power point presentations on Ozone depletion. Three students from FDC has presented the PPT's. Dignitaries from Osmania university were invited as guest and Dr. Balakrishnan, Dean had inaugurated and presided over the program.

WORLD DIABETES DAY

World Diabetes Day is celebrated every year on November 14 to mark the birthday of Sir Frederick Banting, who discovered the insulin hormone. The theme for World Diabetes Day 2021-23 is Access to Diabetes Care. The Department of Zoology had organised an awareness program to create awareness about the debilitating disease Diabetes and also to bring the significance of healthy lifestyle. The program was organised on November 16th 2021 in collaboration with Medicover Hospitals Hitech city, Madhapur, Hyderabad. 3

The staff of Medicover Hospitals had conducted a camp on Blood sugars levels and Complete Blood Picture (CBP) on 15.11.2021 to check the incidence of the disease. Dr. Jagadeesh Kumar Kanukuntla, Diabetologist and Gen. Medicine had delivered a lecture on 16.11.2021 at 2:00 pm on the symptoms, control and the disease management. The students of BZC had presented posters in Karunya Court on the incidence of the disease, healthy diet, and treatment. The significance of a healthy diet, home remedies and exercise were the highlights of the day, and the participants were able to get acquainted with the latest developments and also on disease management.

INTRA COLLEGIATE COMPETITIONS

MEMORY- MIND'S EYE- BRAINVITA AND ZOOMANIA

The department of Zoology conducted two competitions, Memory- Mind's Eye- Brainvita and Zoomania the crossword puzzle for Intra Collegiate Competitions on 8th December 2021. It was to explore and ignite the young minds about wildlife, nature and to emphasize the importance of conservation. It helps in interaction with people and also improves their competitiveness.

The Dept. of Zoology organised a webinar on 18.06.2020 on the topic Managing Roller Coaster of emotions during covid -19 lockdown in collaboration with Sonapur college, Sonapur, Kamrup, Assam.

The threats to health, economy and relationships caused by Covid -19 followed by lockdown are unprecedented. It had created extreme anxiety, feelings of sadness, anger and confusion among people. So a webinar was organised, Dr. Virinchi Sharma, Psychiatrist, Director, Manasa Hospitals, Hyderabad talked on the topic, Rise of Anxiety Pandemic- Effect of Covid-19 on Mental Health. Followed by Dr. Mythili Hazarika, Associate Professor, Guwahati Medical College, Guwahati Assam who talked about Covid-19 Pandemic and its multidimensional impact across generations. The speakers talked about high levels of stress, symptoms of depression, anxiety and also how to overcome it.

The participants gained knowledge about the deadly virus, the lockdown negative effects, how to overcome the stress and remedial measure towards it.

FACULTY DEVELOPMENT PROGRAM

The Department of Zoology organised a FDP on 20th June 2020 on the topic The Art of Scientific writing and project designing by Prof. Anjana Munshi, Dean, School of Health Sciences & HOD, Central University of Punjab, Bathinda. The speaker emphasized on developing and maintaining undergraduate research programs which benefits students and faculty mentors. Incorporating a research component along with a sound academic foundation enables students to develop independent critical thinking skills along with oral and written communication skills. The audience would have certainly got a deep insight to the art of developing research in colleges.

LITTLE FLOWER DEGREE COLLEGE
(Affiliated to Dibrugarh University)
DIFRA, MITRABARI

FACULTY DEVELOPMENT PROGRAM (FDP)
Date: 20th June, 2020
Time: 4:00 pm - 5:30 pm

On
The Art of Scientific Writing and Project Designing
(About the full related and useful content)

Presented by
Department of Zoology

Speaker:
Prof. Anjana Munshi
Dean, Research
Central University of Punjab, Bathinda

Chief Patron:
Dr. B. Bhadrachand, Principal, LFDC

Patron:
Mrs. T. Jayashree Devi, Vice-Principal, LFDC

Co-ordinator:
Dr. S. Chandralekha, PDS, Dept. of Zoology
Dr. V. Rama, Faculty, Dept. of Zoology

Date: 20th June 2020
Time: 4:00 pm - 5:30 pm

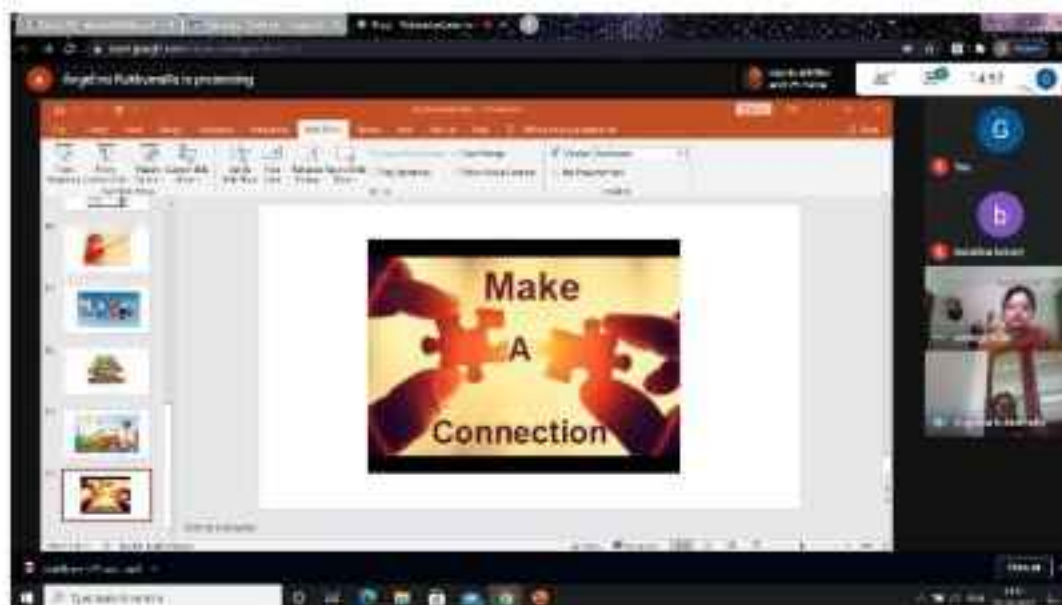

WEBINAR SERIES- BIODIVERSITY CONSERVATION- A COMPASSIONATE CONSCIOUSNESS.

Biodiversity conservation refers to the protection, preservation, and management of ecosystems and natural habitats and ensuring that they are healthy and functional. Major threats to Ecosystem and habitat destruction is the prime concern and need of the hour, so a Webinar Series on 14th – 19th SEPTEMBER 2020 on Biodiversity Conservation- A Compassionate Consciousness was organised. Dr. Mukesh Thakur, Zoological Survey of India, Dr. Ajay Gaur, LaCONEs, Dr. Farida Tampal, World Wide Fund for Nature, Dr. Meghanathan, NEERI, Mr. Imran Siddique, Tiger Conservation Society, Dr. Adwait Bhagade, DeSales College delivered lectures on various topics related to conservation, tools and techniques, Biodiversity, threats to the ecosystem were covered during the six long days. A quiz program was also conducted on the last day on the magnificent animal world, many participants played the fastest finger rounds and received certificate of Excellence. An awareness on conservation of Ecosystem and Biodiversity was created among the young minds through the lecture series.

RESILIENCE MINDSET DURING AND POST COVID

The lockdown due to Covid -19 had created ripples in many lives, it had also created deterioration of economical, mental and health conditions of many people. The speaker Ms. Angelina Ruth, internationally certified Life Coach talked on Resilience Mindset during and post Covid. The students wellbeing, how to cope up with stress, anxiety, the difficult economic conditions and depression was discussed.

WATER CONSERVATION DAY

Department of Zoology celebrated Water Conservation Day on 30 March, 2021 to make students aware of the importance of water conservation, through a webinar where water conservation activities were presented. Good practices for water conservation and warning of the dangers of not conserving water were communicated. Students were made aware of the importance of water conservation in their homes, societies and the world in general.

WORKSHOP ON NEW BORN SCREENING- A PROMISING TOOL FOR PREVENTION OF GENETIC DISEASES

RESOURCE PERSON: Dr. Shilpa Reddy, Institute of Genetics, Osmania University, Hyderabad

The purpose of new born tests in children is to screen for serious treatable diseases. Most of the disorders are genetic (inherited). The tests are usually done before the baby leaves the hospital. Dept. of Zoology organised an Online Workshop on 27th November 2020 on New born screening- A promising tool for prevention of Genetic diseases by Dr. Shilpa Reddy, Institute of Genetics, Osmania University, Hyderabad. The Speaker highlighted the most common new born screening tests like Hypothyroidism (underactivity of the thyroid gland), PKU (Phenylketonuria), Galactosemia, and Sickle Cell Anaemia. The techniques and kits used for detection of the disease were demonstrated to participants. Awareness was created on the issue that most children with it who are not identified and treated promptly after birth develop mental retardation and growth failure, deafness, and neurologic abnormalities.

TANDEM MASS SPECTROMETRY (MS/MS)

Tandem Mass Spectrometry (MS/MS) High Impact and High Throughput

- One disease, one test is not cost-effective
- Many diseases, one test is not effective
- MS/MS allows for rapid, synchronous analysis and detection of many thousands of amino acid, organic acid, and fatty acid metabolites
- Sample set up determines which masses and therefore which compounds are detected
- 2 minute analysis time
- Automated data processing for results

NATIONAL WEBINAR ON INTERNATIONAL MOUNTAIN DAY BY UTTATRAKHAND SCIENCE EDUCATION AND RESEARCH CENTRE

Uttarakhand Science Education and Research Centre organised an International Webinar on International Mountain day. Dr. Gomathi.K attended this online webinar on 11th December 2020. The speakers were highlighting the Mountain fauna, flora and the ecosystem, they also emphasized on the conservation strategies for a sustainable ecosystem.

NATIONAL WEBINAR ON HERPETOLOGY

Dr. Gomathi.K attended the National Webinar on Herpetology conducted by Training and Extension division, Zoological Survey of India, Ministry of Environment, Forest and Climate Change on 20th January 2021. Eminent speakers Dr. Kailash Chandra, ZSI, Prof. Dutta, Orissa University, Dr. Abhijit Das, Wild life Institute, Dr. Anirurudh data, NISER, Dr. Saunak BNHS, DrDineskand Dr. Prathush, ZSI delivered lectures on Reptiles biodiversity and their conservation. The lecture through light on the extensive studies carried out on reptiles.

An online National E- Photography Contast Creative Wild Eye- Incredible animal that inhabit Planet Earth was organised by the Dept. of Zoology on 27th February 2021 with the theme- Animals in natural environment. The contest was to discover their observation, involvement, love for animals and their skill in photography. The best photography was selected and given E- certificates.

The National Science week was celebrated in Karunya court on 28th February 2021 and the theme for National Science Day 2021 is "Future of STI: Impacts on Education, Skills, and Work". Every year National Science Day is celebrated to create interest, scientific temper, and improve the scientific skills in students. Students of BZC I and II years made models and posters to bring their innovative ideas to demonstrate what they have learned. Shravya and Ravalli of BZC I year bagged the first place for her model on the Human Lungs and mode of Covid Infection. The posters and models of other students showed their innovative ideas.

GUEST LECTURE ON AWARENES OF WORLD SPARROW DAY- CONSERVATION OF SPARROWS

Every year, World Sparrow Day is celebrated in March to raise awareness and protect sparrows. These little and beautiful birds need us for their survival in this ever-growing concrete jungle while we humans also need them for our ecological system to be balanced. Awareness program on world sparrow day- Conservation of sparrows conducted, Mrs.A Surekha, Deccan Birders. Bird Watcher Society, Hyderabad emphasized on the conservation and importance of house sparrows on 24th March 2021 which was attended by BZC and BTMC students. Ornithologists attribute a number of reasons for the decline of the house sparrow, *Passer domesticus*. They include lack of nesting sites in modern buildings, use of pesticides and non-availability of food. An awareness was created in the young minds about the fading existence of sparrows.

PAPER DEVICES: BIOMEDICAL DEVICES

The Department of Botany has conducted ONE DAY NATIONAL WEBINAR ON PAPER DEVICES: BIOMEDICAL DEVICES on 31st August 2022. The esteemed guest speaker was Dr. Amit

Asthana, working as Principal Scientist at the Center for Cellular and Molecular Biology (CSIR-CCMB), Hyderabad.

Dr. Amit Asthana gave a descriptive and very explanatory talk on the very novel topic. He said that development of paper-based microfluidic devices began in the early 21st century to meet the need for inexpensive and portable medical diagnostic systems. Paper-based microfluidics are the devices that consist of a series of hydrophilic cellulose or nitrocellulose fibers that guide liquid from an inlet to a desired outlet by imbibition. The technology builds on the conventional lateral flow test which is capable of detecting many infectious agents and chemical contaminants. The main advantage of this is that it is largely a passively controlled device unlike more complex microfluidic devices. Participants understood about the Paper-based Microfluidic devices and its future usage. At the end, the Guest speaker Dr. Amit Asthana was felicitated.

INTERNATIONAL OZONE DAY (ONLINE QUIZ)

The department of Botany has conducted an online quiz contest through google form on International Ozone Day. To make the students understand the importance of ozone(The ozone layer, a fragile shield of gas, protects the Earth from the harmful portion of the rays of the sun, thus helping preserve life on the planet.)

Received 450 responses and all the participants were given e-participation certificates.

INTRA COLLEGIATE COMPETITIONS: CUBE PLANTAE AND PICTIONA

Johann Mendel Club(Dept of Botany)planned two competitions i.e Cube Plantae and Pictionary on 24th February 2021 for Intra Collegiate Competition .

Rubik's cubes with different plant pictures were prepared and students solved them within the given stipulated time. Picture puzzles were also made on different terms related to Science and Botany which were displayed on smart boards and students guessed the terminology . Students enjoyed the competitions and at the same time learned about the terms of Science and Botany. Students from different streams participated with great enthusiasm. The winners were awarded with certificates

NATIONAL E-PAINTING COMPETITION

The Department of Botany has organised a National e-painting competition on 25th March 2021 on the theme "Save Earth For a Greener Tomorrow" as an initiative to create awareness on the environment. It was an online competition where the participants painted on A4 sheets and sent them through mails. Winners were awarded with e-certificates. Students from different streams and colleges participated in this competition.

INTRA COLLEGIATE COMPETITIONS: CUBE PLANTAE AND Pictionary

Department of Botany organized intra collegiate competitions Cube Plantae and Pictionary for Johann Mendel Club on 24th February 2021. We prepared Rubik's cubes with different plant pictures and students solved them within the given time limit. Picture puzzles were also made on different terms related to Science and Botany which were displayed on smart boards and students guessed the terms. Students enjoyed the competitions and at the same time learned the terms Science and Botany, while solving the Cubes. Winners were declared and awarded with certificates. Students from different streams participated with great enthusiasm and the competitions went on very well.

The Department of chemistry organised an interactive discussion on 'ALKALINE WATER AND ITS HEALTH BENEFITS' on 16th september 2021 at 11 pm at I43. Alkaline water has a higher pH level than regular drinking water. Due to this some say that it can neutralise the acid in our body. It also contains alkaline minerals and negative oxidation reduction potential (ORP) which make it more antioxidizing. Students had a discussion on the different aspects of alkaline water it was an interactive session

FIELD TRIP TO OSMANIA UNIVERSITY

The department of chemistry Ifdc, uppal organised a fieldtrip to. OSMANIA UNIVERSITY,department of chemistry.24 th march2022. the students who participated were, bzc 1 st year and btmc final year. They organised displays, posters and live demonstrations for the benefit of students and common public.. Students had a great time with the scholars and interacted for their future endeavours

FIELD TRIP TO NIN

The department of chemistry Ifdc,uppal organised a fieldtrip to National Institute of Nutrition (NIN) on the occasion of national science day on 28th February 2022. The students who participated were, BZC 1st, 2nd and 3rd BtMiC 1st, 2nd and 3rd year.

ICMR-NIN organised displays, posters and live demonstrations for the benefit of students and common public by reputed science institutes from DRDO, CSIR, ICMR, ISRO, DAE MoES. In addition, a book fair will have national-level book houses showcase several titles related to science, innovations, biographies of scientists and India's freedom struggle. Students had a great time with the scholars and interacted for their future endeavours.

GREEN CHEMISTRY AND ITS APPLICATIONS.

The department of Chemistry, little flower degree &pg. college, Uppal organised a webinar on green chemistry and its applications on 29th January, 2022 by Dr.y. Apama, (Associate professor) Mathrusri Engineering College, Hyderabad.

AIM: To bring awareness on green chemistry and its applications to graduate students.

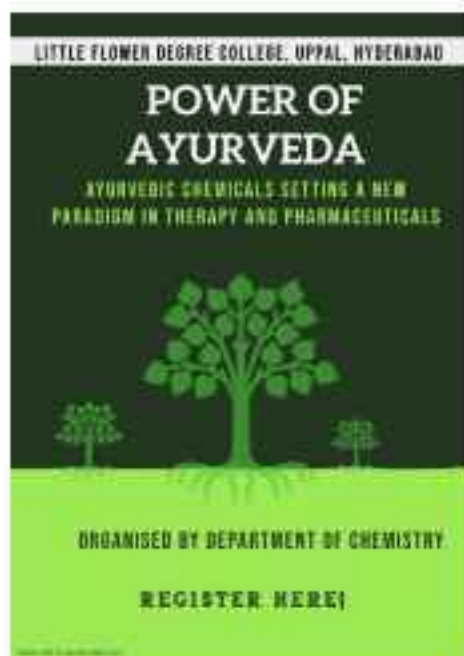

OBJECTIVE: Make students aware of the importance of green chemistry and its applications and research opportunities in this field.

OUTCOME: Students learned about an upcoming and important research area in Chemistry, namely green chemistry and its applications.

POWER OF AYURVEDA – AN ONLINE QUIZ

The Department of Chemistry conducted an online quiz on 24th December, 2020, for LENVIN Club. Participants were students of LFDC. It was conducted to know the importance role of Chemistry and herbs in healthy lifestyle in today's fast paced world in the context of Ayurveda, so that students enhanced their understanding of herbs and their importance in day to day life.

NATIONAL SAFETY WEEK

National Safety Day was observed on March 4 to commemorate the foundation of the National Safety Council which aims to raise awareness about safety measures that need to be undertaken to prevent accidents and mishaps. From 4th March to 10th March 2021, National Safety Week was observed in LFDC. The celebration started with the National Safety Oath taken by all the staff and students of LFDC led by Principal, Rev. Bro. Vincent Reddy, the programme preceded by a skit, dance and a poem was recited by Mr. Abhishek Chauhan about safety. This program was conducted so that the students should be aware of the importance of NSW and focus on specific safety measures in the normal course of life.

50th National Safety Day 4th March 2021

SAFETY AND HEALTH PLEDGE

"On this day, I solemnly affirm that I will rededicate myself to the cause of safety, health and protection of environment and will do my best to observe rules, regulations and procedures and develop attitudes and habits conducive for achieving these objectives.

I fully realise that accidents and diseases are a drain on the national economy and may lead to disablements, deaths, harm to health and damage to property, social suffering and general degradation of environment.

I will do everything possible for the prevention of accidents and occupational diseases and protection of environment in the interest of self, family, community, organisation and the nation at large"

सुरक्षा एवं स्वास्थ्य के प्रति प्रतिज्ञा

"आज के दिन, मैं सत्यनिष्ठापूर्वक प्रतिज्ञा करता हूँ कि मैं पुनः अपने आपको सुरक्षा, स्वास्थ्य तथा पर्यावरण के बचाव के प्रति समर्पित करूँगा और नियमों विनियमों तथा कार्य विधियों के पालन हेतु सक्षम बनूँगा और निश्चित रूप से इन लक्ष्यों को प्राप्त करने के लिये प्रेरणादायक ज़िम्मेदारियों तथा अवसरों का विकास करूँगा।

मेरी यह पूर्णरूप से मान्यता है कि दुर्घटनाएँ तथा बीमारियाँ राष्ट्रीय अर्थव्यवस्था को दुर्बल बनाती हैं तथा यह विकलता, मृत्यु, स्वास्थ्य के लिए हानिकारक एवं समर्थी की शक्ति, सामाजिक कष्ट तथा पर्यावरण के अपकृष्ट का कारण बनती हैं।

मैं स्वयं अपने, परिवार, संघटना, समाज एवं राष्ट्र के हित में इन दुर्घटनाओं, व्यवसायिक बीमारियों की रोकथाम तथा पर्यावरण के बचाव के लिये हर संभव प्रयत्न करूँगा।"

"Learn from disaster and prepare for a safer future"

"आपदा से सीखें और सुरक्षित भविष्य की तैयारी करें"

INFORMATION SESSION ON RECENT INNOVATIONS IN THE FIELD OF CHEMISTRY

Students of BZC, MPC and BtMiC final year conducted an information session on recent Innovations in the Field of Chemistry through powerpoint presentations on 24th April, 2021 on Google Meet platform, continued on 26th April due to greater participation. It was conducted to disseminate knowledge of chemistry related innovations.

CHEM QUIZ – KNOW YOUR MEDICINE

The Department of Chemistry conducted an online Chem Quiz using Google Forms on the subject of 'Know your Medicine' by taking a healthcare initiative backed by an awareness of drugs for the young generation from August 25th to September 11th. Students participated from all over India to answer questions on general medicines and their chemistry.

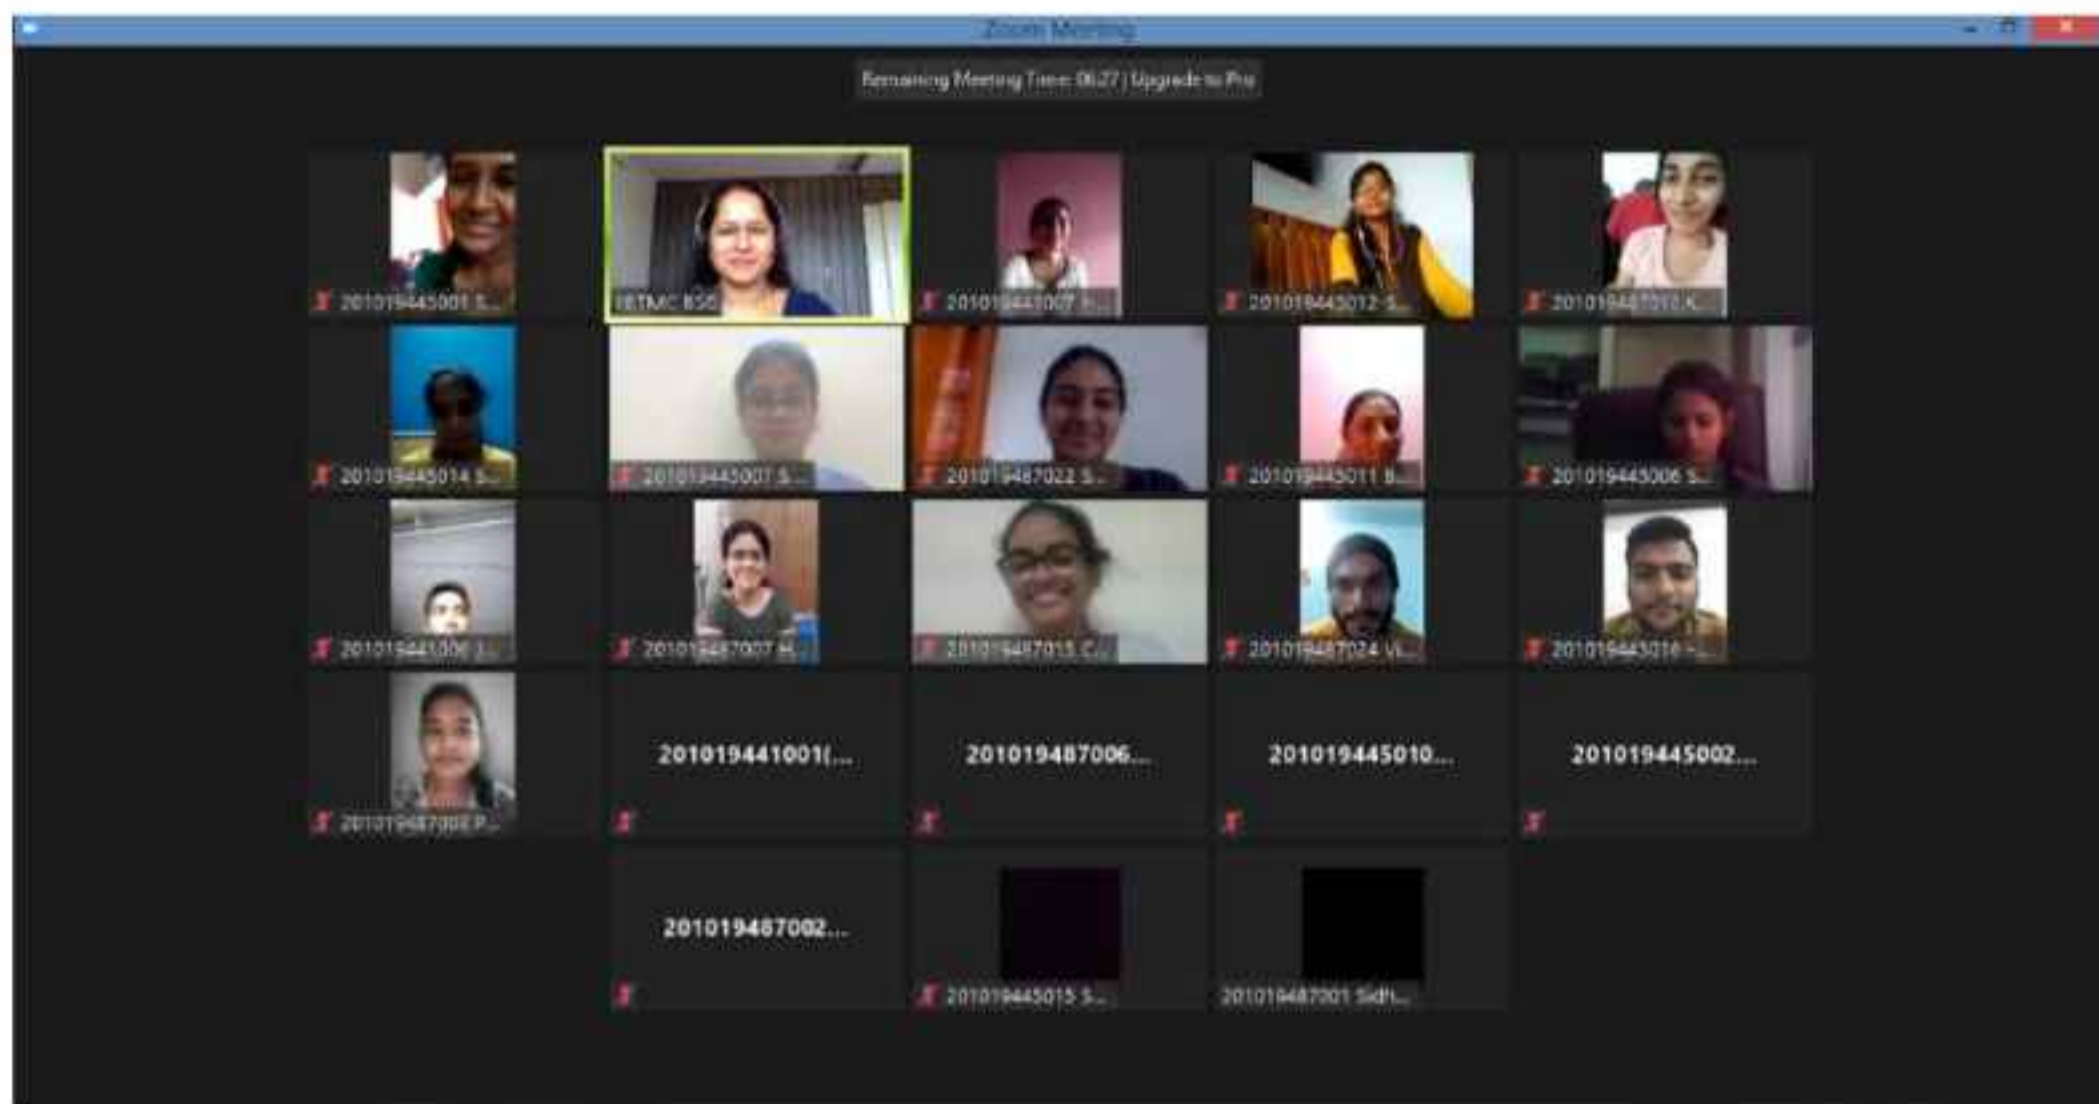

CHEM MANIA

Chem Mania, a forum for questioning and discussing Chemistry facts and myths was Conducted by Johann Mendel Club to stimulate critical thinking of Chemistry among students. The program was intended to make the students understand the pros and cons of Chemistry and chemicals in our daily life through a question, debate and discussion model. Students had an interesting, energetic and illuminating discussion on Chemistry and chemicals. Vishnu, Abhinav, Chanakya and Haripriya from BSc were the winners of Chem Mania.

CHEM QUIZ

A Chemistry Quiz was conducted on the occasion of Teachers Day on 5th September, 2020, by Johann Mendel Club members to take the place of teachers for one day. Students prepared content and presented it to the participants in an interesting way and kept them occupied for the whole day. One of the classes was used by students to conduct Chemistry Quiz, for imparting general knowledge to the participants.

NATIONAL LEVEL CHEMISTRY QUIZ

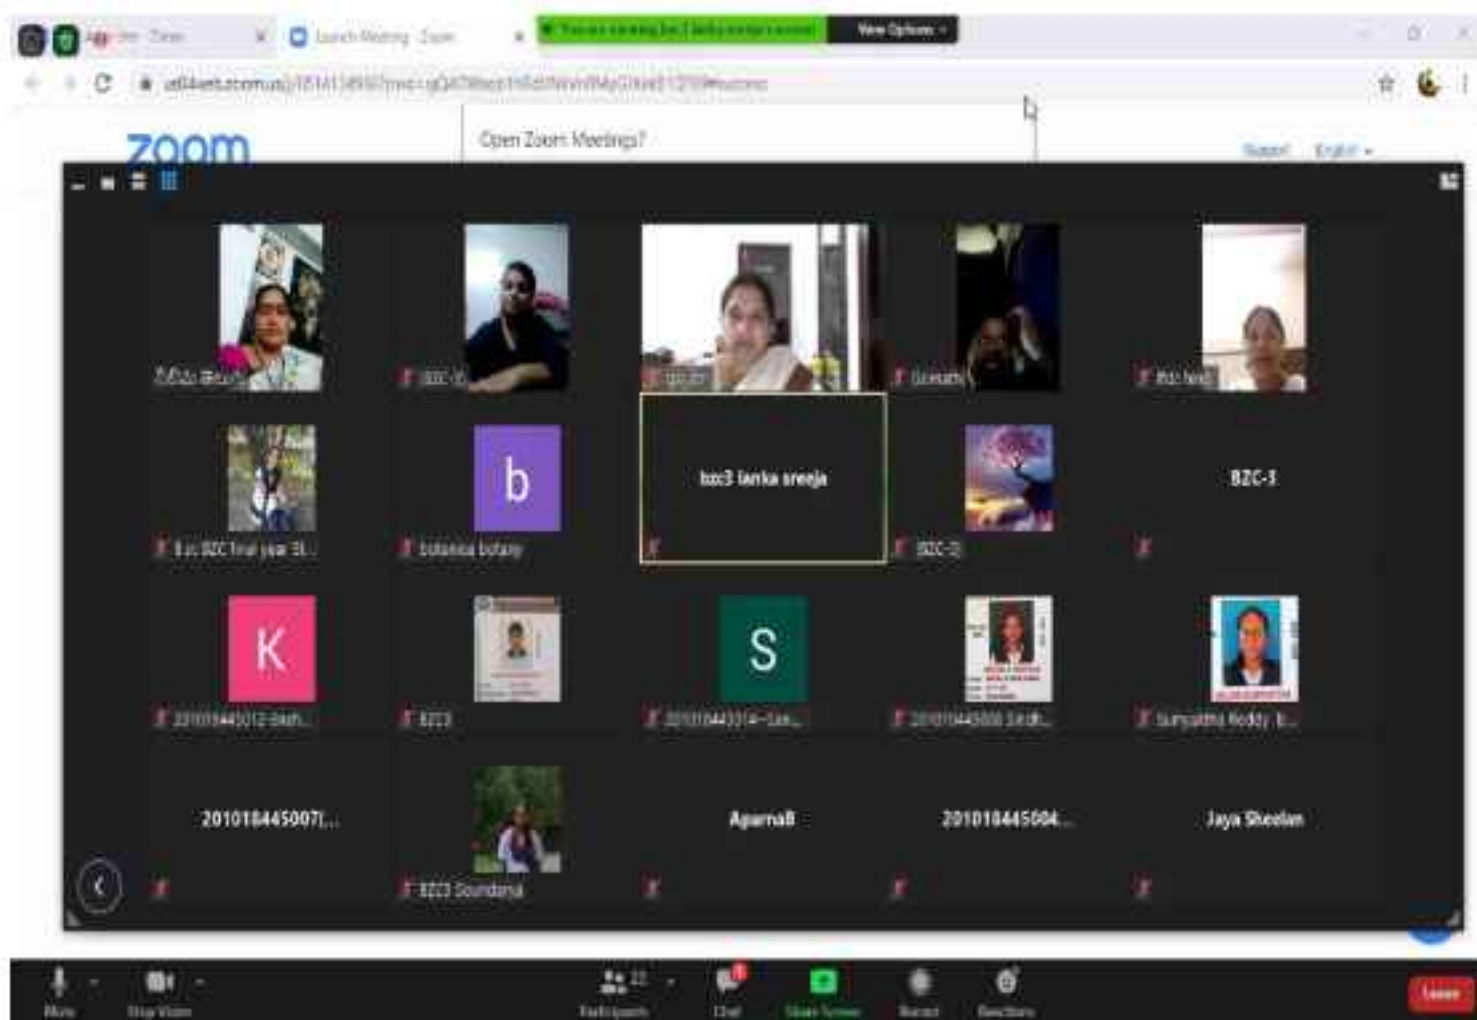

The department of Chemistry had organised a national level quiz was conducted on 25th August 2020 on the topic 'Know your Medicine' on Google Form.

The aim was to bring awareness among the young generation about the different types of medicines. A national level quiz was conducted on 25th August 2020 on the topic 'Know your Medicine' on Google Form.

Objective- The journey to better health begins here. All of us have the intent to stay healthy, but our fast-paced lives often get in the way. That's why we've created a quiz "Know Your Medicine"- a healthcare initiative that's backed by the awareness of drugs for our young generation.

OUTCOME: The quiz saw outstanding participation with 85 students & lecturers submitting the answers, making the quiz a successful event.

https://docs.google.com/forms/d/e/1FAIpQLSf69UCAJbS9GYjfRpX-1NU_oEinRPG3LO5cfitW4NM7ASuX5A/viewform?usp=sf_link

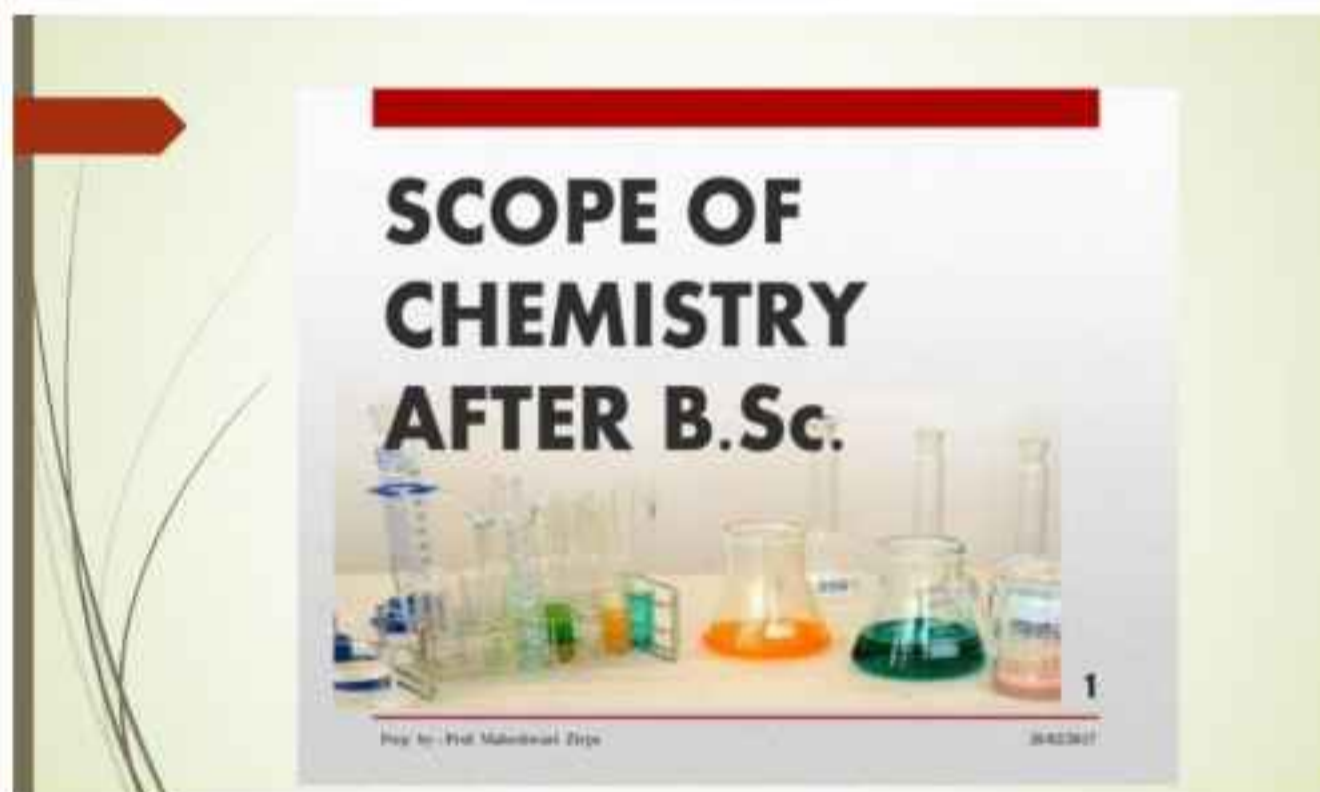

NATIONAL WEBINAR ON CAREER OPPORTUNITIES WITH CHEMISTRY

The department of Chemistry had organised, a national webinar on career opportunities with Chemistry on 22nd July, 2020, LFDC. The guest speaker was Prof. Aliya Begum, Department of Chemistry, Koti Women's College, Osmania University.

AIM: To raise awareness on different career streams with a Chemistry background.

OBJECTIVE: To give confidence to students on the various opportunities available to Chemistry graduates.

OUTCOME: Students from all across the country participated and learnt about careers with a Chemistry background, be it research or job in public or private sector.

Masters with Chemistry

- M.Sc. Chemistry
- M.Sc Biochemistry
- M.Sc Applied Chemistry
- M.Sc Organic Chemistry
- M.Sc Inorganic Chemistry
- M.Sc Physical Chemistry
- M.Sc Industrial Chemistry
- M.Sc Analytical Chemistry
- M.Sc. Nuclear medicine
- Integrated M.Sc Chemistry
- Various Universities and affiliated colleges offers these courses

NATIONAL WEBINAR FDP ON INTERPERSONAL SKILLS

The department of Chemistry had conducted a national webinar on interpersonal skills on 26th June, 2020. The speaker was Wing Commander Pravin Kumar Mishra, he was a National Gallantry Award Winner 2018, who spoke about people skills, soft skills and interpersonal skills needed in the society.

AIM: To expose students to interpersonal skills and their importance in the society.

OBJECTIVE: To make students aware of the importance of interpersonal skills, and methods to develop the same.

OUTCOME: Good participation from the students and staff of various institutions led to a lot of questions and interactive discussions on the topic.

This helped to explain the different aspects of interpersonal skills and emphasize the importance of this in our society

Interpersonal Communication

- Verbal
 - Listening
 - Speaking
 - Reading
 - Writing
- Non-Verbal
 - Gestures
 - Posture
 - Facial Expressions

NATIONAL LEVEL WORKSHOP - AN INSIGHT OF MOLECULAR MODELLING

On 22nd February, 2021, Dr. M. Vijjulatha, Dean, Osmania University, presented a workshop on molecular modeling for students and research scholars. She discussed different software useful in Chemistry and how to access and use them.

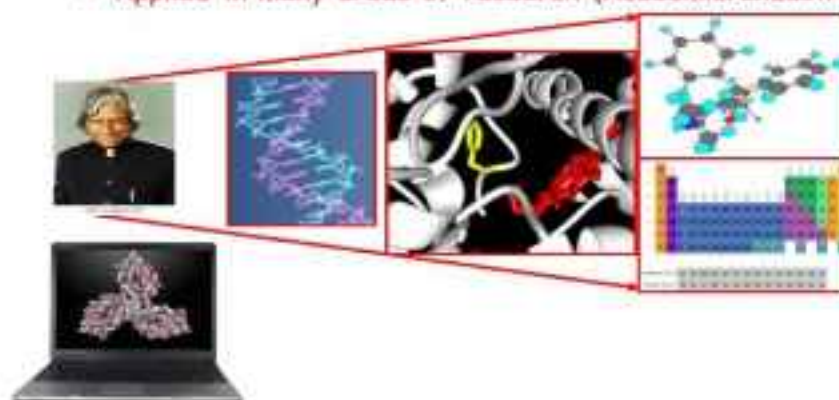

AIM: To present the latest information on molecular modeling software in the field of Chemistry.

OBJECTIVE: To inform students about the new techniques to visualize chemical molecules in 3D models.

OUTCOME: Students were fascinated by the easy way to represent chemical molecules and structures in three dimensions for better visualization. Software's like Jmol and ChemSketch were used as examples.

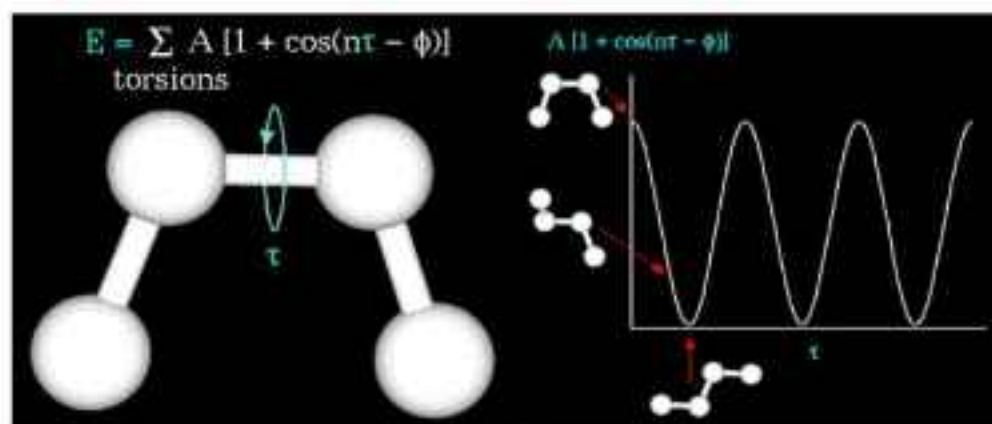

What is Molecular Modeling?

- A science that elucidates and validates experimental evidence through imagination, visualization, and rationalization
- Applied in many areas of research (Academic/Industrial)

Molecular Modeling

- Use of empirical force-fields to determine molecular properties as well as interatomic distances.

WEBINAR- BASICS OF CELL CULTURE & TOP TRENDS IN CELL CULTURE

The Department of Biotechnology organised a webinar on 31st March, 2021 on the topic: "BASICS OF CELL CULTURE & TOP TRENDS IN CELL CULTURE". The resource person was Dr. Mrs. Kalyani Chepuri, Assistant Professor, Centre for Biotechnology, Institute of Science and Technology, Jawaharlal Nehru technological University, Kukatpally, Hyderabad. Students and Faculty from life-sciences of LFDC took active part in the session. Session started with an introduction to animal cell culture, basic requirements to establish an animal cell culture lab. The speaker mainly emphasised on various techniques to be learnt and get used to it, which could play a vital role for establishment of animal cell culture lab. Finally, the speaker emphasizes research and industrial careers in animal cell culture. Participants even took an active role in the questionnaire session for which they could find answers and the session ended with a vote of thanks.

**LITTLE FLOWER DEGREE COLLEGE
UPPAL, HYDERABAD**

A WEBINAR ON
**"BASICS OF CELL CULTURE
&
TOP TRENDS IN CELL CULTURE"**
31:03:2021 @ 02:30 PM

Organized by
Department of Biotechnology

SPEAKER
Dr. Kalyani Chepuri
M. Sc., M. Tech., Ph. D
Assistant Professor (Contract)
Center for Biotechnology
Institute of Science and Technology,
JNTUH, Hyderabad

Chief Patron
Rev. Bro. Vincent Reddy,
Principal, LFDC.

Patron
Mrs. Jayanthi Reddy,
Vice-Principal, LFDC

Organizers

NATIONAL SCIENCE DAY-2021

National Science Day was celebrated for 3 days in LFDC by Johann Mendel Club and Allanturing clubs to inculcate scientific temper among students. The Day 1, 26th February, 2021 started with a Speech Darbar on the future of science & technology and innovation impact on education skill and work. On 27th February, poster and model presentations were held. Judges were Dr. Raju Jonappa Reddy, Osmania University and Dr. Rambabu, IICT. On 1st March, the final display of the selected models was done with a Valedictory speech by Dr. Srinagesh, Head of Seismology Observatory, NGRI, followed by prize distribution. Enthusiastic participation by students of LFDC from all branches made this event a grand success. The speeches and information presented in innovatively designed posters & models stole the hearts of the judges

E-POSTER PRESENTATION COMPETITION ON PROBIOTICS AND HUMAN HEALTH:

The Department of Biotechnology, for the Johann Mendel Club, conducted an e-Poster presentation and competition on Probiotics and Human Health on 11th February 2021, to make the students aware of the importance of Probiotics and their effect on Human Health. They participated via Google Meet and in the classroom on 12th February. Students participated enthusiastically in preparing and presenting posters on Probiotics and other fermented foods

FDP

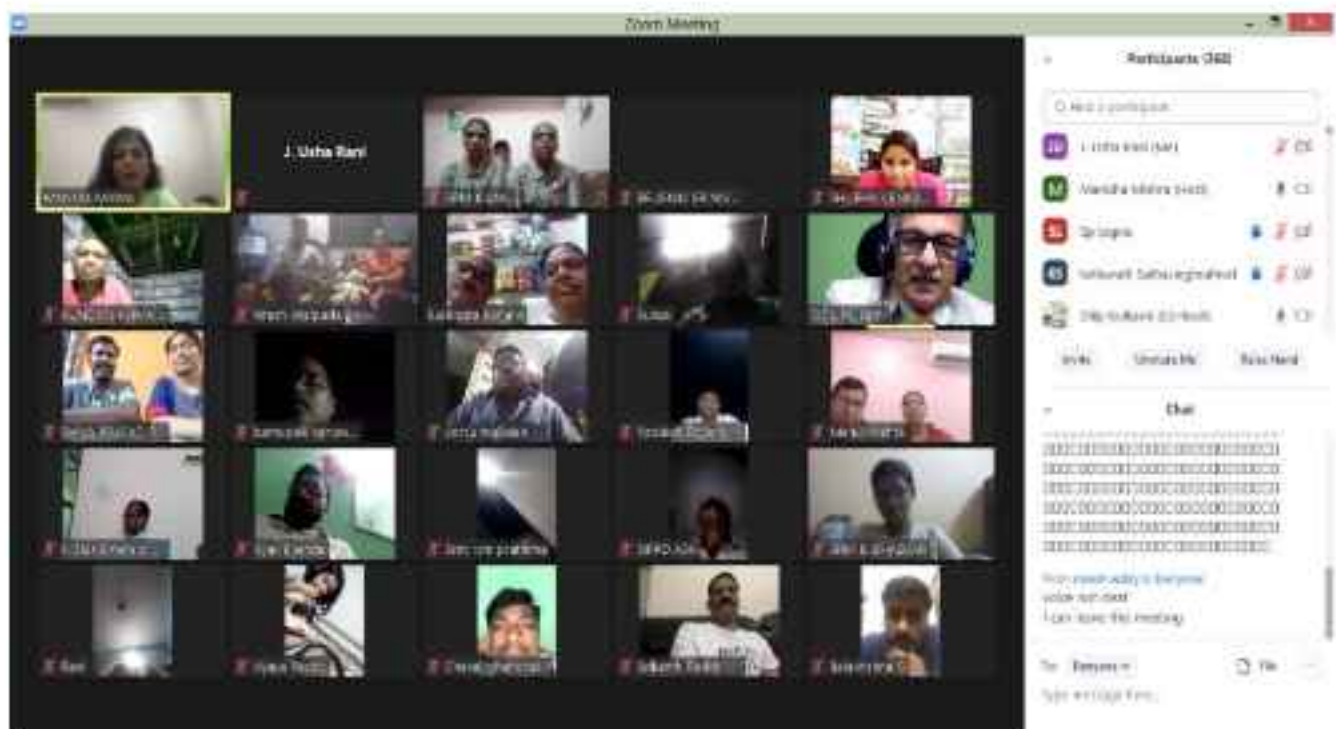

Mrs. J. Usha Rani, from the department of microbiology, attended a series of webinars conducted by St. Joseph Degree and PG College from 9th JUNE 2020 and 17th JUNE 2020. The FDP was conducted on various topics like Reflections on competency-based and blended learning, covid-19 outbreak impact on the financial impact, Social distancing and new mode of work: the role of Managers, Mediate your way to happiness, Adoption of technology in upgrading skills, Emotional Intelligence: Why it can matter more than IQ, and Vicious Circle of contagious Diseases: COVID-19 Pandemic. The knowledge share by resource person Dr. N. Srinivas was very useful in overcoming the present pandemic condition and learning new skills for an upgrade.

One Day National e-Conference

Mrs. J. Usha Rani, from the department of microbiology, attended webinars conducted by Shri Sarda Education Society's A Linguistic Minority Educational Institute, Smt Radhabai Sarda Arts, Commerce & Science College, Anjangaon Surji, Dist-Amravati, MS by Department of Zoology on Vicious Circle of Contagious Diseases: COVID-19 Pandemic held on June 17, 2020.

International Webinar UCPSPU-IPA Session -II

Mrs. J. Usha Rani, from the department of microbiology, attended International Webinar UCPSPU-IPA Session –II and UCPS-IPA Session-X conducted by Palamuru University University College Of Pharmaceutical Science in collaboration with Indian Pharmaceutical Association (IPA), Palamuru University, Mahabubnagar, Telangana state on 08-07-2020 and on 12-07-2020.

One Day National Webinar

Mrs. J. Usha Rani, from the department of microbiology, attended One Day National Webinar conducted by SMT Shyamala Devi Degree College for women Telangana Yuvathi Mandali, Barkathpura, Hyderabad on National education policy on 7.09.2020 by the department of English

Skill Development Techniques Course

Students from B. Sc. BTMC 3 & 2 Year have done a project on Phosphate Solubilizing Bacteria- a Promising Approach As Bio-fertilizers for One Week In Wisdom Life Sciences, Hayathnagar from 31-11-2021 to 7-12-2021 and 15-02-2021 to 27/2/2021 to Dr. Hassan Director of the organization has guided the students for the project. Students learned how research work will be carried out.

National Webinar

Mrs. J. Usha Rani, from the department of microbiology, attended the One Day National Webinar conducted by the Department of Psychology on the topic of the promises of Adolescence- understanding their issues for timely intervening between 7-9th December 2020.

Webinar

Department of Microbiology conducted Webinar on PROJECT MANAV-HUMAN ATLAS INITIATIVE ON "HOW TO READ SCIENTIFIC LITERATURE" in collaboration with MANAV project of the Department of Biotechnology, Govt. of India on 23 Feb 2021. The Resource Person for the webinar was Dr. Anupma Harshal, Consultant, Science Communication and Public Engagement, MANAV Project, Indian Institute for Science Education and Research (IISER), Pune. This project is funded by Department of Biotechnology (Govt. of India) and co-funded by Persistent Systems as collaboration between IISER (Pune), NCCS and Persistent Systems. MANAV-Human Atlas Initiative aims to construct a comprehensive map of the entire human body, which explicitly document macro to micro-level information.

Dr. Anupama, while addressing the scientific fraternity, elaborated on the project MANAV. She described how useful information can be retrieved from the huge incongruent data already available in the public domain. She said that project MANAV aims to harness the scientific capabilities of the students so that they may gather pieces of information to build a data network which will yield new informational insights in the field of health and medicine. Simultaneously, students will learn how to comprehend scientific literature- 'a skill useful in all fields of science', be it academics, industry or policy making.

The speaker further added that open access scientific articles related to human biology will be annotated by the students and will be submitted at MANAV portal which will be reviewed by the faculty members associated with the MANAV project. She further explained to the students, how to efficiently read scientific literature and annotate it. The webinar was attended by a good number of post graduate students and faculty members from SKUAST-Jammu as well as from different Veterinary Colleges of India. The participants showed great interest in the session. The talk was well-received by the students who overwhelmingly participated in the discussion session of the webinar. The webinar was followed by an online questionnaire to the participants who received digital participation certificates on completion. A total of 48 participants took part in the webinar.

International Online workshop for graduate biology teachers on "STUDENT-CENTRIC LEARNING STRATEGIES"

Mrs. J. Usha Rani, from the department of microbiology, attended an online International workshop on "STUDENT CENTRIC LEARNING STRATEGIES" conducted by Bhavan's Vivekananda College of Science, Humanities, and Commerce from 2 to 11 Nov 2020. Dr. Anil Kumar Challa UAB and DRILS, Hyderabad (Introduction Student-centered learning spaces) was the keynote speaker. Dr. Ashley Turner Jacksonville State U, AL (Innovating active learning in all seasons. Other resource people are Dr. Maria Santisteban U of North Carolina, Pembroke (Genomics Education Partnership), Dr. Malcolm Campbell, and Dr. Chris Paradise Davidson College, NC (Integrating Concepts in Biology).

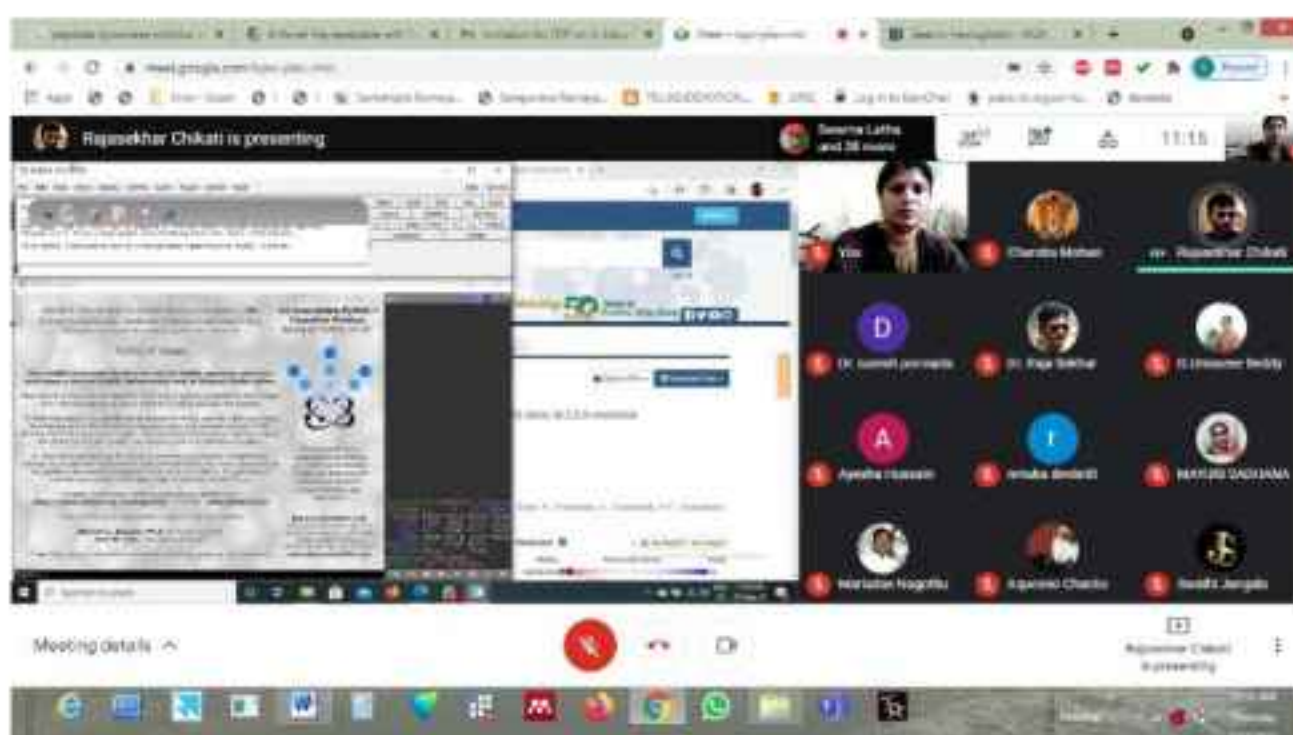

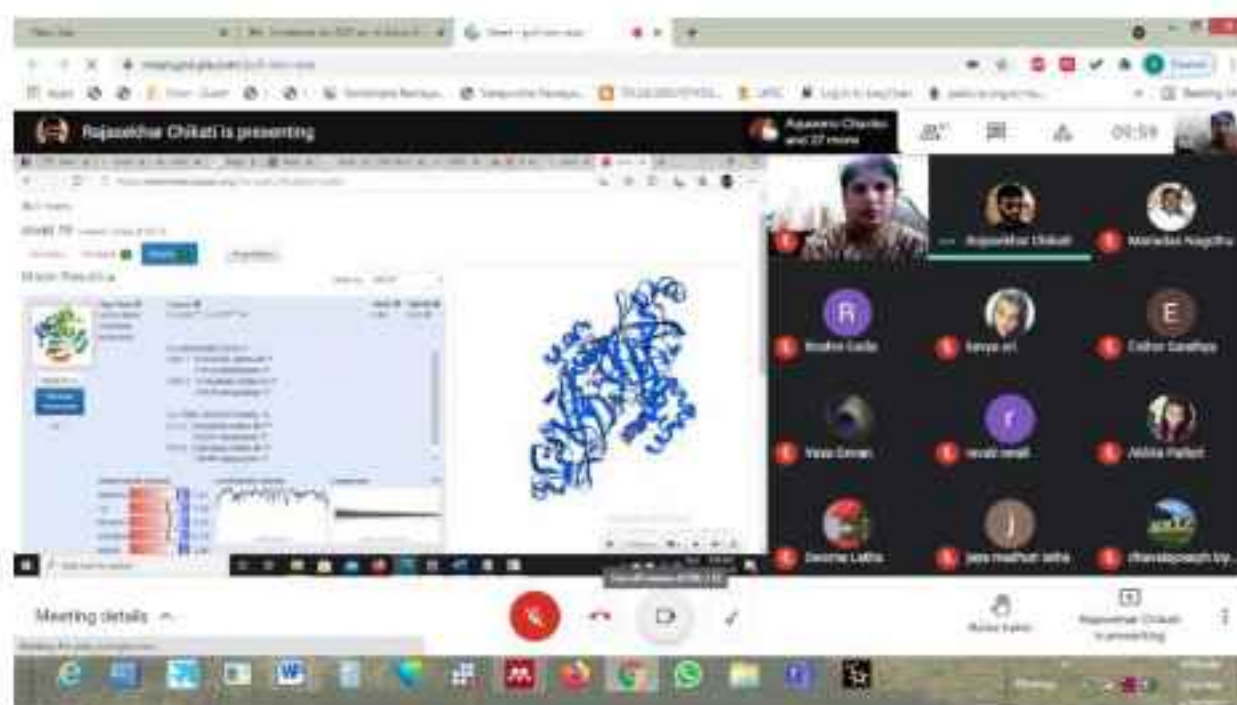

Webinar : Career Opportunities in Microbiology and Allied Sciences

Department of Microbiology conducted a webinar on topic Career Opportunities in Microbiology and Allied Sciences on 27th march 2021. Mr. A. Vignesh alumni of LFDC, Post Graduate in Microbiology & Prospective Scholar by MS at QUEEN'S University, BELFAST was invited as the resource Person for the webinar. He discussed with students about Industries within Life Sciences include Pharmaceuticals, Medical Devices, Animal Health, Food Industry, Production and Services, and more. How microbiology knowledge helps the students to solve problems in areas like agriculture, food production, the water industry, medicine and pharmaceuticals, and to manage and protect the environment. The session was concluded with discussions and suggestions like Successful career development requires self-assessment, decision-making, occupational awareness, systematic exploration, and guided implementation.

FDP : Incilico Drug Development

Mrs. J. Usha Rani, from the department of microbiology, attended a Faculty Development Program on Incilico Drug Development conducted by the Department of Biotechnology, genetics, and Chemistry, Loyola Academy Degree and PG College, Alwal from 27 May to 31 May 2021. Dr. Rajasekhar Chikati was the resource person. Various bioinformatics databases and docking website were shown like Pach dock, PDB, Swiss modeling, pep dock cabs dock. The FDP was very interesting and exercises were given to make the participants familiarise themselves with Bioinformatics

POWER POINT PRESENTATION ON DIVERSE AUDITING PRACTICES – The program was organized by Department of commerce for the students of B.com (General-1) using online platform to encourage students to collect data relating to various world currencies on 24th February, 2021. Students took various countries currencies and explained with the help of Power point presentations. Students spoke about various countries of the world and how their currency was introduced and what are the currencies which are still being used by their economy. It was a very informative program. HOD, Ms. V. Vanitha also appreciated the efforts of students and encouraged the students to take up such innovative programs in future.

PRESENTATION OF IMPORTANT DOCUMENTS OF A COMPANY - The programme was conducted for B.com 1st year students to enhance ICT skills of students and give them a opportunity to express their work on online platform on 30th January, 2021. The students gave explanation regarding the various documents required during the incorporation of the company. They used Power Point Presentations relating to the MOA- Memorandum of Association, AOA- Articles of Associations and Prospectus required for the company. 9 teams on a whole gathered information relating to one famous company and prepared the Power point presentation with beautiful pictures,

ANNUAL GENERAL MEETING: The program was conducted for students of B.com General, C.A & C.S of final year on 1st April, 2021. Students played the role of various managers, Board of Directors and other Stake Holders of a Company named "MONCO-LEGAL & FINANCIAL SERVICES" PVT.LTD which is a legal & financial services company.

BUSINESS AGENDA discussed in the Program:

1. Submission of Audited Annual Report
2. Report on Day to Day Business Activities
3. Dividend Declaration
4. To enter into New Business
5. Appointment of Auditor
6. To Terminate the Manager

Students actively participated in the discussion and gave best of their opinion. All have been appreciated for their efforts.

PROJECT ON DIVERSE AUDITING PRACTICES - The program was organized by Department of commerce for the students of B.com (General-3) at Seminar Hall, Room No. 1-31, 3rd Floor on 24th February, 2021 to encourage students to collect data relating to Audit Procedures, Documents, methods of auditing in various entities. Students took various topics and explained with the help of Power point presentations. Students spoke about Auditing Procedures in Partnership Firms, Government Banks, Educational Trust, Company and Joint Hindu Family. Principal, Rev. Bro. Vincent Reddy also congratulated the co-coordinator for conducting a very good Program and appreciated students for their wonderful work.

UNION BUDGET- 2021 ITS IMPACT ON ECONOMY: The program was organized by Department of commerce on 5th May, 2021 to make students aware about the union Budget-2021 and its impact on the economy. The resource person, Mr. Zitendra had gave insights of the union budget , stating about what is budget, classification of budget, economic survey, finance bill - direct tax payments. Finance bill – indirect tax payments .He also spoke about how we can understand the concepts of finance, funds and mobilize savings.

SURVEY OF HOUSEHOLD BUDGET - The online program was organized by Department of commerce on 30th March, 2021 for the students of B.com using online platform. This program was conducted to encourage students to interact with one's parents and elders and collect data relating to Household Budget. Students circulated the Google forms and spoke to their parents and elders about same and how one prefers to adopt various methods of savings

REPORT ON FACULTY DEVELOPMENT PROGRAM –GST USING TALLY

Department of Commerce, university college of Commerce and Management, Osmania University in collaboration of Tally Education Pvt. Ltd, Bangalore arranged a Online Faculty Development Program for all the faculty members over different states on 29/7/2020 using platform GoTo Webinar. The program was divided into two sessions explaining the use of Tally application in GST compliances:

The first speaker Mr. Praveen P.G. Product Design and Development, and Mr. Jai Jagadish Asst. Manager, Tally training.

Chief guest of the program was Prof. Ch. Gopal Reddy, Registrar Osmania University, Hyd.

Guest speakers were T. Krishna kumar Hod of Commerce OU,

Prof. Prashanta Athma, Chairperson Bos in Commerce, OU. And

Prof. D. Chennappa, Principal, UCC & BM, OU

Program coordinator Y.S. Raghu, Regional Manager, Tally Education Pvt. Ltd.,

Dr. A. Patrick, Asst. Prof, Dept of Commerce OU,

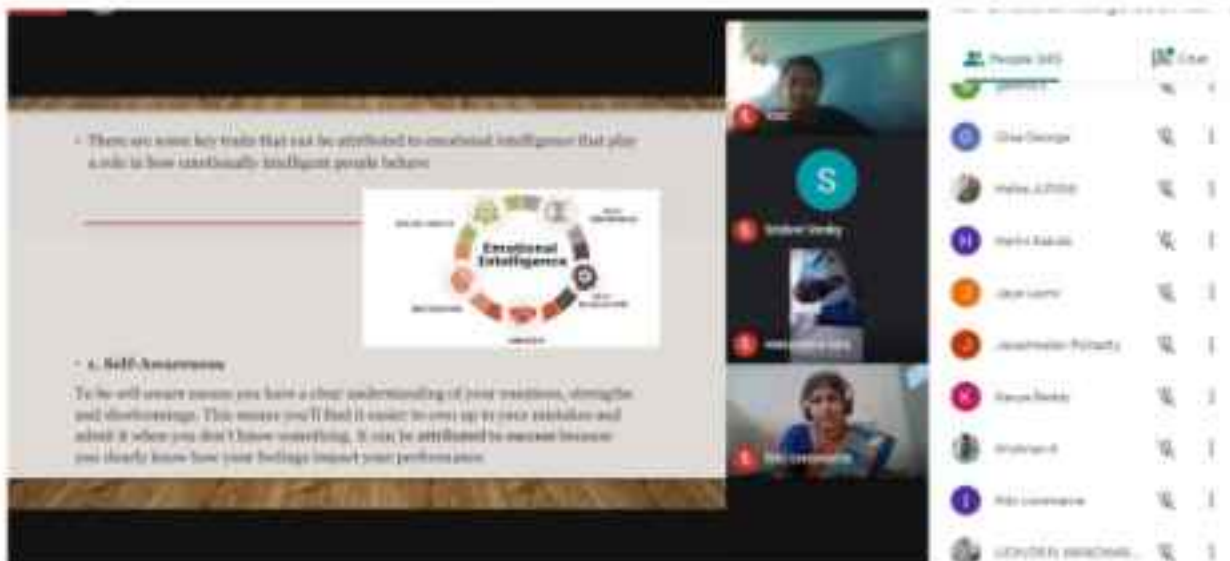

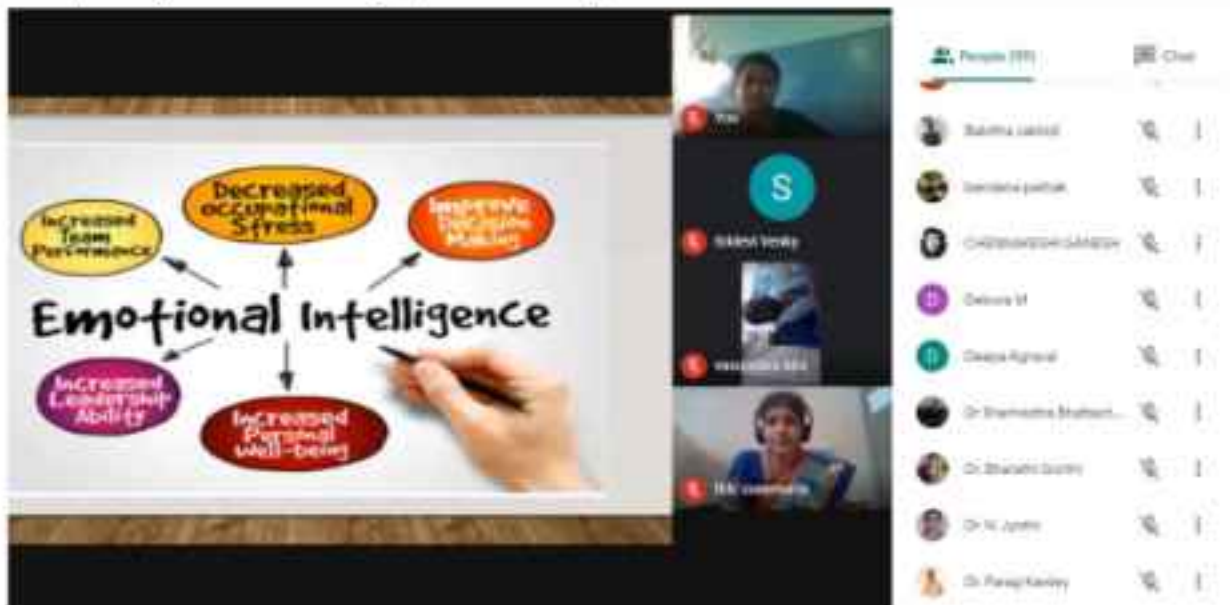

Prof. V. Appa Rao, Dean, Faculty of Commerce, OU

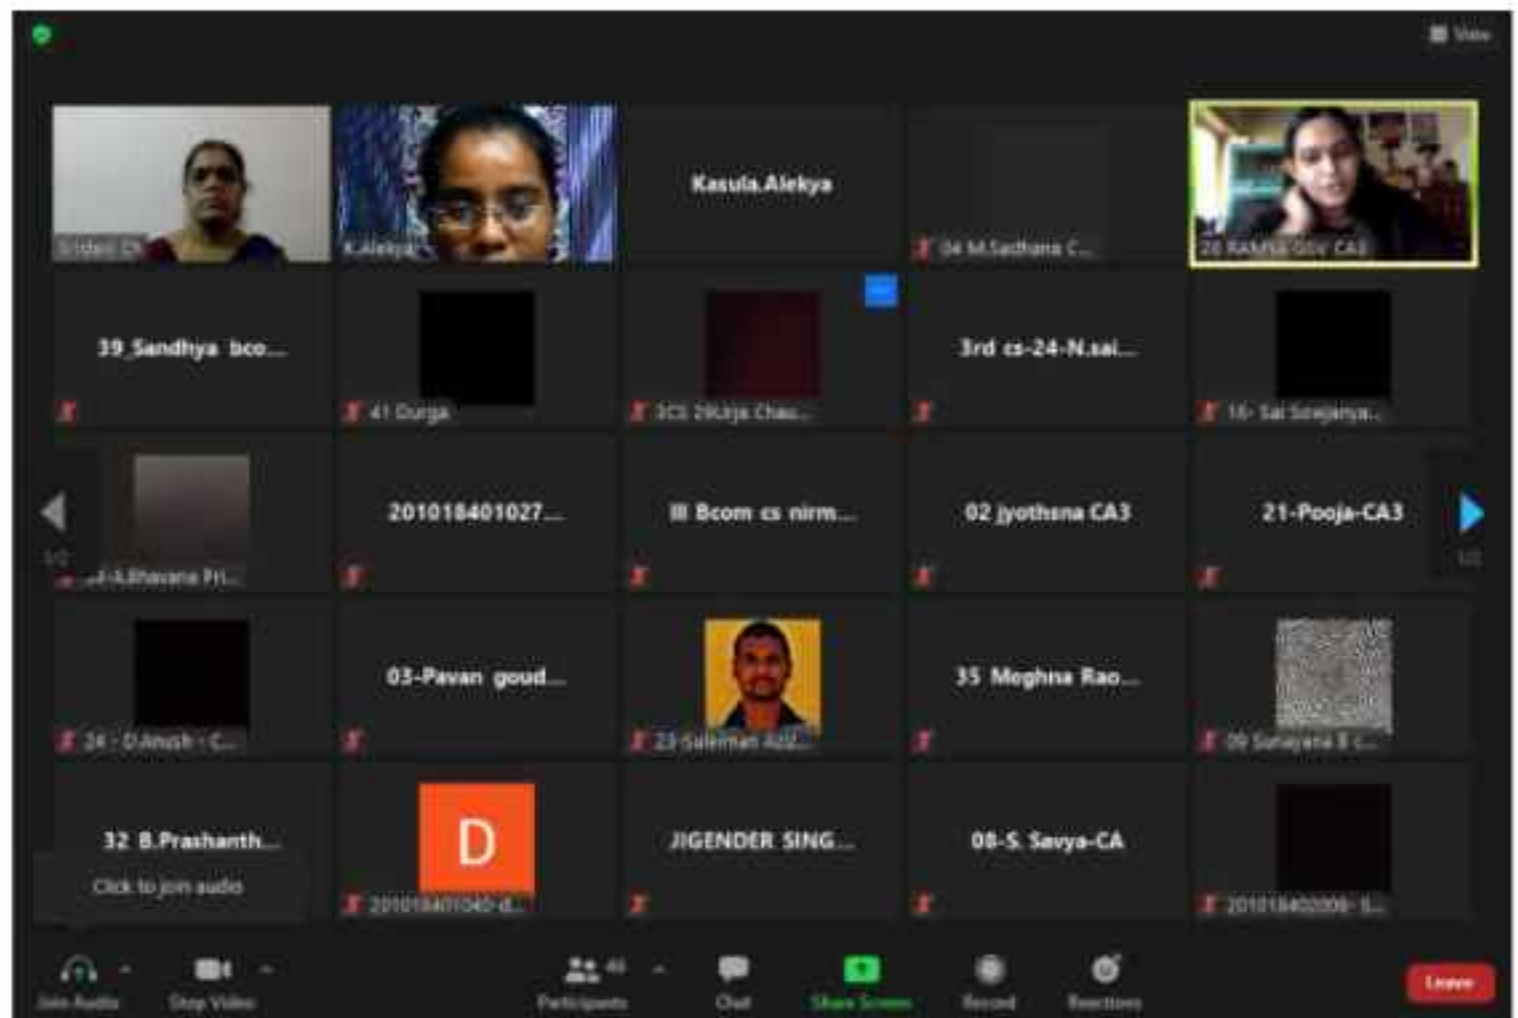

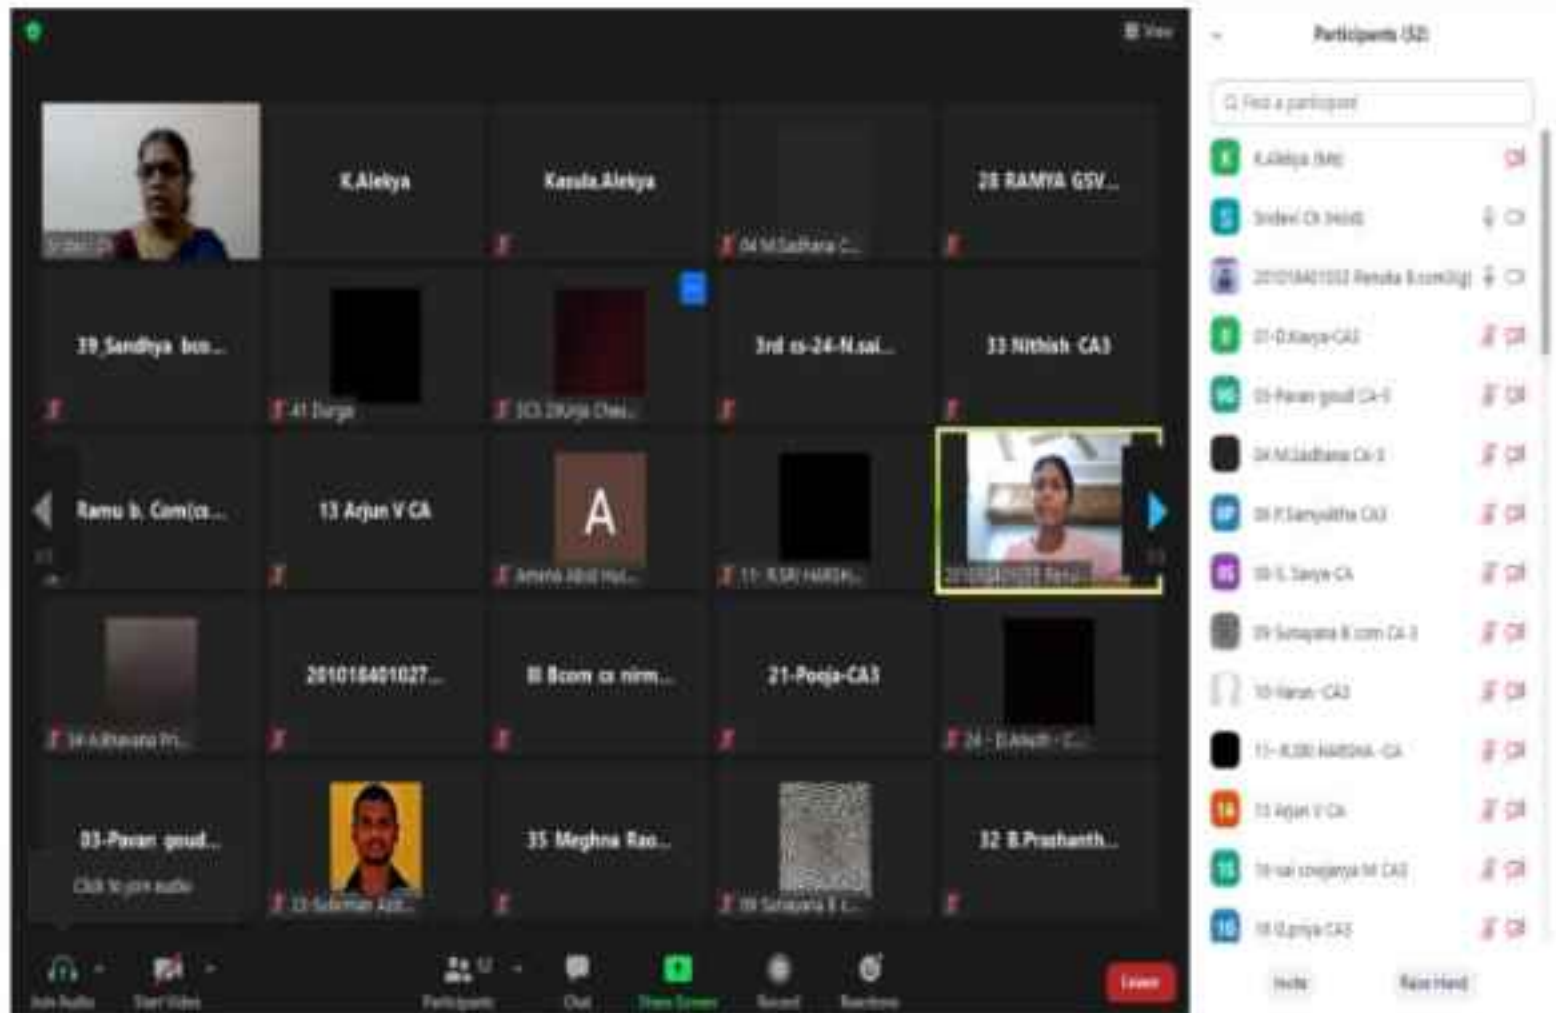

Mrs. Vanitha and Mrs. Pranitha attended the session :

Report by, Mrs. V. Vanitha

REPORT ON FACULTY DEVELOPMENT PROGRAMME-"EMOTIONAL INTELLIGENCE AND PROFESSIONAL SUCCESS"

Mrs.Nilofer Nasrin resource person spoke about various difficulties we go through in our day to day life, and the struggle we have been doing to cope up with the situation. She also explained ways to overcome our sorrows and emotional disturbance. She meant that whatever we do it will affect our body and mind. If we take things positive it will give us satisfaction and positive spirit to do our work efficiently. She suggested that, Prayer, Yoga, meditation, etc...can be adopted to relax our mind. All the participants got motivation by speaker's thoughts.

OBJECTIVES:

The Short film made by students of LFDC made us understand the behaviour of family' and people in covid lockdown. This short film showed us to understand about family and we can support them economically and psychologically. And it also showed us how to make them understand the importance of our planning for future prospects by being economically and socially strong. This short film is an activity of Luca Pacioli club where students of Bcom and Bsc streams have taken the initiative to do and act in this short film where they could enhance their overall skills.

Types of PEOPLE in
PANDEMIC

REPORT ON “BLACK SWAN-COVID-19”-IMPACT ON BANKING INDUSTRY-RESEARCH PAPER PRESENTATION

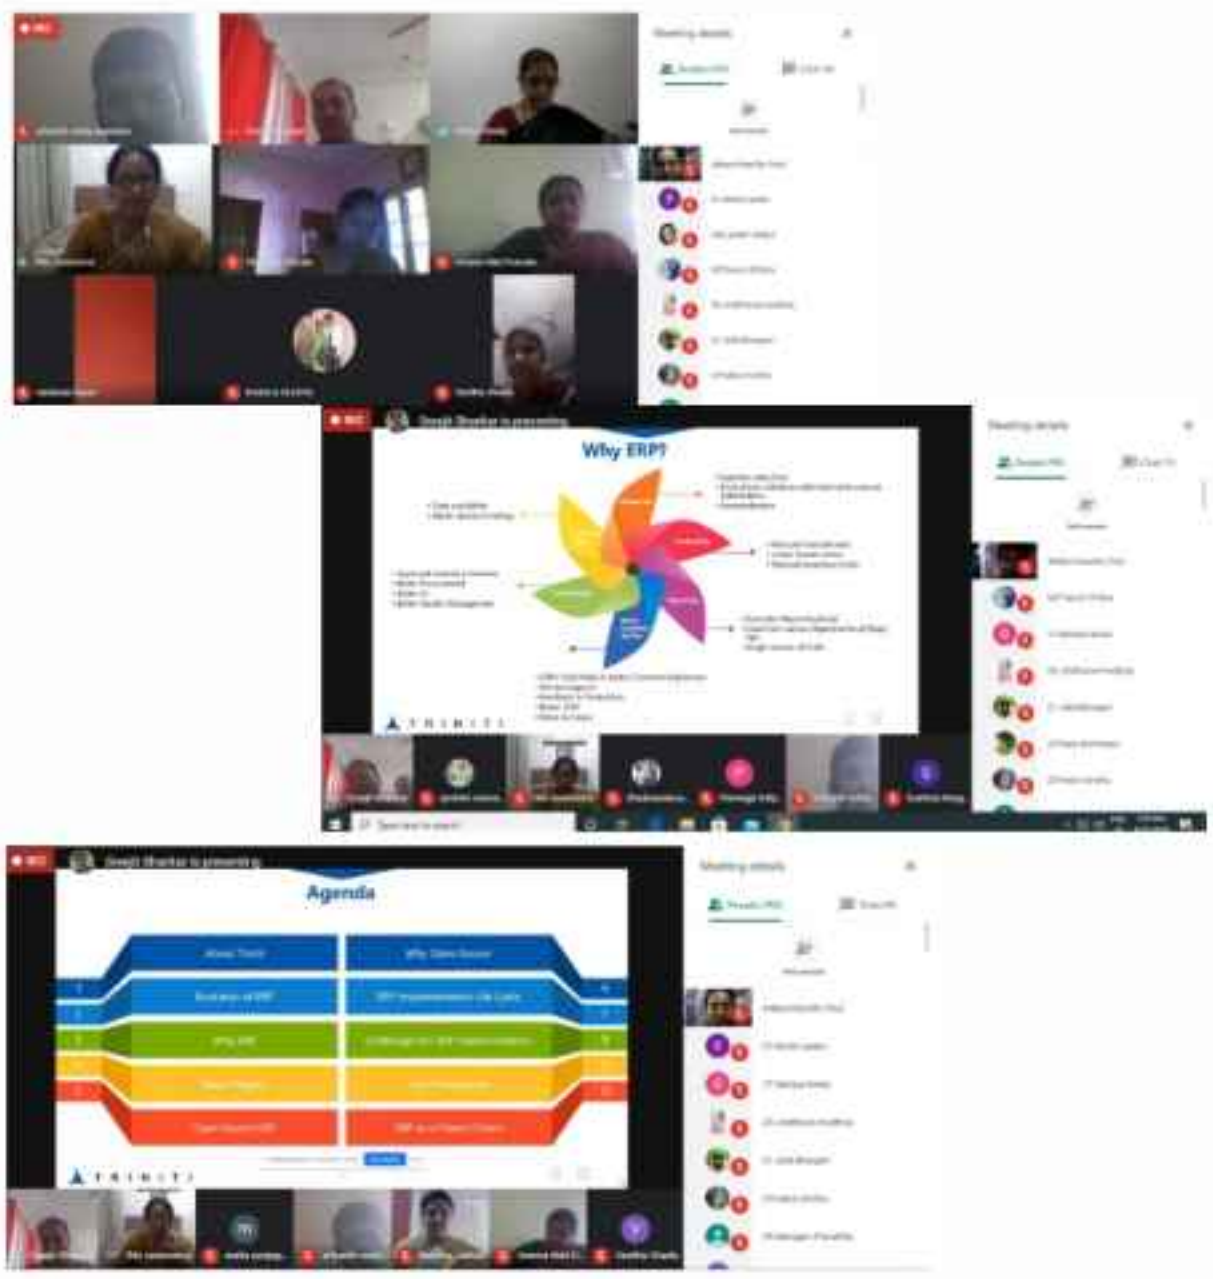

Third year students of B.com General, C.A, C.S have completed their paper presentations under the guidance of Ms. CH.Sridevi, Faculty of Commerce & Management . The research paper was on the current situation revolving round the globe. This pandemic has changed our life drastically. All the sectors have faced challenges during this pandemic situation especially the Banking sector has gone through many changes. The use of technology has brought a revolution in the working style of the banks. Information technology had a positive impact on substitutes for traditional funds movement services. The banking sector is one of the worst hit sectors in India due to this pandemic the central government made a decision on merging the banks stating more NPA with other banks like PNB & SBI.

NATIONAL WEBINAR ON ERP-9 FUNCTIONALITY-A CASE STUDY ANALYSIS

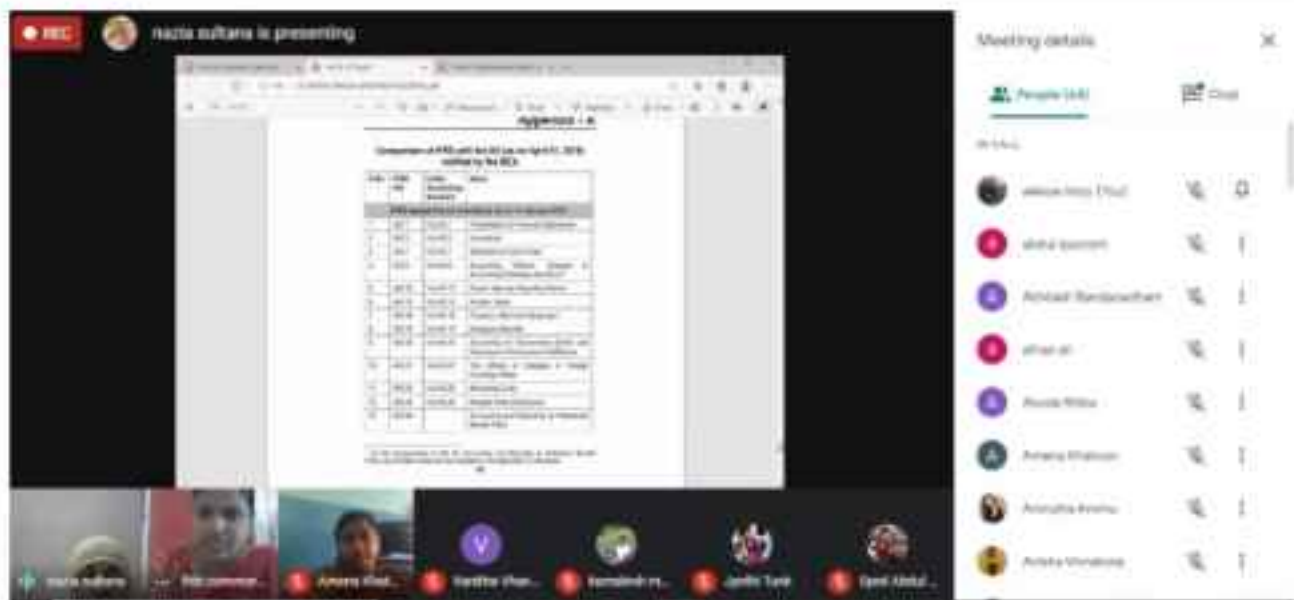

Mr.Sreejit Shanker gave a brief Introduction about himself, his childhood experiences and use of technology .He made a good attempt to make the audience comfortable. He spoke about few challenges faced by the students relating to the use of technology, soft wares and correct choice of career.

Mr. Sreejit, shared a power point presentation and explained about Trinity software labs, their headquarters, and their agenda. He gave comprehensive Service Portfolio and said Trinity as Oracle's E-Business Partner. Mr.sraejit explained about Evolution of ERP from 1960's to 2010's. He also described about various Industries who can utilize EPR. He discussed various Advantages, Disadvantages and challenges faced during implementation of ERP.

REPORT ON- " AN OVERVIEW ON ACCOUNTING STANDARDS

The Guest lecture was organized by the department of commerce for students of B.com to gain knowledge regarding IND ACCOUNTING STANDARDS & INTERNATIONAL ACCOUNTING STANDARDS. The resource person explain about importance of accounting standards in preparation of financial statements. She emphasized more on IND Accounting standards and their applicability. Accounting standards are to be understood very care fully for their use in various activities of the business. Students have gained knowledge regarding it. It was a wonderful session for all the students.

TECHNOLOGICAL INTERVENTIONS FOR GST COMPLIANCE USING TALLY (MC) 20/8/2020

Good afternoon!

I am VANITHA, Head Department of Commerce, Little Flower Degree College, Uppal

Before commencing the program we will seek the blessings of God Almighty

I deem it my privilege to welcome Team members of Tally Education Pvt.Ltd.

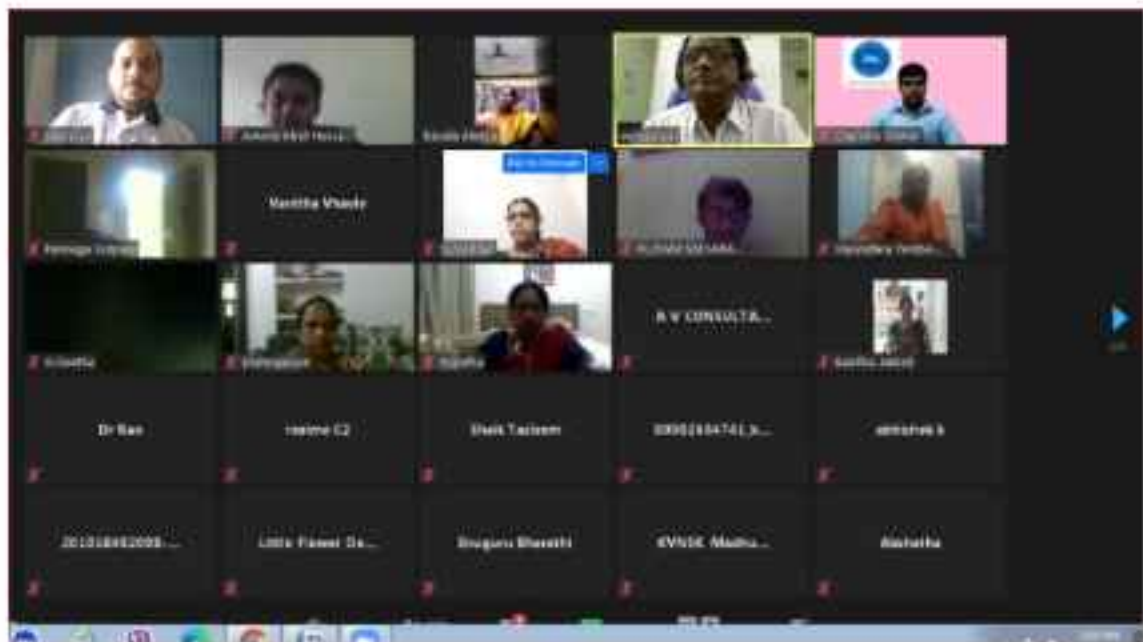

Our program coordinator Mr.Y.S.RAGHU, Regional Manager(TS,AP), Tally Education Pvt.Ltd, Resource person Mr.VENU GOPAL NAKKA, XLNC, Master Tally Assessment Partner, Mr.CHANDRA SHEKAR Tally training and Assessment Partner and all our participants to national workshop " TECHNOLOGICAL INTERVENTIONS FOR GST COMPLIANCE USING TALLY"

Technology assisted Compliance is not an entirely new concept in India. Taxation departments used technology for tax administration, but major shift in behaviour occurred when online filing of returns was introduced

The journey of GST started way back in 2000

The success of Business will significantly depend on the ability to understand this change and bring about the relevant changes in the business processes

Various accounting softwares such as "Cleartax"," Tally" are available to maintain books in alignment with GST Rules

1. REPORT ON BUSINESS PROJECT-THE VIVA

The second year students of BBA have completed projects on HR policies of different companies for a period of one month (20th July to 31st August 2020) The projects were assigned to the students one month in advance and have visited various companies and gathered information. After acquiring knowledge from their selected companies, the Department of Management conducted the project viva for the participants. The teams have documented the project report and submitted it to the concerned lecturer. Students have enjoyed the event and gained knowledge regarding the management activities in the business units.

2. REPORT ON LOGISTICS PROJECT: OUTSOURCING – DEBATE

The third year students of BBA participated in debate on topic "Logistics project – Outsourcing" on 17th August 2020, and how it works in different companies in different countries. Students researched about outsourcing with different companies and what are the challenges involved

in it, and how the business practice works with outsourcing, and economic benefits of outsourcing. Students gained knowledge regarding, how to build a better business with outsourcing.

3. REPORT ON CHANGE MANAGEMENT TOOLKIT -IN THE NEW NORMAL

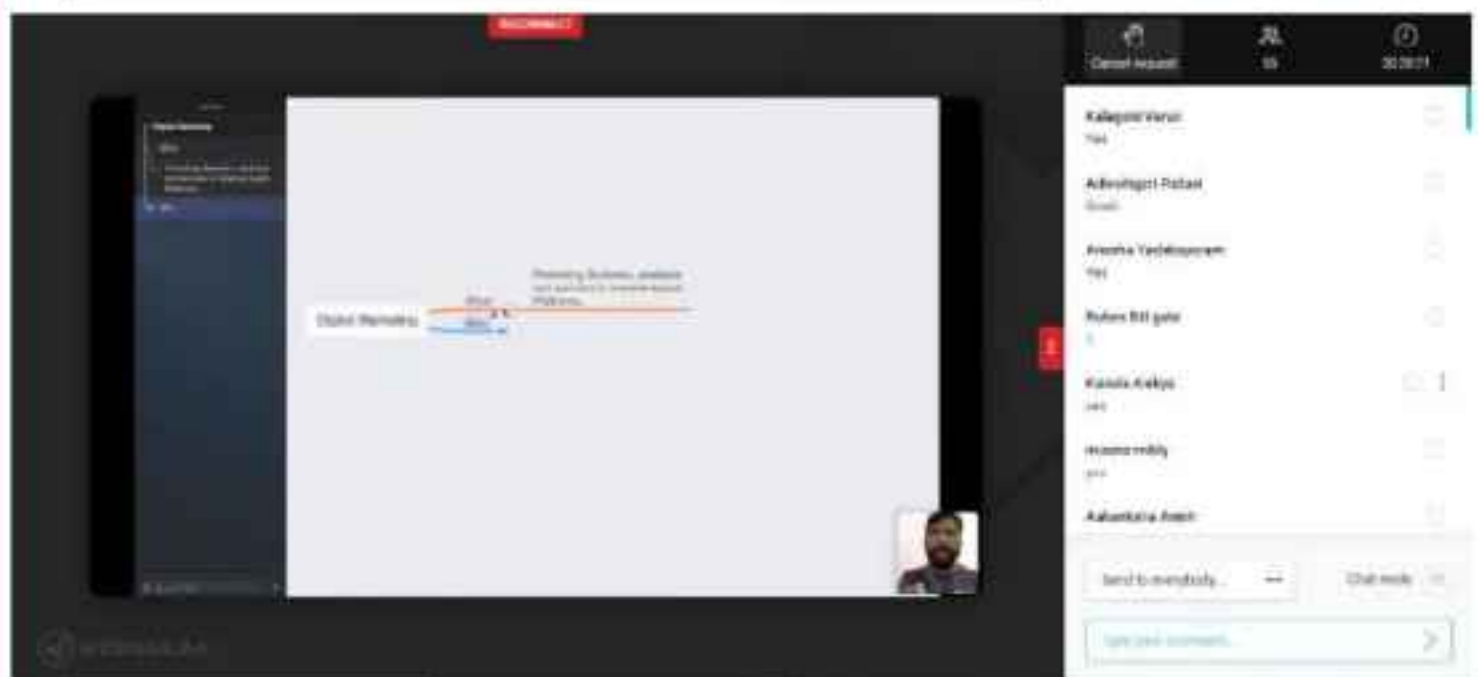

The third-year students of BBA were asked to write a report on the topic "change management toolkit in the new normal", All 51 students were asked to do research and find out some of the strategies that various business are following to survive, what are the new plans, on 30th September the students presented their reports via zoom. It was evaluated by The Respective teacher incharge and heard by all the students of the class.

4. REPORT ON PAPER PRESENTATION- BUSINESS STRATEGY IN THE NEW NORMAL

The third-year students of BBA were asked to write a research paper on the topic " Business strategies in the new normal", All 51 students were asked to do research and find out some of the strategies that various business are following to survive, what are the new plans, on 30th September the students presented their papers via zoom. It was evaluated by The Respective teacher incharge and heard by all the students of the class.

5. REPORT ON DIGITAL MARKETING

The Webinar was conducted for BBA 2 and 3 on 10th November 2020. The activity started by the host 'Tarakaram Thumati' by giving his brief introduction; how he began his career in digital marketing. A video has been shown which revolves around digital marketing and how it played a vital role in this Pandemic. A brief introduction about digital marketing was given where the host explained digital marketing as a promotional tool of business products or services in Internet based platforms. Difference between Traditional marketing i.e. marketing through Newspapers, Radios, Television, Hoardings etc and Digital marketing i.e. through YouTube, Instagram, Facebook, Twitter, LinkedIn etc has been explained precisely.

6. REPORT ON "REVOLUTIONARY IMPACT ON PANDEMIC OF GLOBAL ECONOMY"

Students of BBA have analyzed their research on what measures have been taken by different countries in their own unique way. They have presented a conclusive powerpoint as a result of jotting down their analysis and also on a sector divided basis. On 25th Feb, 2021 from 10.30 am to 1 pm. They have also expressed their views on how various measures could be inculcated so as to prevent and balance the economic cycle before and after pandemic. Most of the students have also given a clear explanation of the whole economic reel of the pandemic that took place in the country that they have chosen. It included about how and on what basis different sectors were affected, for example the employment, agriculture, education and many more aspects relatively, which has helped us understand more clearly about how this pandemic stood to be a big Battle for each of the countries on its own. Overall it was a highly mind opening session which enlightened each one of us, on how the pandemic treated each country all along its journey, and how each of them paved their way out in order to recreate a healthy economic balance for the country and its people.

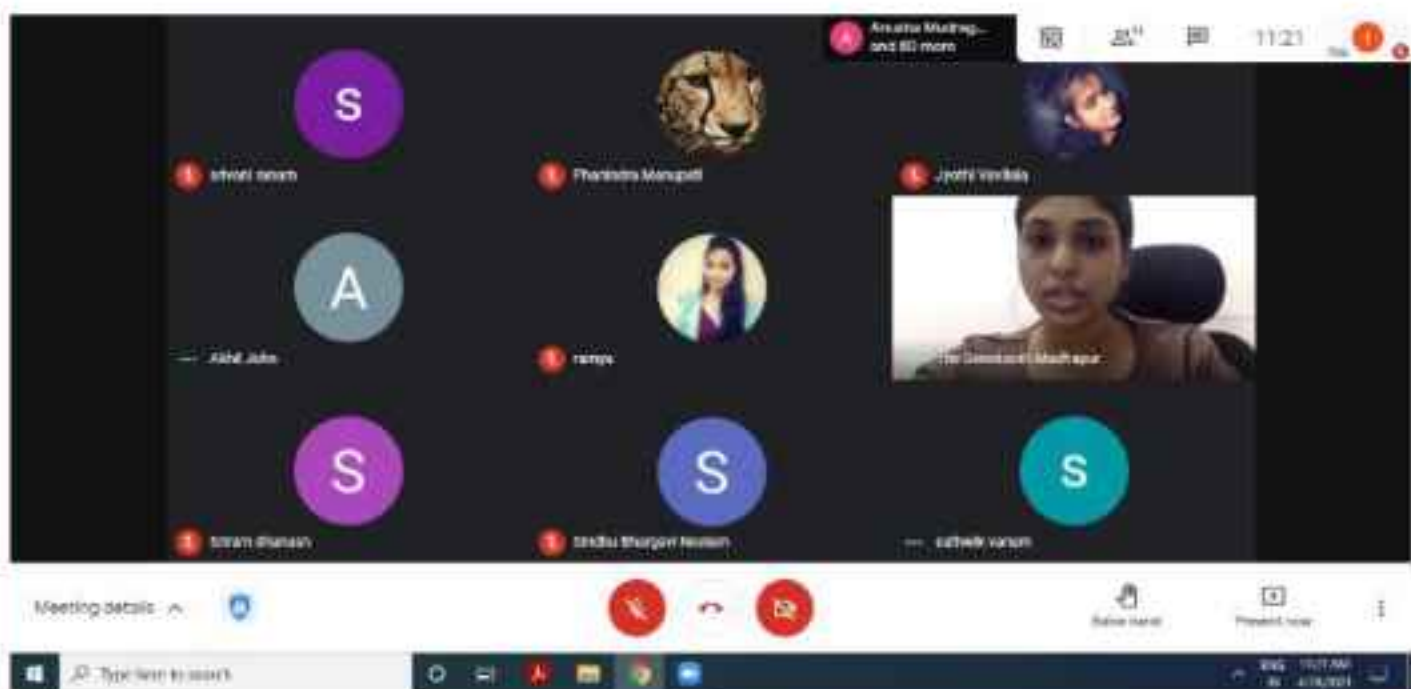

7. REPORT ON "VEHICLE SCRAPPAGE POLICY" - PANEL DISCUSSION SCRAP POLICY

Students of BBA have analyzed their research on what measures have been taken by the government in their own unique way. They have presented a conclusive powerpoint as a result of jotting down their analysis on 23rd March 2021 – 9.30 am to 10.30 am. They have also expressed their views on how various measures are going to be implemented by the industries regarding the policy. The students have also given a clear explanation of the whole policy. They were represented as journalists, ruling party, opposition party, corporate sector member and an environmentalist. The discussion started with an overview regarding the policy by the host, followed by the discussion between representatives of different sectors.

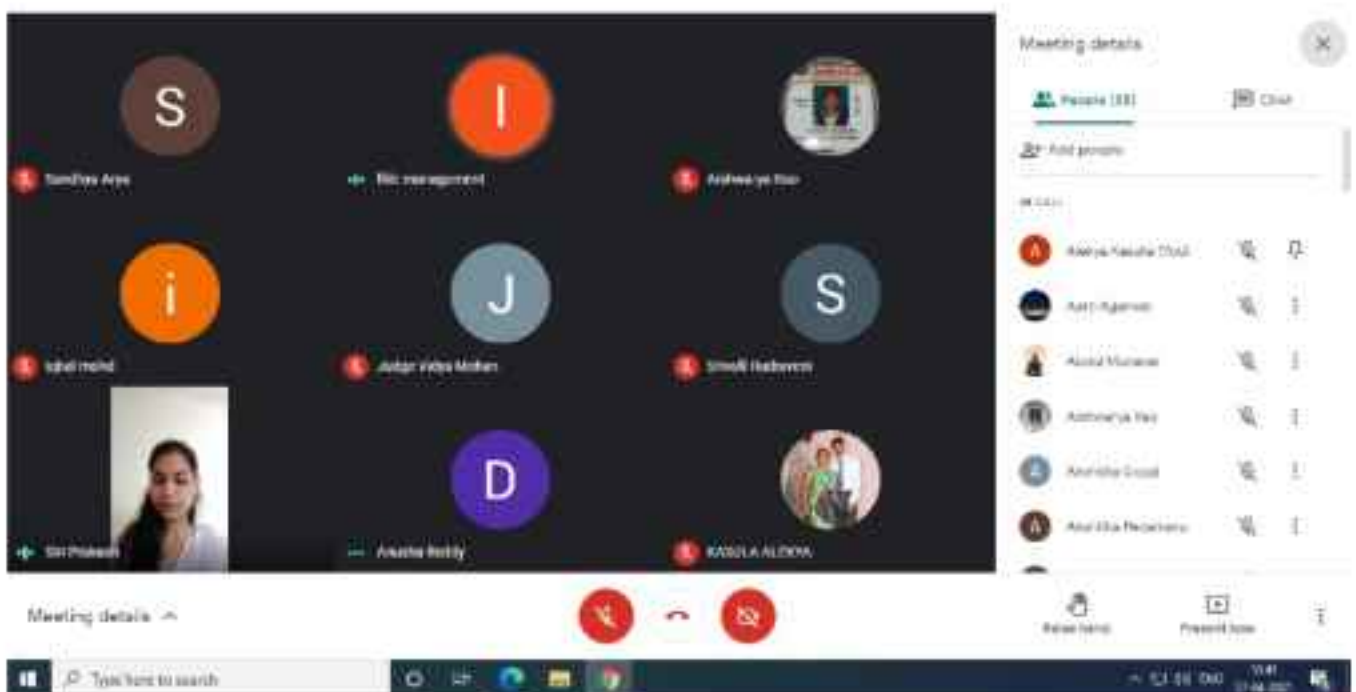

8. REPORT ON "STARTUP TALKS"

Students of BBA final year interviewed Shibin Thomas, final year student (BBA) of LFDC regarding his startup business i.e. WOKE ACTIVEWEAR, on 19th April, 2021 from 10.30 am to 12 pm, students got to know many things related to business planning and how to start a new business, after the interview was done few students from the audience interacted with Shibin in which he suggested the young few things with all the positive words. Sahitya Raj who is the founder of THE SWEET TOOTH, Madhapur came as a guest.

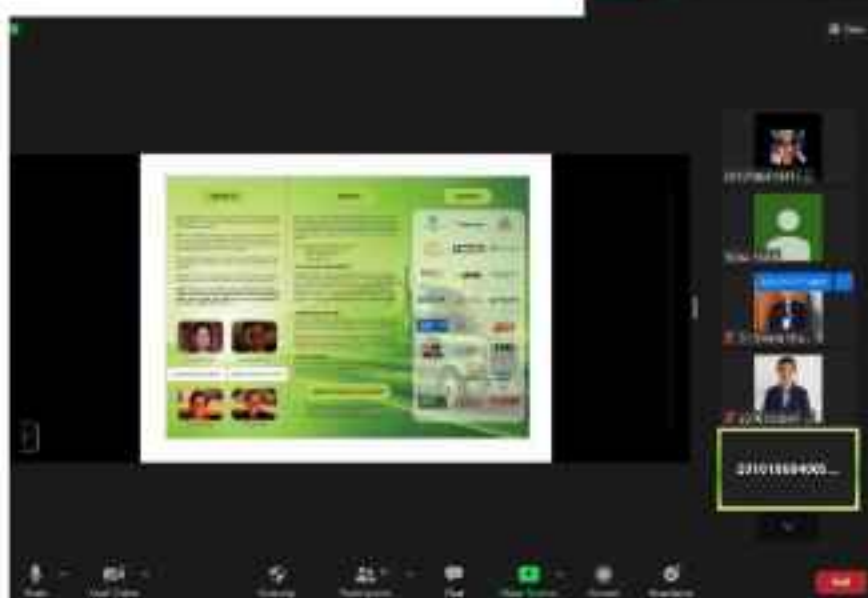

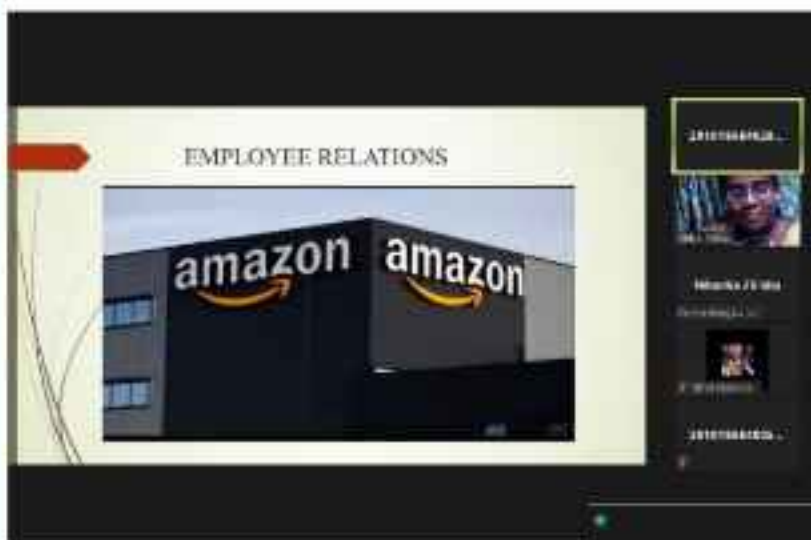

9. REPORT ON "THE COURTROOM"

A programme on "The Courtroom" was conducted on 27th April, 2021 at 10.30 am. Students got an incredible opportunity about how civil court cases proceed inside the close rooms of the court. They got to know how a civil case is unlike a criminal case. The cross examinations were done by the lawyers, which was close to reality. Students got to know how a case can be twisted by the defence or the prosecution to change the entire perspective of the case. The participants worked really hard to make this look as real as possible; on the whole the session was a triumph.

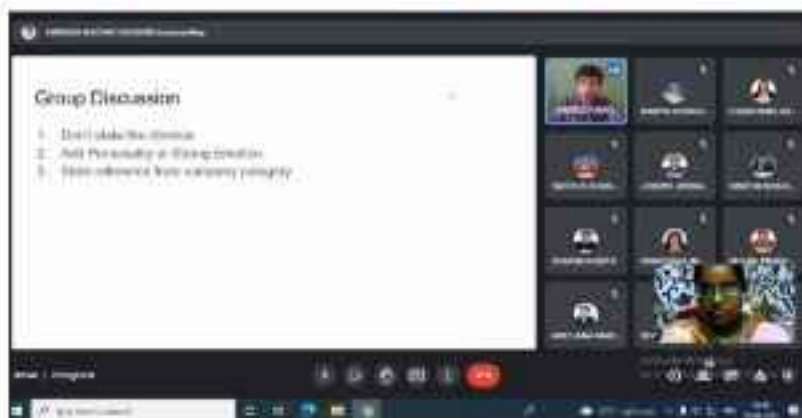

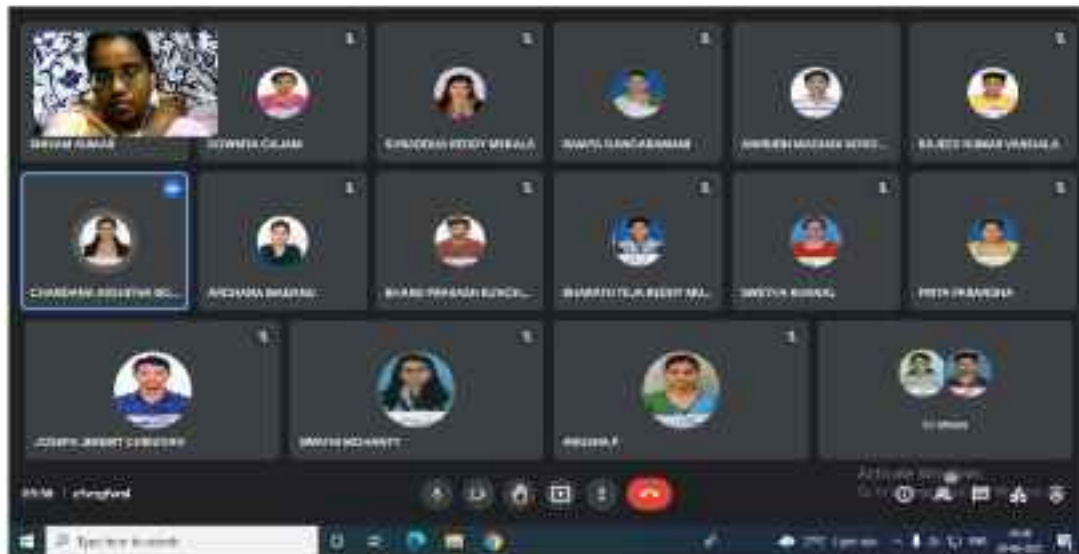

10. Report on "EMPLOYEE RELATIONS IN ORGANISATIONS "

Students of final year BBA made a presentation regarding the employees and their relationship in their organisation on 4th May 2021 at 8.40 am. Students made presentation on Ola Cars, Amazon, Southern cargo carriers, Capgemini, and 24/7. This session was finally informative and students got to know many new things regarding particular companies and their policies. The discussion was held to ensure the awareness regarding "employee relations" among the students.

11. Report on "EMPLOYEE RELATIONSHIP IN WORK ENVIRONMENT"

Department of Management conducted activity on Employee Relationship in Work Environment on 28th June 2021 at 9.30 am . Students of final year BBA made a role play regarding the employees and their relations in the organisations. This session was finally informative and students got to know many new things regarding the interview process and the work environment in the companies.

Anirudh explaining the interview process

ASSEMBLY ELECTION ANALYSIS

Opinion

West Bengal assembly election 2022

The stakes are very high for all major formations as the road to a fully functional united front against the BJP which leads voting towards a free administration for the 20th Pradesh Election. Formation strategies to withstand the BJP through a united front and assembly work are well laid out for state. Just needed for West Bengal. However, BJP goes on to meet various of the state. It will be an important achievement for BJP to fulfil its duty.

Sections in west Bengal

Outlined in Article 168 of the Constitution of India, the West Bengal Legislative Assembly is the only house of the unicameral legislature of West Bengal and not a permanent body and subject to dissolution.

- The composition of the Legislative Assembly of West Bengal by 100 members of West Bengal (the maximum) to be not less than 50 and not more than 500.

The Department of Political Science organized a webinar on 28-11-2020 [Saturday] under the purview of " Education – Can India grow Global "? The esteemed speaker of the webinar is Dr.S.P. Anil Kumar , Retd. Director General of Geological Survey of India.

The session began with a prayer by Neerja of B.A 2nd year followed by the Introduction of the esteemed speaker by Lakshmi Tejaswi of B.A Final year. The speaker gave us an insight into the New Educational Policy 2020 and its key takeaways and emphasized on the importance of Innovative learning.

Finally , the participants were inquisitive to know more about the Education System in India , the speaker answered them with alacrity. The webinar ended successfully with a demonstration of Gratitude.

The Department of Political Science organized a Two-Day National Webinar on 02-10-2020 and 03-10-2020 under the purview of " Digital Exploitation and Cyber security ". The esteemed speakers of the webinar are Mr. Srinivas Gangaram , An Industry Professional and Mr. Pramod Malgi , A Corporate Lawyer.

On the first day i.e: 02-10-2020 , the first session began with a prayer by Neerja of B.A 2nd year followed by the introduction of Mr. Srinivas sir by Sowmya of B.A final year. Understanding Digital Exploitation and how to protect ourselves from cyber crimes formed the nucleus of the first session. The second session got off the ground by introduction of Mr.Pramod sir by Meghana of B.A final year. The speaker dwelled upon laws related to cyber crimes and protection available to victims.

On the second day i.e: 03-10-2020 , the first session was set in motion with a prayer by Asha of B.A 2nd year. The first session was dealt by Pramod sir giving us insights into online frauds relating to Banking and white collar offences . The second session was dealt by Srinivas sir on Career options in Cyber security.

In the fullness of time , the sprightly participants asked questions and the erudite speakers answered with alacrity. The speakers made us aware of Cyber laws and beware of Cyber crimes and the successful webinar ended with a demonstration of Gratitude.

The Department of Political Science organized an Interactive session on the significance of Ancient Philosophers i.e; Lord Buddha , Manu , Kautliya in Modern India for the students of Little Flower Degree College and St. Pious Degree College. The session was attended by Ms. Malathi Devi , H.O.D and Ms. Aarthi , Faculty in Department of Political Science , St. Pious.

The session began with a prayer by Neerja , B.A2 and lecturers threw some light on the significance of the session briefly. The whole session was designated into three segments , wherein, the students discussed about each philosopher i.e; Buddha , Manu , Kautliya respectively.

In every segment , students presented their view points and relevance of great philosophers in Modern India. The students interacted fervently and displayed abundance of attentiveness and were inquisitive to exchange thoughts and view points.

Subsequently , A Power Point Presentation was delivered by Asha of B.A 2 on Lord Buddha ; His Philosophies and Teachings. After a bit , the session wined-up with a Vote of Thanks by Neha Varma of B.A.3.

The Montfortian United Nations Assembly , also known as : MUNA is organized at Little Flower Degree College on 26th of February at 11.A.M in Montfort Hall. Brother Jaico Gervasis . Provincial Superior of Pune province has directed the students to take up three namely Georgia , Haiti and Comoros.

As an esteemed guest , Pastor Gary St. Hubert from Haiti has graced the MUNA to witness the talent of youngsters and their ability in solving their country's problems. Mr. Gary St. Hubert has applauded and appreciated students' aptitude in communicating effectively and for having a suave personality in solving the country's issues.

The Montfortian United Nations Assembly has also invited Principals of Montfort schools of Pune province in order to sustain and carry through MUNA in all provinces of Montfort. The Principals and faculty of all schools have expressed their appraisal and complemented students for their abilities.

There are 15 students chosen , out of which , 5 students represent each country along with the President , Chairpersons and a speaker. The students executed remarkably in carrying out a resolution and that is about Climate Change , Environmental Degradation and Deforestation.

By and By , The Department of Political science along with B.B.A has carried out MUNA phenomenally with constant support and cooperation of Principal Rev. Bro. Vincent Reddy and Vice Principal , Jayanti Reddy madam. Like a cherry on the top , the Computer Department's deft handling has contributed to the successful closure of the event , MUNA.

The department of Political Science organized a webinar on 11th December 2020 under the purview of 'The tale of Sophistry'. The esteemed speaker of the webinar is Ms. Varsha, alumni of Little Flower Degree College who pursued her Bachelors in Arts.

The session began with a prayer by Neerja of BA-2nd year followed by the introduction of the speaker. Ms. Varsha threw light on era of Sophists, major Sophists, beliefs and their teachings. The speaker dwelled upon various aspects with respect to sophists.

The speaker was very eloquent and has articulated excellently in conveying her viewpoint and answered students queries with alacrity. In the Question and Answer session, students asked numerous doubts with respect to Sophists which lighted up the session.

The session was also graced by BA faculty who were impressed by the speaker's cheerfulness and with the proposing of vote of thanks and demonstration of Gratitude, the webinar ended successfully.

The Department of Political Science organized a seminar on 22 - 03 - 2021 , Monday, under the purview of " LIVE YOUR STORY ". The esteemed speaker of the session was Mr. Raghu Degala , NLP Certified Practitioner , Soft -skills coach , Certified Sports Psychologist , Mental toughness coach and the Founder of TheGoodTalkFactory.

The session began with a prayer by Nehemiah of B.A Final year followed by the introduction of the speaker by Vinay of B.A Final year. Mr. Raghu was then invited to take over the dais. The speaker started by projecting a video to the students and later asked them to define the video in one word , which students answered with alacrity.

The speaker shared his life experiences and how he overcame his tougher emotional battles. He urged students to fight for what they want in life and moved on to discuss the reason behind the establishment of the NGO , which was purely dedicated to provide the commoners to facilitate opportunities.

The speaker invited the students to utilize the platform and motivate others. The seminar ended successfully with a demonstration of Gratitude.

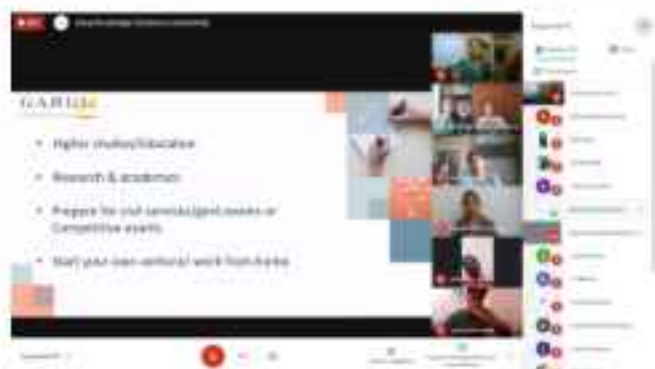

The students of BA were enthusiastic on finding out what career options are available to them. Gargi Knowledge Solutions headed by Dr. Swati A. and Dr. Neha A. The speakers have proficiency in the fields of Psychology and Public Administration. They presented a power point presentation which included all the various fields that can be sought by students.

Through the session they helped students identify the diverse fields they can apply for ranging from course related jobs to government jobs. They also clarified the myths related to government jobs and encouraged students to apply to government organizations. They also provided information regarding research and how the students can apply for a research position also.

The session allowed them to understand the multiple options or choices that they can choose from with respect to jobs. Their queries also were answered promptly.

I am assured that the students gained a lot from this session, especially how to address their issues of which job to apply for or whether to pursue higher studies. Gargi Knowledge solutions was of immense help to the students in helping them identify their area of interest.

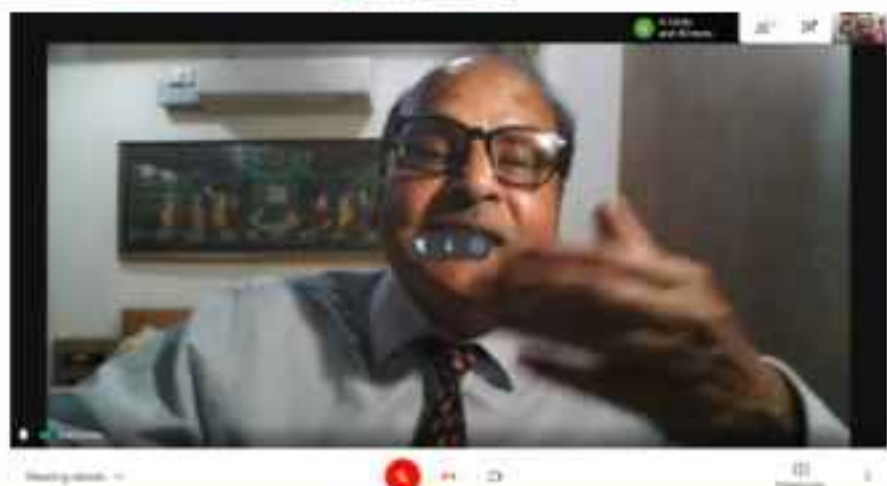

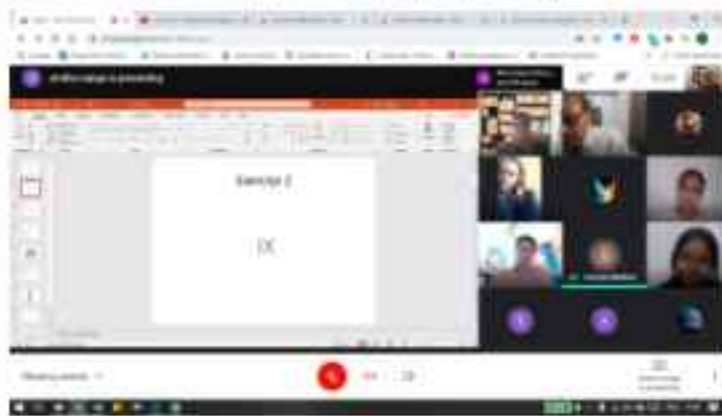

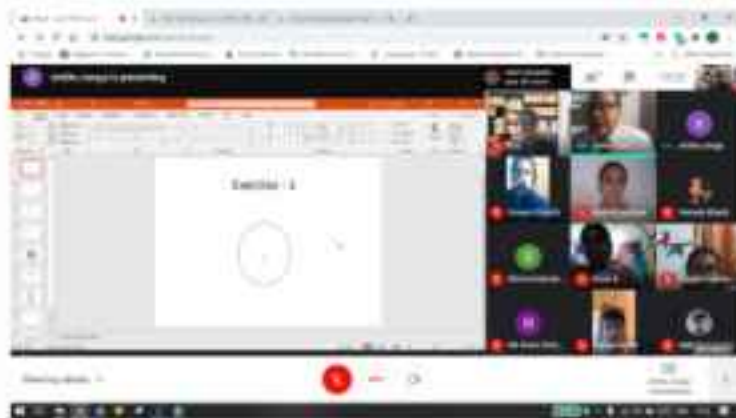

Department of Psychology of Little Flower Degree College, conducted a webinar on CREATIVE THINKING on 24TH February, 2021. The session was conducted for students through google meet, on the online platform at 3 pm.

The guests for the session was Prof Anil K Saxena a former employee of Sardar Vallabhbhai Patel National Police Academy, Hyderabad. Prof Anil has immense experience in understanding the pulse of his students. He touched the right nerve in introducing the topic what is creativity and creative thinking. He made the students perform activities to understand the process of creativity. As students of psychology they were able to relate to it not only as a fun activity but also in understanding the process behind it.

Professor Anil also introduced the concept of mind mapping to help students prepare better not only for their immediate exams but for their future endeavours.

The vote of thanks was given by Ms Vasavi, from Department of Psychology.

The program was conducted with teachers keeping in mind that the adolescent stage in human life is complex and challenging. It aimed at aiding the teachers with information so that they can understand the student's behaviour to a certain extent.

The session for day 1: 7th December, 2020, started at 2pm via google meet and the first speaker was Ms. Mechasvy a counselling psychologist and a former employee of SIAS. She spoke on "Understanding Adolescence and its Challenges." An introductory session to understand the bio-physical make up of adolescents.

The session for day 2: 8th December, 2020, started at 2pm via google meet and the speaker was Dr. AAnupama, BOS Dept. of Psychology, OU. The speaker conducted a session on the emotional and social issues faced by adolescents.

The session for day 3: 9th December, 2020, started at 2pm via google meet and the speaker was Dr. P Swati, HoD Dept. of Psychology, OU. The speaker conducted a session on counselling techniques for intervention when teachers identify an issue with the student.

All the three sessions provided a refresher to the teachers on what is adolescence and the various issues faced by them. The final session addressed questions on what to do if the student is feeling withdrawn from class, how to counsel them efficiently.

I am confident that the faculty gained a lot from this session, especially how to address their issues of adolescents.

National Webinar - Dimensions of Racism (Literary Voices)

A National webinar was conducted by the Department of Modern language and Political Science on 2nd July 2020 at 2.00pm. The second session was taken by Dr. Archana Murthy, Asst Prof & HoD, English PG, DBPM Degree and PG College for Women, Secunderabad, and she defined racism taking many examples from the history of literature and spoke about postcolonial Feminism, Subconscious Racism. She listed some works on Racism from Literature: like the 'Water Pot' poem by Grace Nichols, 'The Bluest Eyes' (1970) by Toni Morrison, 'The color of purple' (1982) by Alice Walker and 'Telephone Conversation' by Wole Soyinka. This webinar was organized to create awareness on the intolerance existing in our society. And to explain how it is a threat to global security, as well develop appreciation for diversity

International Webinar - International Day of Peace

An International webinar on the International day of peace was organized on 21st September 2020 through Google Meet at 6.30 pm. The UN theme of this year was "Shaping Peace Together". This webinar was conducted to engage everyone with people around the world to celebrate the international Day of Peace by spreading compassion, kindness and hope in the face of COVID-19 pandemic

In the first session Prof. K.S. Sunita, Dept. of English (Rtd) OU, explained how we can battle against this dreadful COVID-19 in a peaceful way and she gave advised on how to develop our immune system in this Pandemic to stay safe.

And in the second session, Dr. Thomas Jenkins Sr. Bishop, New Dimensions Ministries, Accountant & Chief Financial Officer. He shared his own experiences in Mississippi in the year 1960 where members of his family were killed because of dark skin. He said that never respond to violence with violence but with peace and compassion. He encouraged the audience always to take the path of peace. The students presented posters and PPTs on how to spread peace.

Webinar - Gender Stereotypes in Literature

A webinar was organized on "Gender Stereotypes in Literature" on April 7, 2021 at 2:30pm for all the students of all disciplines. Resource Person of the day was Dr. Parimala Kulkarni, Asst. Prof, Department of English, P.G. College, OU, Secunderabad. She explained in detail how gender role differ based on cultures and how gender expectations create differences and trouble. She gave more insight on "stereotype", its definition, and types. Gender Stereotyping is an unconscious bias most of the time and it greatly affects self-perception. Media and Marketing are great examples showing Gender Stereotyping. She gave examples of characters and writers from literature such Elizabeth Bennet, Jane Eyre, Emma Bovary, and Akhila, Robert Browning's My Last Duchess, Elizabeth Barrett Browning.

Two-day Webinar - Revisiting the Postcolonial Empire

The department of Modern Language (English) of Little Flower Degree College, Uppal Hyderabad in collaboration with the PG department of Sonapur college, Sonapur, Assam, organized a two day webinar on the topic "Revisiting the Postcolonial Empire" on 9th and 10th April 2021 at 2PM using the online platform Google Meet. The guest speaker, Dr. C. Sharada, Asst Prof, HoD English, P.G. College, Secunderabad. Defining the Imperialism as "how the British exercised their power on the other countries" Dr. Sharada explained the status of India before the arrival of the British and the foundation of British Empire was laid by exploration, expansion and exploitation. On the other hand, the speaker also explained about the transformation that was brought into some of the practices in Indian culture such as Sati and child marriages. The spirit of nationalism that empowered and brought many Indians to fight for their own freedom. On the second day, the Speaker elaborated the three main aspects of Orientalism, the first is the image of East created by the west (a binary concept) which is whatever Europeans stood for the oriental stood for its exact opposite. The Second aspect is the power comes from military conquest, which leads to academic discipline. And the Third aspect is the corporate institutions, the westerners established schools, universities, legislature all over the world which put their ideologies forward and gave us the biased information. She also said that, one way to overcome this is by 'contrapuntal reading' that means we should look at a piece of writing from different point of views.

Webinar – International English Language Day

On 'International English language day', a webinar was conducted via G Meet on April 23, 2021 at 10.30am to raise awareness about the history, culture and development of the English Language and the need to master it. The resource person of the day was Mrs. Sadhana, Vice Principal of Little Flower Junior College. She explained in brief the history of English language and Shakespeare's contribution to the language, speaking from some of his major works. She advised that English must be studied from a young age so that there is a noticeable benefit for cognitive development such as creativity, problem-solving, and reasoning. She encouraged everyone to love to learn English and read its rich literature and add a new dimension to our lives making it truly rewarding and satisfactory.

Quiz – English Literature

Department of Modern Language conducted "Quizzee Buzz", a quiz in English Literature to the students of BA I, II and III on 29 December 2020. It was an online quiz through Google Forms. The form had a time limit of 10 minutes. Questions were from various areas of literature. From literary devices to titles of texts, from character names to years published and themes of texts. Students participated enthusiastically and E-certificates were given to students who scored 75% and above.

Intra literary competitions

As part of Intra College Competitions in Little Flower Degree College, every department conducts competitions to all the students in the college. The Department of Modern Language conducted "PPT Presentation of their Favourite Author". The competition was conducted between 4 to 7 July 2021. Students of various disciplines participated enthusiastically in the competition and gave their views about their favourite authors through PPTs.

Students presented PPTs about Stephen King, J K Rowling, Robin Sharma, R K Narayan, Ruskin Bond and many more great authors who write in various genres. Their PPTS consisted of details about the personal life of the author, what made them a writer, who inspired them and their list of works.

Out of 13 students who participated in the competition, 3 students stood in first 3 positions and were awarded prizes- M. Visakha of BA II stood 1st, V. Sarah Jasper of BA I(Pol Sci) stood 2nd and Sushmitha Srivastava of BA I(Psy) stood 3rd.

Intercollegiate Competitions - English Language Day

Inter-Collegiate Competitions were organized on the occasion of English Language Day in LFDC on 19th to 22nd of April, 2021 at 2:00pm via Google Meet. Quiz on literature and Cos-play competitions were organized to enhance skills in language and literature. Students from various institutions from all over India participated and exhibited their skills confidently.

Festa Lettararis - Inter-collegiate Competitions

Department of Modern Language organized a PPT Presentation Competition on "Review of Book/Novel Adaptation". Students of various disciplines from various colleges of India participated very actively. There are amazing adaptations of texts into movies and series in different languages. Participants chose beautiful and popular films that were adapted from various texts. Students picked some iconic Films like Haider (Adaptation of Hamlet by William Shakespeare), Titanic, Life of Pi and

many more. All the participants were given participation certificates and the four winners received cash prizes. Anne Joseph of Mercy College, Palakkad, Kerala won 1st prize, 2nd prize by Nikita Biswas of Stella Maris College, Chennai, Tamil Nadu and 3rd position by B. Neeraja of Little Flower Degree College, Hyderabad, Telangana.

OUCIP – Paper Reading Contest

Research is formalized curiosity. It is poking and prying with a purpose. Osmania University Centre for International Programme organized an online 'Paper Reading Contest' on 5 August 2021. It was a platform created by OUCIP for young students to research and present papers on their understanding on the topic of 'Digital learning and Pedagogical Implications in the Covid-19 Times'. Not only is it an important topic in the current situation but also a concept to ponder e (1000-2000 words) 1 August 2021 by the shortlisted participants after submitting abstracts. The presentation contest was conducted online on 5th August, chaired by the jury members Dr. B. Vijaya and Dr. K.W. Christopher from Dept of English, Arts College, OU.

Sushmitha Srivatsava from I BA Psychology, presented a paper with the title 'A New Way of Learning', explaining how the disruptions caused by the pandemic in our education system created a new way forward in teaching and learning through innovation.

It was aired live on YouTube for people to retrospect as well as understand the potential of the prospective spokespersons. The most captivating part about this contest was the participation from all over India. The presence of post graduate students widened the range and gave more exposure to their skills.

Webinar - Emotional Intelligence:

The department of English organized a webinar on Emotional Intelligence: "Academic and Professional Success." To identify, understand and analyze their emotions in a positive & constructive way. Learn to withstand emotionally & logically high. The speaker of the day was Ms. Anne Samyuktha, Asst. Professor, Department of Psychology, and OU. The speaker started her session by giving few ground rules like: Have open mind set (Learn, unlearn & relearn), be engaged, be mindful, Participate actively and Share constructive feedback.

Speaker said if one wants to be successful in academic and professional life then one must focus on array of emotional, personal and social ability and skills that influence one's overall ability to succeed in coping with environmental demands and pressures. The speaker focused on how to be a balanced person when one win/lose in academics or professional life.

Students were able to effectively learn, sensitize & empathize with people and situations can effectively overcome life's challenges. Understand and manage their emotions in an effective and positive way which in turn helps them to communicate better. They learn to reduce their anxiety, stress and diffuse conflicts.

FDP – Communicative English:

The department of English organized Faculty Development Program on Communicative English for LFDC Faculty from 19-21 November, 2020. The objective of the FDP was to Develop Communicative Competence, Linguistic Skills in Personal and Professional Settings. The resource persons were faculty of English Department of LFDC. Ms. Aishwarya dealt with Pronunciations and Usage of Articles in daily interaction. Ms. Himabindu dealt with topic - Distinguish between Formal and Informal Sentences & Correction of Sentences. Ms. Rubina dealt with topic - "Listening skills – Audio." Mr. Jaya Sheelan dealt on the topic "Indirect Speech". Lecturers developed and learn to integrate the use of LSRW Skills in their teaching.

Culture and English language pedagogy:

The Webinar on Culture and English language pedagogy was organized by the Department of English on the 4th day of National FDP on Languages Pedagogy: Issues and Challenges on 25th March, 2021. The speaker of the day was Dr. Satish Kumar Nainala, Asst. Professor, Department of English, School of Humanities and Social Sciences, GITAM UNIVERSITY – Hyderabad Campus.

The Speaker started his session with a question i.e. how culture plays a role in English language pedagogy? The speaker briefed about communication. Communication comprises not only exchange of information but also expressing ideas, emotions and feelings. It can be any modality either verbal or non-verbal communication. Communication is contextual, physical, social and interpersonal. He said some words in language don't have meanings they adjust and interpreted. Communication is a shared meaning system. Language is not static but dynamic in nature.

The speaker elaboratively lectured on relation between language and communication; language and culture. He said communication facilitates as well as transforms us accordingly. The speaker opined that a predominant question is arising in teachers across spectrum that, "Am I learning/teaching English Culture too?" He spoke about how English teaching methodology was introduced. Why it is called a world language?

The speaker mentioned about the text books and how they are designed with the cultural influence. Text books are sanctioned knowledge by a powerful body. Everything is included in the text book whether we are aware or not aware. The speaker touched upon the points relating to gender, race, culture, religion specific points mentioned in the text books. He stressed on the "topics" for assessing and testing a student is very important. He said any assessment should reflect local culture and local culture facilitates secular ethos of India.

तेवरी संगीत समारोह संपन्न

18 जनवरी 2021, तेवरी काव्योद्योग की 40वीं वर्षगांठ पर 'साहित्य मंथन' और 'लिटिल जगत'र डिजी कर्नल' के तत्त्वधान में 'संगीत साधना' द्वारा ऑनलाइन 'तेवरी संगीत समारोह' संपन्न हुआ। अवसर पर अरबा मीन विश्वविद्यालय, इचिचोचिया, जर्जिया के प्रोफेसर डॉ. रोषाल शर्मा ने अपने अध्यक्षीय व्याख्यान में तेवरी काव्योद्योग के प्रवर्तक कवि देवराज और कृषादेव शर्मा की चर्चा करते हुए कहा कि तेवरी जगत की पहचान रचना है। यह न तो प्रयोगशील कविता है और न प्रयोगवाद की हिमायती है। यह प्रयोगवादी है। जिस कालखंड में प्रतिभावादी लोग अपनी रोजी-रोटी की तलाश में लगे हुए थे, उस समय किसानों, मजदूरों और शोषितों की आवाज बल्लभ राह दिखाने के लिए तहलार के रूप में खड़ी रही है तेवरी। तेवरी ने अपने रचना वैशेष्य के कारण घालीस वर्षों से हिंदी साहित्य में अपना स्थान बनाए रखा है। तेवरी मुक्तिवादी और ज्वरी की लगी का मिश्रण है। जो कार्य ज्वरी ने अपनी लकड़ियां हाक लिए और मुक्तिवादी ने विपद फलकवाले बिस्वी व फलीकों के भ्रष्टाचम से किया था, वैसा ही कार्य सन् 1980 के दशक से अब तक तेवरी करती आ रही है। लोकतंत्र की पकड़ यह कविता आगे भी यह कार्य करती रहेगी।

महाराजा राजकीर्ण विश्वविद्यालय, बड़ोदा की उमिस्वेट प्रोफेसर डॉ. उर्मिला सुन्दा ने 'तेवरी संगीत समारोह' का उद्घाटन करते हुए तेवरी काव्योद्योग की जनपक्षधरता को रेखांकित किया और मूकभेद शर्मा के 'तेवरी कल्पना 'धूप में कविता बिखी है' की तेवरियों पर अपने विचार व्यक्त किए। उन्होंने कहा कि तेवरी जनता के द्वारा, जनता की, और जनता के लिए लिखी गई कविता है। इन तेवरियों के लिए व पार्थक साधरणाता में ही आसाधरणाता लिए हुए हैं। तेवरी अपने तेवर के अनुरुप स्वता का दम भरते वास्तु के विपक्ष में जनता का पक्ष लेकर खड़ी रहता है। इसके अलावे में सामाजिक विद्रुपताओं और शीला में आम आदमी की पीड़ को व्यक्त के करने के अनेक औजार सम्मिलित हैं।

अवसर पर 'संगीत साधना' संगीत विद्यालय की संचालक व शिक्षक शुभा मोहान्ती द्वारा संगीतमय की गई तेवरियार कृषादेव शर्मा की 8 तेवरियों को विद्यालय के गायक कलाकरों ने प्रस्तुत किया। 'राम लहड़ी' में 'कण्ठी मीन की निंबोरी, सचन अओ न अद्यो दे'; 'राम बूढावन सांग' में 'मंगे होकर जूते वेगे, लुती पर ईश्वर का नाम'; 'राम हरबरी' में 'गीत है और सभी उनको सुनाने के लिए'; 'राम मल्लार' में 'कुठ सुनकी आज तो काले तितारी की'; 'राम शेरों' में 'छंद छंद गीत का जान हो गया'; 'जिब राम में माना कि भासवर्म यह समय की जान है'; 'राम यमना' में 'पीठ का कशीन उनके हो गया मृत शहर'; और शुभा मोहान्ती ने 'राम वेदार' में 'बोला ज्यो तो बोल की मुझको तजा मिनी तेवरी प्रस्तुत की।

अवसर पर देवराबाद के गवर्नर मज्जकार जगजीवननाथ अस्थाना 'राह' और बीबी एकेडमी के कोरिपॉजिट मुरली मनोहर ने अपनी उपस्थिति दर्जे की और शुभलाभनाएँ व्यक्त की। ऑनलाइन आयोजित तेवरी संगीत समारोह का शुभारंभ डॉ. गौरव मोहान्ती वैज्ञानिक डॉ. दी.आर.दीपन, दजरा दीप प्रबलवल और शुभा मोहान्ती द्वारा बरतवती बंधना से हुआ। धन्यवाद गान के दौरान कवि मूकभेद शर्मा ने अपने हाथी तेवरीकारों को याद किया और आशीर्वाज में उनके योगदान को रेखांकित किया। समारोह का संचालन लिटिल जगत र 'डिजी कर्नल' की हिंदी विद्यालयका शीला साठानी ने किया।

‘हिंदी दिवस समारोह’ में अतिथि व्याख्यान

दिनांक 14 सितंबर को लिटिल फ्लॉवर स्कूल, उप्पल, हैदराबाद द्वारा आयोजित ऑन लाइन ‘हिंदी दिवस समारोह’ में लिटिल फ्लॉवर डिग्री कॉलेज, उप्पल, हैदराबाद में हिंदी प्राध्यापक के पद पर कार्यरत श्रीमती शीला बालाजी अतिथि वक्ता रहीं। समारोह की अध्यक्षता स्कूल के प्रधानाचार्य ब्रदर हृदय कुमार रेड्डी ने की। समारोह का शुभारंभ प्रार्थना से हुआ। ब्रदर हृदय कुमार रेड्डी ने हिंदी भाषा के महत्त्व को रेखांकित करते हुए कहा कि भारत में लगभग 70 से 80 प्रतिशत लोग हिंदी बोलते-समझते-लिखते हैं। यह भारत की संपर्क भाषा है। भारत की पहचान है।

ऑनलाइन आयोजित समारोह में छात्रों और अध्यापकों को संबोधित करते हुए हिंदी भाषा का महत्त्व विषय पर अपने विचार व्यक्त किए। अपने संशोधन में उन्होंने कहा कि हिंदी भारत की राजभाषा है। संविधान के अनुच्छेद 343 में यह दर्ज है कि संघ की राजभाषा देवनागरी लिपि में लिखी हिंदी होगी और पशासकीय प्रयोजन के लिए भारतीय अंकों के अंतरराष्ट्रीय रूप का उपयोग किया जाएगा। उन्होंने अपने हिंदी से संबद्ध राष्ट्रभाषा, राजभाषा और संपर्क भाषा की उदाहरण सहित व्याख्या की। उन्होंने हिंदी को राजभाषा रूप से चयन के संबंध में गांधी जी के पाप बिंदुओं पर भी चर्चा की। उन्होंने देवनागरी लिपि की वैज्ञानिकता पर भी अपने विचार व्यक्त किए। अवसर पर समारोह की संचालक प्रतिभा उपाध्याय, हिंदी विभागाध्यक्ष ने भी विषय पर अपने विचार व्यक्त किए और धन्यवाद ज्ञापित किया।

पाँच दिवसीय अध्यापक विकास कार्यक्रम का आयोजन संपन्न

दिनांक 22 से 28 मार्च 2021 तक लिटिल फ्लावर डिग्री कॉलेज के भाषा विभाग द्वारा पाँच दिवसीय अध्यापक विकास कार्यक्रम का आयोजन किया गया। कार्यक्रम के अवसर पर हिंदी विभाग द्वारा 26 मार्च 2021 को "तकनीकी के माध्यम से भाषा का प्रसार" विषय पर प्रशिक्षण का आयोजन किया गया। दि. 26 मार्च 2021 को कार्यक्रम के मुख्य वक्ता श्री प्रवीण प्रणव, निदेशक, प्रोग्रामिंग विकास, माइक्रोसॉफ्ट ने अपने व्याख्यान के दौरान भाषा अध्यापन में तकनीकी के प्रयोग की विविध प्रविधियाँ बताईं और प्रतिभागियों से उनका अभ्यास भी कराया। कार्यक्रम का संचालन हिंदी विभागाध्यक्ष श्रीमती शीला बालाजी ने किया।

काव्य लहरी प्रतियोगिता में छात्रों द्वारा प्रतिभाग

दि.27.02.2021 दक्षिण भारत हिंदी प्रचार सभा, हैदराबाद द्वारा हिंदी अकादमी, हैदराबाद के संयुक्त तत्वावधान में "काव्य लहरी" कविता वाचन प्रतियोगिता का आयोजन किया गया। इस प्रतियोगिता में लिटिल फ्लावर डिग्री कॉलेज, उप्पल, हैदराबाद की छात्रा - सुश्री जुलियाना, बीबीए प्रथम वर्ष, सुश्री मौनिका, बीए प्रथम वर्ष और सुश्री धियानाबू, बीए प्रथम वर्ष ने अपनी स्वरचित कविता का वाचन किया।

कार्यक्रम की अध्यक्षता द.आ.हि.प्र.सभा आंध्र एवं तेलंगाना के सचिव एवं संपर्क अधिकारी श्री के सेल्वरजन ने की। वरिष्ठ नवगीतकार एवं पूर्व अपर मंडलायुक्त, वाराणसी श्री ओम धीरज मुख्य अतिथि रहे।

मातृभाषा दिवस का आयोजन

विटिल फ्लॉवर डिग्री कॉलेज, उप्पल, हैदराबाद के भाषा विभाग द्वारा दि. 21 फरवरी को अंतरराष्ट्रीय मातृभाषा दिवस के उपलक्ष्य में दि. 15 से 22 फरवरी 2020 तक 'मातृभाषा सप्ताह समारोह' आयोजित किया गया। कॉलेज में गाड़ जाने वाले दैनिक प्रार्थन इस अवसर पर प्रतिदिन विभिन्न भाषाओं में संस्कृत, हिंदी, तेलुगु, तमिल, गुजराती, उर्दू, फ्रेंच में गाड़ गयीं। 22 फरवरी 2020 को छात्रों द्वारा भारत के विभिन्न राज्यों के पारंपरिक परिधानों का प्रदर्शन किया। इसके अलावा राज्यों के लोक नृत्य भी प्रस्तुत किए गए।

इस अवसर पर संस्कृत, हिंदी, तेलुगु, मध्य भाषाओं के प्राध्यापकों ने मातृभाषा के महत्व पर अपने विचार व्यक्त किए। कॉलेज के प्रधानाचार्य ब्रदर विन्सेंट रेड्डी और उप प्रधानाचार्य श्रीमती जयंती रेड्डी ने छात्रों को संबोधित किया।

राष्ट्रीय शिक्षा नीति 2020 के आलोक में हिंदी की विकास यात्रा एक दिवसीय व्याख्यान माला में प्रतिभाग

दि. 16 मार्च 2021 को केंद्रीय हिंदी निदेशालय, शिक्षा मंत्रालय, नई दिल्ली और दक्षिण भारत हिंदी प्रचार सभा, हैदराबाद के संयुक्त तत्वावधान में आषा पत्रिका द्वारा राष्ट्रीय शिक्षा नीति-2020 के आलोक में हिंदी की विकास यात्रा पर एक दिवसीय व्याख्यानमाला का आयोजन सम्पन्न हुआ। कार्यक्रम के अध्यक्ष केंद्रीय हिंदी निदेशालय, शिक्षा मंत्रालय, नई दिल्ली तथा श्री लाल बहादुर शास्त्री राष्ट्रीय संस्कृत विश्वविद्यालय के कुलपति प्रो. रमेश कुमार पांडेय ने उपस्थित भाषा प्रेमियों को संबोधित करते हुए कहा कि नई शिक्षा नीति भारतीय संस्कृति को विद्यार्थियों में विकसित करने में सहायक होगी। यह भारतीय होने की भावना का एहसास कराने के साथ ही विद्यार्थियों को कौशल आधारित शिक्षा प्रदान कर आत्मनिर्भर बनाएगी। कार्यक्रम के मुख्य अतिथि प्रसिद्ध साहित्यकार और आरतविद्या के क्षेत्र में उल्लेखनीय योगदान देने वाले श्री. योगेश नाथ शर्मा अरुण (रुद्रनी) ने कहा कि नई शिक्षा नीति भारतीयों के आत्मविकास का माध्यम होगी। इससे विद्यार्थियों में सदाचार, सदाचार के गुण विकसित हो सकेंगे। निदेशालय के उप निदेशक व भाषा पत्रिका के संपादक डॉ. रावेश कुमार शर्मा ने कहा कि नई शिक्षा नीति देश में छिपी कला, संस्कृति को नभ्य प्रदान करेगी। व्याख्यानमाला में लिरिल फ्लावर डिवी कॉलेज, उप्पल, हैदराबाद की हिंदी विभागाध्यया बीमती शोभा बाजाजी ने अपनी उपस्थिति दर्ज की।

"चरित्र निर्माण में शिक्षक की भूमिका" विषय पर राष्ट्रीय वेबिनार

दि. 05 सितंबर 2020 को लिटिल फ्लायर डिग्री कॉलेज, अमर, हैदराबाद में शिक्षक दिवस के उपलक्ष्य में "चरित्र निर्माण में शिक्षक की भूमिका" विषय पर राष्ट्रीय वेबिनार का आयोजन किया गया। वेबिनार में व्याख्यान देते हुए मुख्य वक्ता के रूप में आमंत्रित प्रिंस इंटरनेशनल स्कूल की हिंदी विभागाध्यक्षा डॉ. मंजु शर्मा ने छात्रों के चरित्र निर्माण में शिक्षक की भूमिका के संबंध में कहा कि "अध्यापक का कार्य केवल पाठ पढ़ाने तक ही सीमित नहीं होता है, बल्कि : छात्रों को नैतिक शिक्षा देना भी अध्यापक का कर्तव्य है। शिक्षक और छात्र के बीच विश्वास का संबंध होना चाहिए। इसके लिए शिक्षक अपने पद पर अहम् त्याग कर छात्रों से अचानक की आंखों का जगाए। छात्रों के स्तर पर उतरकर उनसे मैत्री बनाए। छात्रों में पर्यावरण संरक्षण करने, कर्म के प्रति निष्ठावान बनने, राष्ट्र के प्रति समर्पित होने और संस्कृति के प्रति सचेत होने का विवेक विकसित करने से शायद शिक्षक की महति भूमिका होती है।" उन्होंने आगे कहा कि "छात्रों से नैतिकता का विकास करने के लिए शिक्षक को भी अपने आचरण पर ध्यान देने की अत्यंत आवश्यकता है। शिक्षक के आचरण को छात्र देखते रहते हैं। उनसे प्रभावित होते हैं। उनके पदचिह्नों पर चलने का प्रयास करते हैं। छात्रों का मूल कर्चों सिद्धी की तरह होता है। शिक्षक उन्हें जिस रास्ते वाले उस रास्ते में ढाल सकता है।" अमर पर कॉलेज के प्रधानाचार्य डक्टर विन्सेंट रेड्डी और उप प्रधानाचार्य जंचती रेड्डी ने उपस्थिति दर्ज की।

वेबिनार में देश के विभिन्न प्रांतों से हिंदी अध्यापक, हिंदी कर्मी और छात्रों ने आम लिया। कार्यक्रम का संचालन कॉलेज की हिंदी विभागाध्यक्षा शीला बालाजी ने किया। कॉलेज की छात्रा क्वॉलि ने वेबिनार के आरंभ में गुरु वंदना प्रस्तुत की, आशा ने मुख्य वक्ता डॉ. मंजु शर्मा का परिचय प्रस्तुत किया और महेश्वर ने वेबिनार में उपस्थित जनों का स्वागत करते हुए शिक्षक दिवस पर अपने विचार व्यक्त किए।

Guru Purnima

Guru Purnima is a festival celebrated as a mark of respect towards gurus. Guru Purnima Showcases the high status of gurus in Indian culture. It is celebrated by giving respect to the spiritual masters and academic gurus. The word guru is a combination of two Sanskrit words, where "Gu" means darkness and "Ru" means someone who removes darkness.

The Department of Sanskrit has forwarded its helping hand to the students to celebrate virtual Gurupournima on 05.07.2020. This day (Aashada Shudha Pournima) is also celebrated as Vyasa pournima, marked as the birth day of Vedavyasa.

Students of LFDC invited all the lecturers of the institution virtually in Zoom meeting at 3.00 PM and conducted programs like poetry recitation along with PPT presentation, Singing, dancing and also virtual games for lecturers. All lecturers participate joyfully in the program and made it a memorable day.

UPPAL, HYDERABAD.

KUDOS TO THE ENLIGHTENERS

ప్రముఖ ప్రజాకవి శ్రీ కాళోజీ నారాయణరావు జయంతిని తెలంగాణగా భాషాదినోత్సవం జరుపుకుంటాము. రిటరన్ షిఫ్ట్ ద్వారా కళాకాలలో తెలుగు కావ్య అధ్యయనం లో తెలంగాణ భాషాదినోత్సవం కోసం అంతర్జాల వేదికగా జాతీయ సదస్సును ఏర్పాటు చేశారు. ఈ సదస్సుకు నిర్వహణ మార్గదర్శిగా ప్రముఖ కవి, సంపాదకులు, సాహిత్య పరిశోధకులు శ్రీ డా.పి.బాస్కర యోగి గారు విన్నపించారు.

ఈ సదస్సును కుమారి శ్రీప్రియ ప్రార్థనా గీతం లో ప్రారంభించి ,తెలుగు అధ్యాపకురాలు శ్రీమతి నీలిమ తెలంగాణ భాషాదినోత్సవం గురించి తెలిపి ముఖ్యఅతిథి గురించి చిరుసరదయం చేశారు.

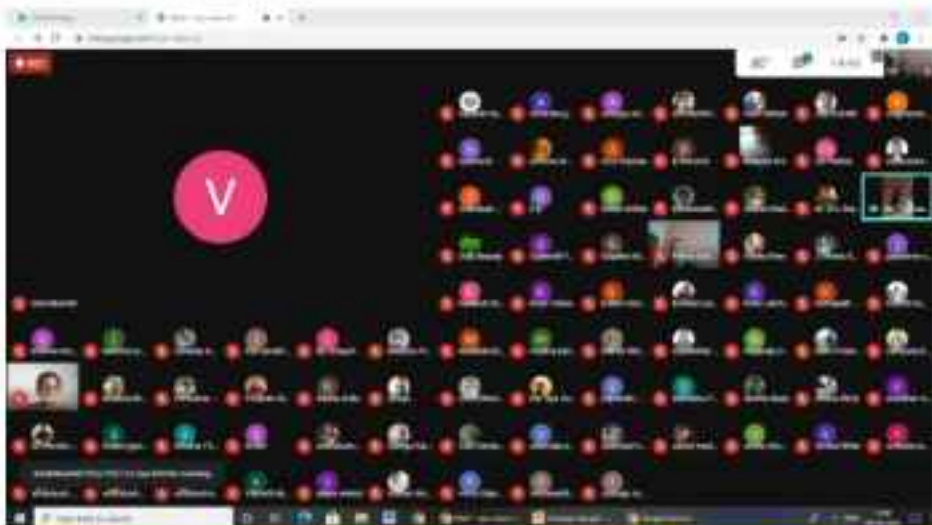

శ్రీ డా.పి.బాస్కర యోగి ప్రసంగంనూ తెలుగు భాష,యాస లో అనురాగం,అప్యాయతి ఉన్నాయని , మాతృ భాషను గౌరవించాలని ,అదరంచాలని,అభిమానించాలని తెలిపారు. అలాగే కాళోజీ తెలంగాణ భాష కు ఎసలేని సువలంబించారని,వారి కృషి మరువలేనిదని ,ఈ రోజు తెలంగాణ భాషకు ఒక స్థానం ,గౌరవం లభించాయంటే కాళోజీ గారి చలువనాని తెలిపారు.

మాతృమూర్తిని, మాతృభాషను, మాతృ దేశాన్ని ఎన్నడూ మరువద్దని, మాతృభాషను,గౌరవించాలని తెలిపారు, అలాగే భారతీయ సంస్కృతి,సంప్రదాయాలను అందరూ అవరించాలని గౌరవించాలని తెలిపారు.

ఈ సదస్సులో కళాకాల ప్రధానాధ్యక్షులు బ్రదర్ విన్సెంట్ రెడ్డి , కవి ప్రధానాధ్యక్షులు శ్రీమతి జయంతి రెడ్డి ఈ వేడుకలలో పాల్గొన్న ప్రతిఒక్కరికీ తెలంగాణ భాషాదినోత్సవ శుభాకాంక్షలు తెలిపారు.మరియు శ్రీ డా.పి.బాస్కర యోగి గారికి ధన్యవాదములు తెలిపారు.

ఈ సదస్సులో వివిధ కళాకాల తెలుగు అధ్యాపకులు,పరిశోధక విద్యార్థులు ,విద్యార్థులు ,తెలుగు భాషాభిమానులు పాల్గొన్నారు. వారందరికీ అభిప్రాయ సేకరణ పత్రాలను పంపిగా వారి ఇ-మెయిల్ కి ఇ-ధృవీకరణ

పత్రాలను అందచేయడం జరిగింది. ఈ సదస్సులో పాల్గొన్న వారందరూ చాలాబాగుందని ప్రశంసించారు. ఇలాంటి సదస్సులు యింకా ఏర్పాటు చేయాలని సూచించారు. తెలుగు అధ్యాపకులు శ్రీమతి నీలిమను అభినందించారు.

దీపావళి పండుగ సందర్భంగా లిటిల్ ప్లవర్ డిగ్రీ కళాశాల , ద్వితీయ భాష విభాగాల ఆధ్వర్యం లో విద్యార్థులను దీపావళి పండుగ ప్రాముఖ్యాన్ని గురించి వారి ఇంట్లలో ఏవిధంగా పండుగను జరుపుకుంటారో వీడియో తీసి పంపమని తెలిపారు .

భారతీయ సంస్కృతి కి వెలుగొందేవి భారతీయ పండుగలు. వాటిలో ఆనందోత్సాహాలతో, కులమతభేదాలు లేకుండా జరుపుకునే పండుగ దీపావళి .విజయానికే ప్రతీకగా దీపావళి పండుగ జరుపుకుంటారు.దీపాల శోభతో ఆనందోత్సాహాలతోఅటాలగేపాలం నూతన వస్త్రాలతో జరుపుకుంటారు .

కుమారి రమ్య వారి ఇంట్లో దీపావళి వేడుకలను ఎలా జరుపుకుంటారో తెలిపి ,అసలు దీపావళి ని మనం ఎందుకు జరుపుకుంటామా తెలుపుతూ వీడియో తీసి పంపింది .

కుమారి శ్రీప్రియ దీపావళి పండుగ ప్రాముఖ్యాన్ని వివరించి ,వారి ఇంట్లో నరక చతుర్దశి ,దీపావళి లక్ష్మీపూజ జరుపుకుంటామని తెలిపి వీడియో తీసి పంపింది

ఈ విధంగా మరికొందరు విద్యార్థులు కూడా దీపావళి పండుగ ప్రాముఖ్యాన్ని గురించి వారి ఇంట్లలో ఏవిధంగా పండుగను జరుపుకుంటారో వీడియో తీసి పంపారు.

లిటిల్ ఫ్లవర్ డిగ్రీ కళాశాల తెలుగు శాఖ ఆధ్వర్యం లో "మా ఉరి సంక్రాంతి సంబరాలు" అని సంక్రాంతి పండుగను గురించి వీడియోలను తీసి పంపమని తెలిపారు .

తెలుగు వారి అతి పెద్ద పండుగ సంక్రాంతి . సంక్రాంతికి రైతులు ధాన్యం ఇంటికి తీసుకువస్తారు.సంక్రాంతి మూడు రోజుల పండుగ ,భోగి, సంక్రాంతి,కనుమ .భోగి రోజున భోగి మంటలు వేస్తారు,చిన్నపిల్లలకి భోగి పండ్లు పోస్తారు . సంక్రాంతి రోజు పొంగలి చేసి భగవంతునికి నైవేద్యం అర్పిస్తారు. కనుమ రోజు రైతులు ఎద్దులను, ఆవులను అలంకరించి పూజలు చేస్తారు.

సంక్రాంతి పండుగ గురించి కొందరు విద్యార్థులు వివిధ గ్రామాలలో , ఊళ్ళలో ఏ విధంగా జరుపుకుంటారో వీడియోలు తీసి పంపారు.

కుమారి శ్రద్ధ భోగి, సంక్రాంతి,కనుమ రోజుల ప్రాముఖ్యాన్ని తెలిపి వారి ఊళ్ళో,ఇంట్లో ఏవిధంగా జరుపుకుంటారో వీడియో లో వివరించింది .

రాజేష్ , హాసినీ, నవ్యా ... మరికొందరు విద్యార్థులు సంక్రాంతి పండుగను

గురించి వీడియోలను తీసి పంపారు .

ఫిబ్రవరి 21 అంతర్జాతీయ మాతృభాషాదినోత్సవం సందర్భముగా లిటిల్ ఫ్లవర్ డిగ్రీ కళాశాలలో ద్వితీయ భాష విభాగం తరపున ఫిబ్రవరి 15నుండి 22 వరకు అంతర్జాతీయ మాతృభాషాదినోత్సవ వారోత్సవాలు జరుపుకున్నాము. తెలుగు,హిందీ, సంస్కృతం,తమిళం,మళయాళం,ఉర్దూ, ఫ్రెంచ్, బాషలలో ప్రార్థనా కార్యక్రమాన్ని నిర్వహించడం జరిగింది.

ఫిబ్రవరి 19న రథసప్తమి పండుగ అని, ఇంటర్ పయిత్ లో భాగంగా రథసప్తమి పండుగ ఎందుకు జరుకుంటారో పండుగ ప్రాశస్త్యాన్ని తెలుగు అధ్యాపకురాలు శ్రీమతి నీలిమ తెలిపారు. సూర్యుడు తన గమనాన్ని మార్చుకొని దక్షిణాయనం నుండి ఉత్తరాయణం లోకి ప్రవేశిస్తాడని, ప్రత్యక్ష దైవం సూర్యభగవానుడు అని తెలిపారు.

మామి శుద్ధసప్తమి రోజున రథసప్తమి పండుగ జరుపుకుంటారు. సూర్యభగవానుడి పుట్టినరోజు ,మన సనాతన ధర్మం సూర్యుడిని శక్తి కేంద్రం గా ,ప్రపంచాన్ని రూపొందించేవానిగా ,జీవనానికి ఆదార భూతుడుగా ,కర్మసాక్షిగా భావించింది.

ఫిబ్రవరి 19న తెలుగు భాషలో అంతర్జాతీయ మాతృభాషాదినోత్సవం గురించి , రథసప్తమి గురించి శ్రీమతి నీలిమ వివరించగా, ప్రార్థన గీతం ను కుమార్ దినప ,ప్రార్థనను కుమార్ చారప్రయ్య, అంతర్జాతీయ వార్తలను,కోవిడ్ నిటవందలను కుమార్ మాధవ్ అన విద్యార్థులచే చేయించడం జరిగింది.

ఫిబ్రవరి 21 అంతర్జాతీయ మాతృభాషాదినోత్సవం సందర్భముగా లిటిల్ ఫ్లవర్ డిగ్రీ కళాశాలలో ద్వితీయ భాష విభాగం తరఫున ఫిబ్రవరి 15నుండి 22 వరకు అంతర్జాతీయ మాతృభాషాదినోత్సవ వారోత్సవాలు జరుపుకున్నాము

ఈ వారోత్సవాలలో భాగంగా 20వ తారీఖున సంప్రదాయ వస్త్రాలంకరణ లో విద్యార్థులందరూ వివిధ రాష్ట్రాల సంప్రదాయ వస్త్రాలలో రావడం జరిగింది. ఆంధ్ర ప్రదేశ్ , తెలంగాణ , తమిళనాడు, కేరళ , గుజరాత్ , పంజాబ్, కాశ్మీర్ మొదలైన రాష్ట్రాల సంప్రదాయ దుస్తులతో విద్యార్థులు వచ్చారు. కళాశాల ప్రధానాచార్యులు బ్రదర్ విన్సెంట్ రెడ్డి , ఉప ప్రధానాచార్యులు శ్రీమతి జయంతి రెడ్డి ఈ వేడుకలలో పాల్గొన్న ప్రతిఒక్కరికి కుబాకాంక్షలు తెలిపి అందరు విద్యార్థులతో ఫోటో లను దిగారు.

విద్యార్థులు తెలుగువారి సంప్రదాయ దుస్తులలో ఎక్కువగా రావడం జరిగింది. కళాశాల ప్రాంగణమంతా రంగురంగు దుస్తులతో కళకళ లాడింది.

ఫిబ్రవరి 21 అంతర్జాతీయ మార్కెటాపొడినేత్సవం సందర్భముగా లిటిల్ ఫ్లవర్ డిగ్రీ కళాశాలలో ద్వితీయ భాష విభాగం తరపున ఫిబ్రవరి 15నుండి 22 వరకు అంతర్జాతీయ మార్కెటాపొడినేత్సవ వారోత్సవాలు జరుపుకున్నాము.

అంతర్జాతీయ మార్కెటాపొడినేత్సవ వారోత్సవాలు ఫిబ్రవరి 22వ తారీఖున ముగిందడం జరిగింది.

ఈ కార్యక్రమాన్ని కళాశాల ప్రధానాచార్యులు బ్రదర్ విన్సెంట్ రెడ్డి , ఉప ప్రధానాచార్యులు శ్రీమతి జయంతి రెడ్డి , ద్వితీయ భాష విభాగాల అధ్యాపకులు క్యోతి ప్రజ్వలనతో ప్రారంభించగా, కుమారి వైష్ణవి ప్రార్థనగీతాన్ని ఆలపించింది.

ఈ రోజున వివిధ రాష్ట్రాల, దేశాల మార్కెటాపొడి లను గురించి విద్యార్థులు వివరించారు. మరియు వివిధ రాష్ట్రాల, దేశాల మార్కెటాపొడి లలో విద్యార్థులు నృత్య ప్రదర్శనలతో, సాంస్కృతిక కార్యక్రమాలతో ఆద్యంతం ఆసక్తిగా సాగింది. కళాశాల ప్రధానాచార్యులు బ్రదర్ విన్సెంట్ రెడ్డి , ఉప ప్రధానాచార్యులు శ్రీమతి జయంతి రెడ్డి సంప్రదాయ వస్త్రాలంకరణ లో విజయం సాధించిన విద్యార్థులకు బహుమతులు ప్రధానం చేసారు.

లిటిల్ ఫలవర్ డిగ్రీ కళాశాల భాషా విభాగాల ఆధ్వర్యం లో అంతర్జాల అధ్యాపక అభివృద్ధి కార్యక్రమం ఏర్పాటు చేయడం జరిగింది. తెలుగు శాఖ ఆధ్వర్యం లో 24 మార్చి నా " మాతృ భాషా ప్రాముఖ్యత" అనే అంశముపై ఈ కార్యక్రమం నిర్వహించాము .

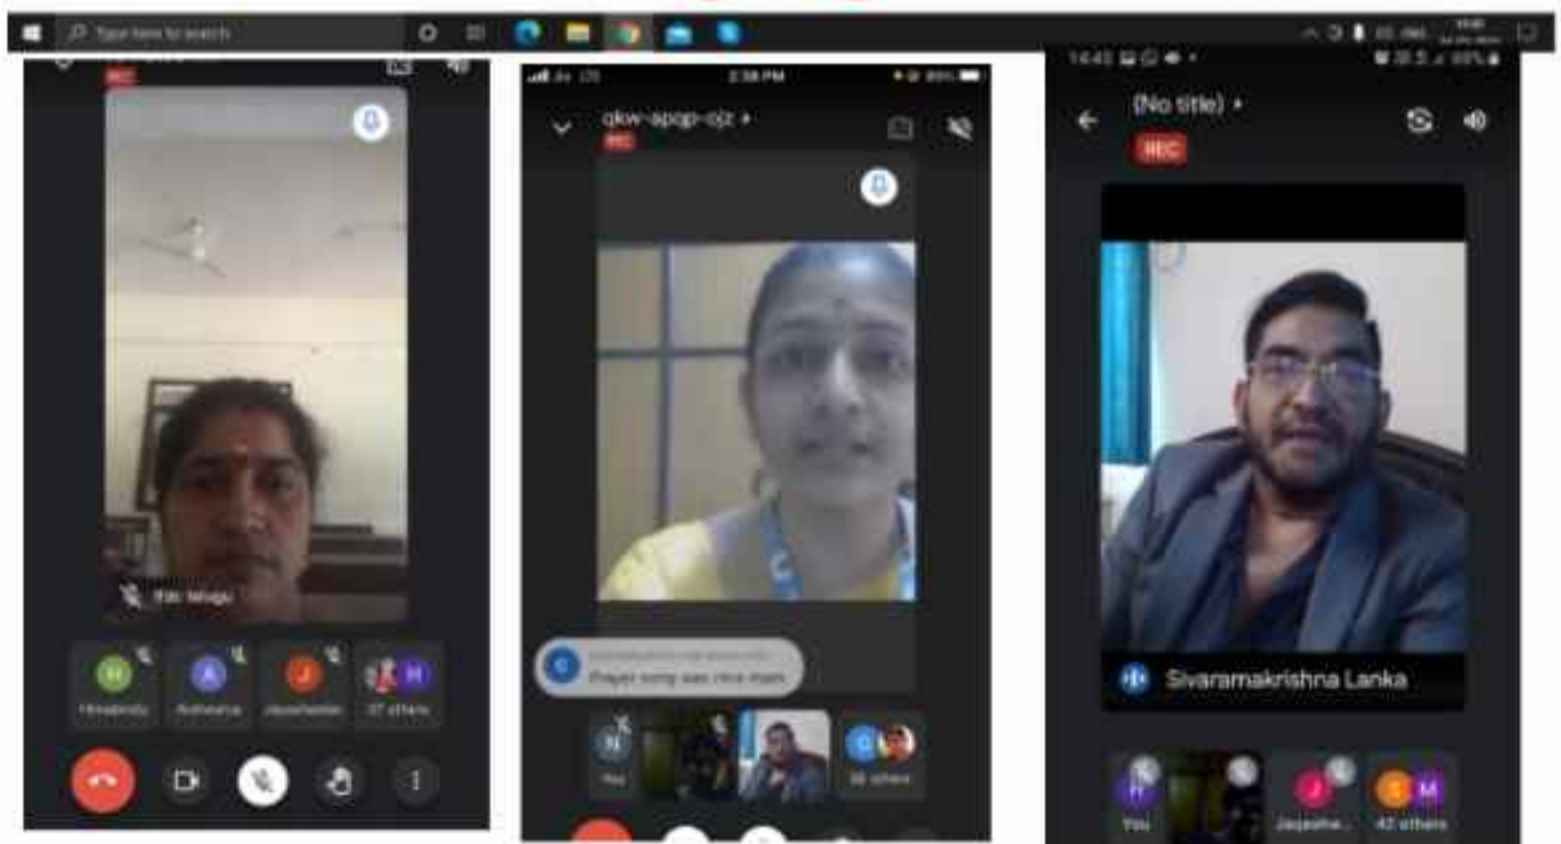

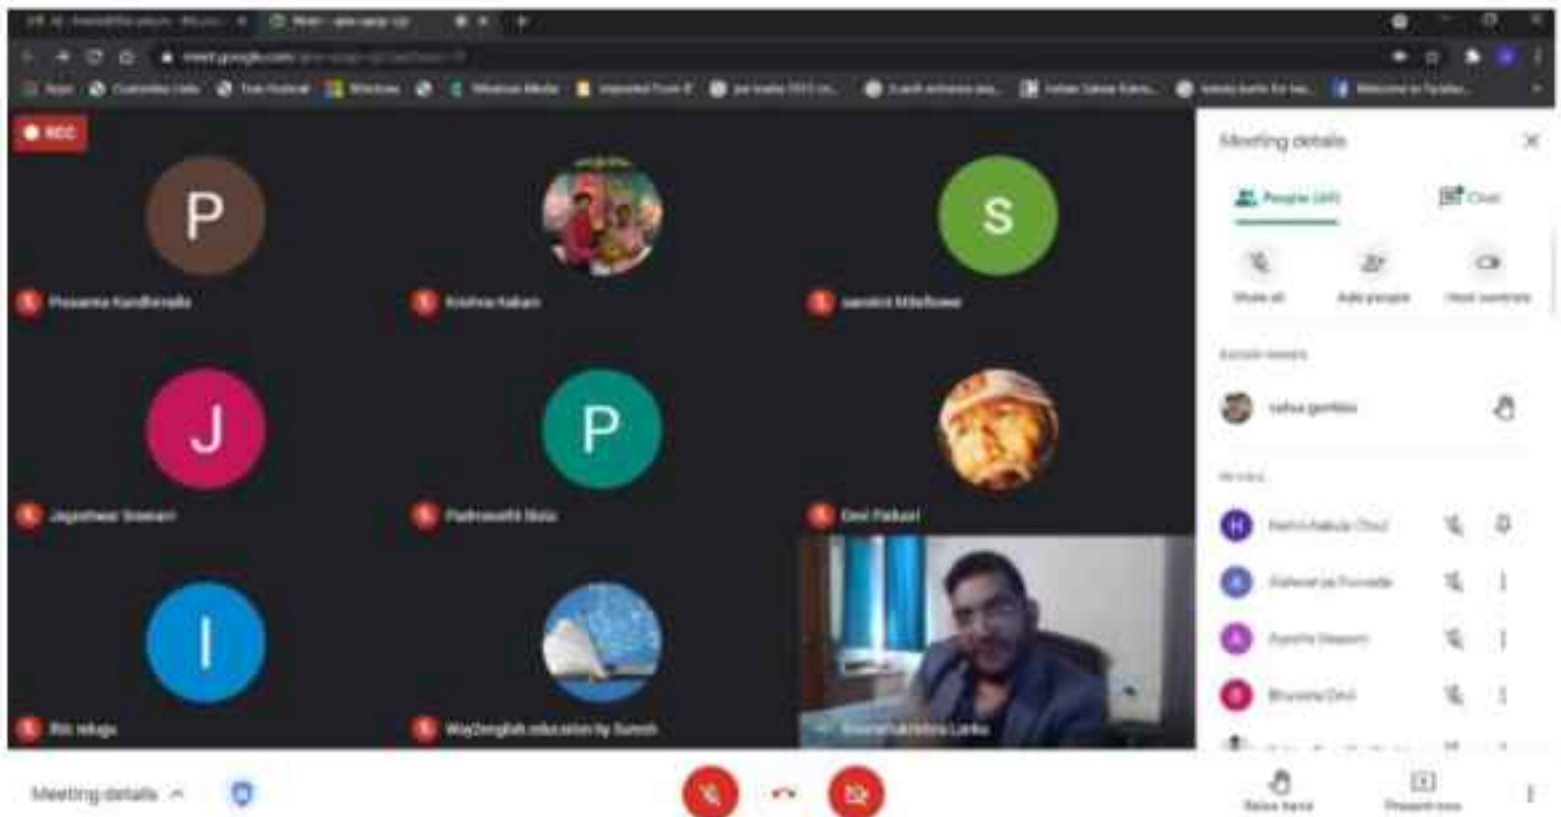

నిర్వహణ మార్గదర్శిగా శ్రీ శివరామ కృష్ణ గారు వ్యవహరించారు. ఇందులో వివిధ కళాశాలలకు చెందిన అధ్యాపకులు పాల్గొన్నారు. శ్రీ శివరామ కృష్ణ గారు ప్రసంగిస్తూ మాతృ భాషలో విద్యాబోధన చేయాలని , విద్యార్థులకు తొందరగా అర్థం చేసుకోగలరని , భాష పట్ల మమకారం ఉంటే ఏదైనా సాధించగలరని తెలిపారు. చిన్నప్పటి నేర్పుకున్న భాషపై ఒక అభిమానం ఏర్పడుతుందని, ఆ అభిమానం వేరే ఏ భాష పై ఏర్పడదు.

వ్యక్తిత్వవికాసం మాతృ భాష ద్వారానే జరుగుతుందని, వ్యక్తి వ్యక్తిత్వం వారి భాష ద్వారా తెలుసుకోవకద్దని , వారి భాషను కపయోగించే తీరు వారి నడవడక ను తెలుపుతుందని, అందరూ భాషను సరిగా వినియోగించాలని తెలిపారు

మాతృ భాషలో అభివృద్ధి వైపుద్యాలను పంపొందించుకుంటామని, ఇతరులలో మన భావాలను పంచుకోవటానికి మాతృ భాష సరైనదని తెలిపారు. మాతృ భాష సంప్రదాయబద్ధంగా నేర్చుకుంటే మన గమ్యాన్ని చేరుకోగలమని, లక్ష్యాన్ని చేరుకోగలమని, ఈ రోజుల్లో అందరూ మాతృ భాషకు తగిన స్థానం , గౌరవం ఇవ్వాలని, భాషను , సంస్కృతిని అందరూ ఆదరించాలని , గౌరవించాలని తెలిపారు. ఇందులో పాల్గొన్న కొందరు వారి సందేశాలను నివృత్తి చేసుకున్నారు. ఈ కార్యక్రమం అందరికీ ఎంతో జ్ఞానాన్ని అందించింది.

NATIONAL WEBINAR-ATTENDED

Attended a National Webinar conducted by DEPT OF POLITICAL SCIENCE on the topic: DIMENSIONS OF RACISM- "A VANTAGE POINT" Racism is best understood as being an expression of a system of oppression which has its roots in a history of power and the subordination of non-white groups. Racism is a system which compliments and operates through the other system of oppression with which it intersects.

ATTENDED-NATIONAL WEBINAR EFFECTIVE USE OF LIBRARY E-RESOURCES

Attended National Webinar on the topic Effective use of Library E-Resources organised by ST.ANNS DEGREE COLLEGE FOR WOMEN, MALLAPUR, HYDERABAD on 13TH AUGUST 2020. Today the availability of e-resources in libraries is very common. The various e-resources databases, importance of online resources, advances in computer application brought radical changes in the way information is gathered, stored, organized, accessed, retrieved and consumed. The important fact is convincing many libraries to move towards digital e-resources, which are found to be less expensive and more useful for easy access. The topic of the day mostly relates to learning objectives, working together, instructions and librarians can develop assignments that are beneficial to students and build strong information literacy skills.

ATTENDED-NATIONAL CONFERENCE OF ALL INDIA ASSOCIATION OF MONTFORT SCHOOLS (AIAMS)

Attended the 4th national conference of all India association of Montfort schools which was organized during 26th to 28th of August 2020, on the topic : Montfortian education during covid and post COVID-19 Pandemic by Montfortian brothers and the convener for the programme was REV.BRO.P.J. George. It was a very inspiring, motivating session, how we can overcome all our anxieties & fear during covid-19, Mainly sessions were on quality education with Christian values and being helpful to others by giving good quality education. Many Montfort institutions staff members took part in the conference and were boosted with Christian values, showing kindness, respect, to be loving & caring towards needy people.

ATTENDED- NATIONAL WEBINAR

Attended the National Webinar conducted by Dept of Psychology from 7th to 9th Dec 2020 on the topic: The Promise of Adolescence- understanding their issues for Timely Intervention. The webinar was purely related to adolescence & understanding their problems and timely intervention. Young adults are at elevated risk of morbidity and mortality in a surprising variety of ways compared with adolescents and older adults. It is vital that their feelings and thoughts are validated and that the validation comes from. How they can build their self-esteem and body image, how to overcome stress, bullying, depression, cyber addiction, drinking and smoking, problems related to growth and development.

The Department of Library Sciences is conducting an activity on the topic: Brain writing activity on 24-06-2021 It is a technique for generating a large number of ideas for creative problem solving. The generation of new ideas, especially high quality creative ideas is important for problems. Topic was given instantly and students made an effort to write spontaneously whatever comes to their mind related to the topic. This activity helps them to make instant decisions by using their smartness and intelligence.

REPORT

GRASP, EXPERTISE QUIZ HUNT- ONLINE QUIZ COMPETITION

The Department of Library Sciences conducted an online Quiz on 29th & 30th August 2020. The purpose of conducting GRASP, EXPERTISE QUIZ HUNT COMPETITION is to familiarize Students, Research scholars, teaching faculty with critical thinking. It was all related to Library Science and General Knowledge. It was open to all and the participants from different colleges have taken part very enthusiastically. This competition was indeed a great experience for the people involved as they learned a lot about library science and much more.

LIBRARY SCIENCE ORIENTATION FOR 1ST YEAR STUDENTS

The department of Library Sciences organised orientation programme in Montfort Hall on 4 March 2021 for 1st year students and the resource person for the orientation was LFDC librarian itself, Ms. Sudha Reddy. Students were enlightened on the topics (A) BASIC INFORMATION OF LIBRARY SCIENCE (B) ABOUT LFDC LIBRARY STAFF AND STUFF (C) RESOURCES AVAILABLE IN LFDC LIBRARY. The orientation was helpful for the students to know much more about the topics, and was well received by the students who expressed their pleasure in learning new subjects.

ALAN TURING:

BRAIN STORMING – ONLINE E-QUIZ

The Department of Statistics in collaboration with Alan Turing club has conducted an online quiz to test the knowledge of students in current affairs. More than 150 students participated in the event. Merit certificates were awarded to the students. All the participants received a participation certificate.

POSTER PRESENTATION ON NATIONAL ENERGY CONSERVATION DAY

Alan Turing club along with Department of Electronics has organized an e-poster presentation on 14th December, 2020 to celebrate 'National Energy conservation Day'. The main objective of the day is to reduce the use of energy and to encourage people to use it efficiently. As a part of this celebration, lecturers explained students about the importance of energy conservation, tips to save energy through a video. Students from all the groups have actively participated in the event and displayed their posters.

NATIONAL SCIENCE DAY CELEBRATIONS

National Science Day is celebrated on 28th February. National Science Day is celebrated to spread a message about the importance of science used in the daily life of the people. To display all the activities, efforts and achievements in the field of science for human welfare. It is celebrated to discuss all the issues and implement new technologies for the development in the field of science. To give an opportunity to the scientific minded citizens in India. To encourage the people as well as popularize science and technology.

As a part of National Science Day celebrations, Alan Turing club along with Johann Mendel Club organised speech Darbar competition on 26th February, 2021. The topic is the theme of NSD-2021 i.e., Future of STI: impact on Education, skills and work. Around 20 students participated in the competition and presented their views.

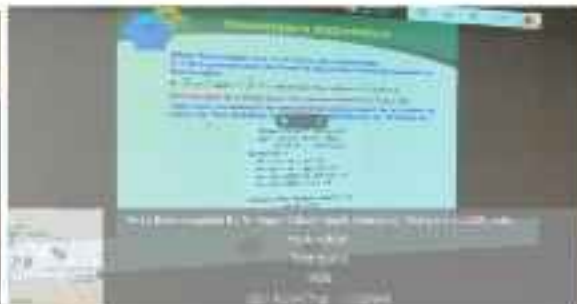

On 27th February, Model presentation and chart presentation competitions were conducted. This gave the scope for the students to display their ideas and around 50 models and charts were presented showcasing the new technologies in science. The competitions were judged by Mr. Raju Reddy, Sr.professor, Dept. of Chemistry, OU and Dr.Rambabu, Scientist, CCMB.

Valedictory session is held on 1st March, 2021.Dr.Sri Nagesh, Head, Seismology Observatory, and NGRI gave away the prizes to the winners. An interactive session with students on climate change was also conducted.

WEBINAR ON 'GLIMPSES OF GREAT MATHEMATICIAN SRINIVASA RAMANUJAN':

Alan Turing club along with Department of Mathematics has organized a webinar on 'Glimpses of great mathematician Srinivasa Ramanujan' on 4th February, 2020. The guest speaker of the day was DR.R.Sivaraman, Associate professor, Department of Mathematics, D.G.Vaishnav College, Chennai. The main objective of the program is to introduce students to the contributions made by srinivasa Ramanujan in the field of mathematics. Students actively participated by solving puzzles posed by the speaker. They also clarified their doubts in the interaction session.

TEACHER'S DAY CELEBRATIONS:

On the Occasion of Teacher's day, Alan Turing club has organized an online activity to encourage the students on their presentation skills. The idea is to make the students play the role of lecturer. Students of B.COM and B.SC (MPCS, MSCS, MECS, and MPC) II & III have chosen topics of their interest and delivered lectures for about 15min to the non-science graduate students.

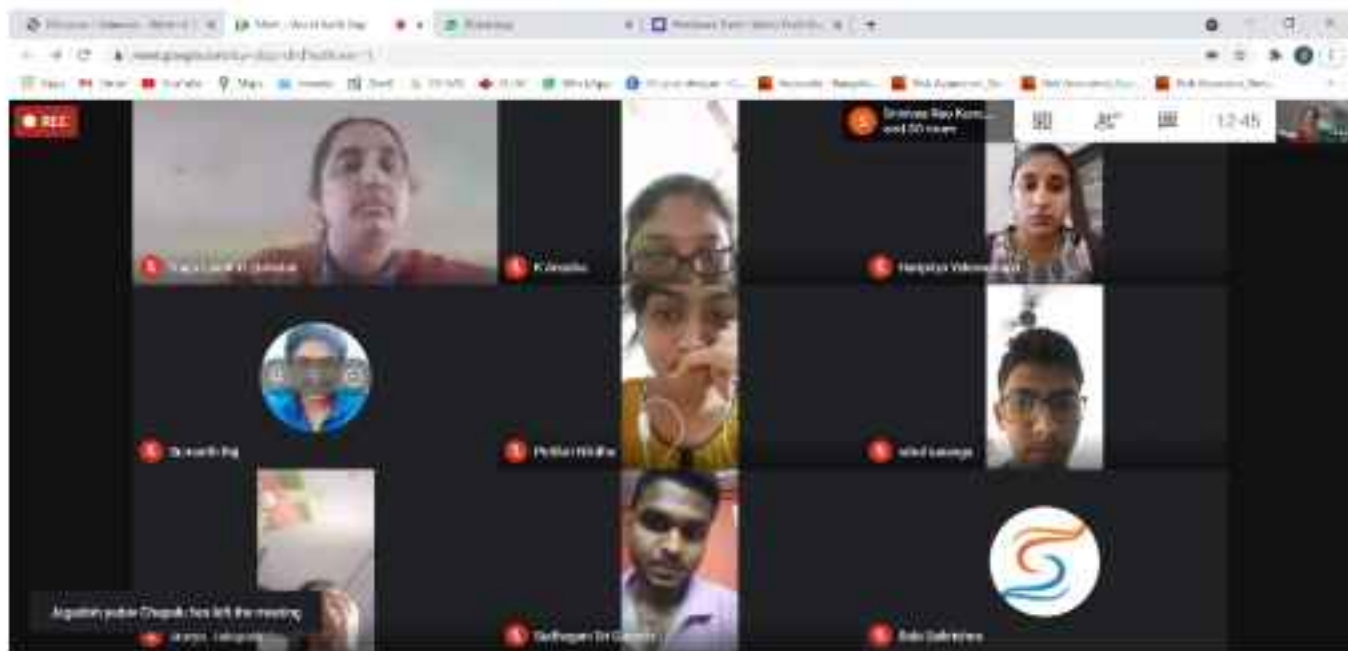

Many students actively participated in the event and showcased their skill. This event helped the students to understand how each subject is related and interconnected with one another i.e., how science group subjects are helpful for a non-science background student. This helped the students to gain confidence on their academic skills.

WORLD WATER DAY :

World Water Day, held on 22 March every year since 1993, focuses on the importance of freshwater. World Water Day celebrates water and raises awareness of the 2.2 billion people living without access to safe water. It is about taking action to tackle the global water crisis. A core focus of World Water Day is to support the achievement of Sustainable Development Goal 6: water and sanitation for all by 2030.

Alan Turing club along with Department of Physics has organised an awareness program on 22nd March, 2021 to celebrate World Water Day. As a part of this program, videos were shown to the students on the importance of protecting the water resources and maintaining the water resources for our future generations.

A REPORT ON THE ART THERAPY SESSION

On September 3rd, 2020, the BA Department hosted a therapy session on Google Meet for students. It was intended to be a stress reliever. Sreemukhi Mekala, an artist, designer, and philanthropist, was the session's speaker.

She is a well-known A-listers' stylist in Hyderabad. She manages the humanitarian foundation Kilkari art. co and also conducts design workshops online.

She led a workshop in which she invited students/participants to first identify a specific emotion, then choose a colour that matched that emotion and express it on paper. The participants were free to portray it in whatever way they saw suitable. This activity caught the pupils' interest. After the entire session was completed, the students felt relieved.

They were able to comprehend and explore the sensations they were having as a result of the pandemic throughout this session. It helped them realise the value of colour therapy and the relevance of treatment in dealing with such challenges. This session taught the students a lot, especially on how to deal with their issues.

Essence of Republic Day

Every year, on January 26th, 2021, Republic Day is celebrated with zeal and enthusiasm, with spectacular parades and flag hoisting at every corner of our country, to capture this eye-catching moment. This Club has organized a photography competition to capture the essence of the day.

PORT ON "A GLIMPSE OF PALMISTRY"

The Aristotle Club has conducted an online webinar for December 19th, 2020, titled "A Glimpse on Scientific Palmistry." The esteemed speaker was Dr. S.P. Anil Kumar, Retd. Director-General of the Geological Survey of India. The session reached great heights because of the participation of parents. The speaker shed light on different aspects and techniques for reading palms. He is a specialist in Medical Palmistry, which is a branch of palmistry that facilitates the diagnosis of illness and is a good guide to preventing illness. Parents who attended the webinar were eager to learn more about palmistry in general and medical palmistry in particular. The webinar gained momentum in the question and answer session, where a bunch of enthralling questions were asked by participants, which were answered by our speaker with alacrity. Lastly, the webinar ended with a demonstration of gratitude.

SPECTRUM OF EMOTION

The Aristotle Club conducted an online event on the topic "Spectrum of Emotion" from April 1 to April 15, 2020, for the students of LFDC. The purpose of this event was to bring out the talent of students in photography as well as to tap their knowledge of human emotions and how well they have studied various gamuts of human emotions to the best of their capability. The event was extremely successful and prizes were awarded to the best three photographs. The first prize went to Snigdha Sanika of BA-1st yr, the second prize went to Asha of BA-1st yr and the third prize went to Neeraja of BA-1st yr.

Photography and RJ

On March 19, 2020, the Aristotle Club held a Photography and Radio Jockey workshop for students in Montfort Hall, LFDC for those who have signed up for the Aristotle Club. Ms. Tejeswi Acharya, a freelance photographer, RJ, and voice-over artist, was the guest for the session. She discussed the intricacies of freelance photography and the complexities of working in radio and television. The pupils were presented with a PowerPoint presentation to help them grasp that photography is about patience and timing, not simply sophisticated equipment. The students used their cellphones to do an unplanned activity that taught them patience and how to think outside the box.

Horizon Club:

The horizon club has conducted a poetry recitation competition to all the courses on 20th October. The poetry recitation helps students in language development, cognitive development and emotional development. It also helps the students to practice pitch, voice, Inflection and volume and appreciate the beauty of the language through its literary work.

BRAIN TEASER ON CHEMISTRY

On May 8, 2021, the Department of Chemistry hosted a session on Brain Teasers in Chemistry for the Johann Mendel Club. Its objective is to motivate pupils to think creatively about chemistry facts and to make chemistry subjects interesting to learn. Pupils led the program with chemistry-related puzzles, which sparked the students' creative thinking processes.

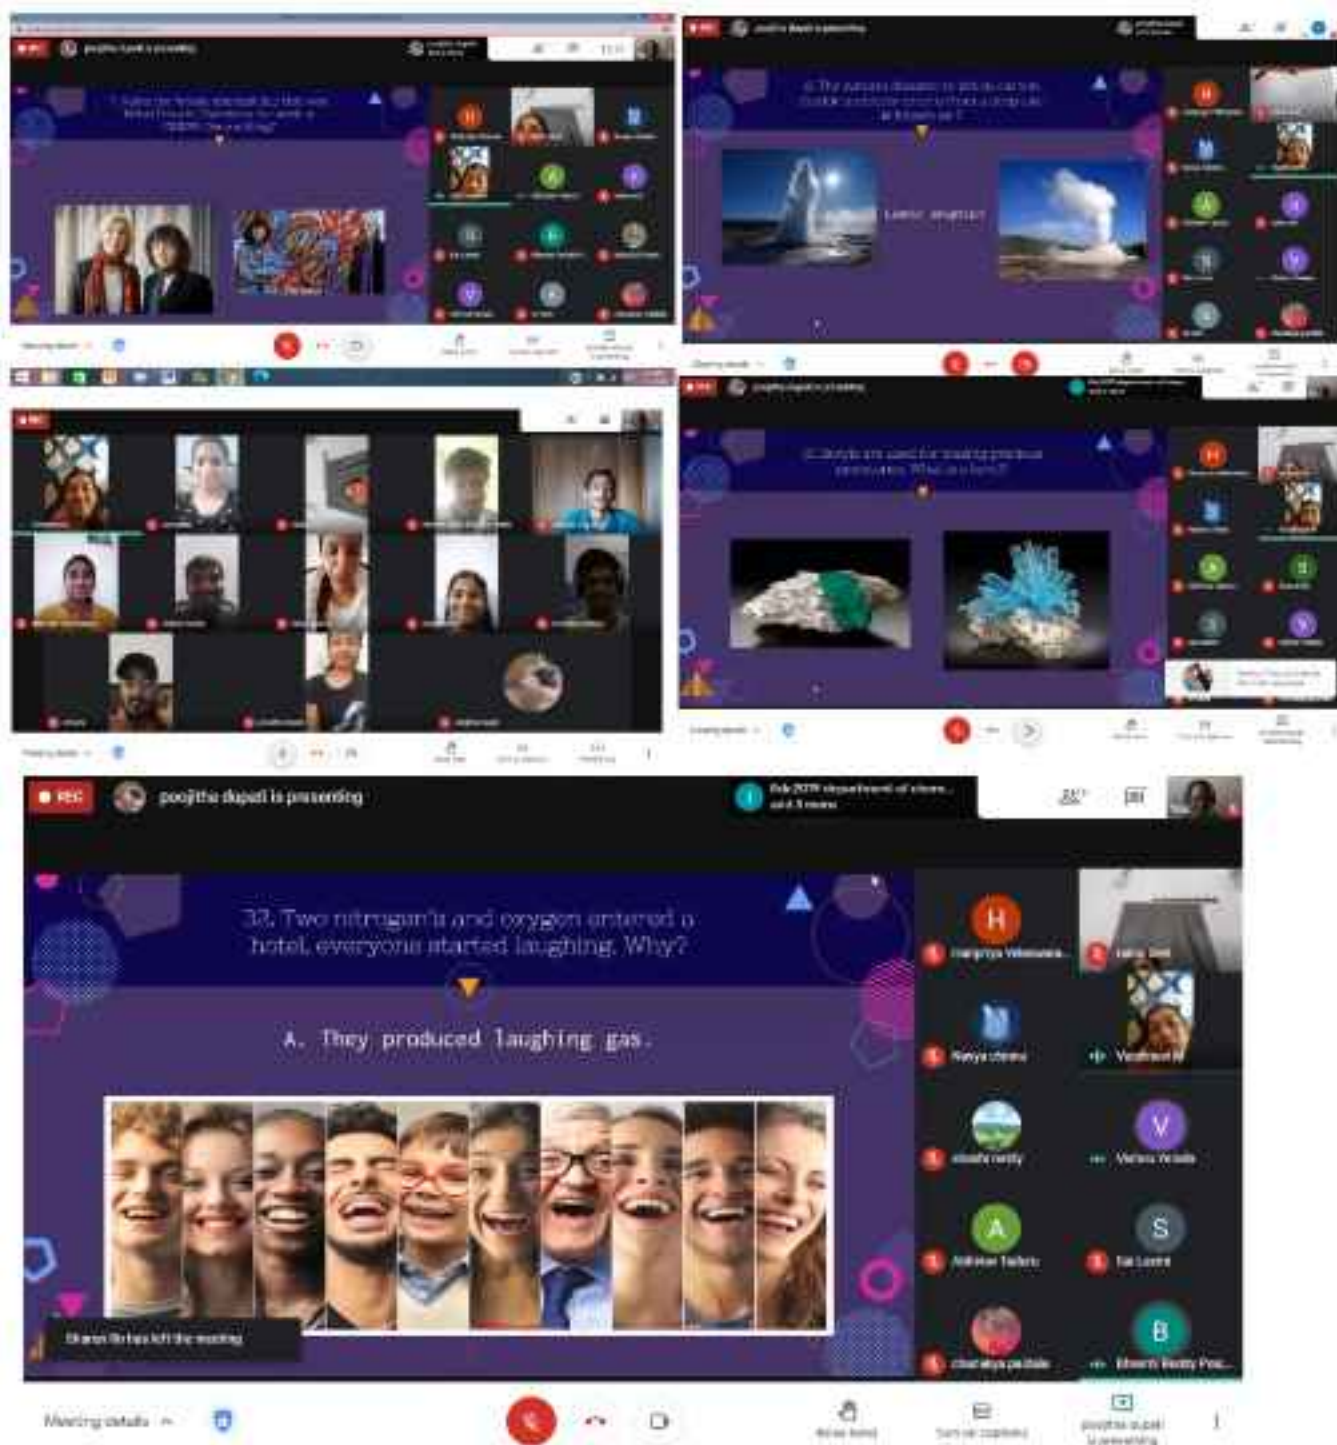

INTRA COLLEGIATE COMPETITIONS: CUBE PLANTAE AND Pictionary

The Department of Botany hosted intra-collegiate competitions Cube Plantae and Pictionary for the Johann Mendel Club on February 24, 2021. We made Rubik's cubes with different plant photographs on them, and pupils had to solve them in the time allotted. Picture puzzles on various terms linked to Science and Botany were also created and shown on the smart board, with pupils guessing the terms. Students liked the competitions while also learning words related to science and botany, as well as how to solve the Cubes. The winners were announced and awards were given out. Students from many disciplines took part with zeal, and the competitions went off without a hitch. Its goal is to assess pupils' understanding of Botany principles and to enhance knowledge of plants and other concepts among Botany students. They were given different plants and flower parts to solve the cubes, which was really appreciated. The pupils also had to respond to picture questions. The students at our college enthusiastically accepted interesting and challenging Rubik's cube puzzles.

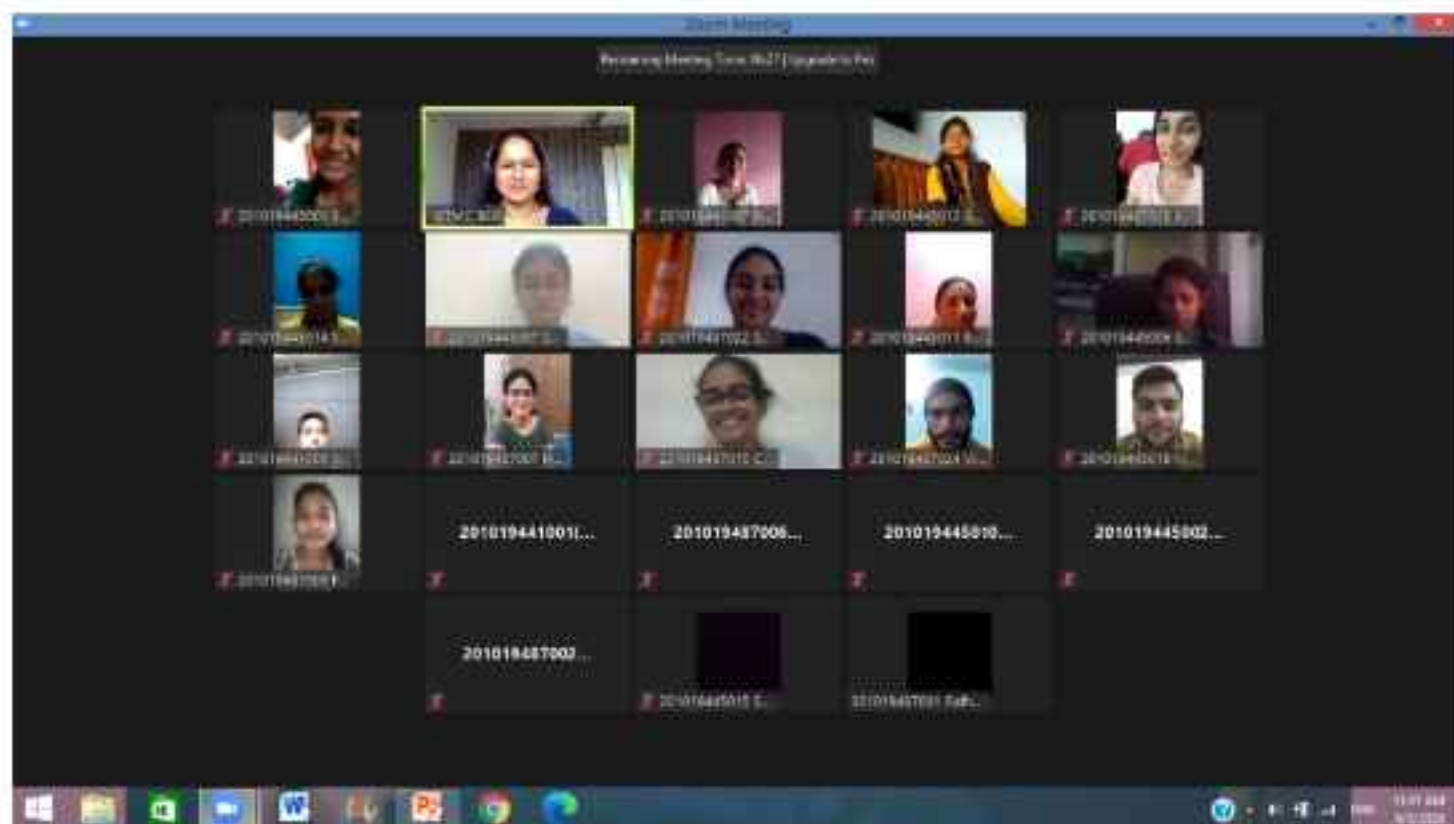

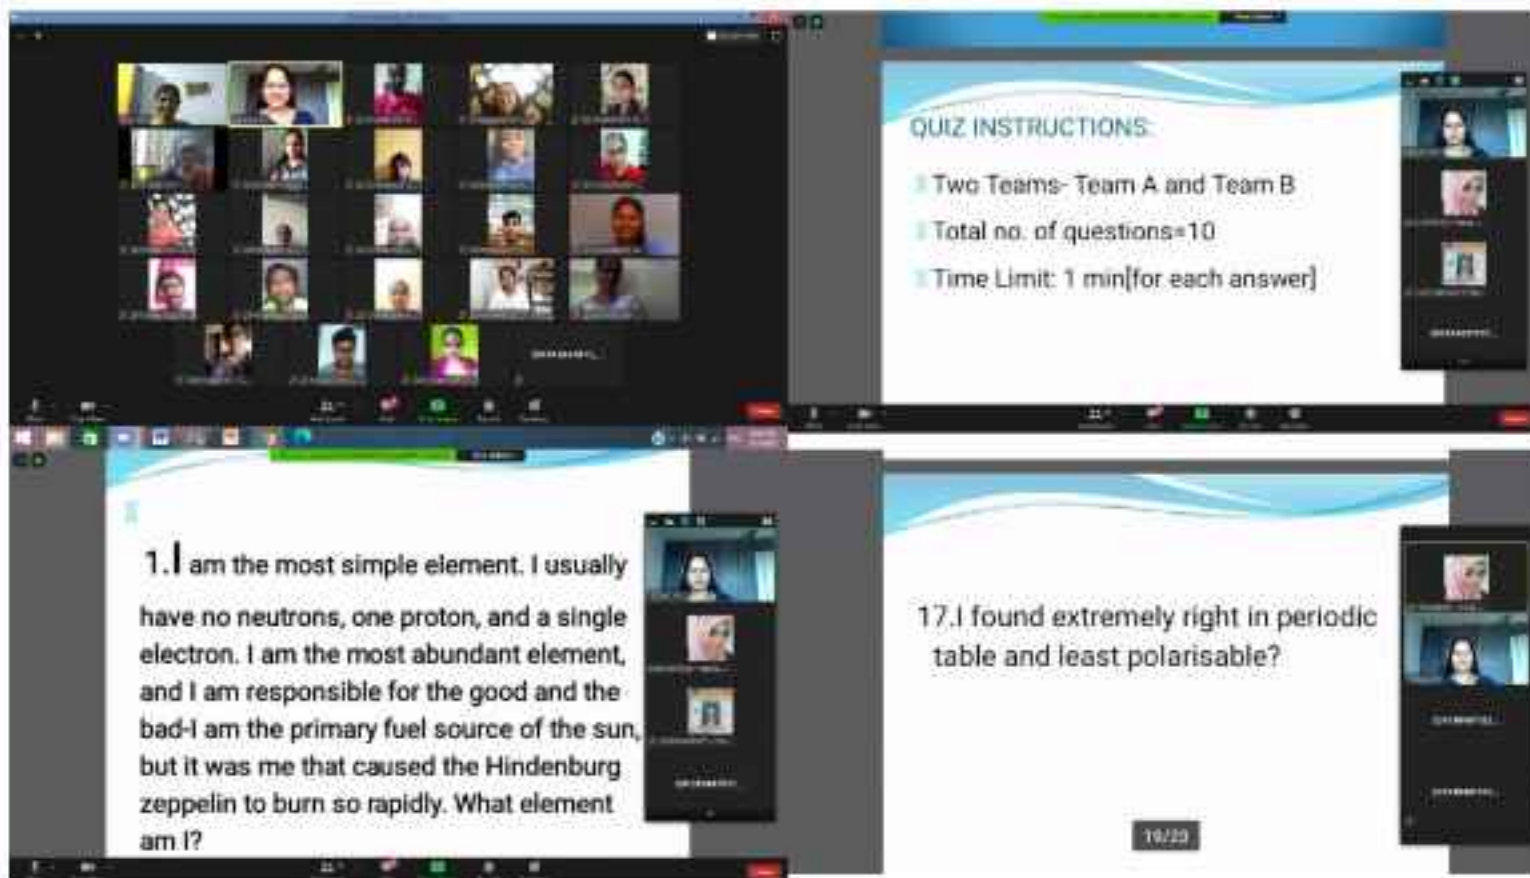

CHEM MANIA

Chem Mania, organized by the Johann Mendel Club, was a forum for examining and debating chemistry truths and falsehoods. Its primary goal is to grasp the pros and cons of Chemistry and chemicals in our daily lives through a question, debate, and discussion approach and to imbibe critical thinking in the student community on Chemistry. Through a question-and-answer session, discussion, and argument, students enjoyed an intriguing, dynamic, and illuminating conversation on Chemistry and chemicals. Chem Mania was won by Vishnu, Abhinav, Chanakya, and Haripriya from BSc.

CHEM QUIZ

Johann Mendel Club members hosted a Chemistry Quiz on September 5, 2020, to commemorate Teachers Day. Students should create content and present it to participants in an engaging manner to keep them interested for the entire day. One of the classes was used by students to hold a Chemistry Quiz to impart general knowledge to the participants.

CHEM QUIZ – KNOW YOUR MEDICINE

The Department of Chemistry held an online Chem Quiz utilizing Google Forms on the topic of 'Know Your Medicine' as part of a healthcare effort backed by drug awareness for the younger generation, from August 25th to September 11th. Its aim is to learn about the chemical properties of common drugs and to make people aware of over-the-counter medications. Students from all over India took part in the competition, answering questions about generic medicines and their chemistry.

CHEM QUIZ – KNOW YOUR MEDICINE

The Department of Chemistry held an online Chem Quiz utilizing Google Forms on the topic of 'Know Your Medicine' as part of a healthcare effort backed by drug awareness for the younger generation, from August 25th to September 11th. Its aim is to learn about the chemical properties of common drugs and to make people aware of over-the-counter medications. Students from all over India took part in the competition, answering questions about generic medicines and their chemistry.

NATIONAL SCIENCE DAY-2021

The Johann Mendel Club and the Alan Turing Club hosted a three-day celebration of National Science Day at LFDC. The first day of the conference, February 26, 2021, began with a speech on the future of science and technology and its impact on education, skills, and employment. A poster and model presentation was held on February 27th. Dr. Raju Jonappa Reddy of Osmania University and Dr. Rambabu of IICT were the judges. The final display of the selected models took place on March 1st, with a valedictory speech by Dr. Srinagesh, Head of Seismology Observatory, NGRI, and prize distribution following. Its aim is to honor National Science Day with its main objective of inducing a scientific mindset in the students. This event was a huge success, thanks to the enthusiastic participation of LFDC students from all branches. The judges were enthralled by the speeches and information given in creatively produced posters and models.

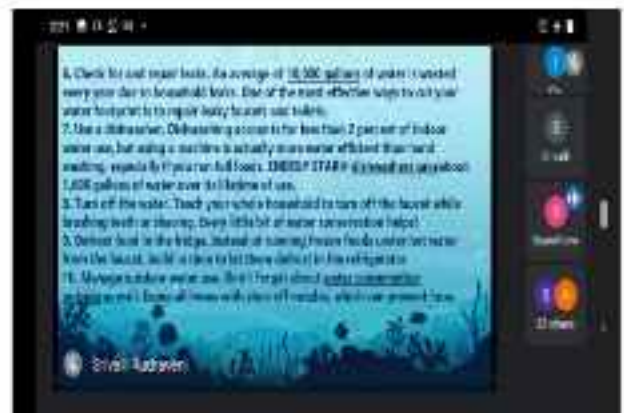

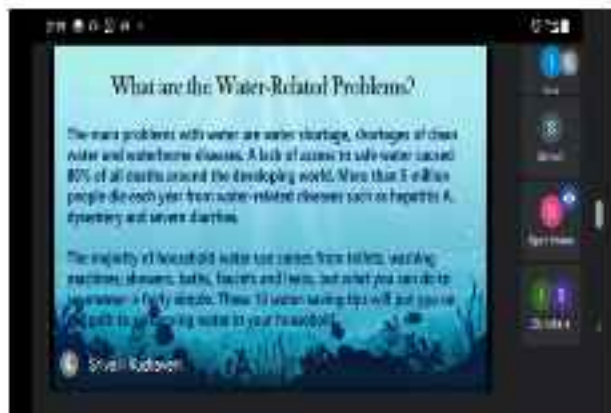

E-POSTER PRESENTATION COMPETITION ON PROBIOTICS AND HUMAN HEALTH

On February 11th, 2021, the Department of Biotechnology hosted an e-Poster presentation and competition on Probiotics and Human Health for the Johann Mendel Club. Students participated via Google Meet and in the classroom on February 12th, 2021. Its overall goal is to instill in pupils, the importance of probiotics by teaching them about probiotics and their impact on human health. Students enthusiastically participated in the preparation and presentation of posters on probiotics and other fermented foods.

WATER CONSERVATION DAY

On March 30, 2021, the Department of Zoology held a webinar to commemorate Water Conservation Day, during which students also presented on water conservation efforts. This initiative aims to raise student knowledge about the importance of water conservation, with the only goal of disseminating proper water conservation techniques and warning people about the dangers of not conserving water. Students learnt the importance of water conservation in their homes, communities, and the world at large by the end of the virtual program.

LUCA PACIOLI COMMERCE CLUB

ONE DAY WEBINAR ON NATIONAL STOCK EXCHANGE : The program was organized by the Luca Pacioli club for commerce students on November 24, 2020. The students were given a broad overview of stock market investments. Traditional ways of investment in India are only thought of as saving in banks. People have developed knowledge about various investment products nowadays. There are 8.5 million taxpayers in India, which is about 6.5% of the whole population. Mutual Funds are in vogue now, but there is still a lack of awareness in India.

The resource person spoke about NCFE, a company promoted by RBI, SEBI, IRDA, and PF. He also discussed the vision, mission, misconceptions, use of credit cards, potential costs for education loans, and interest charged on them. Mr. Ravi also talked about impulsive buying, the UPI regulation process, financial goals for students and their parents, differences between savings and investment, and inflation effects on investment. Furthermore, he described various investment-related products such as PPF, gold, bonds, debentures, equity shares, mutual funds, ELSS insurance, etc.,

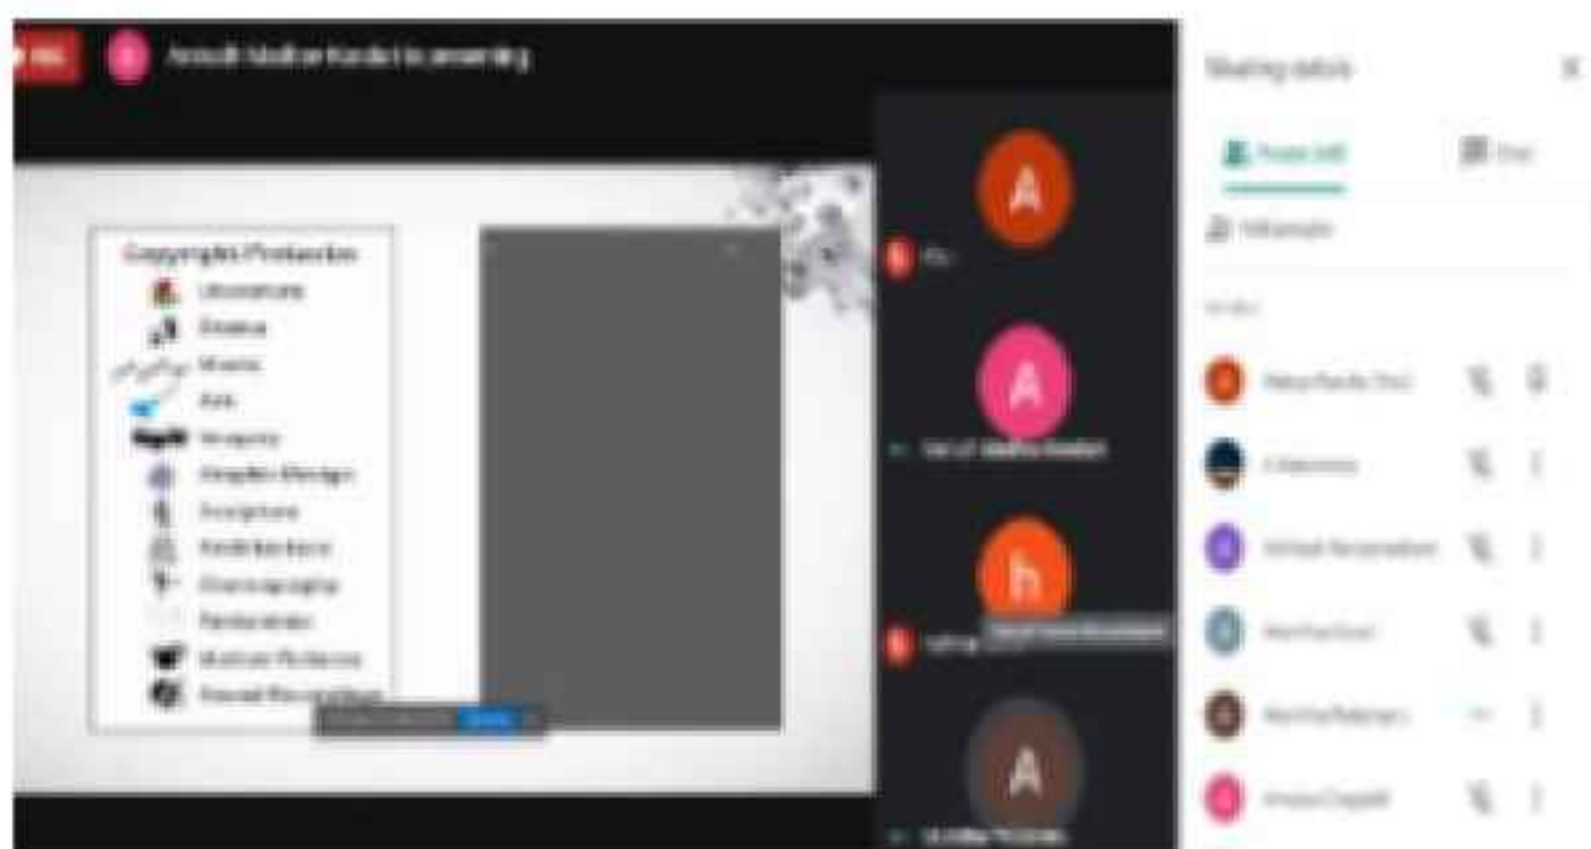

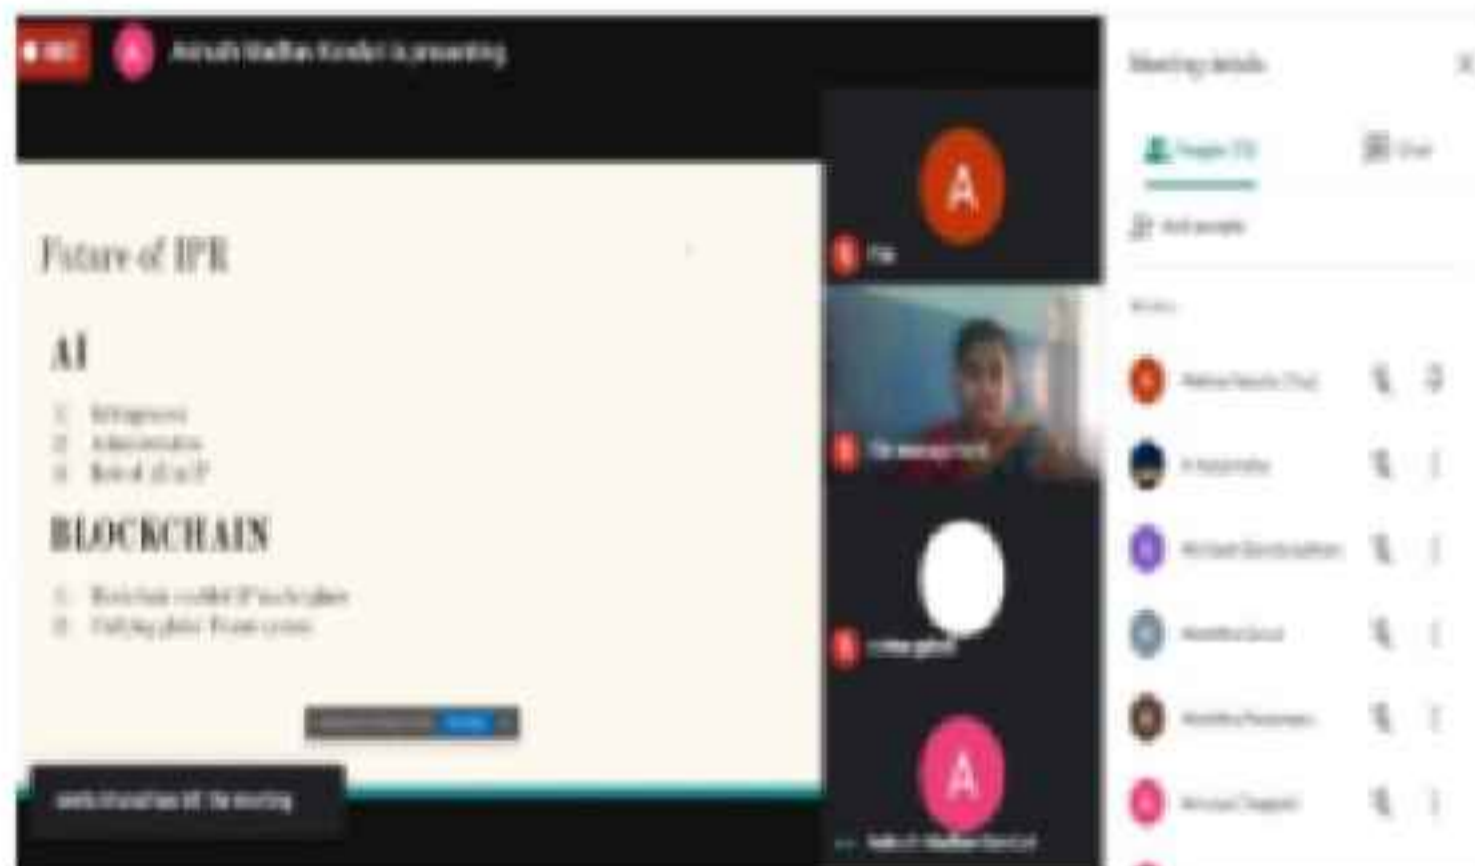

Spirit of Synergy : Luca Pacioli Club conducted an interactive session for the students of Little Flower Degree College, Uppal and Sonapur College, Gauhati, Assam on 27th August, 2020 on Zoom Platform.

The students spoke at length about the curriculum taught in both colleges as well as the implementation of online classes. The students discussed a variety of topics, including the impact of the pandemic on the economies of the respective states, the difficulties faced by the common man, and the extensive use of technology adopted by people during these difficult times. The interaction ended with a lively and joyful cultural face off, where students of both states performed to showcase their cultural heritage.

PETER DRUCKER:

INTELLECTUAL PROPERTY RIGHTS:

Students of final year BBA made power point presentation regarding intellectual property rights on Information technology, Trade mark, Copyrights and Patents on 10 th May, 2021 at 10.30 am. This session was very informative and students got to know the role of Intellectual rights and how important are the innovations and their preservation. All the students enthusiastically participated and showed keen interest in the programme.

Regnant Club

“VEHICLE SCRAPPAGE POLICY”:

The Department of Management has taken an initiative to make the students research the Vehicle Scrappage Policy on 23-03-2021. Students of BBA analyzed their research on measures that had been taken by the government in their unique way. They had presented a conclusive PowerPoint as a result of jotting down their analysis. They have also expressed their views on how various measures are going to be implemented by the industries regarding the policy.

The students had also given a clear explanation of the whole policy and represented themselves as journalists, members of the ruling party and opposition party, corporate sector members, and environmentalists. The discussion started with an overview of the policy by the host, followed by a discussion between representatives of different sectors. The opposition party expressed the policy rules and regulations. The corporate sector representative explained the automotive industry's adoption. The environmentalists supported their statements by sharing the benefits of the policy while the opposition party expressed their concern. The discussion was concluded by the hosts while they considered the opinions of the guests. The representatives conveyed the clear-cut concept to the audience. Overall, it was a highly informative and mind-opening session that enlightened everyone regarding the vehicle scrapping policy, which is expected to be announced very soon.

VERNACULAR VOICES CLUB

International Mother Language Week Celebrations: The department of second languages, on the occasion of International Mother Language Day, had taken an initiative to conduct morning prayers in different languages from February 15th, 2021, to February 23rd, 2021, which included Hindi, Sanskrit, French, Tamil, Telugu, Gujarati, Malayalam, and Urdu languages..

An Ethnic day was also celebrated on February 20th, 2021. Students were asked to wear traditional dresses according to the culture and traditions of India on February 22nd, 2021. Students spoke a few words about the importance of the language and performed dances and flash mobs in Indian and international languages.

Diwali Celebrations During COVID 19: On November 18, 2020, the department of second languages conducted a webinar on the topic "Diwali Celebrations during COVID 19" using the online platform Zoom Meetings, which was attended by the faculty and students of LFDC. Students of all the streams were asked to shoot films of the celebrations at their residences, which were shown during the online celebrations.

The significance of the festival was highlighted, the videos of the students were played, and a few students shared their views on how the Diwali celebrations were contrary to previous years. Through this virtual festivity, students appreciated the importance of our cultural heritage, which has been cherished for ages.

AUDIENCE: Faculty and Students of LFDC ORGANISED BY: Department of Second Languages, Little Flower Degree College, Uppal, Hyderabad

Online Diwali Celebrations were conducted by department of second languages, Little Flower Degree College, Uppal, Hyderabad on 18th November 2020 on the topic "Diwali Celebrations During COVID 19" using the online platform Zoom Meetings which was attended by the faculty and students of LFDC. Students of all the streams were asked to shoot videos of the celebrations at their residence which were shown during the online celebrations.

The online celebrations program started with a prayer, then importance of the festival was described and the videos of the students were played and last some students shared their views, on how they this Diwali was different from rest of the years. Through this program the students understand the importance of the celebration of the festival and the reason behind it and inculcate among students the habit of saving our culture.

COMMITTEE

Biodiversity is the biological variety and variability of life on Earth. Biodiversity is a measure of variation at the genetic, species, and ecosystem level which has to be conserved to keep balance in the ecosystem. A National online live quiz competition was conducted by LENVIN club on the topic "Biodiversity of WildLife and its Conservation" by BZC final year students. The quiz competition had three rounds consisting of identifying the rare animal species, their natural habitats, camouflage, and what tools and techniques man had created by observing them. The participants were very enthusiastic and the fastest finger round was highly commended. Certificates of participation and excellence were issued to them.

COVID-19 has affected day to day life and is slowing down the global economy. It has rapidly affected businesses, disrupted world trade, movement, health and wellbeing of billions around the world. In a time clouded with uncertainty and despair, Ayurveda emerged as a hope to counter attack the virus. Our culture, traditions and ancestral knowledge about herbs became a saving grace during the pandemic.

Ayurveda is considered by many scholars to be the oldest healing science. In Sanskrit, Ayurveda means 'The Science of Life' and is often called 'Mother of All Healing'. The Department of Chemistry has conducted 'Power of Ayurveda' quiz for the LENVIN Club. This online quiz was conducted by Ms. Vyshnavi Muniganti, Ms. Poojitha of BSc BZC Final year and was attended and answered with great enthusiasm by the participants. At the end of the quiz, they expressed their praise and appreciation. It was truly a spectacle to be acknowledged by so many peers and teachers.

Modern computer technologies, such as geographic information systems (GIS), provide cost-effective tools for evaluating interventions and policies potentially affecting health outcomes. GIS analysis or display of environmental health data is also helpful in explaining disease patterns in terms of relationships with social, institutional, technological, and natural environments. Dept of Microbiology conducted Model and Poster Presentations on topic "GIS – Environment and Human Health". BtMC students made models and charts and demonstrated the application of GIS in Environmental science.

Recycling is the process of converting waste materials into new materials and objects. Recycling can prevent the waste of potentially useful materials and reduce the consumption of fresh raw materials, thereby reducing: energy usage, air pollution (from incineration), and water pollution (from landfilling). To create a clean and green consciousness among our citizens through various innovative methods a webinar on "Ecofriendly Waste Recycling by Crapbin: A Novel and Holistic Approach" was organised by LENVIN Club in collaboration with Crapbin- Ecowarriors, born to Recycle on 27th February 2021. The Cofounder of Crapbin Mr. Zuber explained the various methods to create awareness among people and the techniques used to recycle the waste. Students, academicians and parents of students joined this awareness program.

The Covid-19 pandemic is undoubtedly one of the biggest global crises of this generation. It is nature's way of restoring balance, harmony and reversing the callous damage caused by humans over the course of time. The members of the LENVIN club realised the importance of ecological diversity and the effect of anthropological activities on the environment decided to conduct an online webinar on the topic "Veganism". It is a philosophy and a way of life which deals with abstaining from consuming products of animal origin. Our World is a glorified ecosystem, where every species of animal plays a significant role in the health and wellbeing of the planet.

Ms Vyshnavi Muniganti, Secretary, LENVIN club, from BZC Final year and Ms. Ch. Madhubala from BtMC Second year presented a powerpoint presentation to spread awareness and sensitise students about the issues of the environment. They both highlighted the grievances and the suffering of animals, they cited practical examples to help stake their points with respect to veganism.

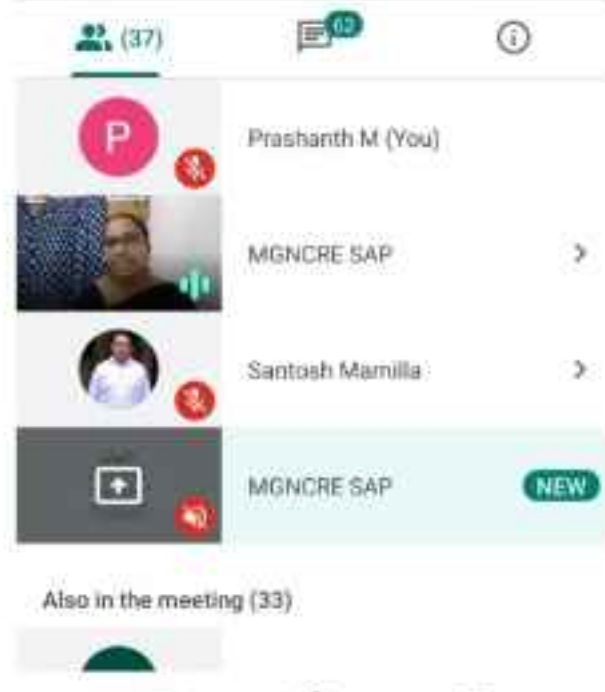

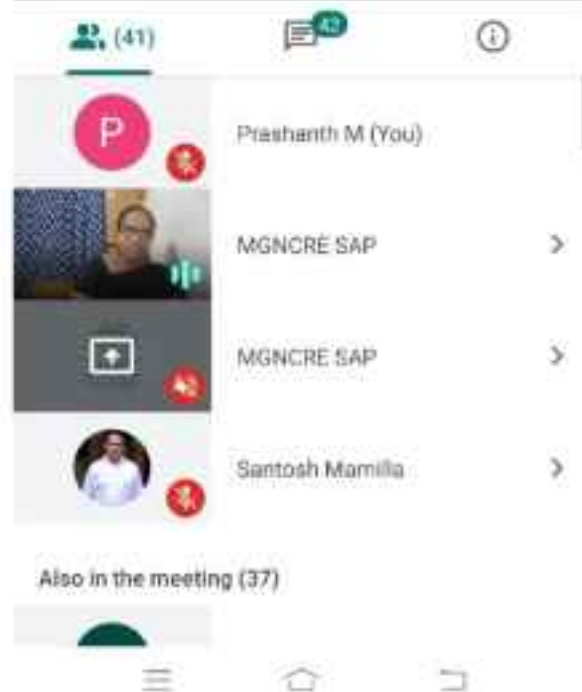

World Environment Day is the United Nations day for encouraging worldwide awareness and action to protect our environment. The Department of Botany under LENVIN club had organized "My Green life selfie challenge" competition from 5th June 2021 to 12th June 2021 to commemorate World Environment Day as an initiative to create awareness on the environment. It was an online competition where the participants were asked to send selfies with their house balcony gardens or terrace gardens. Students and academicians from different streams and colleges participated in this competition and showcased the Eco warrior in them.

Webinar on Swachh Bharat Action Plan (SAP) by MGNCRE

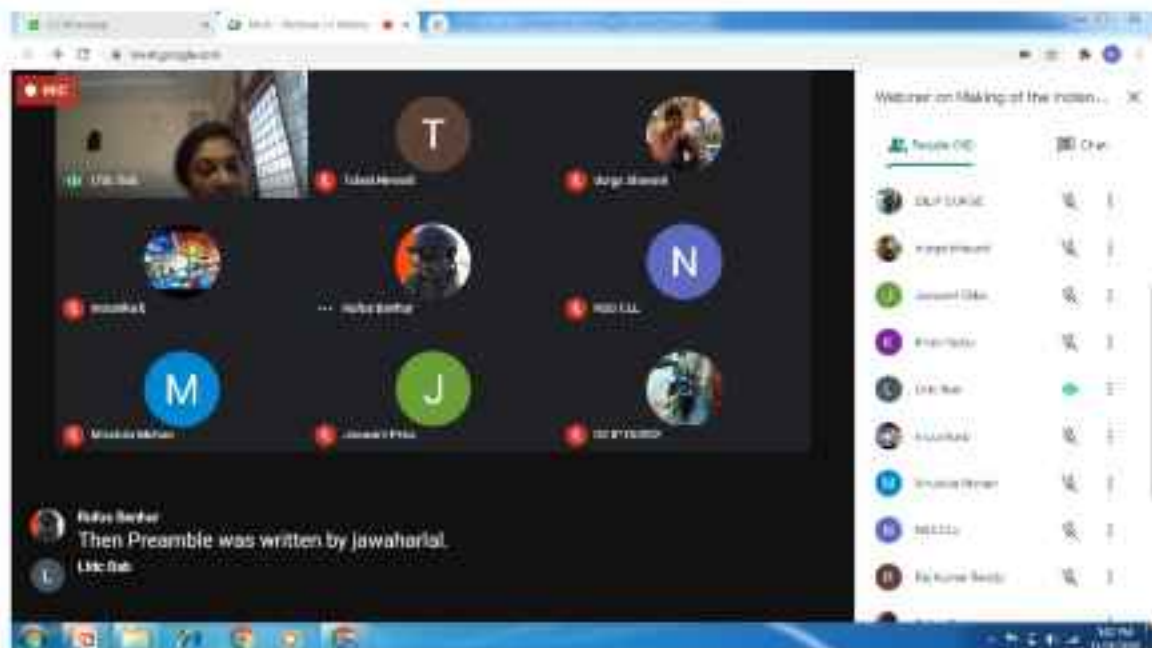

Mr.M.Prashanth, NSS PO, participated in a webinar on the Swachh Bharat Action Plan (SAP) by the Mahatma Gandhi National Council of Rural Education organized by NSS Cell Osmania University on July 26, 2020. The resource person for this program was Dr. W. G. Prasanna Kumar, Chairman of MGNCRE. He spoke about the SAP Action Plan and what exactly has to be initiated and executed at the college level, the need for the adoption of villages, and the programs to be conducted and implemented over there. Finally, Ms. Sandhya from MGNCRE explained the following:

1. Swachh Action Plan (SAP)-background
2. Action plan in thesis-post COVID 19 Swachh
3. Swachh Action Plan-Documentation
4. 2019 Swachhtha Rankings
5. Case Study: AAETI, Rajasthan
6. SAP Action Plan Proforma, Certificates, Manuals

Webinar on Parakram Divas

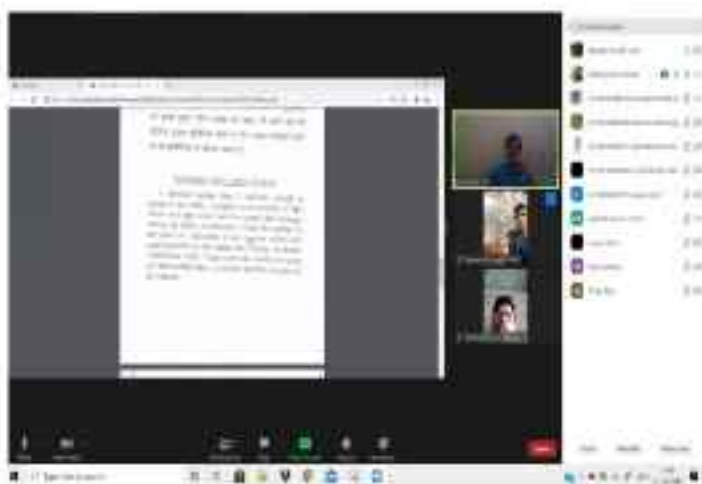

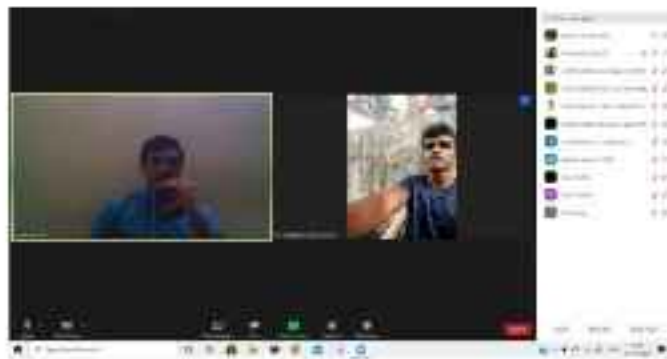

On January 23, 2021, the LFDC NSS unit celebrated the 125th birth anniversary of Netaji Subhash Chandra Bose at the Zoom Conference. Our resource person was MS. Thane Savariappa, HOD of Political Science, LFDC. Mr.Prashanth, NSS PO, introduced the speaker. The speaker started the session on "Thoughts of Netaji for the Youth of the 21st Century". In her speech, the speaker shared the life and incredible story of the Hon'ble Netaji Subhash Chandra Bose. She presented the thoughts of Netaji's heroism to the youth as a path to overcome the problems in life. Ms. Thane also talked about the management skills of Netaji Subhashbabu as a leader of the century in the struggle for freedom, who founded the Army as "Azad Hind Sena." Hon'ble Netaji was a visionary personality who established a separate troop for ladies with the name of "Janshi ki Rani". Mr.V. Naveen Kumar, faculty dept. of Mathematics, ended this session with a vote of thanks.

Celebrations of Rashtriya Ekta Diwas

National unity day celebrations

LFDC NSS Unit cell celebrated Rashtriya Ekta Diwas on 31 October 2020 as it is observed every year across India and is also known as National Unity Day. The day commemorates the birth anniversary of Sardar Vallabhbhai Patel. As we all know, he played an important role in uniting India. He is also famous as the Iron Man of India and as one of the founding leaders of the Republic of India. In 2014, the Government of India introduced Rashtriya Ekta Diwas, or National Unity Day intending to pay tribute to Sardar Vallabhbhai Patel on his birth anniversary. He is always remembered for his extraordinary works for the country and no doubt, he worked hard in keeping India united. Rashtriya Ekta Diwas was inaugurated by Prime Minister Narendra Modi in 2014, by paying tribute to Sardar Vallabhbhai Patel's statue and flagging a program that was known as 'Run For Unity in New Delhi. A run for unity was held to spread awareness about Sardar Vallabhbhai Patel's contribution to Indian history. As per a statement by the Home Ministry, the day provides "an opportunity to reaffirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity, and security of our country". As India is a diverse nation and it is observed as unity in diversity so it is very important to maintain unity.

DISTRIBUTION OF MASKS IN ADOPTED VILLAGE

The LFDC NSS Unit has taken the initiative to distribute masks in an adopted village named Madharam under the guidance of the Principle, Rev. Bro. Vincent Reddy. The principal advised the program officer to distribute the masks in the adopted village so that the residents are not infected with the coronavirus. Mr. M. Prashant, NSS Programme officer, along with the co-faculty of the department of Mathematics, Mr. V Naveen Kumar, went to the village premises on October 30, 2021, and distributed the masks to the people of rural areas and also created awareness among them by explaining about the rapid outbreak of coronavirus and the preventive measures to be taken by them to avoid the spread of the virus.

Dry Ration Assistance Programme for CM's Relief Fund (Govt. of Telangana)

LFDC NSS Unit- Four of our NSS volunteers actively participated in the packing of dry rations at Om Convention Hall, Narsingi, Hyderabad from 17-10-21 to 19-10-2020. The Municipal Administration minister, who met with Greater Hyderabad Municipal Corporation (GHMC) Mayor Bonthu Rammohan and officials about the measures to be taken in flood-affected areas in accordance with Chief Minister K. Chandrasekhar Rao's orders, was directed to identify flood-affected families and hand over the kits at their doorstep. Flood-hit families were identified and handed over the CM's Relief Ration kits to ensure normalcy in localities affected by heavy rain and flooding. Each kit costs Rs. 2,800. The kit contained one month's worth of ration items and three blankets.

EXPRESS YOUR NATIONAL SPIRIT

Independence Day holds a unique place in the hearts of every Indian. At midnight on August 14, 1947, India gained its freedom from colonial rule and became a free country. The day is celebrated by flying kites that symbolize freedom; people hoist the national flag, organize cultural events, and pay homage to freedom fighters for their invaluable contribution. On this special day, the LFDC NSS Unit, in coordination with the Department of Political Science, organized a quiz competition on the occasion of Independence Day. We have sent this quiz competition link to different groups. We got 500 participants in this competition; those who scored more than 80% were given a participation certificate.

FIT INDIA PLOG RUN

On August 29th, 2019, the Honorable Prime Minister of India launched the nationwide "Fit India Movement," which was aimed at encouraging people to inculcate physical activity and sports into their everyday lives and daily routines. Supporting this initiative, Osmania University organized a Fit India plog run at Arts College, O.U. on 03-08-2021. The chief guest for this program was Prof. Krishna Rao, OSD to VC.

This program started with a keynote address by Mr. Ramakrishna, State NSS Officer. He explained the importance of fitness in the present situation, and he gave live examples. Later, Prof. Krishna Rao spoke about how Plog Run is a unique way of picking up garbage while jogging. It is a "first of its kind" initiative by United Way India (a Community Service Organization) to highlight the need for reducing plastic consumption and to encourage a healthier way of managing trash. It combines the Fit India Movement and the Swachh Bharat Abhiyan. This event ended with a vote of thanks being proposed by Dr. M. Ramulu.

FREE MEDICAL CAMP AT MADHARAM VILLAGE

Little Flower Degree College NSS Unit organized a free medical health camp at Madharam village, in Medchal Dist., in association with MEDICOVER HOSPITALS, MADHAPUR on 19-02-2021. Many people from Madharam village benefited from free medical health camps. Madhram village was selected to conduct the health camp as there were no proper health facilities. The total population of the village was 500. Most of the villagers belonged to the scheduled caste, with a 30% literacy rate.

The objectives of conducting the health camp were to create awareness of general health among the people, provide general health care services, and counsel them on basic health care and hygiene. Then a camp was organized at Gram Panchayat HI Bhavan in Madhram village. The camp started with the inaugural speech by the sarpanch of the village, Y. Yadagiri. He gave a message to utilize the medical camps in villages for the people residing in and around them. He appreciated the Little Flower Degree College team and Medicovert hospitals for taking initiative in this pandemic situation. The camp turned out to be a huge success, with an overwhelming response from the villagers.

Gandhi Jayanthi Celebrations

National Webinar on "Relevance of Gandhi for All Times"

The Little Flower degree college NSS unit has organized a National Webinar on "Relevance of Gandhi for All Times" on October 2nd, 2020 through Google Meet. The resource persons for the day were Mr. David Sudhakar, Activist, Ex-CEO, Gandhi Peace Centre, New Delhi, India. Mr.S.Srisallam, Journalist, Ex.National Secretary, National Union Of Journalists-India, Ex.Partner Gandhi Peace Centre, New Delhi.

Mr. David Sudhakar gave insights on the topics of Gandhiji and explained the life history of the father of the nation. He has enlightened us on Gandhiji's relevance to life, to seeing the interconnectedness and unity between things, and also his political achievements, including leading the movement that ended colonial rule in India using peace, love, and unity. He even focused on sustainable development goals and brought awareness with respect to the relevance of observing October 2nd as the International Day of Non-Violence.

Mr. S. Srisailam Sir focused on Gandhiji's life history, struggles, and efforts he had put in to set India free as an independent country. Sir also emphasized Gandhi's legacy to promote justice, peace, and equality among the people across the world. In addition to this, Sir spoke about Gandhi's simplicity, which says that his down-to-earth approach and humbleness may not attract immediate attention and appeal, but they are relevant for the times to come.

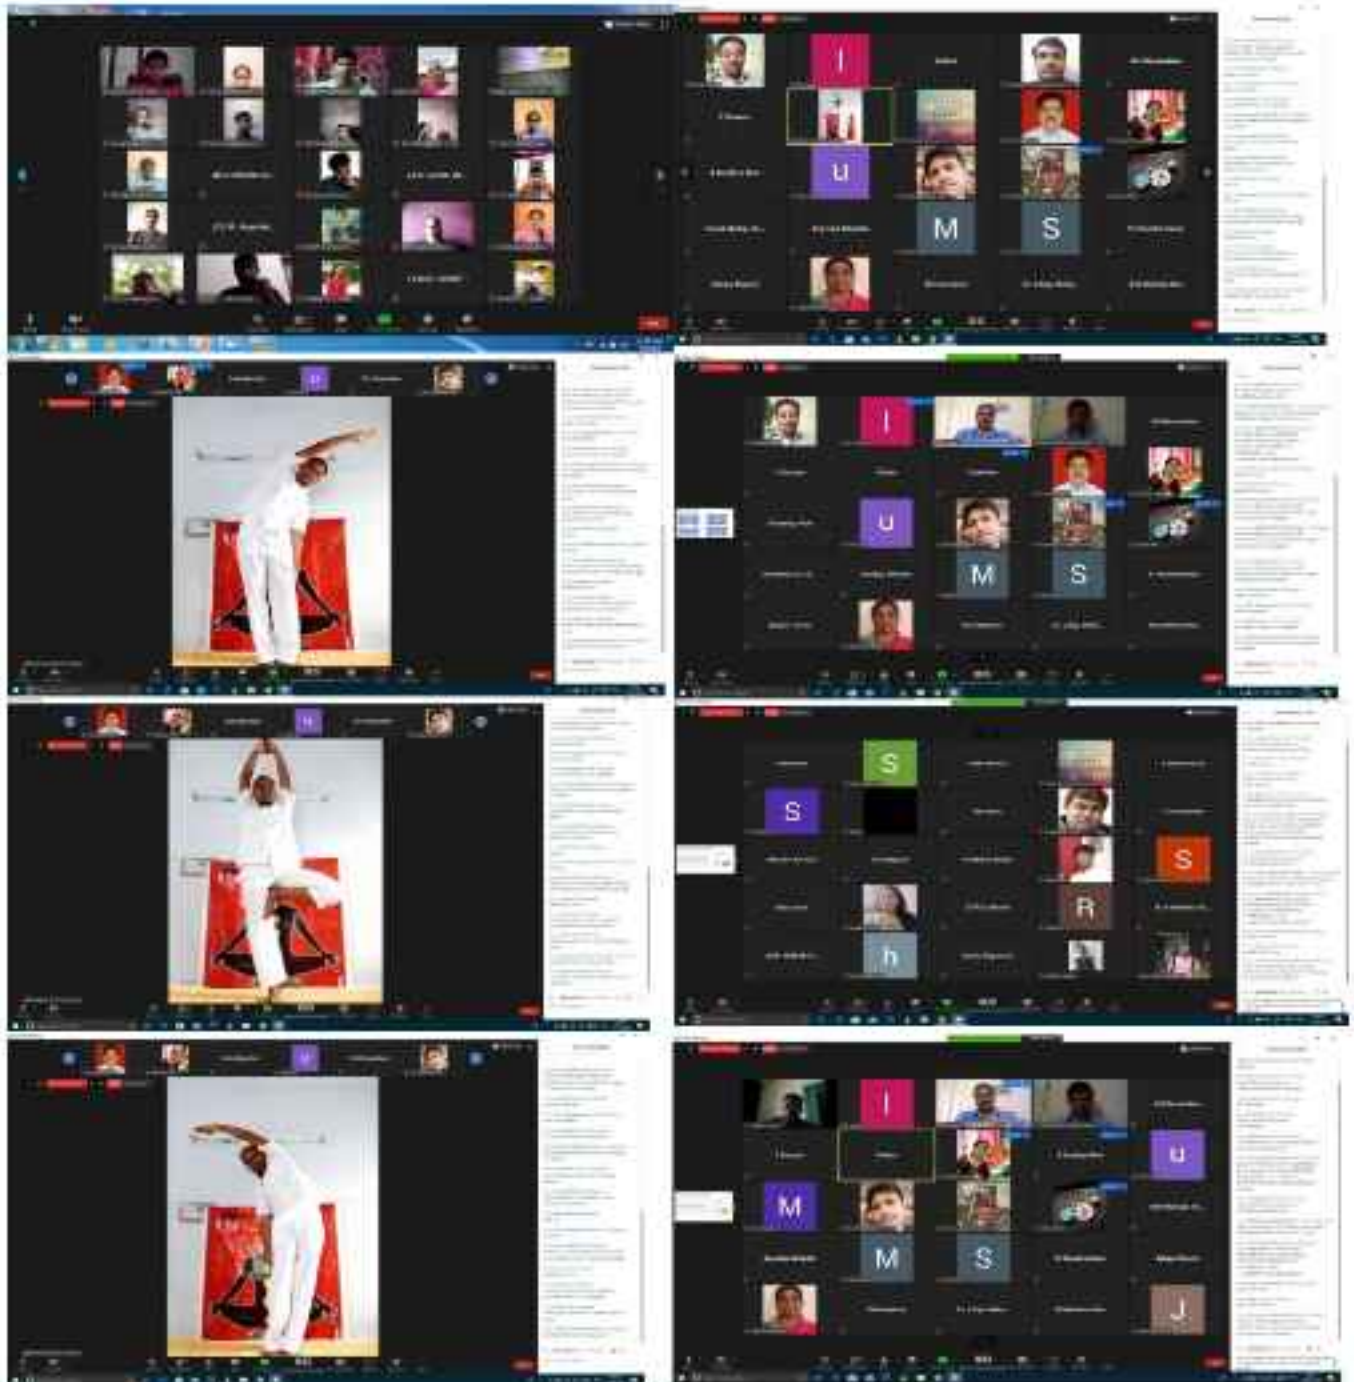

Mr. Srishailam also enlightened us on Gandhiji's principles, which are very useful for every citizen in promoting unity, peace, and brotherhood in their lives. He shared Gandhi's principles: implement first before you say, always speak the truth, simple living and high thinking, believe in love, think before you act, and many more...

hospitals for taking initiative in this pandemic situation. The camp turned out to be a huge success, with an overwhelming response from the villagers.

INTERNATIONAL DAY OF YOGA

The Little Flower Degree College NSS unit has organized a webinar on International Yoga Day-2020 on June 21, 2020. The total registrations were 128 people, of which 78 attended the webinar from different states. The programme was started by Mr. Prasanth, NSS PO, with a welcome address. At the event, the first session speaker was Giri Devanathan, a certified trainer-heartfulness. He explained the importance of meditation and how to practice it regularly. The second session speaker was Krishna Murthy Guruji, of SatyaSai Seva Madali, a certified yoga trainer. He went over the yoga and breathing exercises that should be done during the corona. Finally, he also stressed different asanas in yoga practice.

FREE MEDICAL CAMP AT LFDC

LFDC NSS UNIT organized a free medical health camp on 06-01-2021 at Little Flower Degree College, uppala, Medchal Dist in association with MEDICOVER HOSPITALS, MADHAPUR by Program officer Mr. Prashanth. Both faculty and students benefited from the free medical wellness camp as it included routine tests and checks like random blood sugar, heart rate, electrocardiogram, oxygen saturation level, and more.

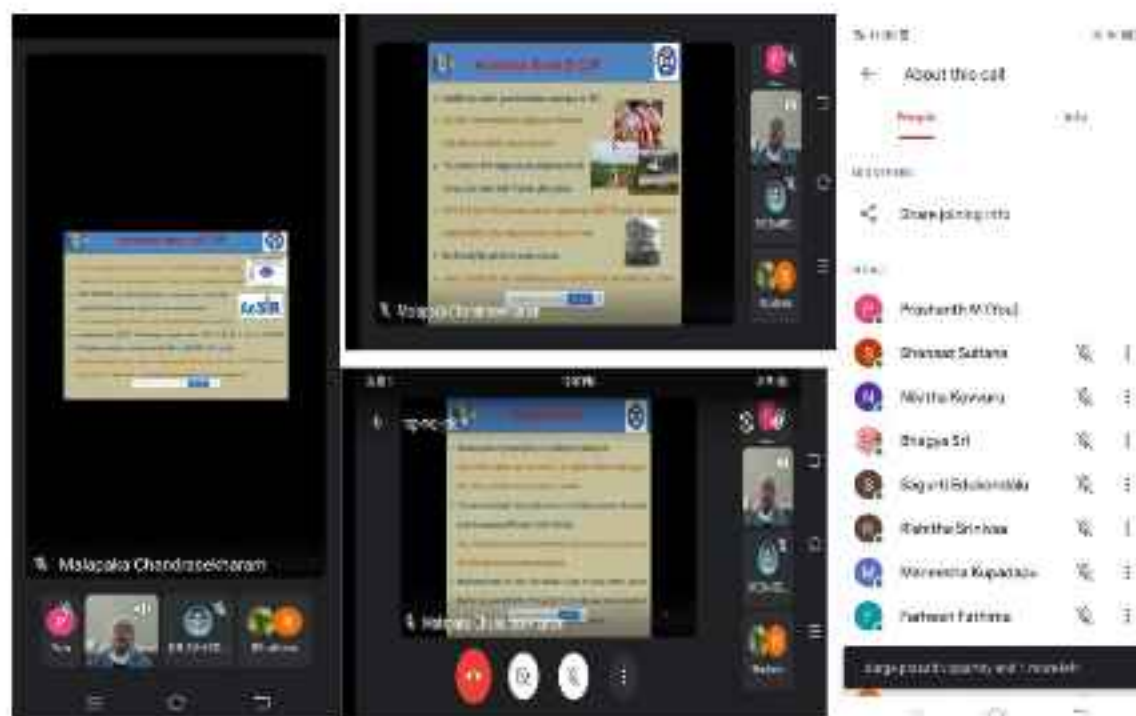

The objective of conducting the health camp was to create awareness in the current pandemic situation about general health care services and to counsel them on basic health care and hygiene. The camp was inaugurated by the principal, the Rev. Bro. Vincent Reddy. The camp was a great success, with an overwhelming response from the students and the faculty as well.

National webinar on Science for self-reliant India

The One-Day National Webinar on "Science for Self-Reliant India and Global Welfare" was organized by the Regional Outreach Bureau and Press Information Bureau, Ministry of I & B, Govt, Hyderabad in collaboration with NSS Cell, Osmania University, Hyderabad on the 18th of December 2020 from 11:30 AM–1 PM in the background of the India International Science Festival 2020. The keynote speaker of the session was Dr. M. Chandrashekaram, Sr. Principal Scientist & Professor, Polymers & Functional Materials Division, CSIR-IICT Hyderabad.

The main objective of this session was to identify the ideas that give rise to innovations with the aid of science and technology. Dr. M. Chandrashekaram enlightened the participants on the various methods through which innovations can take place with the help of science and technology. He has also stressed the importance of Atma Nirbar Bharath, which was introduced by our Honorable Prime Minister Shri Narendra Modi by outlining five important pillars, namely: economy, infrastructure, system, vibrant demography, and demand, and also how CSIR has made its contribution towards the motto of Atma Nirbar Bharath in terms of DRISHTI transmitter, Green Crackers, and Hing Cultivation. Even during this pandemic of COVID-19, how CSIR helped humanity in terms of developing low-cost testing kits, PPE kits, etc. Dr. M. Chandrashekaram also cleared the queries of the participants with absolute patience and with pure clarity. There are nearly 100 participants from different states who have taken part in the webinar with a great deal of interest.

NATIONAL YOUTH DAY QUIZ COMPETITION

National Youth Day creates awareness and provides knowledge about the rights of young people in India. It is a day to educate people about how to behave appropriately in the country. The main objective behind the celebration is to create a better future for the country by motivating the youth and spreading the ideas of Swami Vivekananda. National Youth Day is also known as Yuva Diwas. On this day, i.e., January 12, 2021, we organized a quiz competition for students. Around 400 people participated in this event across India. Participants who scored more than 60% were given a certificate.

NSS COVID-19 ACTIVITIES REPORT

Number of volunteers who have completed their COVID-19-80 orientation (via the Zoom app)

70 to 80 volunteers have installed the Aarogya Sethu App.

The NSS unit, with the cooperation of college management, distributed 360 bags which include

- | | | |
|------------------------------|------------------------------|-----------------------------|
| 1. Rice-15Kg | 2. Dal -2Kg | 3. Oil-1Ltr |
| 4. Atta-1Kg | 5. Onion-2Kgs | 6. Moong Dal-1Kg |
| 7. Salt-1/2 Kg | 8. Sugar-1Kg | 9. Chilli Powder-100 grams |
| 10. Dhaniya Powder-100 grams | 11. Haldi-100 grams | 12. Mustard Seeds -100grams |
| 13. Tea Powder-1/2 Kg | 14. Fried Chillies-1/2 Kg | 15. Chana Dal-1/2Kg |
| 16. Tamarind-1/2Kg | 17. Sambar Powder-100 grams. | |

Each packet cost around 1700/-and was distributed to the poor people on April 15, 2020. Apart from this, our volunteers prepared Tik Tok videos and posters to create awareness about the virus, like "Stay at home challenge," "Safe Hands challenge," etc. Management was providing online counseling to those who required it. You can find the action photos and posters below.

One Day training Program on PFMS

Mr. M.Prashanth, NSS Programme Officer, and Mr. B. Raju, Office Clerk, attended a one-day training programme on PFMS (Public Finance Management System) at Aurora Degree & P.G College, Chikadapally, Hyd on 09-12-2020. The programme started with a cultural dance performed by students of Aurora College. The keynote address was by Dr M. Ramulu, Sir, NSS Coordinator, NSS Cell, O.U. As a resource person for this programme, B.S. Nagendra, Senior A.O., described the PFMS activities, such as

1. Agency Registration & Management
2. User Management
3. Fund Management
4. Vendor Management
5. Expenditure Management
6. Advances & Settlement

All programmers asked different questions based on PFMS and were clarified. Mr. Suresh, Project Assistant, also helped the programme officers in this affair.

ORIENTATION PROGRAMME FOR NSS VOLUNTEERS

The LFDC NSS Unit organized an Orientation Program for NSS Volunteers in Heritage Hall on March 24, 2021. The chief guest for this programme was Dr.M.Ramulu, NSS Coordinator, NSS Cell, O.U. The programme started with a brief introduction of the resource person. Later, Ramulu Sir explained the history of NSS, its aims, and objectives. Sir emphasized that students should not be merely representatives but should be leaders who can lead the volunteers on the path of righteousness.

In addition to this, Sir added that failures are the stepping stones to success. In the end, Sir quoted that there can be a variety of flowers, but each flower has its own fragrance. Similarly, each student should also develop a unique personality. The resource person was felicitated by the Rev. Bro. Vincent Reddy. Mr.Prashanth, programme officer, NSS, proposed a vote of thanks.

Pre Republic Day parade camp

Being the only student in the history of LFDC to be selected for PRE-RD National Camp was an experience worth giving up the fear of pandemics. I'm a hygienic person and believe that health is more important than anything, so I stayed home since the pandemic. The moment I knew I had been selected for the camp, I prepared myself to face the toughest of situations. Going to a camp of 200 people amidst the pandemic wasn't an easy task. The camp commenced on November 20th, 2020, and ended on November 29th, 2020.

I represented the state of Telangana and was one of the three boys and three girls on the team that was selected. I also represented the Eagles contingent.

Every day was a new experience, from morning yoga and workouts to flag hoisting and prayer, then the marching practice, to meeting people for meals, and to the cultural activities of all the states. Each day gave me a chance to learn about the different cultures of different states. I liked the Gujarat and Maharashtra state cultures. I made a couple of friends, including the contingent heads of a few states from the camp, and expect to maintain good contact with them in the future. If it weren't for the Principal, Vice Principal, Mr. Prashanth Sir, the college NSS Programme Officer, and my family, I would've regretted not going to the camp. I could remember this until my hair turns grey.

P.Suraj Goud BBA(2018-2021)

The camp conducted at Anurag University is the West Zone NSS Pre-Republic Day Parade Camp-2020 to select volunteers for RD Camp-2021.

At this Zonal Pre-RD Camp, there are 200 NSS Volunteers (100 boys and 100 girls) and 10 NSS Programme Officers who have been selected and drawn from different states/UTs, viz., Gujarat, Maharashtra, Goa, Andhra Pradesh, Telangana, Daman & Diu, and Dadra Nagar Haveli took part. The participants have gone through rigorous parade training, participated in intellectual sessions, and given cultural presentations during this 10-day camp.

The final selections for RD Camp took place on November 26, 27 & 28, 2020 by a Central Selection Committee nominated by the Ministry of Youth Affairs & Sports, Govt. of India. To encourage the student volunteers and provide them with various platforms to get exposure, the government of India is organizing different kinds of national and international programmes for the benefit of NSS student volunteers. The "NSS Republic Day Parade Camp," which lasts one month and is held in New Delhi from January 1st to 31st each year, is one of the nation's most prestigious camps.

Given the significance of the RD Parade, the Govt. of India takes utmost care in selecting the volunteers for their participation in the RD Camp. To take the best of the cream, zonal level NSS Pre-RD Camps are conducted.

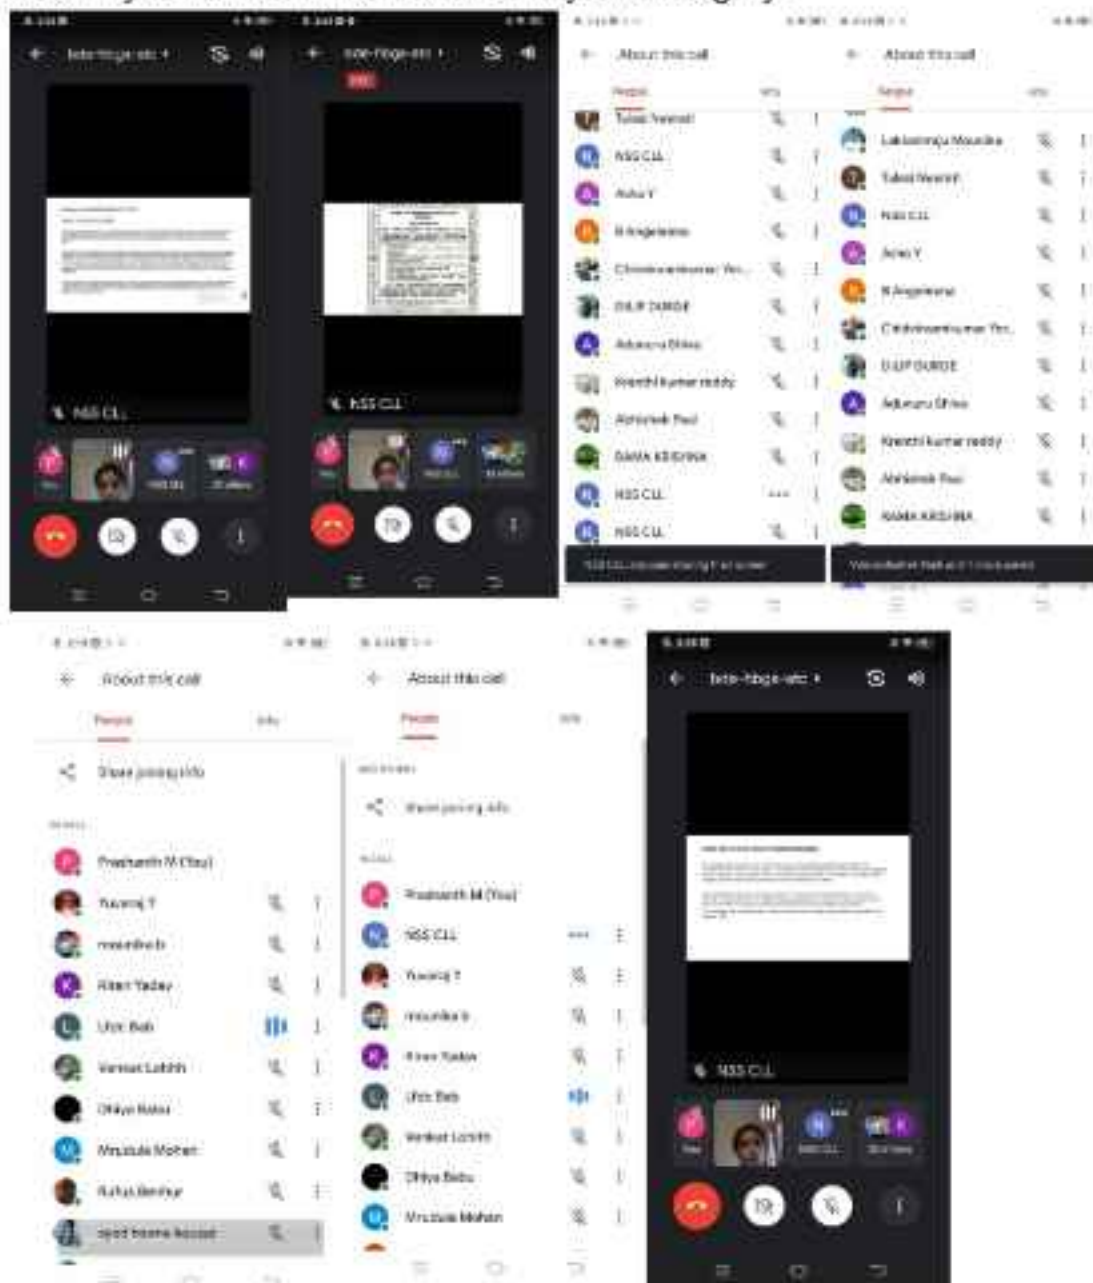

Webinar on Making of Indian Constitution

Little Flower Degree College NSS Unit organized a webinar on "The Making of the Indian Constitution."

The resource person for this webinar was Ms. Thane Savariappa, HOD of Political Science, Little Flower Degree College, Uppal. The session started with a prayer, then the resource person spoke about the importance of "Constitution Day."

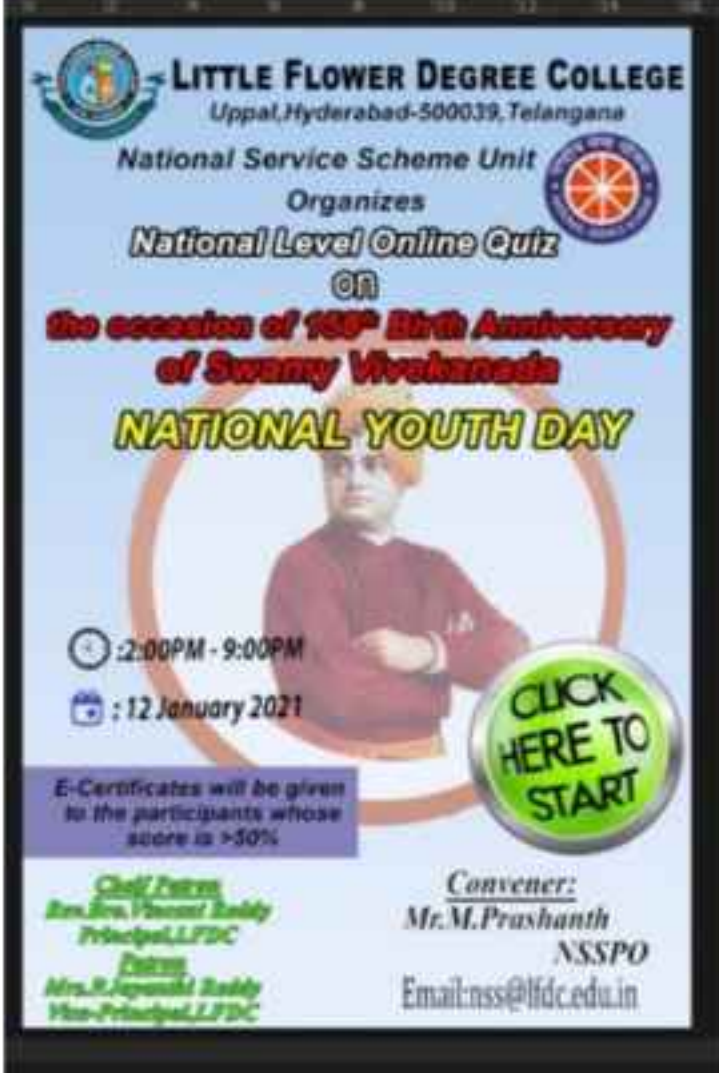

She emphasized the importance of Constitution Day, the significance of its celebration, and commemorated the people who contributed to the development of the Indian constitution. She highlighted the basic differences between the Indian constitution and that of other countries, with examples indicating the prerequisites of the constitution such as societal, familial, and individual needs. In her speech, she emphasized the preamble of the Indian Constitution, which states that India is a sovereign, socialist, secular, and democratic republic aiming to secure justice, liberty, and equality for all citizens and promote fraternity to maintain the nation's unity and integrity.

World Water Day Rally Report

The LFDC NSS Unit, in coordination with the Department of Physics, organized a rally on March 16, 2021. All BSc I year (physics) students took part in the rally that passed through the Uppal bus stop and culminated at the Ring Road.

The rally was aimed at creating awareness about water conservation. Students generated awareness about water wastage and conservation with the help of placards and raised slogans like "Save Water, Save Life", among others, for a distance of half a km.
