

LITTLE FLOWER DEGREE COLLEGE

(Affiliated to Osmania University)

Uppal, Hyderabad

Managed by Brothers of St. Gabriel Educational Society

COLLABORATION POLICY

Preface

LFDC envisions empowering the youth to shape their destinies by providing quality education, nurturing their character and instilling social responsibility. The mission to achieve this vision revolves around fostering a healthy academic culture. This objective can be realized through robust academic programs that not only stimulate intellectual growth but also contribute to personal fulfilment by equipping students with career capabilities. Achieving this goal necessitates not only strong internal collaboration within the college but also forging stronger partnerships externally. The college encourages each department to engage in collaborations with other higher education institutions, whether for academic enrichment, research and skill development, or career advancement. The collaboration policy is thus designed to ensure that these aspirations are met.

1. Objectives

To ensure that collaborations

- Provide opportunities to the students and faculty in the college that would help them in academic ventures or research avenues or enhance their interactive prospects.
- Provide opportunities for students to develop academically or to acquire qualifications or skills that would help them in their careers.
- Improve communication, leadership skills and overall development.

2. Scope

It covers all the academic institutions, industries, organizations & individuals.

3. The Committee

The committee shall consist of the following members:

- The principal
- The Vice-principal
- IQAC coordinator.
- Coordinator
- The concerned Head of Departments.

4. Roles Responsibilities and Functions

- To work on long-term policy and strategy for the promotion of linkages and collaborations with premier local, national, and international agencies, universities/colleges, and Institutions.
- To undertake academic collaboration programs, research, and advisory services with universities and institutions, with prior approval of the Head of the principal.
- To harness the potential of collaborative learning and active participation through the utilization of information and communication technology.
- To make Regulations for collaborations with other universities, institutions, and organizations for mutually beneficial academic programs.
- To evolve a mechanism for visits of teachers for research and development scientists or experts from industry to the college departments and vice versa.
- To evolve a mechanism for teachers and students to visit national and international universities and recommend new collaborations to the Management and work out on the logistical details for the same.
