

REPORT ON ORIENTATION PROGRAM FOR SECOND AND FINAL YEAR STUDENTS

Little Flower Degree College has organized an orientation program for the II and III year students on August 1, 2023. Separate sessions were held for III-year and II-year students. The Vice-Principal of the college, Ms. Jayanthi Reddy gave the welcome address. Rev. Brother Arun Prakash, Correspondent of the college, addressed the students. In his address, he spoke about how students should embrace change and face challenges to become better individuals. It was followed by a session by Father Vijay, a psychologist, on 'Self-Esteem and Personality Development'. Fr. Vijay interacted with students, made them realize the importance of self-worth, and explained to them how to 'unlearn' their previous knowledge to gain new knowledge. He also stressed the importance of hard work to achieve long-term goals and attain success in life. This program motivated the students to begin the academic year with confidence and take on challenges that will come their way.
