

LITTLE FLOWER DEGREE & PG COLLEGE
UPPAL, HYDERABAD-500039

The Department of Electronics, in collaboration with Saansah Innovations Pvt. Ltd., organised a 3-day workshop on 'Internet of Things' from 21 to 23 August, 2023, in the computer lab from 10 a.m. to 3.30 p.m. The purpose of conducting the workshop is to make the students understand the basics of IOT and how to get started with the IOT concept. As a part of this workshop, students learned how to use various sensors to transmit and receive data by programming them using Arduino software. They also understood the basics of 'Thingspeak: An Analytics IOT Platform' and 'Blink App'. Students enthusiastically participated in the workshop and successfully executed simple projects.

Mr. Sanjay, the resource person, explaining about the WEMOS board.

Mr. Sanjay Checking the code and correcting errors in the code

Mr. Abhinay Reddy, III B.SC. MECS, receiving the merit certificate
