

REPORT ON TEACHERS DAY

Alan Turing Club has organized an event called “Teach to Peers” on the occasion of Teachers Day, as a mark of tribute to teachers, on 6/9/2023. The objective of this event is to make students realize the vital role played by teachers, in the field of education. Students took active participation and taught various topics to their peers through posters and power point presentations.

This event helped the students learn new concepts, overcome stage fear and improve their communication skills.

Satvika of II MECS presented on Evolution of Mobile Phones

Sai Sharan of II MSCS explained the history about French Revolution.

Bharadwaj of MSCS 1 discussed about Programming Languages.

Shreyal Of MPC3 III explained about PSLV-C57-ADITYA-L1 MISSION
