

**LITTLE FLOWER DEGREE AND PG COLLEGE**  
**UPPAL, HYDERABAD-500039**

The Department of Zoology organized an awareness programme on **Advances in Parasitic Diseases: A Power Point Presentation** on August 30 and September 1, 2023, in Room No. P24 at 12.30 pm. Recent advancements in the diagnosis and treatment of parasitic diseases have become an inevitable topic after the pandemic attack of the Corona virus. The aim of this programme was keep the students informed of the recent trends and scientific advancements in diseases. Students of BSC BZC, BTMC, and MZC I, II, and III years prepared PowerPoint presentations on various parasitic diseases, the causative factors, and diagnosis, which were followed by an active interactive session. They also discussed the preventive measures to keep themselves healthy. The overall outcome of the session was to provide information about the early signs and symptoms and how to take appropriate action to avoid complications. Students learned about the importance of a healthy lifestyle and the preventive and presumed treatments for various parasitic diseases.

E- poster on Heart diseases
