

## LITTLE FLOWER DEGREE AND PG COLLEGE

UPPAL, HYDERABAD-500039

On the occasion of world science Day i.e 10.11.2023, Chemistry department organised an online quiz competition. The theme of the world science day for peace and development was "BUILDING TRUST IN SCIENCE". World Science Day for Peace and Development aims to inform citizens regarding scientific achievements by getting science closer to society. Furthermore, it highlights the importance of scientists in increasing one's understanding of the amazing and special planet and making one's communities more sustainable. Positive feedback was provided by the registered and participants from various groups.
