LITTLE FLOWER DEGREE AND PG COLLEGE
UPPAL, HYDERABAD-500039

The Department of Statistics organized model display in the physics lab on October 31, 2023, at 12.40 p.m. on the occasion of World Statistics Day. The purpose of the event is for the students to acquire, assimilate, and retain new information and develop listening and thinking skills. As many as eleven students from the BSC (MSCS and MSDS) stream presented models and posters. There were about five teams of two or three students that participated. Students showcased models and posters of attributes, regression, curve fitting, the role of statistics in data mining, and path analysis. Students gained a thorough understanding of the concept and its nuances by seeing the models. When lecturers and students from different departments saw the models, they expressed their feelings of appreciation.

II BSC students Sai Sharan & Varun explaining Role of Statistics in Data Mining to Mr. Nobin, Faculty, Dept. of Mass Communication	Mr. Rama Krishna, Lecturer, Dept. of Physics observing the Regression model displayed by II B.SC students

Laxmi Kiran, Vamshi, Hitesh, students of BSC − II presenting Poster on Path Analysis	Students observing model on Curve fitting
