

**LITTLE FLOWER DEGREE AND PG COLLEGE
UPPAL, HYDERABAD-500039**

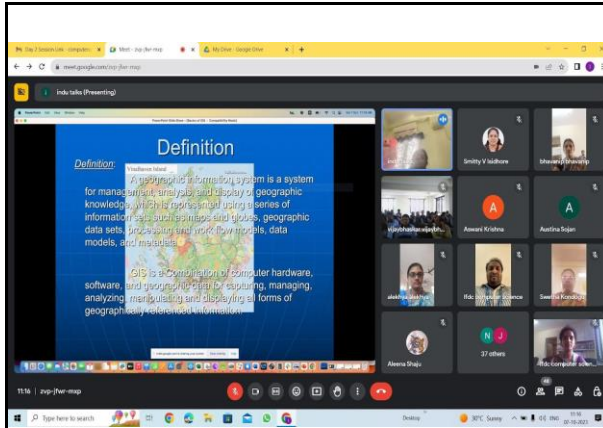

The Department of Computer Science, LFDC, and PG College, in collaboration with Carmel College Mala, Kerala, has organized a 2-day workshop in online mode on October 6 and 7, 2023, at 11 a.m. for all BSC (MSCS, MPCS, and MECS) final year students. Dr. Maya Mathew, an assistant professor at Carmel College, and Greeshma KV, an assistant professor at the Kerala Police Academy in Tiruvannamalai, spoke at the first and second sessions of the first day. Dr. Mathew led the Fundamentals of Python Programming class. Greeshma conducted the workshop on utilizing Python programming's full potential. She went about the various uses for deep learning and machine learning. Pupils gained more knowledge about Python programming. On the second day, the session on GPS (Global Positioning System) Mapping was led by Ms. Vardhani Chinta, Quality Manager of TCS in Hyderabad. Ms. Vardhani outlined the advantages of GPS mapping as well as its uses. Students had gained a thorough understanding of many GPS mapping-related topics by the end of the course.

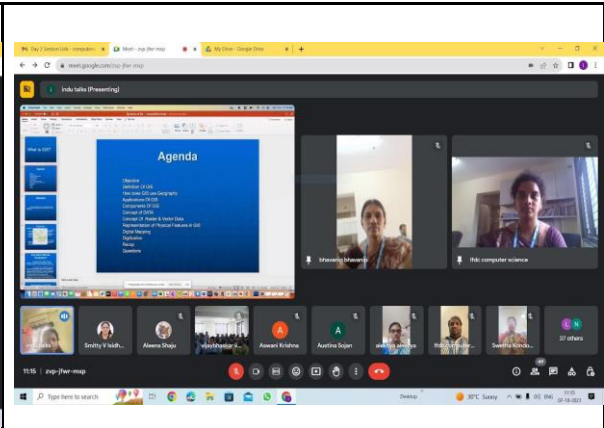

Dr.Maya Mathew Sharing her insights on Fundamentals of Python Programming

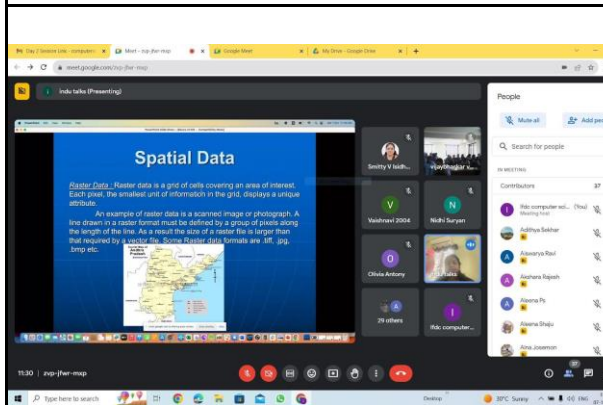

Ms.Greeshma KV,explaining Machine learning and deep learning

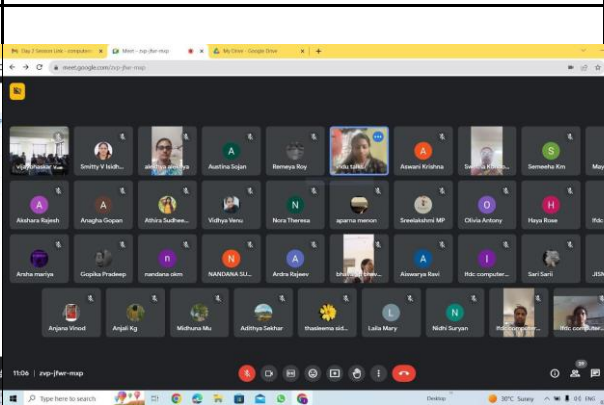

MS.Vardhani ,TCS,Explaining GPS Mapping

Different Applications in GPS

Global Maps Technology

Students participated actively on GPS mapping
