

**LITTLE FLOWER DEGREE COLLEGE
UPPAL, HYDERABAD**

REPORT

The Faculty of Sanskrit, Department of Arts organised Green Extension Day on 10.02.2024. This day was organised to encourage and raise awareness about environmental conservation and sustainability practices in the campus. As a part of the event, Seed balls of methi, Tulsi etc were distributed to the lecturers and students. The seed ball distribution activity successfully engaged participants in creating and dispersing seed balls to promote local biodiversity. Participants enjoyed hands-on learning about ecosystem restoration through practical conservation efforts.
