

**LITTLE FLOWER DEGREE COLLEGE
UPPAL, HYDERABAD
WORLD OZONE DAY AWARENESS DAY PROGRAM AT
ZOOLOGICAL SURVEY OF INDIA**

World Ozone Day Celebration was organised by Zoological Survey of India, Ministry of Environment, Forest & Climate change, Govt. of India, Attapur, Hyderabad on 6th September 2023. World Ozone Day, also known as the International Day for the Preservation of the Ozone Layer, is observed annually on 16th September. This day serves as a reminder of the critical role played by the ozone layer in safeguarding our planet Earth. The ozone layer, primarily composed of Trioxigen molecules (O₃), acts as a shield against harmful Ultraviolet (UV) rays from the sun. The theme for World Ozone Day 2023 is “Montreal Protocol: Fixing the Ozone Layer and Reducing Climate Change.” This theme emphasizes the pivotal role of the Montreal Protocol in not only protecting the ozone layer but also mitigating climate change.

Students of BSC BZC and MZC I, II & III years prepared model for Ozone layer conservation and also participated in the elocution competition held during the event. The topics covered by the students were Montreal protocol, Ozone layer depletion, its conservation, after effects of the protocol.

Students had an opportunity to discuss and place their views for the conservation process. The following students bagged prizes in the program:

Rishika BZCII - 1st Prize in Model
Vaishnavi BZC III – 2nd prize in Elocution
Ganesh MZC II- 3rd Prize in Elocution
Kasthuri Keerthi MZC I- Consolation prize in Elocution

The overall outcome of the program emphasized on the pivotal role of the Montreal Protocol in not only protecting the ozone layer but also mitigating climate change.
