Action Taken Report on Green and Clean

Implementing a Green, Energy, and Environment Audit demonstrates Little Flower Degree College dedication to sustainability. Such audits are crucial for identifying areas where improvements can be made and for ensuring that the institution's operations align with its commitment to environmental responsibility. By integrating these practices into its policy framework, the college not only sets a positive example for its students and staff but also contributes to a healthier and more sustainable future for the community and beyond.

The college has undertaken the external audit in recognition of the authentication for sustainable development. The institution's commitment to carefully reviewing comprehensive reports from external agencies and then implementing corrective measures demonstrates a proactive approach to sustainability. By taking this holistic approach, little flower degree college ensures that its sustainability practices are continually improving and evolving. This commitment not only minimises the institution's environmental footprint but also fosters a culture of responsibility and stewardship among students, faculty, and staff. Ultimately, these efforts contribute to the broader goal of promoting a sustainable and habitable planet for current and future generations.

Achievement of the green and clean campus initiatives:

1. Green and clean engagement is strictly maintained in the campus.
2. Eco-friendly initiatives are undertaken by students with enthusiasm.
3. Employee and students actively engage in the Nature's club activities
4. Students have acquired knowledge about composting and plant care.
5. Tree planting initiatives have been expanded.

Mr.M.Prashanth, NSS PO, planting the sapling at college premises.

NSS Volunteers participated in the Swachhata Program in College Garden.
